## One Day at a Time...

Written by: Krystal S. Wilson

Perfection doesn't come overnight, it takes time and effort and Amite County School District (ACSD) is taking steps to make great improvements to become PERFECT. Don't think we have a BIG head, but we have high expectations for the great students of this county.

Now, perfection is not what you are thinking "the condition, state, or quality of being free or as free as possible from all flaws or defects," the intent of using the word is to show that education and the students' well-being will always be put first.

According to Vince Lombardi, "Perfection is not attainable, but if we chase perfection we can catch excellence."

- Upgraded school bus camera system

Watch Us Grow...

Amite County  
Elementary School

Tomeka Stewart has been selected as the Elementary School's September 2021 Employee of the Month.

Mrs. Stewart is proud alumni of the Amite County Trojans! She has been in the school district eight (8) years teaching Math and ELA. Currently, she teaches 5th grade Math.

Mrs. Stewart was asked why did she choose to educate our youth, her response "because the students are our future and their success means the world to me. It is such a warm feeling when students grasp a new skill and I took part in the process. It is like watering a seed and watching it grow."

"Thank you for the recognition! I do not plan to let up anytime soon!"
