CHEMIC SALUTES

Taryn Sosinski, Ace Norris, Benjamin Elliot, Silas Lange, and Destiny Latoski- Being a guest teacher can be hard. Being a guest teacher for six weeks can be really hard. That is why it is so wonderful to see these Chemics going the extra mile to make Mr. Wideman feel so welcome and helping him settle into Spanish class.

MHS Wrestling Team- The boys have firmly placed themselves in the dynasty talk by winning their 8th Straight!!! District title. They now move onto regionals with a spot at Ford Field and the championships on the line. Congratulations and good luck!

Popcorn Friday Crew- A huge shout-out and thank you goes out to all the staff and students involved in providing Friday popcorn. It has become a great tradition that everyone loves and looks forward to and it's a perfect way to end the week. The halls get filled with great-smelling popcorn and the smiles from the crew always brighten everyone's day.

Chemics, today's Black History Month recognition goes out to Thurgood Marshall who was born in 1908 and later became a lawyer and civil rights activist. Marshall's victory as an attorney before the Supreme Court in Brown v. Board of Education of Topeka helped to establish his reputation as a formidable and creative legal opponent and an advocate of social change. Marshall argued that segregation in public education produced unequal schools for African Americans and whites. This case led to the declaration that racial segregation in public schools was unconstitutional. Marshall later became the first African American justice of the U.S. Supreme Court, serving the court from 1967 to 1991.

Boys Varsity Basketball: Flint Powers Past Midland Chemics with Dominating 77-37 Win.

In a commanding performance, the Flint Powers Catholic Chargers overwhelmed the Midland Chemics 77-37, showcasing their defensive prowess and offensive efficiency. The Chemics struggled right from the opening tip, failing to find their rhythm against the Chargers' aggressive man-to-man defense. Flint Powers' pressure defense created numerous turnovers, limiting Midland's offensive opportunities, and forcing them into a series of unforced errors.

From the outset, it was clear that the Chargers were the dominant force on the floor. Midland's offense was stifled, unable to penetrate the Flint Powers' defense or find any consistent scoring. The Chemics produced only a few notable performances from Gibby Roberts and Jacoby Lind, each with 9 points. However, their efforts were not enough to keep up with the balanced offensive attack of the Chargers.
