ARP ESSER III Plan

Part 1: Strategies for Prevention and Mitigation of COVID

The extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in person learning.

COVID-19 and its variants have brought many challenges to Turkey Ford Public School, but we are proud to have implemented safety measures that allowed us to keep our school open during the 2020-2021 school year. We only had to close for sixteen days due to an outbreak. During the closure, we were able to deep clean and continued to provide continuity of all school services.

In consultation with stakeholders and through discuss public forum with various stakeholder groups, the following strategies/items have been identified as needs for Turkey Ford School to continue to effectively serve all our students, even in the event the pandemic continues to present additional barriers into the 2022-2023 school year.

ESSER III Project Description	Strategy/Item for Prevention & Mitigation	Project Cost

Part 2: Strategies for Addressing Learning Loss

How the LEA will use the funds it reserves under section 2001e(1) of the ARP Act to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year. At least 20% of the ARP ESSER III budget is required to be spent in this area.

All students will take an assessment to determine learning loss (specific objectives); then specific objective instruction will be given according to the benchmark testing results, with individually or in a small group setting with the teachers or through computer-assisted instruction through Success-Maker or other on-line curriculum which has the capability to determine if a student needs further instruction or if the objective has been mastered. All students will receive this type of instruction until learning losses are addressed and mastered. Some sub-groups may require accommodations according to their IEP's and adjustments will be made accordingly

Part 4: Ensuring Most Vulnerable Populations Unique Needs Are Addressed

How the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Turkey Ford strongly feels that by hiring an interventionist; implementing SEL curriculum and aligning academic curriculum we will be able to determine learning loss; strengthen reading and math skills for all students – especially those most vulnerable – those with disabilities; experiencing homelessness; hunger; isolation and poverty.
