Superintendent: Richard Sullivan

Ellsinore, MO 63937

PH: 573-322-5625 FX: 573-322-8586

Dear Parents/Guardians/Patrons:

Welcome:

As Superintendent and on behalf of the Board of Education, faculty, staff and employees, I would like to welcome you to East Carter County R-II Schools. We have a talented group of hardworking and dedicated teachers and administrators at East Carter. It is an honor to be the Superintendent of Schools in this community. I believe with the cooperation of parents, community, staff and students we can fulfill the mission of educating our students.

Asbestos Notification:

The East Carter County R-II School District has an Asbestos Management Plan which places the district in compliance with the U.S. Environmental Protection Agency (EPA). The results disclosed the presence of asbestos in some locations in the District's buildings. These areas are currently being maintained to ensure that all students, employees, parents, and visitors of the East Carter County School District are provided a safe environment. The findings of the inspection are on file and available for public review at the Administrative Office.

Weather Notification/Road Conditions:

During the school year, road conditions can be affected by many things such as flooding, snow and ice. At any time during the school year poor road conditions may not be favorable for transportation purposes. Safety is always the first concern of the School District and we do our best to make the correct decision as necessary. During questionable times, please feel free to transport your children to and/or from school using your personal transportation. In conclusion, we will always do our best in making the right decision regarding school closure and will strive to make timely notification of changes to keep families informed.

If you have questions or concerns, please feel free to contact the school.

Sincerely,

Richard Sullivan

It is the result of a focused team effort, and everyone has a part to play if we are to achieve our goals and reach our potential. Students come to school expecting to learn and willing to work hard. Our staff will provide the quality instruction that you deserve and that your parents expect. Parents please encourage your children often and have regular conversations with them about school and their work. Parental involvement shows children that school is important and that you are committed to their success. Together, we can help our students reach their goals and accomplish their dreams!

We look forward to another successful school year. If we can be of any assistance to you please call at 573-322-5653.

Sincerely,

Matt Stahl
High School Principal

WELCOME

The purpose of this handbook is to provide each student, parent and guardian with the rules, regulations, and procedures that have been established to create the best possible learning atmosphere for the education of all students.

The ultimate purpose of education is to help each student become an effective citizen in a democracy. Developing and accepting the responsibilities and obligations of good citizenship will help us to participate successfully in the world of tomorrow. Remember that your success in this school will be directly proportional to your efforts.

PHILOSOPHY OF EDUCATION OF EAST CARTER SCHOOLS

The primary purpose of public education is to develop the individual into a happy, useful and successful citizen. This involves the ability to supply one's most pressing needs, the production of more than one's use and giving more than one takes. It involves the development of ideals, hopes, ambitions, willingness to make sacrifices for future goods and a feeling of social responsibility and other desirable character traits.

Changes in the individual are brought about only through his experiences and his interpretation of them. The experiences which we provide in our school constitute the subject matter of instruction and are tools, skills and factual materials which we believe the individual will need in satisfying his wants. The interpretation of these experiences gives us ideals which are basic character traits and desirable social habits. The practice of these ideals establishes the traits and attitudes and determines how wisely such tools will be used.

A WORD TO PARENTS

East Carter Middle / High School functions best when you, as parents, cooperate with the faculty in seeing that:

- Your child attends school regularly
- Your child spends the proper amount of time in home study.
- Your child's grade card is read and studied by you.
- Your school is spoken of in favorable terms.
- Your child is counseled by you.
- You, as a parent, take an interest in your child's progress in school.
- You, as a parent, read this handbook in order to understand the policies of the school.

Not all information/policies are able to fit in this handbook, and therefore not intended to encompass or limit the School's/Administration's ability to discipline students to ensure a safe, orderly climate and productive student body.

PARENT-TEACHER CONFERENCE

Parents and guardians trying to contact school faculty are encouraged to leave a message in the office so that school faculty members may return any calls during their prep time to set up a conference if needed. To help enable our school to operate more efficiently, we ask that you contact and discuss classroom issues with the teacher first. If at this time the parent or guardian is not satisfied a conference can be set up with the building level principal. We discourage telephoning a teacher, Principal, board member or Superintendent at home. School problems should be handled at school.

STUDENT RESPONSIBILITY AND BEHAVIOR

IN CLASS

1. Promptly go to your assigned seat.
2. Be prepared for the lesson (paper, pencil, etc.).
3. Accept correction courteously.
4. Obey all instructions by the teacher. The teacher is in charge of the classroom.
5. Students are not to leave the classroom after they have reported to class unless they have permission from the teacher.

IN THE HALL

1. Keep to the right.
2. Avoid unnecessary commotion.
3. Keep the halls clean.
4. Respect the authority of any person in charge.

GENERAL GUIDELINES

Students are expected to conduct themselves in an orderly manner while in the building or on the school grounds, before school begins, during the noon hour, and after school is dismissed. Relations between pupils (boys and girls) beyond socially accepted public standards will not be permitted. No pupil shall verbally or forcibly abuse a teacher or their instructions and corrections, nor shall he make threatening or deprecatory motions in this regard. Pupils can expect immediate disciplinary action for fighting, skipping school, using excessive profane language, defacing school property, or any other conduct that tends to demoralize the school.

LEAVING SCHOOL GROUNDS

East Carter Schools are a CLOSED CAMPUS: students are not allowed to leave the school campus without securing permission from the Principal's office. Students will not be given permission to leave campus without a written request, or request in person, or a phone call request from the student's parent or legal guardian.

VISITORS

Visitors must obtain permission from the Principal before visiting any classroom. Visitors may only enter a teacher's classroom during non instructional time due to the protection of instructional time. All visitors, parents, and guardians are encouraged to schedule a conference with a teacher and/or staff member prior to their visit. It is understood that any visitor will abide by the rules and regulations of our school. Teachers are not required to accept visitors into their classrooms if they desire not to do so.

All visitors, before going to a classroom, will be required to clear through the Principal's office. Failure to do so will be considered an infraction of school policy. Visits by people other than parents or legal guardians are very limited.

Only with written Principal consent is a person under suspension to be allowed on the school premises. A person under expulsion is under no circumstances allowed to be on the school premises. The practice of students who have dropped out of school and return as "visitors" will be openly discouraged.

Virtual Learning

Any student wanting to enroll in virtual courses for the Fall semester needs to complete and submit forms two weeks prior to semester start date. For the Fall 2021 semester, enrollment dates will be August 2-9, 2021. Forms must be submitted the first week of December to enroll in virtual courses for the Spring semester. For the Spring 2022 semester, enrollment dates will be November 29- December 3.

Before families request virtual enrollment, it is important to understand the commitment involved. While there may be some flexibility in the timing of work, students should expect to spend a significant portion of each school day engaged with their virtual classes. The number of hours required to successfully complete virtual classes is similar to the number of hours required for traditional coursework. (This includes time spent on-line and time offline completing assignments, projects, and activities.)

It is the responsibility of the student and parent/guardian to communicate with the teacher of the virtual class(es) in order to get needed assistance and cooperate with grading and evaluation. Active progress and communication are necessary for the continued enrollment in and successful completion of virtual classes. Families are responsible for ensuring that students have reliable internet access and a device, if one is not supplied by the virtual provider, and that East Carter will not be responsible for providing tech support.

All East Carter policies regarding credit requirements and acquisition will apply, as will policies regarding academic honesty, and the school discipline code. Full time virtual students are not eligible for any extracurricular activities. Students will not be enrolled in virtual coursework that would cause them to exceed the traditional school course load.

Grades provided through virtual coursework will be reported by East Carter and become part of the student's academic record. (For this reason, and for the sake of continuity in learning, it is recommended that elementary students remain enrolled in virtual coursework until the end of the academic quarter, and that middle and high school students maintain enrollment until the end of the academic semester.

At any point that a student's virtual enrollment is discontinued, the grades from virtual coursework will be transferred to the appropriate East Carter class. Parents/guardians who wish for their child to return to in person

attendance at East Carter before the end of the academic period, will need to request a meeting with the building administrator to make arrangements for the student's return. Failure to make adequate progress in virtual classes or requesting early withdrawal may result in denial of future virtual enrollment. Students taking virtual classes are required to participate in all required state assessments.

ATTENDANCE POLICY

PHILOSOPHY

Regular attendance at school is vital to the educational and vocational success and achievement of all students regardless of age or ability.

RATIONALE

Parents, students, administrators and teachers all share the responsibility for maintaining regular student attendance in school. To meet that responsibility an objective and comprehensive attendance policy should be adopted by the Board of Education and made known to all parties involved.

ATTENDANCE REGULATIONS

Student's absences must not exceed eight (8) days per school year. Up to 4 days a semester will be allowed.

Parents will be informed, in writing, after two days' absence and after four days of absence as to the student's danger of not receiving credit for that semester.

1. After the 4th absence each semester all absences must be made up after school or during Saturday school on an hourly basis (eight class periods/hours of attendance remediation will equal one full day of absence). Students not making up absence hours may receive incomplete or a failing grade in each class in which the absence(s) occurred. Student grades will be posted electronically and to report cards after attendance remediation has been completed.
2. After school remediation time MUST be completed prior to the end of the semester in which the absence occurred. If students do not make up attendance hours in the semester the absences occur, they may be assigned remedial summer school courses to make up attendance hours (providing a program is available). Students who are assigned summer school for attendance remediation should plan to attend from the beginning of the summer program, until their time is remediated.
3. Any OSS days will count towards absences.
4. Upon the fifth absence (day or period) the student will be considered in violation of the attendance policy which may result in incomplete course grades and/or the loss of credit in the class or for all classes for the semester until attendance remediation is completed.
5. Excessive absenteeism, as defined by this policy, could result in said parents/guardians, being reported for educational neglect to the appropriate authorities.
6. Any student with 10 consecutive absences will be automatically dropped from school unless a parent/guardian has contacted the school principal.
7. Students in violation of the attendance policy may be restricted from any and all extra-curricular activities.
8. In a semester a student has a total of 8 unexcused absences, parents will be required to attend an attendance committee meeting in which may include the principal, counselor, resource officer and other members of the attendance committee. Proper documentation will need to be presented for all missed days or class periods.

9. At 10 days of absences, the principal and resource officer will determine if a citation will need to be issued or educational neglect/truancy.
10. Students that are on homebound instruction will not be allowed to participate in any extracurricular activities, unless prior approval from administration has been granted.

APPEALS PROCESS

1. At the end of every quarter/semester a committee will review all student attendance issues.
2. The committee will have discretion of waiving the 4-day absentee rule if evidence of extenuating circumstances are present.
3. Failure to have legitimate documentation in writing for all missed days or class periods may result in the loss of credit in a class or for all classes for the semester.
4. Failure to meet with the review committee may result in the loss of credit.

In order to obtain a waiver of the attendance policy:

- A. The student, who may be accompanied by a parent or guardian, may come before the review committee.
- B. The student or parent must present to the committee, documentation in writing, evidence of absence, for each of the days missed.

ATTENDANCE REVIEW COMMITTEE

1. The committee will be made up of a counselor, teachers, resource officer, and principal from the appropriate grade level.
2. The committee will meet as needed, at the discretion of the principal.
3. The purpose of the committee will be to review student attendance and to make decisions if waivers of the policy are requested.
4. The committee will also keep records of appeals and committee decisions for reference by future review committees, the Superintendent, or the Board.
5. The decisions of the review committee may be appealed to the Superintendent, and if necessary, to the Board of Education.

DRESS CODE

The Board of Education expects student dress and grooming to be neat, clean and in keeping with community standards, so that each student may share in promoting a positive, healthy and safe atmosphere within the School District. This expectation includes the school day and school sponsored extracurricular activities.

Students shall observe modes of dress and standards of personal grooming that are in conformity with the educational environment and necessary to maintain an orderly and safe atmosphere for all students. Apparel is expected to conform to reasonable student standards of modesty, and as such, no excessive or inappropriate areas of skin or undergarments may be exposed. No apparel or grooming which presents a safety concern is permitted. No apparel displaying messages that are gang-related, sexually explicit, vulgar, violent, alcohol or advocating illegal activities is permitted. Further, no clothing or personal grooming that disrupts, or can be forecasted to disrupt the educational environment is permitted. Students may be asked to remove any piercings during Physical Education and/or other activities, if there are safety concerns.

1. The wearing of head coverings such as hats, visors, bandanas, etc. (except for religious reasons) is prohibited in school.
2. Shoes are required. Students may not wear shoes that leave black marks on the floor. Shoes with wheels affixed to the bottom are not to be worn.

3. Eyeglasses with tinted lenses may not be worn inside the school building except for medical reasons attested to by a permission slip issued by the school nurse and the Principal in response to a doctor's note with a time interval and limit indicated.
4. Hair: Athletes, band members, students of vocational shop classes will be accountable to their teachers as regards to hair length. Teachers in these departments may require a hair net, shop cap, or other protective devices for student safety.

The attire in question will be left to the building principal's discretion. The student may be asked to change attire at school or even sent home to change. Further violations will result in disciplinary actions including:

- After school detention
- Corporal punishment
- Saturday School
- In-school suspension, or
- Out-of-school suspension

APPROPRIATE DRESS

Students will not be allowed to wear loose fitting shorts or pants to school that may expose undergarments or body parts that are meant to be covered.

NOTE: Unacceptable attire includes, but is not limited to muscle shirts, cut-out t-shirts, tank tops, midriff blouses, sleeveless shirts, spaghetti top blouses, pajama pants, slippers and holes in pants above the fingertips.

MORNING/LUNCH PROCEDURES

1. Upon arrival, students are to follow procedures set by the building Principal.
2. Upon arrival, high school students are to report to the FEMA building or high school building.

LUNCH

Early dismissal for lunch, unless permission from the principal has been given, should not occur. Students will enter the FEMA Building and remain until released by the Principal/Duty Teacher.

Those students wishing to eat lunch in the cafeteria will observe the following:

- Take your place quietly at the end of the line.
- Talk quietly.
- Present your lunch card/number immediately.
- Do not hold up the line.
- Students may not eat lunch on another student's lunch card/number.
- Return dishes to the designated area.
- Put paper in the wastebasket.
- Behave like a young lady or gentleman.
- Observe proper table manners.
- Keep feet off of walls.

CHANGING SCHEDULES

In no case may a student, on his own initiative, drop a class or enter another class for which he has not been duly enrolled. A student will have 5 days from the start of each semester to make schedule changes. Students will be required to fill out a schedule change sheet and turn into the counselor within the 5 day grace period. After the 5 day grace period schedules will ONLY be changed for the following reasons:

- a. Teacher recommendation
- b. Principal recommendation

Every scenario cannot be foreseen, thus the administration will have the authority to deal with each situation on a case by case basis, as deemed necessary. Needless or excessive schedule changes are discouraged. Students are not to change lockers on their own initiative. Check with the office first.

GRADUATION REQUIREMENTS (STUDENT DRESS CODE)

The East Carter County R-II School District regards High School Graduation as a prestigious event in a student's life. In order to maintain the proper perspective of the graduates' accomplishments the following dress code for graduation has been adopted. To participate in the graduation ceremony the student must:

- Wear appropriate cap and gown.
- Wear appropriate dress shoes, dress pants (Khakis or slacks), collared dress shirt, and tie for male students.
- Wear appropriate dress or blouse/pantsuit with dress shoes for female students. No revealing neckline, strapless, spaghetti straps, or dresses shorter than fingertip length will be allowed.
- Obey all other student handbook rules and regulations. Assistance in obtaining items for compliance to graduation dress code will be given upon request through the principal's office.

HOMEWORK

A student is expected to complete their homework assignments, with the student's grade reflecting their efforts.

Students who do not satisfactorily complete their homework in a timely manner will receive an office referral. Office referrals may include not dressing out for PE. Upon 3 missing or incomplete assignments or non-dress in P.E. they may be assigned an After School Detention (ASD), ISS, Corporal Punishment, and may be added to the Intervention Team list of students who need a "check and connect" with a member of the Intervention Team. Tutoring is offered at the same time, in the same location, as ASD every Monday-Thursday. If ASD/Tutoring is assigned, Parent(s)/Guardian(s) will be responsible for picking the student up at 4:15pm. Failure to attend ASD may result in Saturday School, swats, or ISS.

If a student is going to be absent from school for more than one day, requests for homework should be made by 10:00 a.m. to the appropriate office and may be picked up from the building secretary later in the day. Homework that has been requested will be due to the appropriate teacher upon the student's return to school.

- Late homework acceptance will be uniform for all classes with the following guidelines in place.
- Students will have the same amount of time to make up work in relation to the amount of time that they are absent. EXAMPLE (i.e., 1 day absent, 1 day to make the work up).
- Special circumstances may allow for deviation from this policy with the principal's approval.

LOCKER POLICY

Each student will be assigned a locker at the beginning of the school year. Students are NOT allowed to make locker changes without approval from the office.

STUDENT REGULATIONS AND RESPONSIBILITIES FOR ASSEMBLIES

Students will sit with their class groups during assemblies. Seniors will sit in the bleacher section nearest the west of the gym. Juniors will sit in the bleacher section next to the Seniors. Sophomores will sit next to the Juniors and Freshmen will sit next to the Sophomores. Middle School students will sit together in a designated section. Students who disrupt assemblies will be barred from attending any other assemblies during the year.

CELL PHONES AND NUISANCE ITEMS

Students are discouraged from bringing nuisance items to school. Nuisance items would include but are not limited to radios, CD or MP3 players, video games and players, cameras, lighters, beepers, noisemakers, fidget spinners, skateboards, or any items or materials distracting to the educational process of the classroom.

Although cell phones can be a convenience item, due to the serious distraction from classroom activities caused by improper usage of cell phones, they are not to be used in any classroom, bathroom, or locker room. They may be used between classes, in hallways, lunchrooms or during ABC advisory in the gym. Only one earbud is allowed if listening to music. Any use of a cell phone for pictures or recording may fall under violation of Bullying or Harassment. **We request that all parents and family members call the school office number should it be necessary to communicate with your student.**

Should a student violate this policy the cell phone/nuisance item may be confiscated and on the first offense, the student is warned of the consequences of further violations and may receive additional discipline. Subsequent cell phone offenses will result in increasing punishment (ASD, Saturday School, ISS, OSS, Corporal Punishment) for each violation occurrence for the student and the confiscated item having to be picked up from the Principal's Office. Items are the responsibility of the parent/guardian to pick up in a timely manner.

For off campus/overnight trips, this policy will be left up to the person in charge of the activity/trip.

OFFICE TELEPHONE USAGE

The office telephone is for school business. Therefore, requests for its use should be made only when necessary. Students will not be allowed to use the office phone except in emergencies. It is our policy to discourage classroom interruptions by telephone during instructional time. Messages for students should be left with the office secretary to be delivered to the appropriate classroom. Parents are encouraged to leave a message in the office so that school faculty members may return any calls during their prep time.

STUDENT USE OF CARS

Students must park their cars in the designated parking lot directly in front of the high school building. By STATE LAW, once a student pulls onto the East Carter R-II School District campus, they have reported for the school day and may not leave again. Students are not permitted to return to their cars or move them until the end of the day with the following exceptions:

- Students properly sign out to go to a previously arranged appointment
- Emergencies that require use of cars during the school day
- Special permission granted by the building principal

Students are not allowed to use the school parking lot as a gathering place without permission from the building principal at any time. Students may only leave their cars in the parking lot if they are out on a school sponsored trip. Any driving infractions occurring before or after school hours are considered a violation of school driving policy. **School authorities may legally search vehicles when presented with reasonable suspicion of school violations or illegal activities.**

The following rules will be enforced during the school year:

INTERNET USE POLICY FOR STUDENTS AND STAFF

Limited Internet access is now available to students, teachers, and administrators of East Carter County R-II School District. These services offer vast, diverse and unique resources to both students and staff. The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Our goal in providing this service to teachers and students is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. On a global network it is impossible to control all materials and an industrious user may discover controversial information. We firmly believe that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the District.

Students and Staff Using the District's Internet Access Will Abide by the Following:

1. The use of any East Carter County R-II School District network is a privilege which may be revoked by the administrators of the network at any time for abusive or inappropriate conduct. Such conduct would include, but is not limited to, the placing of unlawful information on or through the computer system, accessing another person's files or email, and the use of obscene, abusive, or otherwise objectionable language or images in either public or private files or messages.
2. Students' access to the Internet may be limited to a specified number of minutes per day. The limitation will be posted at the network site.
3. The District reserves the right to inspect any material stored in files to which users have access and will edit or remove any material which the district staff, in its sole discretion, believes may be objectionable. Users of the network will not use their account to obtain, view, download, or otherwise gain access to potentially objectionable materials. This includes text materials, video images, or sound files that may be considered objectionable.
4. The district Internet connection is provided primarily for educational purposes under the direction of district staff. Non-educational use may be limited at any time by district staff.
5. Information services and features contained on the East Carter County network are intended for the private use of its patrons. Any commercial or other unauthorized use of those materials, in any form, is expressly forbidden.
6. Information contained on the East Carter County network is placed there for educational purposes.
7. The district does not warrant that the functions of the system will meet any specific requirements you may have or that it will be error-free or uninterrupted; or shall it be liable for any direct or indirect, incidental, or consequential damages (including lost data, information, or profits) sustained or incurred in connection with the use, operation, or inability to use the system.
8. Rules and regulations of system usage will be added and posted from time to time by administrators of the district and/ or the network. Users of the network are subject to these rules and regulations.
9. The East Carter County School District network is intended for the exclusive use of its registered users. As a user, you are responsible for the use of your password and account. Any problems which arise from the use of the user's account are the responsibility of the account holder. Any misuse will result in suspension of the account privileges.

10. E-mail (electronic mail) must be used responsibly. Specific user responsibilities include checking email regularly, and not interfering with the network traffic by sending broadcasts to lists or individuals. Email accounts are to be used only by registered users.

I understand and will abide by the East Carter County R-II School District Network and Internet Use Policy. I further understand that any violation of the regulations is unethical and may constitute a criminal offense.

PARENT OR GUARDIAN,

EACH STUDENT WILL BE ALLOWED TO USE THE INTERNET AND IS REQUIRED TO FOLLOW THE ABOVE RULES UNLESS WRITTEN NOTIFICATION IS ON FILE STATING OTHERWISE.

LIBRARY MEDIA CENTER (LMC) CIRCULATION POLICY

The purpose of the East Carter County R-II Media Centers is to provide materials to students and faculty for research, information and pleasure. To ensure the proper circulation of these materials, the teachers and students need to be aware of the policies that govern the media centers.

1. The length of the checkout period of a book for a student is ten days unless otherwise specified.
2. Students should not have more than two items checked out from the library unless permission is given. A middle/high school student may be assessed a fine for overdue materials. The fine for overdue material at the HS library is \$.10 per day. Students who have fines that exceed \$3.00 will be allowed to check out one book at a time until the fines are paid. Students who have fines that exceed \$10.00 will not be allowed to check out any books until the fines are paid. The maximum fine is \$15.00. Any material returned after the maximum fine is reached and is damaged will be assessed the fine and the replacement cost of the material. Any material that reaches the maximum fine and is determined to be lost will also be assessed the fine and the replacement of the cost of the material. It is left to the discretion of the Library Media Specialist to waive any fine or payment that is the result of unusual circumstances.
3. Library Media Center materials may be rechecked, but a student must have the LMC material present when it is rechecked.
4. Teachers may reserve materials and equipment for their class use. The period of borrowing time will be agreed upon between the teacher and librarian.
5. People from the community have access to the media centers and may borrow material and A.V. equipment from the media center using the "Community Checkout Form" with permission from the building Principal and Library Media Specialists. The community patron assumes the same responsibilities for care and return of the material or equipment as a teacher or a student assumes.

RESPONSIBILITIES OF THE LMC PATRONS

It is the responsibility of the LMC to maintain a place of research and study available to all patrons: students, educators, and members of the community. Therefore the LMC is required to set and enforce standards of conduct.

1. All patrons shall give respect to all other users of the LMC by refraining from any conduct which would detract from a researching and learning or studying environment.
2. All patrons shall care for any and all materials and equipment of the LMC. Full restitution or replacement cost will be expected when the patron has lost, damaged, or abused any material or equipment.
3. Students may at any time have their library privileges suspended for excessive noise, any behavior that disrupts the learning atmosphere of the media center, or any negligent damage to media center materials or facilities.

LOST AND FOUND

If you find an article, please bring it to the Principal's office. These items will be kept for a reasonable amount of time. If you lose an article, please inquire in the office.

PHYSICAL EDUCATION

If, because of your health, you wish to be excused from Physical Education, a signed statement from your physician must be delivered and placed on file in the Principal's office.

Each student taking Physical Education is required to wear appropriate clothes for physical activity. On receipt of a written statement by the parent to the effect that their religious belief prohibits the wearing of shorts, that student would be allowed to wear another garment approved by the Physical Education teacher.

RESPECT FOR PROPERTY

State laws punish students who deface school property. Any student who willfully defaces school property or the property of other students shall be required to pay in full for all damages. Any student found defacing and/or destroying any school property will be subject to immediate expulsion until said property has been replaced or restored to its original value at the expense of the student.

SATURDAY SCHOOL

Saturday School will be for the purpose of:

1. Excessive tardiness and absenteeism.
2. In lieu of suspension.
3. For other infractions deemed necessary by the building Principal.

School on Saturdays will be held as needed; from 8:30 am to 12:30 p.m. Students will be responsible for getting their own assignments and providing their own transportation to and from school.

SATURDAY SCHOOL RULES

1. Must be on time and may not leave early.
2. Must bring enough work to last the entire four hours.
3. Any disruption caused by a student will result in repeating Saturday School.
4. Failure of the student to attend the assigned Saturday School may result in Out-of-School Suspension.

SEARCHES OF THE SCHOOL PREMISES WITH AND/OR WITHOUT CANINE

To be a legal search, the following must become a part of board policy: Now and at the beginning of each school year, the parents and students of East Carter County School District will be informed that drug searches can and will take place at all or any of the East Carter County Schools. Obvious areas for search are students' locker, bathrooms, and student parking lot. The searches will be made by school personnel and/or law enforcement and may be aided by specially trained canines.

Any student who has a controlled substance in his/her possession or is under the influence of a controlled substance at school, school-sponsored activity or on a school bus, will be subject to disciplinary action unless the substance has been prescribed for the student's specific use by a physician. The disciplinary action would include suspension and the student would be subject to expulsion by the Board of Education. The student and/or substance may be turned over to the proper authorities for criminal action.

SHOP AND VOCATIONAL STUDENTS

Any student enrolled in Shop classes or Vocational class will be required to show proof of accident health insurance. If the student is not covered by an accident health insurance program at home, they will be required to purchase the accident insurance offered through the school at the beginning of the school year.

STUDENT USE AND CARE OF SCHOOL PROPERTY

The Board of Education recognizes that acts of destruction, defacing, trespassing, burglary and theft of District property are contrary to the interests of students, staff and taxpayers. The District officials will cooperate fully with all law enforcement agencies in the prevention of crimes against District property as well as in the prosecution of persons involved in such conduct.

The District will seek restitution from students and other persons who have damaged or destroyed District property. As permitted by law, the District will also seek restitution from the parent/guardian of children involved in such misconduct.

STUDENT USE OF CONTROLLED SUBSTANCES (DRUGS) AND ALCOHOL

Any student who has a controlled substance in their possession or is under the influence of a controlled substance at school or on a school bus will be subject to disciplinary action unless the substance has been prescribed for the student's specific use by a physician. Students and parents or guardians will be allowed proper hearings, as prescribed in Missouri School Law.

STUDENT USE OF TOBACCO, SMOKELESS TOBACCO, & OR VAPING DEVICE

Student use or possession of any kind of smoke, smokeless tobacco, or vaping device on school grounds is strictly prohibited. Appropriate disciplinary action will be taken.

SUSPENSION AND EXPULSION

The Principal has authority to temporarily suspend any student for misbehavior or for other sufficient reasons. The suspension will be for such time as the Principal determines necessary for proper adjustment. However, the period of suspension shall not exceed ten (10) days. Some of the causes for suspension or expulsion of students are:

1. Continued willful disobedience.
2. Damaging or defacing school property.
3. Defiance or disrespect for the authority of a teacher.
4. Profanity or vulgarity.
5. Stealing.
6. Immoral conduct.
7. Drugs, alcohol, or controlled substances.
8. Fighting.
9. Refusal of other assigned discipline.

Students who are suspended from school may **NOT** attend any school functions on/off campus or to be on-campus without specific consent from the Principal and may not receive credit for their coursework. Suspension or expulsion will be duly recorded on the student's permanent record. Any request for OSS students to attend a school function on or off campus, will be submitted in writing to the Building Principal's office no less than ONE full week prior to the event. Failure to request permission could result in an extended suspension due to violation of suspension (see discipline chart). Any student with 3 or more suspensions for any reason during a single school year may be ineligible for all extra-curricular activities.

TRANSPORTATION OF STUDENTS ON SCHOOL BUSES

The local administration has a measure of responsibility in training pupils to be good bus passengers and observing certain rules for good discipline and safety. The following regulations for pupil safety will be followed by students riding buses in our district:

1. Driver is in charge of the pupils and the bus. Pupils must obey the driver promptly and cheerfully.

2. Pupils should obey and respect the orders of monitors or patrols on duty.
3. Pupils must be on time; the bus cannot wait beyond its regular schedule for those who are tardy.
4. Pupils should never stand in the roadway while waiting for the bus.
5. Unnecessary conversation with the driver is prohibited.
6. Classroom conduct is to be observed by pupils while riding the bus.
7. Pupils must not at any time extend arms or head out bus windows.
8. Pupils must not try to get on or off the bus, or move about within the bus, while it is in motion.
9. Pupils must observe directions of the driver and the patrol when leaving the bus.
10. Any damage to the bus should be reported at once to the driver.
11. Any student found defacing and/or destroying any school property will be subject to immediate suspension until said property has been replaced or restored to its original value at the expense of the student.

BUS-MISCELLANEOUS

1. Anytime a child will be deviating from their normal after school routine, a note must be sent to the office. If there is an unforeseen change in which a note was not sent and you need to call school please be advised of the following:
 - Parent calls for bus transfers will not be taken after 2:30 p.m. This policy is established to ensure that all messages get to the appropriate parties. It is also established to ensure that buses leave campus in a timely manner and all students arrive safely to the proper destination. Any call after 2:30 p.m. must be an emergency situation and can only be approved by the building administrator.
 - When students 6th grade and below are dropped off there must be a responsible adult or older sibling at home to supervise the child. If there is no one there, the child will be brought back to the East Carter R-II campus. It will be the responsibility of the parent/guardian to have the child picked up.
2. Students wishing to bring a guest(s) home on the bus need to bring a parent permission note to school to be signed by the building administrator and presented to the bus driver prior to boarding the bus.
3. If a student causes damage to the bus, he/she will be held financially responsible.
4. If a student's transportation privileges have been suspended or revoked, the student is responsible for finding alternative means of transportation to school. Students who do not find other means of transportation and do not attend school will be considered truant.
5. A severe behavior such as, but not limited to injury of a fellow student, gross disrespect or defiance of the bus driver may result in a suspension of services, revocation of services, or a police referral on a first or second referral.

CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES

BOARD POLICY CONCERNING ATHLETICS

Any student who participates in the intra-school athletic program is required to show proof of health insurance. If the student is not covered by an accident health insurance program at home, he will be required to purchase the accident insurance program offered through the school at the beginning of each school year. No student will be allowed to participate in a school-sponsored athletic game or practice (a game between East Carter and another school) until proof of insurance is on file in the high school Principal's office, along with a parental permission slip to participate, signed by his or her parents.

SPORTSMANSHIP

Good sportsmanship is required from all students, athletes, and spectators. Good sportsmanship is a school tradition. Whether it's home or on the road, make our school and our community proud by displaying positive sportsmanship. Failure to display good sportsmanship can result in loss of extracurricular attendance for athletes as well as students.

CLUB/ACTIVITY TRIPS

Due to our location it is necessary that our school does a great deal of traveling out of town to maintain a satisfactory activities schedule. Students must have an average grade no lower than D- in any class to participate. Students on such trips are expected and required to maintain the highest standards of conduct. Attire must be neat and properly worn. There will be no loud and unseemly conduct on the buses or in inappropriate places. We are justly proud of the fine record made by our school in the past in this respect and have had many compliments on the appearance and manners of our students. Students who attend such out-of-town activities must go and return to school on the buses. Failure of students to follow the above regulations will result in suspension of all privileges to attend school activities by bus.

LEAVING SCHOOL OR SCHOOL-SPONSORED TRIP OR ACTIVITY WITH SOMEONE OTHER THAN PARENT

No student may leave school, school-sponsored trip or activity with a person other than his/her parent or guardian, without written consent from the parent or guardian. This written consent must be given to the person in charge prior to the departure for the trip or activity. The sponsor of the activity will keep all notes and turn them into the Principal's office.

ABSENCE ON THE DAY OF AN ACTIVITY

Students and athletes who are absent from school on the day of a special activity, athletic contest, or any other school-sponsored activity will not be able to attend or participate in that activity during the day or evening unless prior arrangements have been made with the office. This is in direct compliance with MSHSAA rules. Students who have been sent home for health reasons will not be allowed to participate in school sponsored activities. Students must be at school a minimum of 4 hours to participate in any extra-curricular activity, unless special circumstances have been pre-approved through the office; this also applies to weekend events where students must attend previous school days.

BUILDING USE NIGHTS/WEEKENDS

Sometimes during the school year the occasion may arise when a class or club may desire use of the building for an evening. Arrangements for such use must be obtained in advance. No use of the building is permitted unless class or club sponsors are present.

CLASS OFFICER REQUIREMENTS

Each class shall elect four class officers. The officers elected will be: President, Vice-President, Secretary, and Treasurer.

In order to qualify to hold a class office, the student shall:

- Have made a "C" average or better the previous semester.
- Maintain a "C" average each quarter he or she holds office.
- Be a good school citizen as determined by teachers, Principal and Superintendent.

CLUB OFFICER REQUIREMENTS

Club Officers will have the same requirements as those for class officers. Special class or club meetings will be called only with the advice and permission of your sponsor.

SCHOOL CLUBS

Many times, some of the most lasting and pleasant memories of your school years come from the active participation in student activities. Again this year we plan to organize a variety of clubs so that there will be one to interest everyone. These clubs will have one regular meeting each month on school time and everyone is encouraged to actively participate. Those clubs will be in addition to your class organization. Special meetings may be called only with the advice and permission of your sponsor.

EMERGENCY/DISASTER PROCEDURES

DISMISSAL OF SCHOOL FOR INCLEMENT WEATHER

Should it be necessary to dismiss school for inclement weather or other reasons, the announcement will be sent over the school reach program, school phone message, and KFVS television. Also, athletic contests will not be played at night if school is not in session the day proceeding unless a special provision is made.

EMERGENCY DRILLS

Special drill activities will be planned by the Principal and faculty of each building to assure orderly movement and placement of students in the safest available building area. Since many parents may not be at home, it shall be the policy to retain children and faculty at the school building in case of extreme emergency where less than one hour of warning time is known. Parents may come to school premises to pick up their children if they so desire.

Fire Alarm: Series of short blasts on the bell.

Tornado Alarm: One continuous ring on the bell.

Earthquake Alarm: A long blast of a horn.

A parent, guardian or designated contact will be notified immediately to pick up a child from school who presents any of the following conditions:

1. Signs or symptoms of a communicable disease that cannot be contained at school;
2. Localized rash causing acute discomfort or systemic rash of undetermined origin as a sign of potential illness;
3. An oral temperature greater than 100 degrees. All students must be fever free for 24 hours without the aid of fever reducing medication before returning to school.
4. Signs or symptoms of acute illness, serious accident/injury;
5. Vomiting (not related to a single event such as gagging, positioning, mucus, running after eating, or eating spicy food);
6. Diarrhea of two or more loose watery stools;
7. Asthma symptoms that do not respond to prescribed medication or no prescribed medication is available for treatment of asthma symptoms;
8. Diabetes with a blood sugar greater than 400 and positive ketones or inadequate supplies to treat diabetes at school;

11. Live head lice (defined as live insects or nits closer than ¼ inch from the scalp before treatment). The student shall return as soon as possible after treatment.

According to the assessment of the School Nurse, if staying in the classroom is counterproductive to the student's education, or the safety and wellness of others, a decision may be made to send the student home.

The parent will be expected to come for the child within an hour or a reasonable time agreed upon with the nurse or school personnel. In the event the parent, guardian or designated contact cannot be reached, a parent conference may be held at the earliest opportunity to establish correct contact numbers, school district expectations and parental responsibilities.

Any additional guidelines necessary for special needs students will be addressed in the Individualized Health Care Plan.

In the event of a student medical emergency, school personnel may call 911, and the student may be transported to a medical facility via ambulance. The cost of services provided by ambulance, private physician, clinic, hospital, or dentist remain the responsibility of the parent/guardian and will not be assumed by Grand Prairie Independent School District or school district personnel.

It is our goal to provide a safe, healthy environment that promotes learning for all students.

MEDICINE/SICKNESS POLICY

The student's authorized Physician shall provide a written request that the student be given medication during school hours. The request shall state the name of the student, name of drug, dosage, frequency of administration, route of administration, and the prescriber's name. In lieu of the prescriber's written request, the District will accept a prescription label properly affixed to the medication in quest. STORAGE AND ADMINISTRATION OF MEDICATION

A parent / guardian or other responsible party will deliver all medication to be administered at school to the school nurse. All medication, prescription or OTC medication must be in a pharmacy or manufactured-labeled container. The District shall provide secure, locked storage for medication. The administration of medications is a nursing activity, which must be performed by a licensed professional or staff who are trained by the nurse to administer medications. The nurse is also empowered to contact the Physician or pharmacies filling the prescription to discuss the prescription if the nurse has any questions regarding the administration of such medication.

SELF-ADMINISTRATION OF MEDICATION

An authorized Physician may recommend that an individual student with a chronic health condition, such as asthma or other potentially life-threatening illness, assume responsibility for his or her own medication. Proper forms must be signed and kept on file in the health office.

PARENT/GUARDIAN ADMINISTRATION OF MEDICATION

Parents or eligible students should submit to their School Principal a written request identifying the records to be inspected.

RIGHT TO PREVENT DISCLOSURE: Parents or eligible students have the right to prevent disclosure of educational records to third parties with certain limited exceptions. The District will attempt to limit the disclosure of information contained in educational records to those instances when prior written consent has been given for the disclosure. However, upon request, the District will disclose information to officials of other schools in which a student seeks or intends to enroll. The District may also disclose information under the provisions of FERPA that allow disclosure without prior written consent, as well as directory information (unless you have refused to permit such disclosure of directory information), in accordance with FERPA regulations. Officials include those persons employed by the District, whether paid or unpaid, as an administrator, supervisor, instructor, or support staff member, including health or medical staff; persons retained by our contract to the District to perform a special task, such as an attorney, auditor, etc.; or persons who are employed by the District's law enforcement unit. School officials have a legitimate educational interest if the officials are: performing a task related to a student's

education; performing a task related to the discipline of a student; providing a service or benefit relating to the student or student's family, such as health care, counseling, job placement, or financial aid; or maintaining the safety and security of the campus.

The District considers the following to be student directory information: *Name, parent/legal guardian name, diploma received and date, awards, team and activity membership/participation, and weight and height of athletic participants.*

The District may disclose directory information for any purpose in its discretion without the consent of a parent of a student or an eligible student. Parents of students and eligible students have the right, however, to refuse to permit the designation of any or all of the above information as directory information. In that case, the information will not be disclosed except with the consent of a parent or student, or as otherwise allowed by FERPA. Any parent or student refusing to have any or all of the designated directory information disclosed must file written notification to this effect with the principal of the school which the student attends. In the event a notification of refusal is not filed, the District assumes that neither the parent of the student or an eligible student objects to the release of the directory information designated.

MILITARY RECRUITER ACCESS/STUDENT RECRUITING INFORMATION: Upon request of military recruiters, the District is required by law to provide access to secondary student's name, addresses, and telephone listings. The District is also required to provide military recruiters with the same access to secondary school students as is provided generally to post secondary educational institutions or to prospective employers. However, any secondary student or parent of a secondary student may request that the student's name, address, and telephone listing not be released without prior written consent of the parent. Requests that a student's name, address, and telephone listing not be released to military recruiters must be submitted, in writing, to the following: Superintendent Richard Sullivan, East Carter R-II School District, 24 S. Herren Ave., Ellsinore, MO 63937.

A request should be submitted to the following: Superintendent Richard Sullivan, East Carter R-II School District, 24 S. Herren Ave., Ellsinore, MO 63937. Parents or eligible students must identify, in writing, the part of the record sought to be corrected and specify why it is inaccurate/misleading. If the District decides not to amend the record, it will notify the parents or eligible student and provide information on the right to a hearing to present evidence that the record should be changed.

RIGHT TO COMPLAIN TO FERPA OFFICE: Parents or eligible students have the right to file an external complaint regarding the District's implementation of FERPA, and such complaint may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.

Annual Notification Under the Protection of Pupil Rights Amendment

The federal Protection of Pupil Rights Amendment (“PPRA”) affords parents certain rights regarding a school district’s initiation of certain federally funded surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education: Political affiliations or beliefs of the student or student’s parent; Mental or psychological problems of the student or student’s family; Sex behavior or attitudes; Illegal, anti-social, self-incriminating, or demeaning behavior; Critical appraisals of others with whom respondents have close family relationships; Legally recognized privileged relationships, such as with lawyers, doctors, or ministers; Religious practices, affiliations, or beliefs of the student or parents; or Income, other than as required by law to determine program eligibility.

Receive notice and an opportunity to opt a student out of: any other protected information survey, regardless of funding; any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by District or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision or scoliosis screenings, or any physical exam or screening permitted or required under State law; and activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

Inspect, upon request and before administration or use: Protected information surveys of students; Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law. The East Carter R-II School District (“District”) has adopted policies regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Upon your request, our district is required to provide to you in a timely manner, the following information:

- Whether your student's teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether your student's teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived.

In addition to the information that parents may request, a building receiving Title I funds must provide to each individual parent:

- Information on the level of achievement and academic growth of your student, if applicable and available, on each of the State academic assessments required under the Title I.A.
- Timely notice that your student has been assigned, or has been taught for 4 or more consecutive weeks by a teacher who has not met applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

PARENT/FAMILY INVOLVEMENT IN INSTRUCTIONAL AND OTHER PROGRAMS

The East Carter County R-II School District Board of Education believes that engaging parents/families in the education process is essential to improved academic success for students. The Board recognizes that a student's education is a responsibility shared by the district, parents, families and other members of the community during the entire time a student attends school. The Board believes that the district must create an environment that is conducive to learning and that strong, comprehensive parent/family involvement is an important component.

Parent/Family involvement in education requires a cooperative effort with roles for the Department of Elementary and Secondary Education (DESE), the district, parents/families and the community.

Parent/Family Involvement Goals and Plan

The Board of Education recognizes the importance of eliminating barriers that impede parent/family involvement, thereby facilitating an environment that encourages collaboration with parents, families and other members of the community. Therefore, the district will develop and implement a plan to facilitate parent/family involvement that shall include the following six (6) goals:

1. Promote regular, two-way, meaningful communication between home and school.
2. Promote and support responsible parenting.
3. Recognize the fact that parents/families play an integral role in assisting their children to learn.
4. Promote a safe and open atmosphere for parents/families to visit the schools their children attend, and actively solicit parent/family support and assistance for school programs.
5. Include parents as full partners in decisions affecting their children and families.
6. Use available community resources to strengthen and promote school programs, family practices and the achievement of students.

The district's plan for meeting these goals is to:

1. Provide activities that will educate parents regarding the intellectual and developmental needs of their children at all age levels. This will include promoting cooperation between the district and other agencies or school/community groups (such as parent-teacher groups, Head Start, Parents as Teachers, etc.) to furnish learning opportunities and disseminate information regarding parenting skills and child/adolescent development.
2. Implement strategies to involve parents/families in the educational process, including:
 - Keeping parents/families informed of opportunities for involvement and encouraging participation in various programs.
 - Providing access to educational resources for parents/families to use together with their children.
 - Keeping parents/families informed of the objectives of district educational programs as well as of their child's participation and progress within these programs.

3. Enable families to participate in the education of their children through a variety of roles. For example, parents/family members should be given opportunities to provide input into district policies and volunteer time within the classrooms and school programs.
4. Provide professional development opportunities for teachers and staff to enhance their understanding of effective parent/family involvement strategies.
5. Perform regular evaluations of parent/family involvement at each school and at the district level.
6. Provide access, upon request, to any instructional material used as part of the educational curriculum.
7. If practical, provide information in a language understandable to parents.

Title I, Migrant Education (MEP) and Limited English Proficiency (LEP) Programs

The Board also recognizes the special importance of parent/family involvement to the success of its Title I, MEP and LEP programs. Pursuant to federal law, the district and parents will jointly develop and agree upon a written parental involvement policy that will be distributed to parents participating in any of these programs.

Title I Program Parent Involvement

The district and parents of children participating in the Title I program will jointly develop and agree upon a written parent involvement policy that will describe how the district will:

1. Involve parents in the joint development of the Title I program plan and in the process of reviewing the implementation of the plan and suggesting improvements.
2. Provide the coordination, technical assistance and other support necessary to assist participating schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance.
3. Build the schools' and parents' capacity for strong parental involvement.
4. Coordinate and integrate Title I parental involvement strategies with those of other educational programs.
5. Conduct, with the involvement of parents, an annual evaluation of the content of the parental involvement policy and its effectiveness in improving the academic quality of the schools served. This will include identifying barriers to greater participation by parents in activities authorized by law, particularly by parents who are economically disadvantaged, have disabilities, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background. The district will use the findings of such evaluation to design strategies for more effective parental involvement and to revise, if necessary, the parental involvement policies.
6. Involve parents in the activities of the schools served.

Each school receiving Title I funds will jointly develop and distribute to parents of children participating in the Title I program a written parental involvement policy agreed upon by such parents in accordance with the requirements of federal law:

1. The policy must be made available to the local community and updated periodically to meet the changing needs of parents and the school.
2. The policy shall contain a school-parent compact that outlines how parents, the entire school staff and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children.
3. Each school participating in the Title I program will convene a meeting annually to inform parents about Title I and to involve parents in the planning, review and improvement of Title I programs, including the planning, review and improvement of the school parental involvement policy.

Migrant Education Program Parent Involvement

Parents of students in the MEP will be involved in and regularly consulted about the development, implementation, operation and evaluation of the Migrant Education Program.

Parents of MEP students will receive instruction regarding their role in improving the academic achievement of their children.

Limited English Proficiency Program Parent Involvement

Pursuant to federal law, parents of LEP students will be provided notification regarding their child's placement in and information about the district's LEP program. Parents will be notified of their rights regarding program content and participation.

Policy Evaluation

The district, with parent/family involvement, will review and evaluate the content and effectiveness of this policy and each school-level policy at least annually. The district will revise this policy as necessary to improve or create practices that enhance parent/family involvement.

PARENTAL INFORMATION AND RESOURCE CENTER (PIRC)

The Parental Information and Resource Center (PIRC) program is funded by the US Department of Education, Office of Innovation and Improvement, established to provide training, information, and support to parents and individuals who work with local parents, districts, and schools that receive Title I funds. PIRCs provide both regional and statewide services and disseminate information to parents on a statewide basis.

PIRCs help implement successful and effective parental involvement policies, programs, and activities that lead to improvements in student academic achievement, and that strengthen partnerships among parents, teachers, principals, administrators, and other school personnel in meeting the education needs of children; and to assist parents to communicate effectively with teachers, principals, counselors, administrators, and other school personnel.

The recipients of PIRC grants are required to: serve both rural and urban areas, use at least half their funds to serve areas with high concentrations of low-income children, and use at least 30 percent of the funds they receive for early childhood parent program.

Centers must include activities that establish, expand, or operate early childhood parent education programs and typically engage in a variety of technical assistance activities designed to improve student academic achievement, including understanding the accountability systems in the state and school districts being served by a project. Specific activities often include helping parents to understand the data that accountability systems make available to parents and the significance of that data for such things as opportunities for supplemental services and public school choice afforded to their children attending buildings in school improvement.

PIRCs generally develop resource materials and provide information about high quality family involvement programs to families, schools, school districts, and others through conferences, workshops, and dissemination of materials. Projects generally include a focus on serving parents of low-income, minority, and limited English proficient (LEP) children enrolled in elementary and secondary schools.

Missouri has two PIRCs – one in St. Louis and one in Springfield. For service and contact information, go to their website at <http://www.nationalpirc.org/directory/MO-32.html>

ASBESTOS NOTIFICATION (AHERA REG. #763.84)

As a result of our recent asbestos building survey, the schools were found to contain very little asbestos. The areas of school campuses found to contain asbestos posed no immediate health problems. However, in the best interest of your future safety East Carter School has drafted and put into action an Asbestos Management Plan.

A copy of this plan is located in the Central Administration office for your viewing.
