more resources

Talk about School

It is important to find time to talk about school with your student so they know it is important to you! Students are adjusting and trying to discover their normal day at school.

- Find the time (car ride, walk, preparing dinner)
- Limit distractions to actively listen
- Ask questions that go beyond “yes” or “no” and ask open-ended questions

TOOLBOX

The toolbox is an evidenced-based curriculum that will foster student's abilities to manage their own emotional, social, and academic success.

Toolbox lessons will be implemented within the classroom this month. Students will practice being mindful with the use of the 12 Tools learned over the course of the school year.
