

Community Education & Wellness Advisory Committee

We'd love to have your voice at the table. We are inviting staff, families, students, and community members who care about Kelliher to help shape this work.

FIRST MEETING

DATE	TIME
Wednesday, November 11	3:30 to 4:30 p.m.
PLACE	
Kelliher Media Center	

Please RSVP to Jeff Nelson by Friday, November 6. Email jnelson@kelliher.k12.mn.us or call 218-395-0393. If you are interested but can't attend the first meeting, please still reach out.

What the committee does

The committee brings together school staff, students, families, and community members. It looks at the health and wellbeing of students and staff, and at how Community Education can give Kelliher families more ways to learn, connect, and take part together.

School wellness

Identify needs, build on strengths, set shared wellness goals, and turn those goals into activities that support a healthier school community.

Community Education

Bring forward ideas for family activities, learning opportunities, wellness programs, and community gatherings that connect people with the school and one another.

Why this matters

Our staff, families, and neighbors see firsthand what students need to thrive. Bringing those views together lets us:

Listen to students, families, and staff.

Identify wellness needs and opportunities.

Connect school and community resources.

Develop activities and programs that support students and staff.

Work together toward shared goals instead of in separate groups.

What would make Kelliher an even stronger place for families to live, work, learn, and play, and how can we make it happen together?

Why we need you

You know our students. You know our families. You know our community. Your experiences, ideas, and relationships are what will make this effort meaningful.

You don't have to come with all the answers. Come with your ideas, your perspective, and a willingness to work alongside others who care about Kelliher.

Come be part of building something together. When we connect our ideas, resources, and people, we can better support one another and continue to lead together for Kelliher students, families, and our community.

Jeff Nelson, Superintendent, Kelliher Public Schools
