In addition, if applicable, we will audit the entity's compliance over major federal award programs for the period ended June 30, 2025. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter.

Our audits will be conducted with the objectives of our expressing an opinion on each opinion unit and an opinion on compliance regarding the entity's major federal award programs. The objectives of our audit of the financial statements are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) and in accordance with *Government Auditing Standards*, and the Legal Compliance Audit Guide prepared by the Office of the State Auditor pursuant to Minn. Stat. §6.65 will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The objectives of our compliance audit are to obtain sufficient appropriate audit evidence to form an opinion and report at the level specified in the governmental audit requirement about whether the entity complied in all material respects with the applicable compliance requirements and identify audit and reporting requirements specified in the governmental audit requirement that are supplementary to GAAS and *Government Auditing Standards*, if any, and perform procedures to address those requirements.

Accounting principles generally accepted in the United States of America (U.S. GAAP), as promulgated by the Governmental Accounting Standards Board (GASB), require that certain supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information (RSI) in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by accounting principles generally accepted in the United States of America. This RSI will be subjected to certain limited procedures but will not be audited:

- 1. Management's Discussion and Analysis
- 2. Schedule of Changes in the District's Total OPEB Liability and Related Ratios
- 3. Schedule of Employer's Share of Net Pension Liability
- 4. Schedule of Employer's Contributions

Supplementary information other than RSI will accompany the District's basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and certain additional procedures, including comparing and reconciling the supplementary information to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and additional procedures in accordance with auditing standards generally accepted in the United States of America. We intend to provide an opinion on the following supplementary information in relation to the financial statements as a whole:

- 1. Combining and individual fund schedules
- 2. Uniform financial accounting and reporting standards compliance table

Schedule of Expenditures of Federal Awards

We will subject the schedule of expenditures of federal awards to the auditing procedures applied in our audit of the basic financial statements and certain additional procedures, including comparing and reconciling the schedule to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and additional procedures in accordance with auditing standards generally accepted in the United States of America. We intend to provide an opinion on whether the schedule of expenditures of federal awards is presented fairly in all material respects in relation to the financial statements as a whole.

Also, the document we submit to you will include the following other additional information that will not be subjected to the auditing procedures applied in our audit of the financial statements:

1. School board and administration

Data Collection Form

Prior to the completion of our engagement, we will complete the sections of the Data Collection Form that are our responsibility. The form will summarize our audit findings, amounts and conclusions. It is management's responsibility to submit a reporting package including financial statements, schedule of expenditure of federal awards, summary schedule of prior audit findings and corrective action plan along with the Data Collection Form to the federal audit clearinghouse. The financial reporting package must be text searchable, unencrypted, and unlocked. Otherwise, the reporting package will not be accepted by the federal audit clearinghouse. We will assist you in the electronic submission and certification. You may request from us copies of our report for you to include with the reporting package submitted to pass-through entities.

The Data Collection Form is required to be submitted within the *earlier* of 30 days after receipt of our auditors' reports or nine months after the end of the audit period, unless specifically waived by a federal cognizant or oversight agency for audits. Data Collection Forms submitted untimely are one of the factors in assessing programs at a higher risk.

Audit of the Financial Statements

We will conduct our audits in accordance with GAAS, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America, the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the Legal Compliance Audit Guide prepared by the Office of the State Auditor pursuant to Minn. Stat. §6.65. As part of an audit of financial statements in accordance with GAAS and in accordance with *Government Auditing Standards*, Uniform Guidance and/or any state or regulatory audit requirements we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of controls.
- Obtain an understanding of the system of internal control in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the entity's internal control. However, we will communicate to you in writing concerning any significant
 deficiencies or material weaknesses in internal control relevant to the audit of the financial statements
 that we have identified during the audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements or noncompliance may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards* of the Comptroller General of the United States of America and the Legal Compliance Audit Guide prepared by the Office of the State Auditor pursuant to Minn. Stat. §6.65. Please note that the determination of abuse is subjective and *Government Auditing Standards* does not require auditors to detect abuse.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

We will issue a written report upon completion of our audit of the District's basic financial statements. Our report will be addressed to the governing body of the District. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s) to our auditor's report, or if necessary, withdraw from the engagement. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

In accordance with the requirements of *Government Auditing Standards*, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance over financial reporting will not be an objective of the audit and, therefore, no such opinion will be expressed.

We also will issue a written report on Minnesota Legal Compliance upon completion of our audit.

Audit of Major Program Compliance

Our audit of the District's major federal award program(s) compliance will be conducted in accordance with the requirements of the Single Audit Act, as amended; and the Uniform Guidance and will include tests of accounting records, a determination of major programs in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such an opinion on major federal award program compliance and to render the required reports. We cannot provide assurance that an unmodified opinion on compliance will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or withdraw from the engagement.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the material noncompliance with applicable laws and regulations, the provisions of contracts and grant agreements applicable to major federal award programs, and the applicable compliance requirements occurred, whether due to fraud or error, and express an opinion on the entity's compliance based on the audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the entity's compliance with the requirements of the federal programs as a whole.

As part of a compliance audit in accordance with GAAS and in accordance with *Government Auditing Standards*, and the Legal Compliance Audit Guide prepared by the Office of the State Auditor pursuant to Minn. Stat. §6.65, we exercise professional judgment and maintain professional skepticism throughout the audit. We also identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Our procedures will consist of determining major federal programs and performing the applicable procedures described in the U.S. Office of Management and Budget *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the entity's major programs, and performing such other procedures as we considers necessary in the circumstances The purpose of those procedures will be to express an opinion on the entity's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Also, as required by the Uniform Guidance, we will obtain an understanding of the entity's internal control over compliance relevant to the audit in order to design and perform tests of controls to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each of the entity's major federal award programs. Our tests will be less in scope than would be necessary to render an opinion on these controls and, accordingly, no opinion will be expressed in our report. However, we will communicate to you, regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we have identified during the audit.

We will issue a report on compliance that will include an opinion or disclaimer of opinion regarding the entity's major federal award programs, and a report on internal controls over compliance that will report any significant deficiencies and material weaknesses identified; however, such report will not express an opinion on internal control.

Management Responsibilities

Our audit will be conducted on the basis that management and, when appropriate, those charged with governance, acknowledge and understand that they have responsibility:

- 1. For the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America;
- 2. For the design, implementation, and maintenance of the system of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error;

 - b. Additional information that we may request from management for the purpose of the audit; and
 - c. Unrestricted access to persons within the entity and others from whom we determine it necessary to obtain audit evidence.
- 16. For adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the financial statements as a whole;

- 21. For taking reasonable measures to safeguard protected personally identifiable and other sensitive information; and
- 22. For confirming your understanding of your responsibilities as defined in this letter to us in your management representation letter.

With regard to the schedule of expenditures of federal awards referred to above, you acknowledge and understand your responsibility (a) for the preparation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance, (b) to provide us with the appropriate written representations regarding the schedule of expenditures of federal awards, (c) to include our report on the schedule of expenditures of federal awards in any document that contains the schedule of expenditures of federal awards and that indicates that we have reported on such schedule, and (d) to present the schedule of expenditures of federal awards with the audited financial statements, or if the schedule will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the schedule of expenditures of federal awards no later than the date of issuance by you of the schedule and our report thereon.

As part of our audit process, we will request from management and, when appropriate, those charged with governance, written confirmation concerning representations made to us in connection with the audit.

We understand that your employees will prepare all confirmations we request and will locate any documents or invoices selected by us for testing.

If you intend to publish or otherwise reproduce the financial statements and make reference to our firm, you agree to provide us with printers' proofs or masters for our review and approval before printing. You also agree to provide us with a copy of the final reproduced material for our approval before it is distributed.

With respect to any nonattest services we perform, we agree to perform the following:

- Prepare or assist with preparing financial statements and the schedule of expenditures of federal awards in conformity with U.S. generally accepted accounting principles based on information provided by you.
- Reconciliation of pension activity and related journal entries in accordance with GASB Statement No. 68 to be reviewed and approved by management.
- Submission of the uniform financial accounting and reporting standards compliance table

We will not assume management responsibilities on behalf of the District. The District's management understands and agrees that any advice or recommendation we may provide in connection with our audit engagement are solely to assist management in performing its responsibilities.

The District's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) designing, implementing, and maintaining the system of internal control, including the process used to monitor the system of internal control.

Our responsibilities and limitations of the nonattest services are as follows:

- We will perform the services in accordance with applicable professional standards.
- The nonattest services are limited to the services previously outlined above. Our firm, in its sole professional judgment, reserves the right to refuse to do any procedure or take any action that could be construed as making management decisions or assuming management responsibilities.

Fees and Timing

Brian Stavenger is the engagement partner for the audit services specified in this letter. The engagement partner's responsibilities include supervising services performed as part of this engagement and signing or authorizing another qualified firm representative to sign the audit report.

Our fees are based on the amount of time required at various levels of responsibility, plus actual out-of-pocket expenses, administrative charges, and a technology fee. Invoices are payable upon presentation. We estimate that our fee for the audit will be \$26,750. Additionally, our fees are subject to an additional 5% technology fee to support and enhance the quality work we provide by investing in technology and data security. The technology fee for the audit of the financial statements will be \$1,338.

GASB No. 101, *Compensated Absences*, became effective for fiscal years beginning after December 15, 2023. The requirements of this standard may result in material changes to governmental entity's financial statements, both with respect to financial statement presentation and related disclosures. Our fees related to the performance of audit procedures related to your implementation of this standard will be dependent upon the nature of the District's compensated absences policies.

As noted above actual out-of-pocket expenses will be billed if onsite services are requested, plus the travel time of the professional(s) coming onsite at 50% of their standard hourly rates.

Other circumstances may arise under which Eide Bailly must perform additional audit work and may require additional billings for these services. Examples of such circumstances include, but are not limited to:

- Work caused due to the identification of, and management's correction of, inappropriate application of accounting pronouncements
- Erroneous or incomplete accounting records
- New or unusual transactions
- Failure of District staff to prepare and provide information in a timely manner
- Lack of availability of appropriate personnel during the audit fieldwork
- Significant capital projects
- New long-term debt issuances
- Refunding bond transactions
- Changes at the District such as software conversions, software updates, and/or staffing transitions.

If the District's federal expenditures exceed \$750,000 and an audit over those funds is required, the fee will be \$6,625 assuming one major program to be tested. If additional programs are required to be tested, it will be an additional \$4,900 per program. Single audit fees are also subject to an additional 5% technology fee to support and enhance the quality work we provide by investing in technology and data security. The technology fee related to the single audit will be \$331 for the first major program, and \$245 per additional major program.

The ability to perform and complete our engagement consistent with the estimated fee included above depends upon the quality of your underlying accounting records and the timeliness of your personnel in providing information and responding to our requests. To assist with this process, we will provide you with an itemized request list that identifies the information required to perform our engagement, as well as the requested delivery date for those items. A lack of preparation, including not providing this information in an accurate and timely manner, unanticipated audit adjustments, and/or untimely assistance by your personnel may result in an increase in our fees and/or a delay in the completion of our engagement.

We may be requested to make certain audit documentation available to outside parties, including regulators, pursuant to authority provided by law or regulation or applicable professional standards. If requested, access to such audit documentation will be provided under the supervision of Eide Bailly LLP's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the outside party, who may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies. We will be compensated for any time and expenses, including time and expenses of legal counsel, we may incur in making such audit documentation available or in conducting or responding to discovery requests or participating as a witness or otherwise in any legal, regulatory, or other proceedings as a result of our Firm's performance of these services. You and your attorney will receive, if lawful, a copy of every subpoena we are asked to respond to on your behalf and will have the ability to control the extent of the discovery process to control the costs you may incur.

Should our relationship terminate before our audit procedures are completed and a report issued, you will be billed for services to the date of termination. All bills are payable upon receipt. A service charge of 1% per month, which is an annual rate of 12%, will be added to all accounts unpaid 30 days after billing date. If collection action is necessary, expenses and reasonable attorney's fees will be added to the amount due.

Other Matters

During the course of the engagement, we will only provide confidential engagement documentation to you via Eide Bailly's secure portal or other secure methods, and request that you use the same or similar tools in providing information to us. Should you choose not to utilize secure communication applications, you acknowledge that such communication contains a risk of the information being made available to unintended third parties. Similarly, we may communicate with you or your personnel via e-mail or other electronic methods, and you acknowledge that communication in those mediums contains a risk of misdirected or intercepted communications.

Should you provide us with remote access to your information technology environment, including but not limited to your financial reporting system, you agree to (1) assign unique usernames and passwords for use by our personnel in accessing the system and to provide this information in a secure manner; (2) limit access to "read only" to prevent any unintentional deletion or alteration of your data; (3) limit access to the areas of your technology environment necessary to perform the procedures agreed upon; and (4) disable all usernames and passwords provided to us upon the completion of procedures for which access was provided. We agree to only access your technology environment to the extent necessary to perform the identified procedures.

Regarding the electronic dissemination of audited financial statements, including financial statements published electronically on your website or elsewhere, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

Professional standards prohibit us from being the sole host and/or the sole storage for your financial and non-financial data. As such, it is your responsibility to maintain your original data and records and we cannot be responsible to maintain such original information. By signing this engagement letter, you affirm that you have all the data and records required to make your books and records complete.

We may use third party service providers and/or affiliated entities (including Eide Bailly Shared Services Private Limited) (collectively, "service providers") in order to facilitate delivering our services to you. Our use of service providers may require access to client information by the service provider. We will take reasonable precautions to determine that they have the appropriate procedures in place to prevent the unauthorized release of confidential information to others. We will remain responsible for the confidentiality of client information accessed by such service provider and any work performed by such service provider. You acknowledge that your information may be disclosed to such service providers, including those outside the United States.

Neither of us may use or disclose the other's confidential information for any purpose except as permitted under this engagement letter or as otherwise necessary for Eide Bailly to provide the services. Your confidential information is defined as any information you provide to us that is not available to the public. Eide Bailly's confidential information includes our audit documentation for this engagement. Our audit documentation shall at all times remain the property of Eide Bailly LLP. The confidentiality obligations described in this paragraph shall supersede and replace any and all prior confidentiality and/or nondisclosure agreements (NDAs) between us.

We agree to retain our audit documentation or work papers for a period of at least eight years from the date of our report.

Further, we will be available during the year to consult with you on financial management and accounting matters of a routine nature.

You agree to share all facts that may affect your financial statements, even if you first become aware of those facts after the date of the auditor's report but before the date your financial statements are issued.

At the conclusion of our audit engagement, we will communicate to management and the board of education the following significant findings from the audit:

- Our view about the qualitative aspects of the entity's significant accounting practices;
- Significant difficulties, if any, encountered during the audit;
- Uncorrected misstatements, other than those we believe are trivial, if any;
- Disagreements with management, if any;
- Other findings or issues, if any, arising from the audit that are, in our professional judgment, significant
 and relevant to those charged with governance regarding their oversight of the financial reporting
 process;
- Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;
- Representations we requested from management;
- Management's consultations with other accountants, if any; and
- Significant issues, if any, arising from the audit that were discussed, or the subject of correspondence, with management.

Government Auditing Standards require that we provide, upon request, a copy of our most recent external peer review report and any subsequent review reports to the party contracting for the audit. Accordingly, we will provide a copy of our most recent peer review report at your request.

May 28, 2025

The Board of Education Independent School District No. 2155 Wadena, Minnesota 56482

This letter is provided in connection with our engagement to audit the financial statements and to audit compliance over major federal award programs, if applicable, of Independent School District No. 2155 ("the District") as of June 30, 2025. Professional standards require that we communicate with you certain items including our responsibilities with regard to the financial statement audit, the compliance audit, and the planned scope and timing of our audits, including significant risks we have identified.

Our Responsibilities

As stated in our engagement letter dated May 27, 2025, we are responsible for conducting our audit in accordance with auditing standards generally accepted in the United States of America (GAAS); *Government Auditing Standards* of the Comptroller General of the United States of America; the requirements of the Single Audit Act, as amended; the provisions of the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the Legal Compliance Audit Guide prepared by the Office of the State Auditor pursuant to Minn. Stat. §6.65 for the purpose of forming and expressing opinions on the financial statements and on major federal award program compliance. Our audits do not relieve you or management of your respective responsibilities.

Our responsibility as it relates to the schedule of expenditures of federal awards is to evaluate its presentation for the purpose of forming and expressing an opinion as to whether it is presented fairly in all material respects in relation to the financial statements as a whole.

Planned Scope of the Audit

Our audits will include examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. Our audit is designed to provide reasonable, but not absolute assurance about whether the financial statements as a whole are free of material misstatement, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws or governmental regulations. Because of this concept of reasonable assurance and because we will not examine all transactions, there is a risk that material misstatements may exist and not be detected by us.

Our audit procedures will also include determining major federal programs and performing the applicable procedures described in the U.S. Office of Management and Budget *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the entity's major programs.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements or material noncompliance may not be detected exists, even though the audit is properly planned and performed in accordance with U.S. GAAS; *Government Auditing Standards* of the Comptroller General of the United States of America; the requirements of the Single Audit Act, as amended; and the provisions of the Uniform Guidance.

Our audits will include obtaining an understanding of the entity and its environment, including its internal control, sufficient to assess the risks of material misstatement of the financial statements, the risk of material noncompliance in the major federal award programs, and as a basis for designing the nature, timing, and extent of further audit procedures, but not for the purpose of expressing an opinion of the effectiveness of the entity's internal control over financial reporting. However, we will communicate to you at the conclusion of our audit, any material weaknesses or significant deficiencies identified. We will also communicate to you:

- Any violation of laws or regulations that come to our attention;
- Our views related to qualitative aspects of the entity's significant accounting practices, including accounting policies, accounting estimates, and financial statement disclosures;
- Significant difficulties, if any, encountered during the audit;
- Significant unusual transactions, if any;
- The potential effects of uncorrected misstatements on future-period financial statements; and
- Other significant matters that are relevant to your responsibilities in overseeing the financial reporting process.

Professional standards require us to design our audit to provide reasonable assurance that the financial statements are free of material misstatement whether caused by fraud or error. In designing our audit procedures, professional standards require us to evaluate the financial statements and assess the risk that a material misstatement could occur. Areas that are potentially more susceptible to misstatements, and thereby require special audit considerations, are designated as "significant risks." Although we are currently in the planning stage of our audit, we have preliminarily identified the following significant risks that require special audit consideration.

- <u>Lack of Segregation of Duties</u> Inadequate segregation of duties could adversely affect the District's ability to detect misstatements in amounts that would be material in relation to the financial statements in a timely period by employees in the normal course of performing their assigned functions.
- Management Override of Controls Professional standards require auditors to address the possibility of
 management overriding controls. Accordingly, we identified as a significant risk that management of the
 District may have the ability to override controls that the District has implemented. Management may
 override the District's controls in order to modify the financial records with the intent of manipulating the
 financial statements to overstate the District's financial performance or with the intent of concealing
 fraudulent transactions.
- Revenue Recognition We identified revenue recognition as a significant risk due to the number of transactions incurred at or near year-end and a risk of recording those in the incorrect fiscal year.
- <u>Improper Capitalization</u> We identified improper capitalization of capital assets as a significant risk due to the potential of not identifying all expenditures to be capitalized on the government-wide financial statements.
- <u>Significant Estimates</u> We identified the net pension liability activity, total OPEB liability activity, compensated absences, and MDE state aid receivables as significant risks due to them being inherently significant estimates.

We expect to begin our audit in September 2025 and issue our report once approved by management.

This information is intended solely for the information and use of Board of Education and Management of Independent School District No. 2155 and is not intended to be and should not be used by anyone other than these specified parties.

If any litigation/claim/audit starts before the 3-year period, records will be retained until completed or resolved.

Procurement

When requesting materials or services, these guidelines will be followed:

- The purchase is necessary for the provision of services.
- There is no conflict of interest in selecting the vendor. If an ISD#2155
 employee authorized to approve purchases is related to the vendor being
 submitted for payment, that employee must notify their direct supervisor
 so that another designated representative will be provided to approve
 purchase.
- There is no soliciting or acceptance of gratuities, favors, or anything of monetary value from contractors or subcontractors.
- All procurement transactions provide full and open competition to the maximum extent practicable.
- Is there an opportunity to use an intergovernmental agreement for this purchase?
- Contractors will be reviewed for suspension and debarment using the sam.gov website.

Purchasing Procedure

ISD #2155 staff will complete a requisition form listing items they wish to purchase for their program. This requisition will be attached to the P.O. using ESS (Employee Self Serve) through SMART systems.

- 1. The requisition form will include all necessary purchasing information and a reason why the purchase is necessary.
- 2. The form is submitted to the building principal or program director supervisor who considers whether the purchase requested is allowable.
- 3. Upon approval, the requisition form is submitted for ordering.

When special education staff requests items for purchase the following criteria will be used:

- Is it necessary/allowable/eligible
- Items to be noted on PO would include reason for use in special education and/or student initials with most current IEP date and a description of the need. (ie. Building blocks for motor skills for "student initials" on IEP dated ##/##/## or used for student reinforcements in classroom).

Small pre-approved purchases may be made by staff using established guidelines at approved local businesses or by purchasing items and requesting reimbursement.

Ordering Procedure

Upon receipt of signed requisition from the building principal or program director, the building administrative assistant will generate a purchase order stating vendor, item, amount, and approved reason.

The purchase order is then routed by the administrative assistant to the Senior Bookkeeper for approval. It is then routed to the district accounts payable bookkeeper for printing and mailing, faxing or PCard.

Upon approval through SmartER by the staff's supervisor, the Senior Bookkeeper makes the requisition into a purchase order (PO) and submits the PO to the Vendor to fulfill the purchase request. (see appendix for PCard process.)

ISD #2155 staff will use a purchase requisition form when making an individual purchase. This form will be attached to the purchase order. ISD #2155 follows these Minnesota State Statutes requirements:

- 1B. Purchases of \$3,000 10,000 to \$25,000 175,000: It is good business to find the lowest price when purchasing capital items. These purchases are an open market with 2 quotations.. If the amount of the contract is estimated to exceed \$10,000 but not to exceed \$175,000, the contract may be made either upon sealed bids or by direct negotiation, by obtaining two or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof.
- 1C. Purchases of \$175,000 or more 25,000 to \$100,000: will require 3 quotations. It is good business practice to find the lowest price when purchasing capital items. The quote will be awarded to the lowest responsible, qualified vendor taking into consideration the quality of the product and the ability to perform given the needs of the district. If the amount of the contract is estimated to exceed \$175,000, sealed bids shall be solicited by public notice in the manner and subject to the requirements of the law governing contracts by the particular municipality or class thereof.
- **2.** The form is submitted to the superintendent or designated program director who will consider whether the purchase or supply being requested is an allowable and eligible purchase.
- 3. Upon approval, the form is submitted for ordering.

Purchases exceeding \$100,000

All purchases exceeding \$100,000 shall be sealed bids, public notice and school board approval. Notice is to include an explanation of services being sought, criteria for selection, and the application and selection process. - 2. The administrative assistant signs and dates the PO copy verifying the receipt of the merchandise. If a packing slip and/or an invoice is included with the order, the administrative assistant will attach it or them to the PO copy and send it to the accounts payable Senior Bookkeeper for payment. Sometimes there is no packing slip in the order, and sometimes the vendor mails the invoice to the school office.
- 3. If the order is equipment, it will be tagged and inventoried (see inventory section) and then sent to the person requesting.
- 4. If the purchase is a supply, it will be sent to the person requesting.

Staff Travel

Inventory tags will be used to track items that do not meet the threshold or that the district needs to determine the location, such as office furniture and other equipment.

ISD #2155 will maintain control over the property and program decisions and the Freshwater Education District will maintain control over the funds. The Education District will ensure that proportionate share funds are used to meet the special education and related services needs of eligible students with disabilities and are not used for the general needs of the private school. The Education District will track the required expenditures by fiscal year. Any unused funds at the end of the fiscal year will be spent during the following one-year carryover period.

A report will be run once a year by the designated staff person to verify the nonpublic school students receiving special education services.

- Verify that a Time and Effort is completed

This also requires the use of 15% of its federal dollars for the entire education district for the CEIS program.

Transporting Students with Disabilities

Regulatory Citations:

- A. IDEA 34 CFR 300.34 (a) and (c) (16)
- B. IDEA 34 CFR 300.202(a) Use of Amounts
- C. EDGAR 34 CFE 80.20 (a) (6) Standard for Financial Management Systems

Transportation for a child receiving special education is a "related service" when because of the disability, the student requires special transportation in order to benefit from his/her specialized instruction. When an Individualized Education Program (IEP) team determines that transportation is a related service for a student, it should be written in the IEP.

While the vast majority of students with disabilities receive the same transportation services as nondisabled children, it is the responsibility of the IEP team to determine whether the student's disability prevents the student from using the same transportation provided to nondisabled students. In developing recommendations for special transportation, IEP teams should consider the following relating to a student and his/her disability.

- 1. Mobility issues Is the student non-ambulatory, wheelchair bound?
- 2. Communication issues Is the student hard of hearing; visually impaired; nonverbal; has limited understanding of questions and directions; non-English speaking?
- 3. Physical issues Does the student need assistive devices to maintain a sitting position; need assistance walking and going up and down stairs?
- 4. Health issues Does the student have seizures; fatigue that causes him/her to fall asleep on the bus; require oxygen equipment?
- 5. Behavior issues Does the student have very significant behavioral issues; physically abusive to other students; attempts to get off the bus; is self-abusive?
- 6. The child will be receiving Early Childhood Special Education services in a center-based program
- 7. The student is being transported to a separate site/facility for special education services.
- 8. Special transportation is not considered for any child who is capable of riding the regular school bus.
