Mission Statement

The Mission of the Benton County R-II School District is to provide positive educational opportunities to promote individual development and opportunities for success in a safe, orderly, and caring environment.

Philosophy

It is the philosophy of the Benton County R-II School District that:

- All students are capable of learning.
- Each student is a unique individual worthy of consideration on his/her own merits.
- An environment conducive to learning and the promotion of self-worth in students must be created.
- Education is a life-long process and the school must assist and promote programs to benefit the entire community.
- The educational program must provide for systematic review and evaluation and possess flexibility to meet changing needs.
- The educational programs of the district are a joint effort requiring involvement of the home and community with the school.
- The allocation of time and resources must be flexible in order to provide for individual needs and to capitalize on individual strengths.

Parents and Students

Welcome! On behalf of faculty, staff and administration, we welcome you to this academic school year. We are pleased that you are part of the Lincoln Community. We anticipate your involvement and cooperation in making this year successful.

This school handbook has been prepared to help answer many questions students and parents usually have concerning the activities, procedures and rules for the successful operation of Lincoln Elementary. We believe that following these will help us to have an orderly school conducive to learning. There is no intent to develop a set of expectations which are confining or restrictive. Instead, a common ground of clearly understood policies and procedures will enable us to provide the best educational experiences for each student.

The Lincoln Elementary students, staff, parents, and community will cooperatively provide a safe, child-centered environment that builds self-esteem, self-discipline, and the essential skills for life-long learning. While accepting the difference of others and by using responsible decision making, students will exhibit qualities of good citizenship with the motivation to invent, dream and explore in our changing world.

In the event that problems or concerns evolve, we are available to discuss and help resolve any situation. Feel free to call 660-547-2222 and arrange a conference if the need arises.

School Hours

Parent and student cooperation is requested in observing the daily school schedule.

The school doors open at 7:45 a.m. to allow students to enter the school to begin the school day. If the student rides the bus, they are expected to depart and go directly to the cafeteria or their particular classroom. If the student lives in town or is driven to school they should not arrive before 7:45 a.m.

All students are to leave the school grounds immediately after the dismissal bell (3:00 p.m.) rings, unless there is some type of activity that is school related and requires them to be here. Once a student boards a bus or enters the school boundaries he/she is under the legal control of the school. In order to leave it will require the permission of the office.

Cafeteria Service

Our school provides a well-balanced, nutritious breakfast and lunch program. Breakfast and lunch will be served beginning the first day of school.

The following are prices for breakfast, lunch and milk:

Breakfast	\$1.40 per day	\$ 7.00 per week
Lunch	\$2.45 per day	\$12.25 per week
Milk	\$0.25 per day	\$ 1.25 per week
Afternoon milk (K-2)	\$0.25 per day	\$ 1.25 per week

- Students should pay on a weekly or monthly basis.
- Please use the Meal Order form sheet which is sent home with the student.
- Statements will be sent weekly for students with any balance owed to the school. An itemized statement is available upon parental request.
- Meal charges should not exceed \$7.50 per student. When a negative balance occurs, parents will be contacted. It will be necessary to make payment on the lunch bill or work out arrangements with the principal. Exceeding the \$7.50 can eventually result in discontinuing lunch service to the student.
- Applications for free or reduced meals are made available to parents.
- If a student charges a meal, the amount is to be paid promptly.
- Food items purchased in the cafeteria may not be taken out of the dining area.
- Students bringing a lunch from home will also eat in the cafeteria dining room.
- Any student may purchase milk at the regular prices regardless of whether or not a meal is purchased.
- Students will remain in the cafeteria until dismissed.
- Students are expected to be polite and use acceptable table manners while in the cafeteria the cafeteria.

Attendance (Policy & Regulation 2310)

Attendance is important. It is the responsibility of the student and parent. The habits developed in school will stay with the student for the remainder of their lives. We would like all students to have a minimum of 90% attendance. Failure to meet this requirement could result in a loss of privileges. If an absence is foreseen, parents are encouraged to come in and explain the problem as this will enable us to better deal with it. Perfect attendance awards will be given to students that are present all day each day of the school year. A student is considered absent if they miss more than two hours of the school day.

Tardiness (Regulation 2610)

Because of the school's busy schedule, tardiness is discouraged. Being at school on time is part of learning a sense of responsibility. If the student is continually late, action will be taken to correct the problem.

Students will be considered tardy up to 20 minutes after the start of school. After this 20 minute period, students will be considered absent. Each student will be allowed 3 unexcused tardies without penalty. Each additional tardy after 3 will be considered unexcused and will be recorded as a ½ day unexcused absence. When a student has accumulated 5 days of unexcused absences, (total of absences and/or tardies) a referral will be made to the appropriate agency.

The following reasons will be considered as unexcused tardies:

MISSED BUS

OVERSLEEPING

STAYED OUT OF TOWN WITH RELATIVES

PARENTS DIDN'T WAKE CHILD UP

ALARM DID NOT GO OFF

Absences (Regulation 2310)

The following procedure should be followed by each student when it becomes necessary to be absent from school:

1. The parent/guardian must notify the office by phone by 9:00 a.m. on the day of the absence as to the reason the student cannot attend school.
2. If the office has not received a call, note or visit within 24 hours the absence will be recorded as unexcused.
3. If homework is requested to be sent home with another student, or if the parent is to pick up the homework, notify the office personnel by 9:30 and it may be picked up at 3:00 p.m.
4. Students absent from school will not be allowed to attend school sponsored activities on that same day, unless permission is given by a school administrator. A student must be in attendance a minimum of 50% of the day to participate in after school activities.
5. Any student that misses more than 20 days of school may be retained. Retention will be reviewed by the attendance committee on a per case basis.

Definition of an Excused Absence (Regulation 2310)

An absence will be listed as excused if the reason can be classified under one of the following categories:

1. Personal illness of the student and verified by parent. If the student is absent 3 consecutive days because of illness or more than 8 days in a semester, a doctor's note will be needed.
2. Family illness.
3. Emergency situations or pre-arranged absences will be considered on an individual basis.
4. Dental or medical appointments that cannot be obtained at a time other than during school hours.
6. Attending a funeral.
7. Days of Religious Observance.

Unexcused Absences (Regulation 2310)

An absence shall be classified as unexcused when it cannot be classified under those reasons listed for an excused absence.

After a student has three unexcused absences in a semester, a letter of notification will be sent home. If five unexcused absences are reached in a semester, a conference will be requested and/or a referral will be made to the appropriate agency.

What is the meaning of an unexcused absence? The student will not receive credit for work which was required while absent. The student however, will be required to satisfactorily complete the assignments.

Make-Up Work (Regulation 2310)

Students having excused absences are responsible for contacting the teacher of the class and determine what assignments are to be made up and the time limit for having them completed. Any work missed while absent and not turned in by the date required by the classroom teacher will be recorded as zero and so averaged in the student's quarterly grade. Remember, it is the student's responsibility to get their assignment(s). Students that miss but are excused for the absence are permitted to make up all work and assignments missed while absent, but must do so within a time limit set by the teacher concerned. The general rule on time limit is one day for each day absent. A student absent three days would thus have to complete all make-up work within

three days after returning to school. Maximum time allowed will be set by the teacher concerned.

The school requests when a student has been absent for three or more days, that the parents contact the school office and explain what the student is able to do, so far as school work is concerned. If needed, the principal will then contact the teacher concerned and arrange for whatever assignments or materials are needed. They can then be picked up by the parents in the school office or sent home with another student.

For pre-arranged absences, make-up work will be due upon returning to class.

Each student is responsible for all assignments the teacher assigns. When a student becomes five assignments behind they will be required to attend one after-school detention session to make up the work. The work made up in the detention session will receive 60% credit, and will allow the student not to miss out on progressive skills. We are trying to create responsible citizens and homework is a great start on the road to responsibility.

Sign-In and Sign-Out – Student Early Dismissal Procedures (Regulation 2330)

Students that arrive at school after 8:05 a.m. must sign-in at the office before they report to class. Also any student that must leave school because of illness or emergency must sign-out in the office. The student must receive permission from the principal to sign-out.

The following procedures apply:

1. The building principal or designee shall not excuse a student before the end of the school day without a request for early dismissal by the student's parent/guardian.
2. Telephone requests for early dismissal of a student shall be honored only if the caller can be positively identified as the student's parent/guardian.
3. Children of single-parent families will be released only upon the request of the custodial parent, i.e., the parent whom the court holds directly responsible for the child, and who is identified as such on the school record.

Additional precautions may be taken by the school administration, appropriate to the age of students, and as needs arise.

Parents/guardians have the obligation to advise and provide up-to-date documentation to the building principal regarding any change in the legal and/or physical custody of the student. The building principal, at all times, has the authority to investigate and confirm the custodial status of a parent/guardian if the principal has inadequate information or reason to suspect that false or incomplete information has been provided to the School District.

Students shall not be permitted to answer any personal phone calls, except those from the parent/guardian or other persons having legal custody of said pupils. Emergency messages will be delivered to the students.

School Visitors (Policy & Regulation 1430)

For the protection of the students, all non-students are to report to the office upon entering the building. Please do not go directly to the classroom. If a parent needs to give their child a message, medication, homework, lunch money, etc., they must first go to the office and sign in as a visitor. Interrupting class hampers instruction time.

If a non-student needs to visit a student in a classroom, a pass will be issued by the office for such a visit. Pre-schoolers and students who are not from Lincoln are discouraged from visiting school.

Distribution of Noncurricular Publications by Students (Policy & Regulation 2170)

The District recognizes that student expression regarding a variety of topics may be beneficial to the District's education mission. Discussion and debate regarding serious issues can engender tolerance for diverse viewpoints. The District, however, has the obligation to ensure that student expression is consistent with the District's educational mission. Accordingly, the District has adopted Regulation 2170 as guidelines to regulate student expression in a manner consistent with the District's educational goals.

School Dress (Regulation 2651)

Personal cleanliness, grooming, and modesty are integral values in the educative process throughout the Lincoln Public Schools.

To form habits that reflect good health and win the respect of classmates and teachers, each student should select clothing suitable for school and the day's weather conditions.

Styles change from time to time--teachers and administration are aware of this. Neatness and cleanliness do not change. When the type of clothing worn or the manner in which it is worn causes distraction in the classroom or creates a health or safety problem, the student wearing such apparel will be asked to either change to more appropriate dress or leave the school grounds.

Shorts are permissible dress for school as long as they are sufficient length. Walking shorts and "jams" which extend past the mid-thigh are acceptable. Cut-off jeans and tennis shorts are NOT acceptable.

Headware is not acceptable in the school building. All students will wear appropriate footwear.

Dress items which are not acceptable for students:

- Any clothing item having vulgar, obscene, objectionable slogans/pictures or symbols.
- Clothing items that promote the use of alcohol, tobacco, or illegal drugs.
- Tank tops or halter tops.

- *1st offense* - Student will have the opportunity to change or reverse shirt. Students will be sent or taken home to change. Parents will be informed by telephone or mail of unacceptable behavior and consequence.
- *2nd offense* - Same as first offense plus 1 day of ISS (In-School Suspension). Parents notified when in-school suspension is longer than one day. Parents informed by telephone or mail of unacceptable behavior and consequence.
- *3rd offense* - Same as first offense plus 3 days in ISS. Parents notified when in-school or out-of-school suspension is given. Parents informed by telephone or mail of unacceptable behavior and consequence. Conference with student, parents, principal, and superintendent.

Student Participation in Secret Organizations and Gangs (Policy & Regulation 2653)

The Board of Education prohibits membership of students in secret fraternities, sororities, or in other clubs or gangs not sponsored by established agencies or organizations recognized by the School District. No student shall by dress and appearance, speech, or physical act display evidence of membership in such an organization. Violation of this policy and regulation will result in suspension of the student until such time that it can be considered by the Board of Education, as per section 171.141 of the Revised Statutes of Missouri.

Custody of Children

Determining who has legal custody of children can be very difficult and problematic when determining whether or not a student can go with a particular parent or relative. If there is a situation in your family in which your child is not allowed to be released with a particular parent or individual, please notify the school office immediately. A parent/legal guardian **MUST** have legal custody of a child before he/she can deny the other parent or individual access to the child. **Court ordered custody papers must be on file at the school.**

Personal Property

Students should never bring expensive toys, radios, jewelry, etc. to school as they may be lost or broken. Knives or other dangerous objects are strictly prohibited. Our firearm policy will comply with the Federal Statute which is on file in the Elementary Office.

School Supplies

A supply list for each grade level is given to each student. Each student should come to school with the necessary school supplies.

Medicine (Regulation 2870)

If medication of any kind needs to be taken while at school, please give it to the nurse. We cannot give any medication unless it is brought from home, along with complete dosage instructions and a note from home signifying permission.

Telephone

The school phone is a business phone and is to be used only for that purpose.

No student will be allowed to use the phone unless given permission by office personnel or the principal. Students are not called out of class to talk on the phone, except in the case of an emergency.

Student Cell Phone Usage (Policy 2656) Personal Telecommunications Devices

Developments in cell phone technology in recent years have resulted in enhanced communication opportunities. The use of cell phones in schools poses increasing risks of school disruptions, bullying, criminal activity, and academic dishonesty. As a result, beginning with the 2008-09 school year, student cell phones and digital cameras will be banned from use during the instruction day, as well as, in dressing areas during extracurricular activities. Exceptions may be granted by the principal.

- *1st offense* – Confiscation up to 1 day of device and up to 1 day OSS.
- *2nd offense* – Confiscation up to 1 week of device and up to 3 days OSS.
- *3rd offense* – Confiscation up to 1 year of device and up to 5 days OSS.

Parties - Gifts

Our school allows parties for Halloween, Christmas, and Valentines Day. **All treats for these occasions must be store bought.**

Parents are welcome to visit during party times, but can enter only through the main entrance. Entrances will not be allowed through any of the side doors.

Individual birthday parties are not allowed at school, however you may send store bought treats for the class to have during the school day. If you wish to send store bought treats, please make arrangements with your child's teacher in advance. **Birthday invitations will not be distributed at school unless all students in the class are to receive the invitation.**

Emergency Contacts

If at any time during the school year the parent/guardian acquires a new phone number, a new job, or a new address, please send this information to the office. We need up-to-date facts on emergency contacts in the case the student becomes ill or gets hurt.

Transferring to Another District (Policy 2290)

In the case of family relocation out of our district, please notify the school office (660-547-2222) as soon as possible. This will allow us to gather all necessary records and information and will make entering the new school much easier. The student's permanent records will be mailed to the new school upon request. Be sure all textbooks and library books are checked in, as well as all fines or charges paid before leaving.

Library Media Center

Our school library media center is a source of pride and is a vital part of our instructional program. Through regularly scheduled class times, students are encouraged to explore the many books, research materials, and audio-visual materials that our library media center contains.

In order to maintain an adequate collection, students, teachers, and parents must cooperate to see that these materials are returned in good condition. If materials are not returned, a charge equal to the current replacement price is made.

Newsletters

During the school year we will send home newsletters (weekly) and calendars (monthly) concerning school activities, rules, and other information which we feel is necessary. Please take the time to read these items.

Bad Weather Reports - School Cancellation (Policy & Regulation 5240)

In case of unexpected bad weather, please do not call the school. Our phones must be kept open for emergencies. For any special instructions, such as the canceling of school or early dismissal, please listen to the following media stations: KAYQ (Ozark 98), KLRQ (Q-96), or Springfield & Kansas City television stations. In addition, you will be notified by our automated phone system. Make sure all phone numbers are current.

Special Services

Teachers with professional preparation in speech and language therapy, learning disabilities, and developmental learning problems (remedial reading and math) teach students in the least restrictive environment which is appropriate for each individual child.

Textbooks and School Property (Policy 2150)

The Lincoln R-II School System furnishes textbooks, desks and lockers to students. These are the responsibility of each student. Community members' tax money pays for the school building furniture and textbooks. Students are expected to take good care of them. Any student who damages school property, windows, equipment, and/or books is responsible for payment. School officials may search student lockers and/or desks at any time in accordance with board policy 2150.

Field Trips

When a field trip is to be taken, the student will bring home a permission form giving the destination and date. This form must be signed and returned to the teacher involved. **These trips are a privilege for the students, not a right. If students cannot follow school and classroom expectations throughout the school year, they will not be allowed to attend the trip. Students with attendance below 90% will be unable to attend field trips or school activities.** There will only be exception for those students that have to miss school because of documented medical issues.

Counseling Program (Policy 2810)

The counseling program at Lincoln is designed to help all children as they grow and develop. Students, teachers, and parents have access to counseling services at the school. A student may request a private conference by contacting the counselor. Parents may call the counselor (660-547-2222) or may schedule through the elementary secretary. Conferences often focus on normal developmental concerns of children in an elementary school. The following are frequent concerns: Forming and maintaining relationships, school work habits, family concerns, and improving at school.

Lost and Found

Clothing and personal belongings that are brought to school should be labeled with the child's name. Found articles are turned in to the Lost/Found box in the office. Unlabeled or unclaimed articles will be disposed of at the end of the school year.

Fire and Tornado Drills (Policy & Regulation 5240)

Each classroom has a diagram of the evacuation routes for fire and tornado drills. Drills will consist of moving as quickly and quietly as possible to the assigned area. The student is expected to follow the directions given by the staff and administration.

Every student and staff member must recognize the safety factor and seriousness of these drills. Failure to properly act at the proper moment could mean the difference between life and death. Cooperation and mature actions are needed at all times.

Reporting Student Progress

In an effort to keep parents informed about student progress, the following measures are used:

- Students sharing of papers and experiences, with parents, is encouraged.
- Notes, phone calls, and conferences are frequently made by teachers.
- By the fifth week of each quarter, progress reports are sent home with students to indicate unsatisfactory progress. In addition, some teachers send home weekly progress reports.
- A report card is issued after each nine-week quarter which should be signed by the parent and returned.
- Scheduled parent-teacher conferences are held at the end of the first quarter and third quarter.

Following is the grading system used by the Elementary teachers:

95 - 100	= A	73 - 76	= C
90 - 94	= A-	70 - 72	= C-
87 - 89	= B+	67 - 69	= D+
83 - 86	= B	63 - 66	= D
80 - 82	= B-	60 - 62	= D-
77 - 79	= C+	59 and below	= F

Honor Roll

There are two honor rolls at Lincoln Elementary School for grades four through six. The Principal's Honor Roll and the Regular Honor Roll. Students in grades four through six who receive all A's or A-'s on their report cards are listed on the Principal's Honor Roll. Students in grades four through six who receive all A's or B's are listed on the Regular Honor Roll.

Any subject in which a student receives a grade is used to determine inclusion on a honor roll. Honor Rolls will be determined by using grades which are earned in all subjects and activities.

Student Academic Achievement Policy Promotion and Retention Board Regulation 2520

The purpose of promotion and retention is to provide maximum consideration for the long-range welfare of the student and to provide an opportunity for each student to progress through school according to his/her own needs and abilities.

It is expected that most students in the schools will be promoted annually from one grade level to another upon completion of satisfactory work, however, a student may be retained when his/her standards of achievement or social, emotional, mental or physical development would not allow satisfactory progress in the next higher grade. Retention normally occurs before the student leaves the primary grades.

Parents/guardians who wish to appeal the decision for retention must first contact the building principal. If parents/guardians do not accept the decision at the building level, an appeal may be made in writing to the Superintendent. All appeals must be requested within two (2) weeks after the close of school.

The process for reading assessments and remediation, and retention guidelines for students who fail to meet the District's objectives for reading, are contained in Regulation 2520 – Promotion and Retention.

Discipline Policy (Policy 2600)

The Lincoln R-2 School District has as its goal the development of each student intellectually, physically, and socially. The district strives to develop in each student a positive attitude and an understanding of the importance of successful group interaction. The district's student handbook establishes rules, regulations and consequences in order to create an atmosphere where orderly learning is possible and encouraged. School officials are authorized to hold students accountable for misconduct in school, on school property, during school-sponsored activities and for conduct away from school or in non-school activities which affect school discipline.

The legal basis for these disciplinary regulations is found in the Public School Laws of Missouri. Section 171.011 establishes the Board of Education's authority to adopt rules and regulations pertaining to the organizing, grading, and government in the school district. Sections 167.161 and 167.171 establish the authority of the principal and superintendent to suspend students and provide for due process on the part of the student. Building principals have the authority to invoke punishment different than what is stated in the consequences. This may not occur often, but situations do arise in which harsher, more lenient, or different consequences are appropriate.

Teachers and staff are encouraged to positively reinforce acceptable student behaviors. Students are encouraged to foster feelings of school spirit and pride. Where and whenever possible, a simple admonition to the student should correct an inappropriate behavior. When this does not have the desired result, other actions may be taken sequentially or concurrently. Students can forfeit their right to a public school education by engaging in conduct prohibited in Regulation 2610 and related provisions. Disciplinary consequences include, but are not limited to withdrawal of school privileges (athletics, intramurals, student clubs and activities as well as school social events). Students may be suspended under terms of in-school suspension (ISS) or out-of-school suspension (OSS) by the school principals for up to ten (10) school days. Students may have OSS extended by the superintendent of schools for up to 180 school days or may be given longer-term suspensions or expelled from school by the board of education.

The district will provide annual in-service training to all employees concerning the District's discipline regulations and their implementation. Annual training will also include, but will not be limited to, approved methods of dealing with school violence, discipline of students with disabilities, and the requirements of student confidentiality.

- The drivers may assign seats if they so desire.
- Students must be on time; the bus cannot wait for those who are tardy.

- When leaving bus, students are to observe the directions of the driver.

When students arrive at school in the morning:

- Students will unload from bus as directed by the bus driver, then enter the school building nearest where bus unloads. Stay on the sidewalk.
- Once students have boarded the school bus at the bus stop in the morning, the student may not get off the bus until it arrives at school. If an emergency occurs, the driver will give further instructions. Students may not leave the school grounds after unloading from the bus without a note from parents and permission of the principal.
- Be sure students check the bus seat before leaving the bus to make sure no personal property has been left.

When boarding the bus at the close of school to go home:

- All buses will be waiting to load when students are dismissed at 3:00 p.m. students are to go immediately to their assigned bus.

- Student cooperation and courtesy may mean the difference between arriving home safely or causing a distraction that might result in a serious accident.

STUDENT CONDUCT WILL DETERMINE THE PRIVILEGE OF RIDING THE BUS.

The violation of any state law regarding student transportation, defiance of the driver, refusal to comply with rules of the driver or school district, abusive language, obscene language, vandalism, careless damage or destruction of transportation equipment, excessive noise (including talking), use of tobacco, standing or changing seats while the bus is in motion, extending arms, head, feet, or other objects out of bus windows,

If your child is to be let off at a place different than home, please notify the office before 2:00 p.m. A message will be given to your student as to where they should depart the bus.

Riding Busses to Extracurricular Activities (Regulation 2652)

The transportation of students to and from extracurricular activities is a very important responsibility of the school. Student safety is a paramount concern of the bus driver, the coach, and activity sponsor. Legally speaking, whenever you enter a school bus and are transported to an activity, the student is the responsibility of the school. The courts have said written permission by the parent releasing the school of responsibility is not binding.

Because student safety is important, the following policy is in effect:

Any student utilizing school transportation to an activity will ride the bus back to school. If the student's residence is enroute, the student may be picked up or released at his or her residence. If the parent or guardian wishes to transport the student home they must contact the sponsor face to face.

Students are not allowed to ride home with anyone other than parents unless permission has been arranged with the principal in advance.

A student involved in an activity such as basketball is expected to ride the bus to and from the game. On rare occasions prior arrangements can be made for private transportation, providing this is done in advance and meets the approval of the sponsor and principal. A student involved in an activity who misses the bus and attended the activity will have to (1) seek permission from the sponsor to participate, (2) report to the principal the following school day to explain the incident. It will be left to the discretion of the sponsor or principal as to whether disciplinary action will be taken. If the student cannot justify missing the bus to or from an activity they may lose the privilege of participating in that activity. There will be a teacher assigned to the students' bus for each extracurricular activity. This person and the bus driver will be in charge of the bus. While the student is at the activity, this person will also govern the students' actions.

If there is misbehavior on the bus or at the activity, that student may lose the privilege of riding the bus. There will be an assigned time for buses to leave the school. The student should be at school and on the bus before this time to be assured a seat. When the bus becomes full, the priority will be given to those students directly related to the activity.

Corporal Punishment: Authorized (Policy 2670)

Corporal punishment should be used only after other methods have failed and when there is reason to believe it will be helpful in maintaining discipline or in the development of the student's character and power of self-control. The use of reasonable force for a District employee to protect persons or property is not abuse within the meaning of Chapter 210, RSMo.

All instances of corporal punishment shall be witnessed by at least one other adult member of the school staff and will only be administered by a principal or other District administrator. No student will be administered corporal punishment without prior notification to and written permission of the student's parents/guardians.

A staff member may use reasonable restraint against a student without advance notice to the principal if it is essential for self-defense, the preservation of order, or for the protection of other persons or the property of the district.

Nondiscrimination and Student Rights (Policy 2160)

The School District has legal jurisdiction over students during the school day and hours of approved extracurricular activities. The school administration is responsible for making an effort to protect each student's rights with respect to interrogations by law enforcement officials. When law enforcement officials find it necessary to question students during the school day or periods of extracurricular activities, the school principal or designee will be present and the interview will be conducted in private.

The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal ordinarily will make reasonable efforts to notify the student's parents/guardians.

Removal of Students From School (Policy 2160)

Before a student at school is arrested or taken into custody by a law enforcement or other legally authorized person, the principal will verify the official's authority to take custody of the student. The school principal will attempt to notify the student's parents/guardians that the student is being removed from school.

1. What is a complaint?

For these purposes, a complaint is a written allegation that a local education agency (LEA) or the Missouri Department of Elementary and Secondary Education (the Department) has violated a federal statute or regulation that applies to a program under ESSA.

2. Who may file a complaint?

Any individual or organization may file a complaint.

3. How can a complaint be filed?

Complaints can be filed with the LEA or with the Department.

4. How will a complaint filed with the LEA be investigated?

Complaints filed with the LEA are to be investigated and attempted to be resolved according to the locally developed and adopted procedures.

5. What happens if a complaint is not resolved at the local level (LEA)?

A complaint not resolved at the local level may be appealed to the Department.

6. How can a complaint be filed with the Department?

A complaint filed with the Department must be a written, signed statement that includes:

1. A statement that a requirement that applies to an ESSA program has been violated by the LEA or the Department, and
2. The facts on which the statement is based and the specific requirement allegedly violated.

7. How will a complaint filed with the Department be investigated?

The investigation and complaint resolution proceedings will be completed within a time limit of forty-five calendar days. That time limit can be extended by the agreement of all parties.

The following activities will occur in the investigation:

- 1. Record.** A written record of the investigation will be kept.
- 2. Notification of LEA.** The LEA will be notified of the complaint within five days of the complaint being filed.
- 3. Resolution at LEA.** The LEA will then initiate its local complaint procedures in an effort to first resolve the complaint at the local level.
- 4. Report by LEA.** Within thirty-five days of the complaint being filed, the LEA will submit a written summary of the LEA investigation and complaint resolution. This report is considered public record and may be made available to parents, teachers, and other members of the general public.
- 5. Verification.** Within five days of receiving the written summary of a complaint resolution, the Department will verify the resolution of the complaint through an on-site visit, letter, or telephone call(s).
- 6. Appeal.** The complainant or the LEA may appeal the decision of the Department to the U.S. Department of Education.

8. How are complaints related to equitable services to nonpublic school children handled differently?

In addition to the procedures listed in number 7 above, complaints related to equitable services will also be filed with the U.S. Department of Education, and they will receive all information related to the investigation and resolution of the complaint. Also, appeals to the United States Department of Education must be filed no longer than thirty days following the Department’s resolution of the complaint (or its failure to resolve the complaint).

9. How will appeals to the Department be investigated?

The Department will initiate an investigation within ten days, which will be concluded within thirty days from the day of the appeal. This investigation may be continued beyond the thirty day limit at the discretion of the Department. At the conclusion of the investigation, the Department will communicate the decision and reasons for the decision to the complainant and the LEA. Recommendations and details of the decision are to be implemented within fifteen days of the decision being delivered to the LEA.

10. What happens if a complaint is not resolved at the state level (the Department)?

The complainant or the LEA may appeal the decision of the Department to the United States Department of Education.
