

# The Sleuth Scoop

## WHAT'S UP IN...

For Rock Your School Day this year, 6<sup>th</sup> grade participated in the Music Workshop. With fresh and relevant material, students were inspired to be creative and expressive as they explored the world of music together.

Third Grade has been studying about weather in our new unit in reading. We have discussed severe weather, weather in other regions of the world, monthly precipitation charts, and unusual weather events. Williams Gas Plant was very gracious in donating a rain gauge to each third grader. These can be used for their own weather observations at home. We appreciate the support of a local company in furthering the education of students here at Billingsley School.

**Elementary PE hosted Walk AT School Day on October 12. Despite the rainy weather, parents and family members came to enjoy some active walking with their students during their PE times.**

Trunk or Treat was held on Friday, October 28. Parents/guardians provided trunks for students to walk through and get Halloween treats and candy. Some parents donated candy toward the event. Thank you to all who helped make it a fun event for all who attended!
