

# NEW MILFORD PUBLIC SCHOOLS

New Milford, Connecticut

Physical Education 11

December 2021

## **New Milford Board of Education**

Wendy Faulenbach, Chairperson

Pete Helmus , Vice Chairperson

Olga I. Rella, Secretary

Tammy McInerney, Assistant Secretary

Eric Hansell

Brian McCauley

Tom O'Brien

Leslie Sarich

Keith A. Swanhall Jr

## **Superintendent of Schools**

Ms. Alisha DiCorpo

## **Assistant Superintendent**

Mrs. Holly Hollander

## **Authors of Course Guide**

Arnauckas/Kevorkian

## **New Milford's Mission Statement**

The mission of the New Milford Public Schools, a collaborative partnership of students, educators, family and community, is to prepare each and every student to compete and excel in an ever-changing world, embrace challenges with vigor, respect and appreciate the worth of every human being, and contribute to society by providing effective instruction and dynamic curriculum, offering a wide range of valuable experiences, and inspiring students to pursue their dreams and aspirations.

## **Physical Education**

Physical Education in the 11th grade will provide students an opportunity to participate in a variety of lifetime activities, recreational activities and team sport activities that will be offered throughout the semester. Students will have an opportunity to choose an activity in each unit of instruction that will best fit their interest level. A wide range of units will be offered for the students to engage in activities that will enhance their learning experience in an educational setting that allows students to reach their level of success while collaborating with peers and setting personal goals and standards, as well as, reaching team goals.

Students will have an opportunity to develop a wide range of skills while participating in a variety of individual/partner and team activities. Students will be provided many opportunities to develop their skills of throwing, catching, striking, and hitting with an implement in addition to improving overall fitness levels through warm ups, lead up activities and application of skills through game play. In addition to skill development students will learn about strategies, etiquette, sportsmanship, and rules of the game while developing an appreciation of individual differences.

Units of Instruction that may be offered are broken down into three main categories: Lifetime Activities, Recreational Activities and Team Sport Activities. Units may include but are not limited to:

### **Lifetime Activities:**

Aerobics, Archery, Circuit Training, Cycling, Fitness, Golf, Tennis, Walking, Yoga

### **Recreational Activities:**

Backyard Games, Badminton, Flag Frenzy, Outdoor Games, Pickleball, Table Tennis, Ulti-mania, Wiffle Ball, Nitro Ball

### **Team Sport Activities:**

Basketball, Flag Football, Floor Hockey, Soccer, Softball, Speedball, Tchoukball, Team Handball, Volleyball, Ultimate Frisbee

At the high school level students are provided the opportunity to choose the activity that best fits their interest level during each unit of instruction. Doing this provides flexibility for the students and also improves the overall participation level. In addition, student choice may result in participation in a particular unit for the first time even as an upperclassmen. The chart below indicates expected skill level based on the years of participation in the selected activity.

<b>Year of Participation</b>	<b>Expected Skill Level</b>
<b>1st year</b>	Students will be at an entry level and begin understanding the proper techniques, form and strategies involved in the particular unit of choice. Practice of these skills, both physical and cognitively, will be emphasized throughout the unit.
<b>2nd year</b>	Students will be able to use prior knowledge to build on skills acquired from the previous year. At this level students will begin to implement the skills in game-like situations or activities in the unit of choice.
<b>3rd year</b>	Students will be able to use prior knowledge to build on higher level implementation of skills acquired in the previous two years. This should be applied in game situations/activities and will result in a more efficient game situation.
<b>4th year</b>	Students will be able to use prior three years of skill development and strategies learned to help lead and manage game situations and activities. At this level students will help guide and model for entry level students by showing proper use of equipment, strategies applied and correct technique and form used to participate in their unit of choice.

# Pacing Guide

## Eleventh Grade Pacing Guide

*Students will be offered one activity from each of the three categories per unit of instruction.*

<b>Lifetime Activities:</b>	<b>Days:</b>	<b>Days 1-2:</b>	<b>Days 3-5</b>	<b>Day 6:</b>
1. Aerobics	6	Skills and techniques	Exercise routine, formative assessment	Summative Assessment
2. Archery	6	Skills and techniques	Game play, formative assessment	Summative Assessment
3. Circuit Training	6	Skills and techniques	Exercise routine, formative assessment	Summative Assessment
4. Cycling	6	Skills and techniques	Cycling, formative assessment	Summative Assessment
5. Fitness	6	Skills and techniques	Exercise routine, formative assessment	Summative Assessment
6. Golf	6	Skills and techniques	Game play, formative assessment	Summative Assessment
7. Tennis	6	Skills and techniques	Game play, formative assessment	Summative Assessment
8. Walking	6	Skills and techniques	Exercise routine, formative assessment	Summative Assessment
9. Yoga	6	Skills and techniques	Exercise routine, formative assessment	Summative Assessment

### **Recreational Activities:**

1. Archery	6	Skills and techniques	Game play, formative assessment	Summative Assessment
2. Backyard Games	6	Skills and techniques	Game play, formative assessment	Summative Assessment
3. Badminton	6	Skills and techniques	Game play, formative assessment	Summative Assessment
4. Flag Frenzy	6	Skills and techniques	Game play, formative assessment	Summative Assessment
5. Outdoor Games	6	Skills and techniques	Game play, formative assessment	Summative Assessment
6. Pickleball	6	Skills and techniques	Game play, formative assessment	Summative Assessment

7. Table Tennis	6	Skills and techniques	Game play, formative assessment	Summative Assessment
8. Ulti-mania	6	Skills and techniques	Game play, formative assessment	Summative Assessment
9. Wiffle Ball	6	Skills and techniques	Game play, formative assessment	Summative Assessment

**Team Sport Activities:**

1. Basketball	6	Skills and techniques	Game play, formative assessment	Summative Assessment
2. Flag Football	6	Skills and techniques	Game play, formative assessment	Summative Assessment
3. Floor Hockey	6	Skills and techniques	Game play, formative assessment	Summative Assessment
4. Soccer	6	Skills and techniques	Game play, formative assessment	Summative Assessment
5. Softball	6	Skills and techniques	Game play, formative assessment	Summative Assessment
6. Speedball	6	Skills and techniques	Game play, formative assessment	Summative Assessment
7. Tchoukball	6	Skills and techniques	Game play, formative assessment	Summative Assessment
8. Team Handball	6	Skills and techniques	Game play, formative assessment	Summative Assessment
9. Volleyball	6	Skills and techniques	Game play, formative assessment	Summative Assessment
10. Ultimate Frisbee	6	Skills and techniques	Game play, formative assessment	Summative Assessment

<p><b>ESTABLISHED GOALS</b></p> <p>NPES 1: Demonstrates competency in a variety of motor skills and movement patterns.</p> <p>NPES 2: Applies knowledge of concepts, principles, strategies and tactics related to movement and performance.</p> <p>NPES 3: Demonstrates the knowledge and skills to achieve a health enhancing level of physical activity and fitness.</p> <p>NPES 4: Exhibits responsible personal and social behavior that respects self and others.</p> <p>NPES 5: Recognizes the value of physical activity for health, enjoyment, challenge, self-expression and/or social interaction.</p> <p>NHES 4: Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.</p>	<b>Transfer</b>	
	<p><i>Students will be able to independently use their learning to...</i></p> <p><i>Develop interest towards and staying physically active in a variety of activities throughout their lifetime to maintain their level of health and wellness.</i></p>	
	<b>Meaning</b>	
	<p><b>UNDERSTANDINGS</b></p> <p><i>Students will understand that...</i></p> <p>Exposure to a variety of activities will help improve a person's chances of participating in physical activity on a regular basis throughout their lives</p> <p>Using the SMART goal model to maintain a healthy level of fitness through goal setting</p> <p>Learning the skill of logging workout details will benefit a person in setting personal goals</p> <p>Leadership plays a critical role in creating a positive learning environment for students of all grades</p>	<p><b>ESSENTIAL QUESTIONS</b></p> <p><i>Students will consider...</i></p> <p>What are the variables that make an activity a lifetime activity?</p> <p>What skills and knowledge does one need in order to maintain a healthy level of fitness?</p> <p>How can one develop fitness goals that will allow one to meet his/her personal fitness/wellness goals?</p> <p>How can I use my prior knowledge in lifetime activities to model exemplary behavior, communication and participation within the class?</p>

<p>NHES 5: Students will demonstrate the ability to use decision making skills to enhance health.</p> <p>NHES 6: Students will demonstrate the ability to use goal-setting skills to enhance health.</p> <p>NHES 7: Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.</p> <p>CCSS.ELA-LITERACY.SL.11-12.1.B Work with peers to promote civil, democratic discussions and decision-making, set clear goals and deadlines, and establish individual roles as needed.</p>		
	<b>Acquisition</b>	
	<p><i>Students will know...</i></p> <p>The importance of reaching and calculating a healthy heart fitness range</p> <p>The various health benefits of staying physically active throughout a lifetime</p> <p>Techniques, skills and concepts used in a variety of lifetime activities</p> <p>How to develop clear and realistic goals and how to incorporate them into daily routines</p>	<p><i>Students will be skilled at...</i></p> <p>Finding heart rate and target zone</p> <p>Understanding the importance of how personal fitness/wellness activities will connect to maintaining a healthy lifestyle</p> <p>Recognizing health benefits of self-selected physical activities</p> <p>Utilizing the SMART Goal Model to accomplish individualized specific goals and routines</p>

STAGE 2

Code	Evaluative Criteria	Assessment Evidence
T, M, A	<p><i>Rubric showing student level:</i></p> <p>Emerging - Students participate in deliberate practice tasks that will lead to skill and knowledge acquisition.</p> <p>Maturing - Students can demonstrate the critical elements of the motor skills and knowledge components of the grade level outcomes, which will continue to refine with practice.</p> <p>Applying - Students can demonstrate the critical elements of the motor skills and knowledge components of the grade level outcomes in a variety of physical activity environments.</p>	<p>PERFORMANCE TASK(S):</p> <p>Students will be able to perform the skills to demonstrate muscular strength, muscular endurance, cardiovascular endurance and flexibility and relate them to lifetime activities. These will be demonstrated through performing tasks directly related to specific units of instruction, such as: proper use of exercise equipment in a circuit training unit, poses used in yoga, calculating heart rate and intensity level in walking and aerobic activities.</p> <p>Students will create a list of opportunities to engage in lifetime activities outside of the school setting and will indicate what constitutes them being lifetime activities. Students will be able to demonstrate this by locating opportunities in the community that will enable them to stay active in a variety of activities that are connected to the units offered such as walking trails, bicycle paths, exercise classes, etc.</p>

	Assessment Based	OTHER EVIDENCE:  Checklists  Quiz  Teacher Observation

<p><b>ESTABLISHED GOALS</b></p> <p>NPES 1: Demonstrates competency in a variety of motor skills and movement patterns.</p> <p>NPES 2: Applies knowledge of concepts, principles, strategies and tactics related to movement and performance.</p> <p>NPES 3: Demonstrates the knowledge and skills to achieve a health enhancing level of physical activity and fitness.</p> <p>NPES 4: Exhibits responsible personal and social behavior that respects self and others.</p> <p>NPES 5: Recognizes the value of physical activity for health, enjoyment, challenge, self-expression and/or social interaction.</p> <p>NHES 4: Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.</p> <p>NHES 5: Students will demonstrate the ability to use decision making skills to enhance health.</p>	<b>Transfer</b>	
	<p><i>Students will be able to independently use their learning to...</i></p> <p>Develop interest towards and staying physically active in a variety of activities that are done for enjoyment, pleasure, and are considered to be fun.</p>	
	<b>Meaning</b>	
	<b>UNDERSTANDINGS</b>	<b>ESSENTIAL QUESTIONS</b>
	<p><i>Students will understand that...</i></p> <p>Specific rules, strategies, techniques and positioning are used on the field/court to be successful</p> <p>Participation in recreational activities are an important aspect in keeping a healthy lifestyle</p> <p>Recreational games are ideal to play regardless of age and ability</p> <p>Leadership plays a critical role in creating a positive learning environment for students of all grades</p>	<p>Students will consider...</p> <p>What skills and knowledge does one need in order to participate in recreational activities?</p> <p>How can recreational activities help in my lifetime fitness and wellness goals?</p> <p>What are similarities and differences between recreational and lifetime activities?</p> <p>How can I use my prior knowledge in recreational activities to model exemplary behavior, communication and participation within the class?</p>

<p>NHES 7: Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.</p> <p>CCSS.ELA-LITERACY.SL.11-12.1.B Work with peers to promote civil, democratic discussions and decision-making, set clear goals and deadlines, and establish individual roles as needed.</p>		
	<b>Acquisition</b>	
	<p><i>Students will know...</i></p> <p>Rules and essential skills in a variety of recreational activities</p> <p>The method of scoring in a variety of recreational activities</p> <p>Life skills that are developed through the participation in a variety of recreational activities</p> <p>The components of fitness that are used in a variety of activities</p>	<p><i>Students will be skilled at...</i></p> <p>Understanding the connection between recreational activities and a healthy fitness level</p> <p>Utilize the life skills of communication and collaboration in a variety of recreational activities</p> <p>Demonstrating the ability to keep score and follow the rules in a variety of recreational activities</p>

Code	Evaluative Criteria	Assessment Evidence
T, M, A	<p>Rubric showing student level:</p> <p>Emerging - Students participate in deliberate practice tasks that will lead to skill and knowledge acquisition.</p> <p>Maturing - Students can demonstrate the critical elements of the motor skills and knowledge components of the grade level outcomes, which will continue to refine with practice.</p> <p>Applying - Students can demonstrate the critical elements of the motor skills and knowledge components of the grade level outcomes in a variety of physical activity environments.</p>	<p>PERFORMANCE TASK(S):</p> <p>Students will be able to perform the skills and apply rules and strategies needed to effectively be engaged in game play. Students will demonstrate this by being able to apply specific game strategies in correct situations and use proper techniques to perform the chosen activity to the best of their ability. Such as what base to throw to in a specific situation during a wiffle ball or outdoor games unit, correct positioning when playing with a partner in a doubles racket sport, and use all scoring options available in backyard games and ultimania.</p> <p>Students will demonstrate how to be an effective participant during the chosen recreational activity. Students will demonstrate this by correctly setting up games to meet specific game rules such as distance between targets or end zones, using proper etiquette when self officiating games being played and respecting the opponent's perspective. Students will also demonstrate all safety rules involved such as whistle commands in archery and throwing direction in backyard games.</p>
