

June 25, 2025

Dear WAJ Families,

You are receiving this letter to notify you that if your child is entering one of the following grades in September, he/she is required to have a current physical on file per New York State: **New entrants, Pre-K, or K, 1, 3, 5, 7, 9, 11**. To be considered current, it must be within 1 year from the first day of school in September.

Physicals are required annually for students in all grade levels who wish to participate in sports, both scholastic, and intramural clubs including Wee Warrior. For those participating in afterschool athletics, the physical must be within one year of the first day of that sport season, or start of the athletic club.

Furthermore, if your child is entering one of the following grades, they need to have new/updated immunizations: **Pre-K, K, 6, 7, 12**. For specific requirements, please refer to the WAJ website, consult their doctor's office or you can call or email Gabrielle Gonzalez or Tracy Selner. Public Health is also an option if your child needs immunizations and you are unable to see their primary physician.

Please call your physician now to make an appointment. It is very busy and difficult to get a slot in many doctor offices.

Best regards,

Gabrielle Gonzalez RN and Tracy Selner RN
