

PowerSchool Mobile App Update

Parents and students, please be advised that PowerSchool has updated the PowerSchool Mobile App. If you are currently experiencing connection issues with the app on your mobile device, you need to install the new version from your app store.

The district code is **WJHH**.

Enter the login information that you created for your account. The app will not show a "Continue" icon once this information has been entered.

Select "**Done**", "**Next**", or "**Continue**" on your keyboard to be logged into your account.

If you do not have access to a mobile device you may visit the school's homepage and access the online PowerSchool website for parents.

****You must have your account created online before you can use the mobile app.****
