❖ **Steve Molina presentation**

Mr. Molina requested to reschedule

❖ **PVHS data – 2018/2019 comparisons**

This same data was shared with teachers during the August staff development and showcases many of our gains and provides comparative view with the other schools in our District. Math department member N. Eckardt noted that allowing students to take the SBAC practice tests played a part in the math gains. Teachers are given release time to align curriculum and assessments.

• **SBAC data**

	<i>2018 Scores</i>		<i>2019 Scores</i>	
	<u>ELA Level 3 + 4</u>	<u>Math 3 + 4</u>	<u>ELA Level 3 + 4</u>	<u>Math 3 + 4</u>
PVHS	56%	20%	62.2%	30%
SMHS	42%	24%	45.1%	24.3%
RHS	46%	21%	62.5%	23.3%
District	44%	19%	50%	23%

• **CTE completers**

With multiple measures an emphasis in recent years for evaluation of student learning, many of our courses have been rewritten. This has not only increased the number of A-G courses, but created additional CTE pathways where students can finish with a specific skill / certification. In 2018 there were 77 completers; 2019 had 276 completers of which 175 were seniors.

• **A-G course rewrites and submissions**

S. Herrera shared that we want as many of our courses to be A-G as possible. This is good for the school and for students. In 2018-19, of the 15 new courses approved, PV gained 5 and was responsible for 3. In 2019-20, of the 20 new courses approved, PV was responsible for 15 and gained 16. Staff were commended for always making the extra effort in this process. Data is always considered.

❖ **PVHS data – 2018/2019 comparisons (cont.)**

• **A- G completion data**

S. Herrera distributed a 3-year snapshot of courses approved as A-G.

17-18	100	courses	approved
18-19	105	“	“
19-20	122	“	“

D. Inman shared some of the opportunities within the automotive industry where students can receive training and certification. S. Herrera noted that just this past week, a John Deere representative was on campus to make students aware of options they have. M. McDonald brings many different vocational representatives to the annual Career Fair in March. Most recently, Cool Hand Luke’s conducted interviews for students with Serv Safe certifications during a lunchtime celebration recognizing pathway completers.

❖ **Technology purchases since September**

An itemized list of recent technology purchases was shared with the group. This wide variety of items supports many different types of classroom activities.

5. Reports

❖ **Student Report**

- This past Saturday was the Homecoming Dance with over 700 attendance. Feedback has been very positive and PV students were commended for their behavior. Carlos Santana was chosen as king and Adriana Alvarez as queen.
- This coming Friday is the game versus SM Saints with dress-up days planned.
- Friday, November 8th is the Fall All-School Rally

❖ **ELAC Report**

- Meeting on November 14, 2019
- Counseling and ELPAC will be on agenda
- This group will review test results and how to read data

❖ **School Report**

- Earthquake drill held on 10/17/19. PV featured on news and in SM Times
- CIF Girls volleyball game this Thursday at RHS
- PV is doing professional development to assist teachers

❖ **Booster Report**

- Boosters are wrapping up fall sports season and organizing snack bar for winter sports

6. Items for next meeting

- ❖ Presentation- Steve Molina
