

## Hardships

No student living in another parish or in another school district will be allowed to enter Avoyelles Parish schools or a school in any other district without filing an application with the Hardship Committee for consideration. Approved applicants must provide their own transportation. All applications for student transfers for out-of-parish or out-of-district requests shall be submitted to the Central Office no later than July 31 to receive consideration by the Hardship Committee. The Board will not be responsible to reimburse parents for mileage or provide bus transportation to the school the student is approved to attend. (Policy JBCD: Student Transfer and Withdrawal)
