## **Response Summary:**

**Q33. Please provide the top priorities the school district has determined as the most pressing needs for students and schools within the school district as a result or in response to the COVID-19 pandemic. You may elect between 1-3 priorities by checking the box and providing the text response.**

- Priority 1:

Providing school leadership with resources necessary to address the needs of their schools. Purchasing items to enhance student learning and achievement, items such as: supplies to clean and sanitize facility, mechanical and non-mechanical systems to improve facilities, and replacement of products and infrastructure.

- Priority 2:

Purchasing educational technology and curriculum to enhance student learning and achievement in all areas of the curriculum. Math and ELA are major components of the school academic achievement focus.

- Priority 3:

Addressing the academic impact of lost instructional time and/or learning loss. A focus will be on improving attendance and keeping students academically eligible for participation in activities by creating interventions that are needed, including but not limited to purchasing additional curriculum materials to assist learning, 1-1 teacher intervention and staff interventions to help struggling students.

**Q42.**

### **Goal Action Plan, Part 2:**

**Identify what strategies/action steps will be used to support the achievement of the goals.**

**Describe a realistic and achievable timeline to achieve the goals.**

**Identify who is responsible to ensure the strategies/action steps are achieved.**

**Click the box and provide the text response for each applicable box.**

- Math Goal Strategies, Actions, Timelines, and Assignments:

Continue to determine the level of proficiency of students using SBAC scores, STAR, ACT, classroom assessments, and other in-program assessments. After analyzing these assessments, the district will utilize targeted and strategic interventions and supports to improve student achievement. Classroom teachers will be provided with necessary PD to effectively utilize the interventions and supports. Administration will ensure supports and interventions are being administered with fidelity by classroom walk-throughs, 1-1 teacher/admin meetings and staff trainings. The goals will be re-evaluated on a quarterly basis aligning with in-house academic reporting (report cards) and a thorough evaluation of SBAC scores is reviewed each fall and spring of the current year. Assignments align to curriculum map by grade level. Individual classroom teachers are responsible to ensure the strategies/steps are achieved and Nate Olson, Administrator, will corroborate that these actions are met.

- ELA Goal Strategies, Actions, Timelines, and Assignments:

Work with school counselors and community liaisons to reduce and or remove any barriers to learning or attending school. Review all data on a weekly basis to gauge trends and possible health occurring issues. Individual classroom teachers are responsible to ensure the strategies/steps are achieved and Nate Olson, Administrator, will corroborate that these actions are met.

**Montana School District ARP ESSER Plan Update**

This tool allows districts to update their ARP ESSER plans at any point. Updates must be completed at least once every six months.

### ***Federal Requirement***

The US Department of Education (USED) required the OPI to establish a process for district plans consistent with the ARP ESSER requirements for the use of ARP ESSER funds and ensure plans be made available to the public, within no later than 90 days after a district received its ARP ESSER allocation (August 24, 2021). The requirements for the school district plans include, at a minimum, how districts will:

1. use funds to implement prevention and mitigation strategies;
2. use the funds totaling not less than 20% to address lost instructional time;
3. spend its remaining 80% of ARP ESSER funds;
4. respond to needs of student disproportionately affected by the pandemic; and
5. meaningfully engage with and consult stakeholders in crafting their plans.

Each of these federally required components are embedded into this school district ARP ESSER plan.

In addition, the USED requires the OPI to support and monitor each school district's use of ARP ESSER funds, including:

- i. implementation of evidence-based interventions;
- ii. address the student groups specifically that were disproportionately impacted by the pandemic; and
- iii. identify, reengage, and support students who have experienced the impact of lost instructional time.

The plan will provide the information necessary for the OPI to support and monitor school districts as they move forward.

### ***State Components***

Throughout this school district ARP ESSER plan, the OPI has emphasized local control and coordination of state initiatives and requirements so that school districts can identify and innovate solutions for unique local needs and priorities. These components are embedded in the school district ARP ESSER plan. Additionally, the OPI will seek flexibility from the Board of Public Education to use the Goals section of this plan in place of the Continuous School Improvement Plan (CSIP).

Initial ARP-ESSER plans were developed through the use of a template. This plan update tool will provide districts with their most recent plan submission presented with the same fields and sections as their initial plan.

The sections of this tool match the sections of the template provided for districts to use for the creation of their plans.

The template sections are as follows:

1. School District-Identified Priorities
2. Meaningful Consultation
3. Goals
4. Coordinating Funds
5. Creating Safe and Healthy Learning Environment
6. Addressing Lost Instructional Time
7. Supporting the Educator Workforce
8. Monitoring and Measuring Impact of ARP ESSER funds

**Prior to updating your school district ARP ESSER plan, consider the following:**

What data do you have available to you to measure the impact of your work and guide plan adjustments?

What feedback have you received from stakeholders around your plan and/or your plan implementation?

What steps have you taken to engage stakeholders in your update process?

**Instructions for updating your school district ARP ESSER plan**

- Review the information in each field to verify that it matches the information you have at the local level. In the event that there is a difference please update any impacted fields during your update process.

- It is recommended that you complete your plan revision in a single sitting. If you are unable to do this please click through to the end of the survey and note on the final page that this submission represents an unfinished update draft.
- After you hit submit you will receive an email that contains a link that you can use for your next update. If you were submitting a draft update please be sure to return to complete your draft before the deadline.

The full implementation of the evidence-based interventions should be considered including personnel, materials, equipment, professional development, and expenses needed to meet the needs of students.
