Start Date: January 23, 2024

#### **What is it, and How Does it Work?**

Twilight School is a **free** opportunity for students to master standards that were unsuccessfully attempted (failed) during the first semester of the school year. Students who received a failing grade in a course for the first semester will take a pretest to determine which standards need to be recovered in order to earn a passing grade. Students will only be required to master standards identified by the pretest.

#### **How will Students Earn a Passing Grade?**

Students will work through an online platform (Edgenuity) during Twilight School. Certified teachers in each subject will be available to assist students during those times. Students are also allowed to work on their standards at home. **Students will be able to earn a 60% for the first semester grade if the course is completed successfully.**

#### **Do Students have to Attend Twilight School to Earn the Passing Grade?**

**YES.** Students must attend each Twilight session until they have completed their assigned tasks. ***Students will be dismissed from Twilight School after missing two days regardless of their current grade/progress in the program.***

#### **Who is Eligible?**

- Current PHS students who earned below a 60% in a core class during first semester and have seven (7) or less unexcused absences for first semester

**\*\*eligibility, course availability and space will determine if a student is selected for the program**

#### **How do Students Register?**

Completed Twilight School Applications should be placed in a drop box in the front office of PHS from **January 10-January 18, 2024** to be considered.
