[The Supreme Court is taking a strong stand for religious freedom](#)

Legal analysts say the legacy of the current high court will include a number of things — amongst them an unprecedented determination to carve out protections for people of faith in an increasingly secular nation. This week's 8-to-1 ruling striking down a Colorado law that forbids counselors from helping young people abandon the LGBT lifestyle is just the latest. And in many of these rulings, liberal justices are joining the conservatives for big majorities.

Another powerful move of the Holy Spirit erupted this week at Florida State University in Tallahassee as the spiritual awakening on America's college campuses isn't showing signs of slowing down.

Highlights from Letters to Power 88

Power 88.5 has made major impacts on my life. I have always loved music, and started listening to this station a few years back. I never knew that Christian Music was so great!

- I moved here almost 8 years ago from a city that did not have a contemporary Christian music channel. After living with it almost all my life, which was difficult. As I was moving here and found Power 88, it was a breath of fresh air, and a relief. It was like I had come back home again, and God was Blessing me.
