

Subscribing Districts:

The Board of Education will permit students from other school districts to attend local schools when they can be accommodated in existing classes. The students or their sending district shall pay a tuition fee to be established annually by the Board of Education. The tuition fee may be adjusted as changes in costs indicate unless a multiple year agreement to provide educational facilities is entered into with another Board of Education. Notice shall be given at least one year prior to the discontinuance of service for non-resident high school students.

The Board shall establish a tuition rate for out-of-district students attending the vocational agricultural program that is in conformity with section 10-65 of the general statutes.

Application Deadline

Applications for out-of-district tuition students must be submitted no later than the regularly scheduled May meeting of the Board of Education preceding the school year for which admission is sought. Applications received after that date may be considered at the discretion of the Board, contingent upon space availability and program capacity.

Tuition Payment Requirements

A non-refundable deposit equal to fifty percent (50%) of the total annual tuition shall be due no later than December 15 of the school year for which the student is enrolled. The remaining balance of tuition shall be paid according to a schedule established by the Superintendent or designee. Failure to meet payment deadlines may result in revocation of continued enrollment, subject to Board review.

The Board shall establish a tuition rate for out-of-district students attending the vocational agricultural program that is in conformity with Section 10-65 of the Connecticut General Statutes.
