EQUAL EDUCATION OPPORTUNITIES

The School District does not discriminate on the basis of race, color, national origin, disability, or sex in any student program. It is the policy of the Board of Education to comply fully with the requirements of Title VI, Title IX, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act and all accompanying regulations.

Any student, parent or other person who believes he or she or any student has been discriminated against or harassed in violation of this policy must make a complaint in accordance with the procedures outlined below.

CLOSED CAMPUS

Southwest Georgia STEM Charter School maintains a closed campus while in operation. This includes exterior entry doors, as well as classroom interior doors, once instruction begins for each class period. All visitors and students must enter the main building from the main entrance at the front of the school. Door open for brief periods must have a staff member in the entry for direct monitoring. No exterior doors may be propped open at any time.

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day Southwest Georgia STEM Charter School receives a request for access. A student should submit to the school leader a written request that identifies the record(s) the student wishes to inspect. The school leader will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school leader she advises the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to provide written consent before the School discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. The School discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is typically includes a person employed by the School in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the School who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection

agent or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the School. Upon request, the school also discloses education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.] Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

 - Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others;

- Protected information surveys of students;

Southwest Georgia STEM Charter School will develop and adopt policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Southwest Georgia STEM Charter School will directly notify parents/guardians and eligible students of these policies at least annually at the start of each school year and after any substantive changes. *ANY ISSUES OUTSIDE OF THIS CHART ADDRESSED BY PRINCIPAL

Grievances

Southwest Georgia STEM Charter School is a public charter school, chartered by the State Charter Schools Commission. The following outlines our governance and grievance policies:

The Board of Directors of Southwest Georgia STEM Charter School

The purpose of the Board is to set the general direction and policy of the school, not to manage it on a daily basis. Rather, the School Leader and other administrators manage the school by implementing the policies the Board has enacted. Furthermore, Directors are charged with fostering a positive relationship with school faculty and staff, parents, students, and the community at large. The Board selects and evaluates the School Leader, oversees the finances of the school, recruits and orients high- quality candidates to serve on the Board, and ensures effective long-range planning. All Board decisions should be made within the parameters of the school's Articles of Incorporation, Bylaws, and previously enacted policies.

Southwest Georgia STEM Charter School is a separate entity from its authorizer and the school district in which it is located. By its decisions, the Board shall guard and steward this separateness, both for its own sake and for the sake of the charter school movement.

Grievance Policy

Southwest Georgia STEM Charter School values open and proactive communication among and between the members of the school community, including parents, students, faculty, staff, administration, and the Board. Issues that are not dealt with directly can become destructive to the school community and, therefore, detrimental to the learning process of our students. As adults we must model for our students a willingness to address conflict directly. As such, Southwest Georgia STEM Charter School procedures (outlined below) for settling differences are designed to support prompt and equitable resolution of disagreements at the lowest possible faculty or administrative level.

These procedures guide how faculty, staff, parents and students are expected to express grievances about other members of the school community. The administration and Board both expect that conflict will be addressed and proactively dealt with following the fewest steps of the procedures below. However, if the conflict is not resolved at the lowest faculty or administrative level, the guidelines below provide a process for resolving the conflict.

Grievance Procedures: Southwest Georgia STEM Charter School is committed to ensuring that the following procedures are followed:

1. Address Issue With Those Directly Involved

The grievant brings the situation or concern to the attention of those directly involved. Should a student or parent fail to begin the process at the lowest possible level, and instead go directly to the School Leader with a concern about a teacher or go to a Board member with a concern about a School Leader (for example), the person at the higher level in the policy shall re-direct the grievant to the appropriate level in the process.

2. Address Issue With Appropriate Supervising School Director

If satisfactory resolution is not realized after a direct conversation between the conflicted parties, the situation must be brought to the attention of the School Leader within ten days of the above meeting. The School Leader and the conflicted parties will address the situation, facilitate communication, and develop goals for conflict resolution. The School Leader will monitor this process until resolution is realized or until an impasse is reached.

If the concern is regarding the School Leader, the Chair of the Board will facilitate the complaint at this level.

3. Prepare a Written Grievance for the Board of Directors

If the grievant is not satisfied with the response received via steps one and two, the grievant shall prepare a formal written grievance with the assistance of the facilitator in Step 2. This written grievance should:

- 1) Describe the incident, decision or practice that gave rise to the complaint.
- 2) Cite the contract, policy, or procedure that has been violated and/or rationale for concern.
- 3) Describe what conflict resolution strategies were attempted via steps 1 and 2.
- 4) Explain what corrective action is being requested.

If the concern is regarding the School Leader, the Chair of the Board will oversee this process.

It is the School Leader's responsibility to manage the ultimate resolution of conflicts among parents, students, faculty, and staff, excepting those that pertain to the School Leader him/herself or to a School Leader's execution of a school-wide policy or procedure.

4. Provide Written Grievance to the Board

The grievant may request that the matter be brought to the attention of the Board only if the matter has not been satisfactorily resolved. Upon request by the grievant, the School Leader will forward the written grievance to the Chair of the Board at least one week prior to the next scheduled Board meeting. The Chair, or designee, will review the above process with the grievant and ensure that the proper steps were taken before adding the issue to a meeting agenda. Grievances shall not be brought to the Board without first being submitted in writing, e.g., as a matter of Public Comment, as

this does not give the Board sufficient time to consider the issue(s) and address them through this grievance process. The Board will not hear matters that do not follow this grievance process. The final forum for conflict resolution, after a grievant has followed the steps outlined above, will be at the level of the Board of Directors.

GENERAL INFORMATION

ARRIVAL/DISMISSAL

School Hours

Pre-K through tenth grade school hours are from 8:00 AM until 3:30 PM each day. Students are not to arrive on campus prior to 7:30 AM for any reason. Students may enter the building at 7:30 AM for breakfast and must be in their classrooms no later than 8:00 AM.

Students who are late - after 8:00 am - to school must report to the front office - in the main building - accompanied by their parent. Classes begin immediately after attendance is checked. Students should be in school by homeroom, so as not to miss any instructional time.

After School

Students not riding the bus must be picked up no later than 3:30 PM unless they are involved in after school activities (in which case they must report to that area immediately). All students are expected to go directly home after dismissal in the afternoon. If students are staying for a school related activity, the student must inform his/her parents in advance of the activity and establish appropriate means for getting home after this activity. Students cannot make arrangements at school to visit a friend when parents do not know of this in advance.

TRANSPORTATION

Bus

We look forward to transporting your child to and from school this year - provided there is enough room on the bus route for the identified county. To ensure that your child will have a safe riding experience, we ask that you review the safe riding instructions that follow, now and periodically throughout the school year.

Safe Riding Instructions

Statistics show that children riding a school bus are much safer than riding any other form of transportation on the roadways. The Southwest Georgia STEM Charter School Board of Directors considers the school bus as an extension of the classroom; therefore, all the same rules for the classroom will apply while on the bus.

While on the Bus

Once students board the bus, the driver is in full charge of the safety of your child. Students must follow the driver's directions and instructions at all times. The bus is an extension of the classroom therefore all rules of behavior and conduct identified in the Student Handbook are enforced and apply anytime students are on board the bus. Electronic devices may be used on the bus, but if privileges are abused (cyber bullying, loud music, etc.), the same consequences apply as when school is in session.

Bus Evacuation

Due to unforeseen circumstances beyond the bus driver's control, your child may have to evacuate a bus at some time during the year. When evacuating a bus is necessary, students are placed in a safer location while waiting for assistance. When any type of evacuation occurs, students must follow the instructions of the driver to safely unload and to relocate in a safe location away from any hazard. All buses are designed with several "Emergency Exits"; these locations are, but not limited to the entrance/exit door, rear door, emergency exit windows and roof hatches. Students should always use the front entrance/exit doors whenever possible during evacuations.

Transportation Changes (Bus)

Transportation changes for the student's bus pick up point (am route) must be submitted - in writing (hand-written note or email to transportation@sowegastemcharter.org) - by 1:30 pm the day before the intended change in transportation change is supposed to take place. Any transportation changes to the student's drop-off point (pm route) must be submitted - in writing (hand-written note or email to transportation@sowegastemcharter.org) - by 10:00 am on the day of the intended change in transportation change is supposed to take place. Front office staff will reply to let you know if your request can be fulfilled (bus capacity) in a timely manner. In order to ensure the identity of the parent and safety of the student, no transportation changes will be accepted by telephone. Students transported to school are expected to behave in a manner which is conducive to the safety and welfare of all riders. Students who violate bus conduct regulations will be suspended from the privilege of bus transportation.

Procedures for Car Riders

Drop Off

1. Morning drop-off occurs on the side entrance of the main building. **NO students should be dropped off before 7:30 AM.** Students drop off begins at 7:30 AM when teachers begin morning duty and there is an adult present to monitor students.
2. Please come to a complete stop in the drop-off/pick-up area to let your child out of the car. **Please do not leave your car unattended along the way or take too much time at the drop off point.**
3. If you need more time, please park in a designated parking spot and escort your child into school. **ALL PARENTS/VISITORS MUST ENTER THE SCHOOL THROUGH THE MAIN ENTRANCE AND OBTAIN A VISITOR'S BADGE.**
4. **DO NOT** use your cell phone while driving.
5. **DO NOT** pass other vehicles to pull in front of them to drop off your child.
6. After 8:00, please park in a designated area and escort your child into the main entrance of the building to obtain a tardy slip in the front office.
7. Please proceed slowly and cautiously when exiting the drop-off/pick-up lane and the campus.

Pick-Up

1. **EARLY CHECKOUTS ARE DISCOURAGED AFTER 2:30 PM.**
Early checkouts after 2:30 PM are discouraged due to ongoing instructional practices that include remedial and acceleration opportunities for students. In addition, students are also transitioning to various areas to prepare for dismissal.

Although early checkouts are discouraged, we do realize that extenuating circumstances such as doctor's appointments and family emergencies will occur. In the event that an early

checkout is necessary, every effort will be made to accommodate our students and their families.

2. ALL CAR RIDERS ARE DISMISSED AT 3:05 PM.

3. Afternoon pick-up will take place each day on the side entrance of the main building (same as morning drop off). Students will be in line on the sidewalk near the drop-off/pick-up area and grouped by grade. Students will be waiting the hallways of the school until their name is called.
4. Students will be dismissed to the staff member standing by the car line. A staff member will monitor students being loaded into the cars. **Please do not leave your car unattended.** This will allow the car line to move quickly and smoothly as students are dismissed.
5. **DO NOT WALK UP AND GET YOUR CHILD TO TAKE TO THE CAR.** This is for the safety of all students. If you plan to exit your vehicle to pick up your child, please arrive before 2:30 PM and report to the front office. Your child will be called to the front office and you will be required to sign your child out of school. This will be considered an early check-out. **DO NOT GO DIRECTLY TO THE CLASSROOM.**
6. Please notify your child's teacher if you will be walking onto campus and not utilizing a vehicle to pick up your child. A monitor will walk with your child to the front entrance of the school to meet you.
7. **DO NOT** use your cell phone while driving.
8. **DO NOT** pass other vehicles to pull in front of them to pick up your child.
9. Please proceed slowly and cautiously when exiting the drop-off/pick-up lane and exit the campus.
10. **Car riders should be picked up no later than 3:30 PM.**

DRIVING & PARKING ON CAMPUS

Students operating motorized vehicles on campus must have a state-approved license.

All vehicles parked on campus are subject to search by school officials without warning.

Students must leave the parking lot area immediately upon arrival on campus and report directly to the school building. Students are not permitted to return to their vehicles during the school day except in an emergency and only when approved by the principal or designee. Please restrict speed to 10 mph on school grounds. **THE ADMINISTRATION RESERVES THE RIGHT TO PROHIBIT ANY STUDENT FROM DRIVING ON THE SCHOOL CAMPUS.** Students that drive to school are allowed to park on the side of the mobile units in the grassy area - we will designate the place for students to park on the first day of school. No students should leave trash or vandalize the area - if so, driving on campus will be revoked for those students.

BOOK BAGS

Students are allowed, but not required, to use a book bag to carry their textbooks and school supplies. Book bags should be simple in design with no offensive messages or language on them. For safety reasons, book bags may not be placed in the center aisle of the bus. Book bags may be inspected at any time by school officials when **school officials have reasonable suspicion to believe a search of a students' book bag would reveal evidence that the school rules have been violated.**

LOCKERS

Students in high school (9th - 11th grade) will be assigned a locker during the 2022-2023 school year. A lock and key will be provided to students. The homeroom teacher will keep up with the student name, locker number, and extra key throughout the year. **All lockers on campus are subject to search by school officials without warning if school officials have reasonable suspicion to believe a search of a students' locker would reveal evidence that the school rules have been violated.**

CAFETERIA INFORMATION

Breakfast

The breakfast line will open at 7:30 AM. During the 2022-2023 school year, students will eat breakfast in the classroom. Students are expected to get their breakfast and report to the classroom immediately afterwards.

Lunch

Eating will be allowed only in designated areas. Students may not leave the lunchroom during lunch without permission from the teacher/administrator assigned for duty in the lunchroom. No food/drink is to be removed from the lunchroom. It is very important that the cafeteria is kept clean and orderly. Appropriate discipline measures will be taken for students who abuse the tables and chairs or otherwise disrupt the lunchroom routine. This includes breaking in line, throwing food, repeatedly leaving their table messy, etc. If you are bringing your child a lunch to the school, please make sure you arrive approximately 5 minutes prior to their lunch period to ensure that they receive their food on time. Students will not be allowed to receive and eat lunch after their lunch period has ended.

COMMUNICATION DEVICES

Purpose: The purpose of this policy is to provide staff, students, and parents with information related to the use of cell phones at Southwest Georgia STEM Charter School.

1. Students are not permitted to use cellular phones during school hours.
2. Cell phones should be turned off upon school arrival and students should store cell phones in their locker or bookbag upon arriving at homeroom. Cell phones may not be kept in clothing pockets.
3. Phones must be turned off at all times while in the school building. If a phone rings during class, the teacher will invoke the Cell Phone Use Policy. "Forgetting" to turn off the cell phone is not an excuse.

4. Use of a cell phone during a test will be considered cheating and appropriate disciplinary action will be taken.
5. Students are prohibited from using a cell phone to take photographs or record video at any time on school property. This includes taking photographs or video recordings in restrooms, locker room areas, etc.
6. If a student violates the Cell Phone Use Policy, the teacher or school staff member shall confiscate the cell phone and take it to the office.

First offense - the phone is taken away until the end of the day and kept in the front office.

Second offense - the phone must be picked up by a parent or guardian.

Third offense - either the student is assigned to ISS for two days or the phone is taken away for ten school days to be kept at the school (parent's choice).

Additional offenses - will result in the student not being allowed to have a cell phone on school property. Furthermore, students who do not adhere to these guidelines will be subject to other disciplinary actions.

Please note:

- * A student is required to hand over the cell phone and all its individual parts, including but not limited to the battery and memory card(s), to a teacher or school staff member when requested. Failure to do so will result in ISS or OSS.
- * The student assumes all risks in bringing such cell phones and other electronic devices onto school property or to school related functions.

FIELD TRIPS

Students on a school sponsored field trip are subject to all school rules. As an ambassador of the school, you will be held to a higher account of school rules. PARENT INVOLVEMENT POLICY

Southwest Georgia STEM Charter School is identified as a Title I school as part of the Elementary and Secondary Education Act of 1965 (ESEA). Title I is designed to support State and local school reform efforts tied to challenging State academic standards in order to reinforce and enhance efforts to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support parental involvement. All Title I schools must jointly develop with all parents a written parental involvement policy.

Southwest Georgia STEM Charter School will provide opportunities to improve parent engagement to support student learning. We value the contributions and involvement of parents in order to establish

an equal partnership for the common goal of improving student achievement..

The Southwest Georgia STEM Charter School welcomes parent input and comments at any time regarding our parent engagement plan. All parent feedback will be used to revise the plan for next year. We invite parents to come out to the revision meetings throughout the year for this policy. The Parent Coordinator, Kadie Phillips, is also always open to one on one parent revision meetings. All students participating in the Title I, Part A program, and their families, are encouraged and invited to fully participate in the opportunities described in this plan. Parents can obtain more information about Title I at our Annual Title I Parent Meeting at the beginning of the school year. Parents can also retrieve a copy of the plan sent via email. - to know the school improvement status of the school.

SCHOOL-PARENT COMPACTS

All Title I schools are required to have parent compacts. It is the responsibility of the principal in coordination with the Federal Programs Director to make sure that all compacts are reviewed and revised annually. The review and revision will occur in the summer during our Input meeting, school council meetings, and parent workshops. Revision dates will be clearly marked on each compact. An invitation will be sent home to all parents in the school and meeting dates will be given through social media and through the school's website. The Federal Programs Director will be responsible for setting up meetings and collecting required information (agenda, meeting notes, and sign in sheets). Parent compacts will include responsibilities for the teacher, parent, and students. Compacts will be distributed to all parties involved for signatures in the fall of the year. Compacts go home with students in the registration packets.

Copies of the signed parent compacts are kept on file. Southwest Georgia STEM Charter believes that public schools belong to the people who create them and that student educational goals should reflect the goals of the community. We affirm and assure the rights of parents to participate in the development of the goals and objectives of the public school and encourage involvement in all areas of their children's educational experiences.

TESTING

The State Department of Education requires standardized testing at certain grades. Students here also receive additional testing. You will be notified well in advance of test dates so that you can prepare for testing.

- The **Georgia Kindergarten Inventory of Developing Skills (GKIDS)** provides diagnostic information about kindergarten students' developing skills in language arts, math, science, social studies, social/emotional development, and approaches to learning.
- The **Georgia Milestones** is a comprehensive summative assessment which measures how well students have learned the knowledge and skills outlined in the state-adopted content standards in language arts, mathematics, science, and social studies. It is administered to 3rd, 4th, 5th, 6th, 7th, and 8th graders.
- **End of Course Testing** Improved teaching and learning are the main focus of Georgia's education system. The EOCT align with Georgia's state mandated content standards and include assessment of specific content knowledge and skills. The assessments provide diagnostic information to help students identify strengths and areas of need in learning, therefore improving performance in all high school courses. The EOCT also provide data to evaluate the effectiveness of classroom instruction at the school, system and state levels. In 2011 – 2012, the EOCT became Georgia's high school accountability assessment as part of the College and Career Ready Performance Index (CCRPI).
- **Benchmark Assessments** are designed to measure student progress in Pre-K through 9th grade and will be administered as pre-assessments at the beginning of the school year, at mid-year, and post-assessments at the end.
 - The MAP assessments are used to screen students for their reading and math

achievement levels. **MAP** assessments help determine reading and math achievement levels in order to place students into the Accelerated Reader program. **MAP Fluency** assessments help educators monitor students' growing literacy skills and students' progress toward becoming independent readers. MAP assessments are also used to monitor student growth throughout the year, to estimate students' understanding of state standards, and predict students' performance on the Georgia Milestones Assessment. In addition, MAP also helps teachers determine appropriate instructional levels and skills that students are ready to learn.

- **USA TestPrep** is utilized to monitor the student growth of 3rd-11th graders throughout the year in the content areas of Science and Social Studies.

SECTION 504 PROCEDURAL SAFEGUARDS

1. Overview:

Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.

2. Hearing Request: The Request for the Hearing must include the following:

- The name of the student.
- The address of the residence of the student.
- The name of the school the student is attending.
- The decision that is the subject of the hearing.
- The requested reasons for review.
- The proposed remedy sought by the grievant.
- The name and contact information of the grievant.

Within 10 business days from receiving the grievant's request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. Mediation:

The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. Hearing Procedures:

**Georgia Department of Education
Richard Woods State School Superintendent**

- A. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant's Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- B. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- C. The grievant will have an opportunity to examine the child's educational records prior to the hearing.
- D. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.
- E. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e. A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R. §104.34). One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
- F. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
- G. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
- H. The hearing shall be closed to the public.
- I. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
- J. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow

further examination of witnesses or ask questions of the witnesses.

- K. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
- L. Georgia Department of Education, Richard Woods, State School Superintendent

COLLEGE AND CAREER READINESS PERFORMANCE INDEX (CCRPI)

The College and Career Ready Performance Index – CCRPI – is Georgia’s annual tool for measuring how well its schools, districts, and the state itself are preparing students for the next educational level. It provides a comprehensive roadmap to help educators, parents, and community members promote and improve college and career readiness for all students.

The CCRPI includes five main components each scored on a scale of 0 to 100: Achievement, Progress, Closing Gaps, Readiness, and Graduation Rate (high school only). These components, encompassing multiple indicators, are combined for a total CCRPI score on a scale of 0 to 100. The CCRPI also reports other information, such as the performance of student subgroups, school climate, and financial efficiency status.

Southwest Georgia STEM Charter School earned a score of 59.6 on the 2019 CCRPI.

Student Growth Percentiles

The new growth score, called a student growth percentile answers the question “How much did a student grow over the previous year compared to his/her academic peers?” It is an accurate and fair way to capture the process students make through the course of an academic year.

Student growth percentiles not only show how individual students are progressing, but they also can be aggregated to show how groups of students, schools, districts, and the states are progressing. Students also receive growth projection and growth targets, which describe the amount of growth needed to reach and exceed proficiency in subsequent years.

The Georgia Growth Model will include multi-year projections, giving a long-term view of what is required for students to reach or exceed proficiency.

Example:

Anna’s reading growth percentile is 54. The median reading growth for Anna’s school is 65. This means that Anna grew at a rate greater than 54% of academically-similar students in reading. On average, she grew at a lower rate in reading compared to the other students in her school.

HEALTH

NURSE

Students may not be allowed to go to the school nurse at any time unless you have a note from a teacher or administrator. Entrance without permission may result in discipline. The school nurse will check the student and make a decision regarding notification of parents. In the event of an injury or other emergency, parents and an ambulance will be called. Make your visit to the clinic as quick as possible in order to avoid missing class time.

MEDICATIONS

Asthma

Students diagnosed with asthma and require the use of asthma medication must have a prescription and bring the box with contents to be administered at school. A **Self-Administration of Asthma Medication at School** form must be signed by parent/guardian and physician before students are allowed to carry and self-administer asthma medication at school.

Allergy

Students diagnosed with asthma and require the use of asthma medication must have a prescription and bring the box with contents. If a student has an allergy that requires the use of an EpiPen, etc., then parents must provide an EpiPen, etc., with proper pharmacy label to be kept in the school nurse's office.

In order for a student to carry and self-administer EpiPen, etc., then parent/guardian and physician must complete one of the following forms:

- **Self-Administration of EpiPen, EpiPenJr.**
- **Twinject Medication at School**

Diabetes

A student diagnosed with diabetes must have the following form complete prior to any medication being administered at school:

Diabetes Medical Management Plan (DMMP)

This form must be completed **EVERY SCHOOL YEAR** by the **parent/guardian and physician**.

Seizures

Any student diagnosed with a seizure disorder must have parent/guardian and physician complete a **Seizure Action Plan form**.

Gastronomy Feeding

A student with a Gastronomy appliance must have the following form completed by a **parent/guardian and physician** annually.

STUDENT ILLNESS/INJURY

The main reasons for keeping your child home are he/she's too sick to participate comfortably at school or he/she might spread a contagious disease to other students. If your child has been

diagnosed with a contagious disease, please contact the front office or school clinic so other students' parents and school staff may be alerted of the symptoms. A doctor's note is required before a student is readmitted when there is a contagious disease/infection involved. Students should stay home from school if there is:

- Fever > or equal to 100.4°F
- Vomiting more than once
- Diarrhea
- Frequent cough
- Persistent pain (ear, stomach, etc.)
- Widespread rash
- Head lice, until treated
- Chicken pox, until lesions have scabbed (usually 5-7 days)
- Impetigo, Ringworm, or Scabies until under treatment and lesions covered
- Bacterial Pink Eye (thick eye drainage and redness of the whites of the eyes) until under treatment
- Open Wound Drainage (ears, wound, etc.)

Fever

Check your child's temperature with a thermometer, and if they have a temperature equal to 100.4* F or over 100.4* F, they are considered to have fever. **Children must be fever-free for 24 hours, without the use of medicine, before returning to school.**

Vomiting/Diarrhea

Until we know that these are not signs of a contagious illness, such as a stomach virus, your child should be kept home. Your child should be vomiting/diarrhea free for 24 hours before returning to school.

Skin Rashes or Open Wounds

If the rash or wound has any fluid or drainage coming from it, the child must remain out of school until the rash or wound has been treated and a note from the doctor states it is ok to return to school, or until the rash is gone, dried, or scabbed over with no new spots appearing. Anytime a rash is associated with fever, the child may not come to school until that fever is gone for 24 hours without medication.

Red Eyes with Drainage or Crusting Around the Eye

This can often mean your child has conjunctivitis, also known as pink-eye. We must have a note from the doctor stating the condition is not contagious or when the student may return to school. If no doctor's excuse is available, your child must remain out of school until the redness and drainage are completely gone.

Pediculosis (Head Lice)

Head lice are an especially common problem for all school aged children. If, during the screening process or individual inspection, an infestation of head lice is confirmed, the following procedure will be followed:

1. The student will be removed from the classroom. Parent/guardian will be contacted and

required to check-out the student and provide the appropriate treatment.

2. When the students have left at the end of the school day, the school classroom where an incidence of head lice has been found will be cleaned to help prevent the spread of the condition.
3. After the parent/guardian has administered the first treatment and the nits have been manually removed, the child may return to school. The school clinic will conduct an examination. All students must be cleared by the school nurse and found to be free of all nits and/or live head lice prior to being allowed to ride the school bus or return to class. If the student is not lice and/or nit free, he or she **WILL NOT** be readmitted to school.
4. A second inspection (7 – 10 days later) may be conducted by school officials to ensure that another infestation has not occurred. If an exam during this period reveals lice or nits, you will be notified to pick up your child and the absence will be unexcused because it will be considered a continuation of the original head lice condition.
5. Absences of one or more days due to head lice infestation will be unexcused. Chronic or recurring cases that result in excessive absences will result in a referral to the school attendance clerk and may cause failure to progress to the next grade or to receive credit for the course.

GENERAL TREATMENT INFORMATION

- Repetitive and frequent use of pediculicide treatments is not recommended because of the associated hazards and potential resistance. Treatment labels should always be followed.
- There are several alternative treatment methods available; please consult your local pharmacist or school nurse for more information. (Examples: mayonnaise, olive oil, tea tree oil and Vaseline)
- If live lice remain after treatment, a second treatment is recommended around 7-10 days after the first treatment.
- Children should be referred to a physician for repeat (more than 3, in most cases) lice infestations.
- The key to eliminating head lice is diligence. The following measures will also assist in ridding the household environment of any infestation:
 - Check all household members (including adults) of children with live lice. Close friends of the infested child should be examined and treated if necessary.
 - Launder linens, pajamas, and towels of the infested person; wash hairbrushes/combs in hot water

- o Vacuum mattresses, pillows, stuffed animals, furniture, carpeting and car seats. Discard the contents of the vacuum in a plastic trash bag after each use.

Dear Parent or Guardian:

Meningococcal disease is a serious bacterial illness that affects the brain and the spinal cord. Meningitis can cause shock, coma and death within hours of the first symptoms.

To help protect your children and others from meningitis, Georgia law requires students be vaccinated against this disease, unless the child has an exemption.

Before starting the 2020-2021 school year, all students entering or transferring into 11th grade will need proof of a meningococcal booster shot (MCV4), unless their first dose was received on or after their 16th birthday.

If your teen has not been vaccinated against meningococcal disease, we strongly recommend getting your child vaccinated. Getting MCV4 (meningococcal conjugate vaccine) now will not only help protect your child against the ongoing threat of meningitis, it will also meet the new school entry requirement.

Ask your pediatrician or local health department about other shots your child may need including:

- the human papillomavirus (HPV) series
- the tetanus, diphtheria, pertussis shot (Tdap or Td booster)
- an annual flu vaccine; and
- catch-up immunizations, including chickenpox, MMR (measles, mumps, rubella) and hepatitis B.

If your child does not have health insurance or their health plan won't cover these vaccines, call your local health department and ask about getting no or low cost vaccines. For more information, visit <http://dph.georgia.gov/vaccines-children> or call (800) 848-3868.

Sincerely,

Kathleen E. Toomey, M.D., M.P.H.

The purpose of this policy is to encourage regular school attendance for the benefit of the student.

Policy Statement: It is the policy of SGSC to expect students to be punctual and present for the entire school day. As such SGSC Parents, Guardians, and Students shall operate under the following:

The School Day - The official SGSC school day shall begin at 8:00 a.m. and end at 3:10 p.m.

Students must be in their assigned classroom by the beginning of the official school day to be considered on time. *Students ARE NOT allowed to enter or be left at school before 7:30 a.m.* **Tardies** - A student is considered tardy when he/she fails to arrive to their assigned classroom by the start of the official school day. - Excused Tardies - For a tardy to be classified as Excused the reason for late arrival must be the result of any reason listed herein as an accepted excuse for absence. In the event of a doctor or dental appointment or court ordered appearance an appointment card or other form of verification should be presented to the office to be kept in your child's file.
- Unexcused Tardies - Tardies due to oversleeping, missing the bus, car trouble, or any other reason not classified as an Excused Tardy shall be Unexcused.

Early Dismissals - In the event that a student leaves the school after 11:30 a.m. but prior to regular dismissal time it shall be classified as an Early Dismissal. Any student leaving the campus early must sign out with the front office otherwise the student will be considered truant. Any student who leaves campus without properly checking out will receive disciplinary action.

Absences - A student shall be marked absent as follows:

1. If the student does not come to school for the day,
2. If the student is checked out of school before 11:30 a.m.,
3. If the student is checked in to school after 11:30 a.m., or
4. If the student accumulates 5 unexcused tardies and/or early dismissals the time out of school due to unexcused tardies and early dismissals will be calculated and every 4 hours accumulated will be counted as one (1) unexcused absence.
5. High School absences will be handled on a period-by-period basis.

2. Foster Care students shall be credited as present and shall not be counted as absent for any day, portion of a day, or days missed when attending court proceedings related to the students foster care.
3. Students who successfully participate in the Student Teen Election Participant (STEP) program shall be counted as present and given full credit for the school day during which he/she served in the STEP program. Truancy State law requires compulsory school attendance for all students between the ages of 6 and 16 years with penalties including fines and/or prison for non-compliance. Truancy is any intentional or unauthorized absence from compulsory education. School days missed as the result of an out of school suspension shall not count as unexcused absences for the purposes of determining truancy. *7 or more Unexcused Absences during the school calendar year will result in the student being classified as Truant.* Truancy is a serious offense that requires stern corrective action on the part of SGSC and the parent/guardian.

CODE OF CONDUCT & STUDENT DISCIPLINE

It is the desire of Southwest Georgia STEM Charter School that all students should have every possible opportunity to take advantage of the instructional programs. Whatever distracts from a favorable learning environment lessens that opportunity.

EXPECTED STUDENT BEHAVIOR

Students enrolled in Southwest Georgia STEM Charter School that will be expected to demonstrate the following:

In an effort to fully implement school-wide positive behavior interventions and supports, along with maximizing students' engagement and instructional time, Southwest Georgia STEM Charter School teachers will utilize corrective strategies in **Level 1** (Classroom Managed) prior to referring a student to campus administration for an office discipline referral (**Levels 2**). These corrective strategies include but are not limited to:

- Remove distractions
- Proximity control
- Proactively prompt desired behavior

- Increase opportunities for active participation
- Increase use of specific praise statements
- Increase wait time for response
- Redirect student
- Review/Re-Teach expectations
- Provide opportunities for student to practice expected behaviors and provide descriptive feedback
- Loss of recess or other free choice time
- In-class privileges revoked
- Teacher/student conference

Incentives and Rewards

Our school wide incentive program focuses on students who are following school rules and rising to school expectations. Southwest Georgia STEM Charter School will be celebrating those students who do not have any office referrals during each nine weeks grading period. At the end of the nine weeks, these students will receive a prize and/or celebration. An end of the year celebration will take place for those students receiving no office referrals for the year.

Each month, teachers will nominate a student from their homeroom who shows tremendous character, academic growth/performance, and has appropriate attendance. These students will receive a prize, certificate, and recognition. Each month these students will participate in a kindness committee for the month where they will spread kindness throughout the entire school.

It is important that we are respectful of students in our disciplinary responses. Consequences should focus on teaching, remediation, or logical consequences as much as possible. In providing consequences we also want to be mindful of the instructional time students are missing with the goal of minimizing the amount of instructional time missed.

- Three or more discipline referrals per 9-week period will result in the revocation of privileges (field trips, special events/programs, etc).

BULLYING

Southwest Georgia STEM Charter believes that all students have a right to a safe and healthy school environment. All schools within the district have an obligation to promote mutual respect, tolerance, and acceptance among students, staff, and volunteers. Behavior that infringes on the safety of any student will not be tolerated. A student shall not bully, harass, or intimidate another student through words or actions. Such behavior includes but is not limited to: direct physical contact such as hitting or shoving; verbal assaults such as teasing or name-calling; the use of electronic methods to harass, threaten or humiliate, and social isolation and/or manipulation.

The school policy prohibiting bullying is included in the student code of conduct and includes but is not limited to the following:

- Any student who engages in bullying shall be subject to disciplinary action. Students in grades six through twelve found to have committed the offense of bullying for the third time in a school year shall be assigned to an alternative education program or alternative school following a due process hearing.
- Students are expected to immediately report incidents of bullying to the principal or designee.
- Students can rely on staff to promptly investigate each complaint of bullying in a thorough and confidential manner.
- If the complainant student or the parent of the student feels that appropriate resolution of the investigation or complaint has not been reached after consulting the school principal, the student or the parent of the student should contact the local superintendent or his or her designee.
- The school system prohibits retaliatory behavior against any complainant or any participant in the complaint process.

All students and/or staff shall immediately report incidents of bullying, cyberbullying, harassment and intimidation to the school principal or designee. School staff members are expected to immediately intervene when they see a bullying incident occur. Each complaint of bullying shall be promptly investigated. This policy applies to students on school grounds, while traveling on a school bus to and from school or a school-sponsored activity, during a school sponsored activity, by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system or acts of cyberbullying which occur through the use of electronic communication, whether or not such electronic act originated on school property or with school equipment, if the electronic equipment 1) is directed specifically at students or school personnel, 2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and 3) creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose.

Bullying, cyberbullying, harassment or intimidation will not be tolerated. Disciplinary action will be taken after each incident of bullying and upon a finding of guilt.

Disciplinary action after the first incident of bullying may include but is not limited to the following: •
Loss of a privilege

- Reassignment of seats in the classroom, cafeteria or school bus
- Reassignment of classes
- Out-of-school suspension
- Detention
- Expulsion (through appropriate due process hearing)

If necessary, counseling and other interventions should also be provided to address the social, emotional, behavioral, and academic needs of students who are victims of bullying and students who commit an offense of bullying. Students, parents/guardians and other stakeholders may report incidents of bullying to an administrator, teacher, counselor or other staff member by using the school's complaint procedures or by calling Southwest Georgia STEM Charter (229-679-5555) or the Georgia Department of Education's 1-877 SAY-STOP (1-877-729-7867) School Safety Hotline.

Please note: Any form of electronic bullying (cyberbullying) using school equipment, school networks, e-mail systems or committed at school is strictly prohibited.

The procedures for intervening in bullying behavior include, but are not limited, to the following:

- All staff, students and their parents will receive a summary of this policy prohibiting bullying at the beginning of the school year as part of the student code of conduct.
- The school shall keep a report of bullying and the results of an investigation confidential.
- Staff are expected to immediately intervene when they see a bullying incident occur or upon receipt of any report of bullying.
- People witnessing or experiencing bullying are encouraged to report the incident to the school principal designee.

The following actions will be taken when bullying is reported:

1. Investigate Upon receipt of any report of bullying, Southwest Georgia STEM personnel will direct an immediate investigation involving appropriate personnel. The investigation should begin no later than the following school day. The investigation shall include interviewing the alleged perpetrator(s) and victim(s), identified witnesses, teacher(s) and staff members and reviewing video surveillance if available. School police, school counselors, school social workers and/or other support staff should be utilized for their expertise as determined by the circumstances of the matter.
2. Investigation - At an appropriate time during or after the investigation, parents/guardians of the accused and the victim must be notified by the administrator placing a phone call to the number on file with the school. If the incident involves an injury or similar situation, appropriate medical attention should be provided and the parent/guardian should be notified immediately via phone call.
3. Discipline Upon confirming that bullying has occurred, the accused student should be charged with bullying and given an age-appropriate consequence which shall include, at minimum and without limitation, disciplinary action or counseling as appropriate under the circumstances. Students in grades six through twelve found to have committed the offense of bullying for the third time in a school year shall be assigned to an alternative school through appropriate due process by disciplinary hearing officers, panels, or tribunals. Schools should clearly communicate to all parties that retaliation following a report of bullying is strictly prohibited and may result in strong disciplinary action.
4. Follow Up Follow up is important to the accused and the victim. Implement a planned method to provide after-care and follow up. Reiterate to all the previously stated prohibition on retaliation.

CODE OF STUDENT CONDUCT

The rules listed in this policy apply to Southwest Georgia STEM Charter School. This list is not all inclusive, and a student committing an act of misconduct not covered by this policy will be subject to the discretionary authority of the principal. More severe punishment may be necessary in extreme cases. The policy represents a progressive discipline process. Factors taken into account in determining dispositions include (but are not limited to):

- Student's history
- Degree of premeditation
- Age
- Disability

- Evidence
- Willingness to cooperate
- Seriousness of offense

Because of these factors, punishment imposed may vary from student to student for the same offense.

Federal and state laws and regulations that are in conflict with this or its application shall take precedence. All disciplinary action is subject to review and disposition under the discretionary authority of the principal.

Section One: Purpose

Southwest Georgia STEM Charter School ("School") is committed to creating a safe, positive environment for all of our students, staff, parents, and community partners. The school will work to assure that all students and staff are well-motivated, fully aware of their potential and dedicated to pursue excellence in academic knowledge, skills, and behavior. The School believes that all children can thrive in a safe learning environment. The School utilizes a range of activities to recognize, celebrate, and reward positive behavior at the classroom, school, and district levels.

The purpose of this policy is to state clearly our standards for acceptable conduct of students. The policy also explains the consequences for not meeting these standards of conduct. This policy a strict policy for conduct that endangers the safety of the schools and/or disrupts the educational experience for other students. The School does not permit corporal punishment.

The policy also sets forth the discipline procedures for the students who have committed violations. This policy is not meant to be a contract between the District and the students, and may be amended at any time.

Section Two: Scope of the Policy

Every student is entitled to a safe, secure, and orderly environment in which to learn and work. The rules and regulations in this policy are designed toward that end and shall apply during the following times and in the following places:

- a. On school grounds at any time;
- b. Off school grounds at a school bus stop, on a school bus, school activity, function, or event;
- c. When either the alleged perpetrator or the alleged victim is en route to and/or from school, or to or from a school activity, function or event;
- d. Off school grounds when the behavior of a student (1) could result in the student being criminally charged with a felony or which could result in a felony criminal charge if committed by an adult; and which (2) makes the student's continued presence at school a potential danger to person or property at school or which disrupts the educational process. (O.C.G.A. 20-2-751.5(c)).

e. Off school grounds while the student is participating in or attending school-sponsored or school-related activities such as field trips, conferences, or athletic events; or is otherwise subject to the jurisdiction of school authorities;

f. Off school grounds when the misconduct is directed at a school student or employee and is related to the victim's school affiliation, or when the off-campus conduct directly affects the safety and welfare of the school community or the orderly mission and function of the school; and

g. Off school grounds and when a student leaves without permission of a school official or any time Rule 10 would apply.

The rules of this policy do not apply to student speech that occurs off campus if the speech is at a non-school sponsored event and does not cause or is not likely to cause a material and substantial disruption to the school environment or a school activity.

Section Three: Equal Opportunity Statement

The School complies with all federal, state and local laws, and provides an equal opportunity for all students. The school prohibits discrimination in admission, grading, discipline and any other activity based on race, creed, color, national origin, religion, ancestry, age, marital status, sexual orientation (known or perceived), gender identity expression (known or perceived), sex, handicap, nationality or citizenship.

All decisions of the School Board and Administration will be administered without regard to any of the categories listed above.

Section Four: Statement of Student Misconduct

The rules in this policy are designed to notify students (grades K-9) as to the types of behaviors that are unacceptable; nevertheless, every specific variation of the prohibited conduct may not have been included. Consequently, students should expect to be disciplined for misconduct that is obviously inappropriate. A specific rule need not be written for every conceivable variation of behavior that directly affects the orderly mission of the school.

Section Five: References to the Official Code of Georgia Annotated

References to Title 16 of the Official Code of Georgia Annotated (O.C.G.A.) included in this policy do not require that the elements of the specific criminal code section referenced be proved beyond a reasonable doubt before schools may punish misconduct. Further, these code references do not impose any additional intent requirements upon schools pursuing discipline against students for violation of this policy.

When a school rule is violated that may also be a violation of the law, the schools may notify the appropriate law enforcement agency.

A student who violates the dress code will be required to change or remove the inappropriate item each time there is a violation. Teachers will handle the first two dress code violations and make parental contact as needed. After being administered three teacher/administrative warnings, the dress code violation will be submitted as an office referral and classified as a chronic behavior violation. The student will report to an administrator and will be subject to disciplinary action beyond a change of clothes and removing the inappropriate item.

Disciplinary action including but not limited to detention or suspension from school will be taken for all office referrals which are considered chronic behavior violations (refer to student code of conduct handbook).

The administrators/or their designee will make final determination of what is or is not appropriate to wear to school. In the event any student requires an accommodation to the dress code due to religious beliefs, the student's request should be directed to the Principal who will ensure no student is discriminated against on the basis of their religion or restrained in the exercise of his religious beliefs. This decision is final and is not subject to appeal.

- Staff and students are expected to follow the same rules for good behavior and respectful conduct online as offline.
- Misuse of school resources can result in disciplinary action.
- Southwest Georgia STEM Charter School makes a reasonable effort to ensure staff and students' safety and security online, but will not be held accountable for any harm or damages that result from use of school technologies.
- Users of the district network or other technologies are expected administration immediately of any concerns for safety or security.

Technologies Covered

Personally-Owned Devices Policy

Students should keep personally-owned devices (including laptops, tablets, smart phones, smart watches, and cell phones) turned off and put away during school hours—unless in the event of an emergency or as instructed by a teacher or staff for educational purposes.

Because of security concerns, when personally-owned mobile devices are used on campus, they should not be used over the school network without permission.

Security

Users are expected to take reasonable safeguards against the transmission of security threats over the school network. This includes not opening or distributing infected files or programs and not opening files or programs of unknown or untrusted origin.

If you believe a computer or mobile device you are using might be infected with a virus, please alert administration. Do not attempt to remove the virus yourself or download any programs to help remove the virus.

Users should always use the Internet, network resources, and online sites in a courteous and respectful manner.

Users should also recognize that among the valuable content online is unverified, incorrect, or inappropriate content. Users should use trusted sources when conducting research via the Internet.

Plagiarism

Users should not plagiarize (or use as their own, without citing the original creator) content, including words or images, from the Internet. Users should not take credit for things they didn't create themselves, or misrepresent themselves as an author or creator of something found online. Research conducted via the Internet should be appropriately cited, giving credit to the original author.

Personal Safety

Users should never share personal information, including phone number, address, social security number, birthday, or financial information, over the Internet without adult permission. Users should recognize that communicating over the Internet brings anonymity and associated risks, and should carefully safeguard the personal information of themselves and others. Users should never agree to meet someone they meet online in real life without parental permission.

If you see a message, comment, image, or anything else online that makes you concerned for your personal safety, bring it to the attention of an adult (teacher or staff if you're at school; parent if you're using the device at home) immediately.

Cyberbullying

Cyberbullying will not be tolerated. Harassing, dissing, flaming, denigrating, impersonating, outing, tricking, excluding, and cyberstalking are all examples of cyberbullying. Don't be mean. Don't send emails or post comments with the intent of scaring, hurting, or intimidating someone else.

Engaging in these behaviors, or any online activities intended to harm (physically or emotionally) another person, will result in severe disciplinary action and loss of privileges. In some cases, cyberbullying can be a crime. Remember that your activities are monitored.

Examples of Acceptable Use

I will:
