What do you love most about being a principal?

The part I love most about my job is being able to help so many people. I strive to make parents feel good about sending their children to school. I am honored to hire great teachers and help them have a great first year of teaching at NES. I love helping and supporting our faculty and staff as they work together to create a great learning environment for our students.

Tell us about the person who inspired you to become a leader.

I think when you have someone believe in you, it makes all the difference in the world. It inspires you to follow your dreams and achieve your goals. My wife, Angie, always believed in me and continued to uplift me even when I had tough days. Memories of her still inspire me to be the best leader possible.
