

MEET THE TEACHER!

About Me

I went to NGS, kindergarten through eighth grade. I loved school, and when I was in the third grade I made up my mind that one day I would come back and be a teacher here. I went to Coker County High School, and then Carson-Newman University where I got a degree in Elementary Education. After college, my husband and I moved to the Atlanta area where we lived for 9 years before moving back to Newport five summers ago. I earned my Masters of Arts in Education at Cumberland University in 2022.
