

Dear Parents,

It's so good to see you, I hope everyone had a wonderful summer. Well it's time for school again and we are going to have to continue the same challenges as last year.

I have attached a copy of the COVID Tracking form to allow you an opportunity to review. These are the major symptoms you should be aware of. Your child should remain at home if having any of these symptoms. There are instructions on the bottom of the form that can instruct you to what needs to be done before the student return to school.

If you have any questions please feel free to call me.

Thank You,
Pamela Dorn RN, BSN

Pine Bluff School District Healthcare COVID-19 Tracking Record

Parent information form

Car Riders - temperatures will be taken in the car and parents report if students have any of the symptoms below. The temperature can be rechecked after the parent goes back around in the line for a recheck.

Bus riders - temperatures will be checked and students will be asked if they have any of the symptoms below before entering the building. If a student has a temperature or any of the symptoms below they will have to be sent home.

+++ The social worker will assist the health services with parent contacts.

Sent home instructions:

(If the students have any of these symptoms please keep them at home, notify the school nurse and follow the instructions below)
