

Call Out January 11, 2022

Autauga County Schools will be moving to virtual learning beginning Thursday, January 13. We will only be virtual for two instructional days, January 13 and 14.

Tomorrow our 1st and 2nd grade students will bring home a learning packet along with their devices. We encourage you to allow your student to complete the learning packet and some online learning opportunities that will be shared by their classroom teachers during these two eLearning days.

We will also be updating all webpages on the Prattville Primary School website to include some valuable resources on all of our teacher's pages. Make sure to go there and check out some additional learning opportunities for your children.

If you have questions, please reach out to your child's teacher or call our front office.

Please also continue to call our school nurse if your child tests positive or is exposed to COVID so that we can follow our school district's protocol.

Students will return to campus on Tuesday, January 18 after the MLK holiday on Monday.
