

May Independent School District

Where everybody is somebody

May Fans/Parents/Spectators:

We love you cheering for our Tiger Teams, and are excited about the start of basketball. We need your help in continuing to be responsible fans. TASO (Texas Association of Sports Officials) has adopted a new "Abuse of Officials Policy." This policy requires sports officials in each sport to report any fan/player ejections or incidents. If a school district receives 3 Incident Reports, the school goes under review by the TASO Board, and can be cut off from having officials for games. There will be no basketball, softball, or baseball games without officials! So, please help shed positive light on our school and community and refrain from any abuse of officials. There is an official shortage in our state, and we need to do our part to help. We love your passion, but ask that you remember human error is part of every game!

Thanks for helping us by doing your part! #WB4M
