

Lake Wales Charter Schools Opt-Out Parent Request Form

Lake Wales Charter School parents have the right to opt-out of any library materials they do not wish their student to access in the student's school library. If you have a question or concern about library materials, please contact your child's school.

Visit your school's website for a list of media and curriculum materials. On the school's website, you can find the Follett Destiny library catalog under the "Parents" tab.

Please return this form to your child's school.

Information for parents to consider:

- Book and materials lists are available on your child's school website.
- Only custodial parents/guardians may opt their child out of library books.
- If one custodial parent/guardian opts their child out of any book, only that individual may remove the opt-out.
- If parents do not complete the Opt-Out, these books will be available for their students to check out.
- If you have opted your student out of any books/materials, that note will remain in your student's library account until and unless you remove the opt-out in writing.
