AGENDA ITEM NO. \_\_\_\_\_7c

DATE OF SCHOOL BOARD MEETING:

**September 27, 2011** 

TITLE OF AGENDA ITEMS: Budget Amendment Number Three

**DIVISION:** Finance Department

**PURPOSE AND SUMMARY OF ITEMS:** 

This budget amendment adjusts budget by center for Title I ARRA

FUND SOURCE: 432 (Targeted ARRA Stimulus) Funds

AMOUNT: \$.00

PREPARED BY: Bonnie Wood

POSITION: Assistant Superintendent for Business Services

# Gadsden County School Board 432 (Targeted ARRA Stimulus) Fund Appropriations Budget Amendment Number Three

DATE OF SCHOOL BOARD MEETING: September 27, 2011

TITLE OF AGENDA ITEMS: Finalized 2010-2011 Superintendent's Annual Financial Report

**DIVISION:** Finance Department

**PURPOSE AND SUMMARY OF ITEMS:** 

Board approval is requested for the finalized 2010-2011 Superintendent's Annual Financial Report.

Governmental Accounting Standards Board (GASB) requires all governments, including special-purpose governments such as school districts, to implement a financial reporting model comprised of Management's Discussion and Analysis (MD&A), basic financial statements, notes to the financial statements, and other required supplementary information. Also, the Report complies with the format for the Comprehensive Annual Financial Report presented in the Codification of Governmental Accounting and Financial Reporting Standards (Statement 34 Edition) published by the GASB.

#### GADSDEN COUNTY DISTRICT SCHOOL BOARD

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management of the Gadsden County District School Board has prepared the following discussion and analysis of financial activities for the fiscal year ended June 30, 2011. The intent of this discussion and analysis is to (a) assist the reader in focusing on significant financial issues, (b) provide an overview and analysis of the District's financial activities, (c) identify changes in the District's financial position, (d) identify material deviations from the approved budget, and (e) highlight significant issues in individual funds. Because the information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions, it should be considered in conjunction with the District's financial statements and notes to financial statements.

#### FINANCIAL HIGHLIGHTS

Key financial highlights for the 2011 fiscal year are as follows:

- The District's total net assets decreased by \$513 thousand, or .7 percent.
- General revenues total \$60 million, or 93 percent of all revenues in the 2011 fiscal year, as compared to \$55.2 million, or 90 percent for the 2010 fiscal year. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions total \$4.3 million, or 6.7 percent as compared to \$5.9 million, or 10 percent in the prior year.
- The assigned and unassigned fund balance of the General Fund, representing the net current financial resources available for general appropriation by the Board, totals \$4.4 million at June 30, 2011, or 10.4 percent of General Fund expenditures as compared to an unreserved fund balance of 2.8 million, or 7 percent of expenditures at June 30, 2010.
- During the current year, General Fund revenues exceeded expenditures by \$1.2 million. This may
  be compared to last year's results in which General Fund expenditures exceeded revenues by
  \$994.4 thousand.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The basic financial statements consist of three components:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

#### **Government-Wide Financial Statements**

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net assets and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the District presented on the accrual basis of accounting. The statement of net assets provides information about the government's financial position, its assets and liabilities, using an economic resources measurement focus. The difference between the assets and liabilities, the net assets, is a measure of the financial health of the District. The statement of activities presents information about the change in the District's net assets, the results of operations, during the fiscal year. An increase or decrease in net assets is an indication of whether the District's financial health is improving or deteriorating.

The government-wide statements present the District's activities in two categories:

- Governmental activities This represents most of the District's services, including its educational
  programs: basic, vocational, adult, and exceptional education. Support functions such as
  transportation and administration are also included. Local property taxes and the state's education
  finance program provide most of the resources that support these activities.
- Component units The District presents a charter school as a separate legal entity as discretely
  presented component unit. Although a legally separate organization, the component unit is included in
  this report because it meets the criteria for inclusion provided by generally accepted accounting
  principles. Financial information for the component unit is reported separately from the financial
  information presented for the primary government.

Over a period of time, changes in the District's net assets are an indication of improving or deteriorating financial condition. This information should be evaluated in conjunction with other non-financial factors, such as changes in the District's property tax base, student enrollment, and the condition of the District's capital assets, including its school buildings and administrative facilities.

#### **Fund Financial Statements**

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entity-wide perspective contained in the government-wide statements. All of the District's funds may be classified within one of two broad categories discussed below.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, the governmental funds use a spendable financial resources measurement focus rather than the economic resources measurement focus found in the government-wide financial statements. This financial resources measurement focus allows the governmental fund statements to provide information on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year.

The governmental fund statements provide a detailed short-term view that may be used to evaluate the District's near-term financing requirements. This short-term view is useful when compared to the long-term view presented as governmental activities in the government-wide financial statements. To facilitate this comparison, both the governmental funds balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation of governmental funds to governmental activities.

The governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances provide detailed information about the District's most significant funds. The District's major funds are the General Fund, Special Revenue – Other Fund, Special Revenue – ARRA Economic Stimulus Fund, Capital Projects – Local Capital Improvement Fund, and Capital Projects – Other Fund. Data from other governmental funds are combined into a single, aggregated presentation.

The district adopts an annual appropriated budget for its governmental funds. A budgetary comparison schedule has been provided for the General and major Special Revenue Funds to demonstrate compliance with the budget.

<u>Fiduciary Funds</u>. Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as student activity funds. Fiduciary funds are not reflected in the government-wide statements because the resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these

funds are used only for their intended purposes. The district uses agency funds to account for resources held for student activities and groups.

#### **Notes to Financial Statements**

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net assets may serve over time as a useful indicator of a government's financial position. The following is a summary of the District's net assets as of June 30, 2011, compared to net assets as of June 30, 2010:

#### Net Assets, End of Year

The largest portion of the District's net assets (95 percent) reflects its investment in capital assets (e.g., land, buildings, furniture and equipment), less any related debt still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending.

The restricted portion of the District's net assets (5 percent) represents resources that are subject to external restrictions on how they may be used. The unrestricted net assets may be used to meet the government's ongoing obligations to students, employees, and creditors.

The key elements of the changes in the District's net assets for the fiscal years ended June 30, 2011, and June 30, 2010, are as follows:

#### Operating Results for the Year

| Increase (Decrease) in Net Assets               | \$ | (513,755)  | \$     | 196,776    |

Federal revenues increased by \$3.9 million or 28 percent, primarily due to a Federal ARRA Stimulus grant expenditures. The largest revenue source is State revenue (48 percent).

Revenues from State sources for current operations are primarily received through the Florida Education Finance Program (FEFP) funding formula. The FEFP formula utilizes student enrollment data, and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District's funding ability based on the local property tax base.

Other State revenues are primarily for meeting the requirements of the Class Size Amendment. There were no material changes in Other State revenues.

Instructional expenses represent 60 percent of total governmental expenses in the 2010-11 fiscal year. Instructional expenses increased by \$2.3 million, or 6.3 percent, from the previous year due mainly to an increase in employment of additional instructional staff.

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

#### **Major Governmental Funds**

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, assigned and unassigned fund balance is \$4.3 million, while the total fund balance is \$5.3 million. The total fund balance increased by \$1.3 million during the fiscal year. Key factors in this growth are as follows:

- There were no material reductions in State and Local funding.
- The District continued to receive the Federal Stimulus Funds recorded in the ARRA Federal which were used to pay for annual contract teachers' salaries in the General Fund.

Special Revenue - Other Federal Programs - Other Federal Programs accounts for the financial resources of certain Federal grant programs.

Special Revenue - ARRA Economic Stimulus Fund - to account for certain Federal grant program resources related to the American Recovery and Reinvestment Act of 2009.

The Capital Projects – Local Capital Improvement Fund has a total fund balance of \$1.8 million, all of which is restricted for the acquisition, construction, and maintenance of capital assets. The fund balance decreased in the current year due to the completion of renovations of various facilities and the purchases of buses.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the District revises its budget and brings amendments to the Board when needed. These amendments are needed to adjust to actual revenues received and direct resources where needed. The Board approves the final amendment to the budget after year-end.

#### OTHER MATTERS OF SIGNIFICANCE

Revenues from State sources for current operations are primarily from the Florida Education Finance Program administered by the Florida Department of Education under provisions of Section 1011.62, Florida Statutes. Funding from this formula is based on factors such as the legislative determination of the Base Student Allocation, and the number of Full Time Equivalent Students enrolled in the district. Given the current local and State economy, the district will continue to see a reduction in State formula funding. To date the District has been able to offset the reduction in State and local funding through Federal ARRA Stimulus funding. The District will continue with current plans to reduce expenses and build reserves to offset future reductions.

#### CAPITAL ASSETS AND LONG-TERM DEBT

#### **Capital Assets**

The District's investment in capital assets for its governmental activities as of June 30, 2011, amounts to \$73.9 million (net of accumulated depreciation). This investment in capital assets includes land; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; property under capital lease; construction in progress; and computer software.

The District sold two abandoned school sites during the current fiscal year. Additional information on the District's capital assets can be found in the Notes to Financial Statements section.

#### **Long-Term Debt**

At June 30, 2011, the District has total long-term debt outstanding of \$1.44 million. This amount is comprised of bonds payable. During the year, retirement of debt amounted to \$160,000.

Additional information on the District's long-term debt can be found in the Notes to the Financial Statements section.

#### REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Gadsden County District School Board's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Bonnie Wood, Assistant Superintendent of Business, Gadsden County District School Board, 35 Martin Luther King, Jr. Boulevard, Quincy, FL 32351.

## DISTRICT SCHOOL BOARD OF GADSDEN COUNTY RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE GOVERNMENT-WIDE STATEMENT OF NET ASSETS For the Fiscal Year Ended June 30, 2011

#### **Total Fund Balances - Governmental Funds**

\$ 8,106,701.68

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds.

73,996,625.51

Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds.

720,000.00

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds.

Bonds Payable Liabilty for Compenssated Absences Other Post Employment Benefit 1,440,000.00 2,685,669.13 2,463,644.00

(6,589,313.13)

#### **Total Net Assets - Governmental Activities**

\$ 76,234,014.06

# DISTRICT SCHOOL BOARD OF GADSDEN COUNTY RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES For the Fiscal Year Ended June 30, 2011

#### Net Change in Fund Balances - Governmental Funds

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of depreciation expense in excess of capital outlays in the current period. Depreciation Expense

Capital Outlays

(3,634,851.79) 3,414,903.89

The statement of activities reflects only the gain/loss on the sale of assets, whereas the governmental funds include all proceeds from these sales. Thus, the change in net assets differs from the change in fund balances by the cost of assets sold.

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which proceeds exceeded repayments in the current period.

Expenses in the statement of activities that do not require the use of current financial resources are not reported in the governmental funds.

Increase in Other Post Employment Benefit Increase in Compensated Absences

(324,446.00) (4,791.14)

#### Change in Net Assets of Governmental Activities

\$ 386,141.61

(219,947.90)

(515,711.61)

165,000.00

(329,237.14)

\$ (513,755.04)

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Reporting Entity

The District School Board has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The Gadsden County School District (District) is considered part of the Florida system of public education. The governing body of the District is the Gadsden County District School Board (Board), which is composed of five elected members. The elected Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Gadsden County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) Codification of Governmental Accounting and Financial Reporting Standards, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading or incomplete. Based on these criteria, The following component unit is included within the District School Board's reporting entity:

• Discretely Presented Component Units. The component unit columns in the government-wide financial statements include the financial data of the Crossroad Academy Charter School. The charter school is considered component unit of the District since it is fiscally dependent on the District to levy taxes for its support. The charter school is adivision of the Community and Economic Development Organization of Gadsden County, Inc. a separate not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not for Profit Corporation Act, and Section 1002.33, Florida Statutes. The charter school operate under a charter approved by the sponsor, the Gadsden County District School Board. The financial data reported on the accompanying financial statements was derived from the charter schools' audited financial statements for the fiscal year ended June 30, 2011, which are available at the District's administrative office.

#### > Basis of Presentation

Government-wide Financial Statements - Government-wide financial statements, i.e., the statement of net assets and the statement of activities, present information about the District as a whole. These statements include the nonfiduciary financial activity of the District.

Government-wide financial statements are prepared using the economic resources measurement focus. The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense associated with the District's transportation department is allocated to the pupil transportation services function, while remaining depreciation expense is not readily associated with a particular function and is reported as unallocated.

Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies

the extent to which each governmental function is self-financing or draws from the general revenues of the District.

The effects of interfund activity have been eliminated from the government-wide financial statements.

<u>Fund Financial Statements</u> - Fund financial statements report detailed information about the District in the governmental and fiduciary funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Nonmajor funds are aggregated and reported in a single column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, a reconciliation is presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

- General Fund to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- Special Revenue Other Fund to account for certain Federal grant program resources.
- <u>Special Revenue ARRA Economic Stimulus Fund</u> to account for certain Federal grant program resources related to the American Recovery and Reinvestment Act (ARRA).
- <u>Capital Projects Local Capital Improvement Fund</u> to account for the financial resources
  generated by the local capital improvement tax levy to be used for educational capital outlay
  needs, including new construction and renovation and remodeling projects.

Additionally, the District reports the following fiduciary fund types:

- Other Employee Benefit Trust Fund to account for the financial resources of the dependent care and medical expense reimbursement program.
- Agency Funds to account for resources of the school internal funds, which are used to
  administer moneys collected at several schools in connection with school, student athletic,
  class, and club activities

#### Basis of Accounting

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Government-wide financial statements are prepared using the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are prepared using the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made.

Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, otherpostemployment benefits, and compensated absences, which are recognized when due. Allocations of cost, such as depreciation, are not recognized in governmental funds.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

#### Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term, highly liquid investments with original maturities of three months or less. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME, formerly known as the Local Government Surplus Funds Trust Fund Investment Pool.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

Investments consist of amounts placed in SBA debt service accounts for investment of debt service moneys, and amounts placed with SBA for participation in the Florida PRIME and Fund B Surplus Funds Trust Fund (Fund B) investment pools created by Sections 218.405 and 218.417, Florida Statutes. These investment pools operate under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME, which SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, as of June 30, 2011, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at fair value, which is amortized cost.

The District's investments in Fund B are accounted for as a fluctuating net asset value pool, with a fair value factor of 0.78965331 at June 30, 2011. Fund B is not subject to participant withdrawal requests. Distributions from Fund B, as determined by SBA, are effected by transferring eligible cash or securities to Florida PRIME, consistent with the pro rata allocation of pool shareholders of record at the creation date of Fund B. One hundred percent of such distributions from Fund B are available as liquid balance within Florida PRIME.

Types and amounts of investments held at fiscal year-end are described in a subsequent note on investments.

#### > Inventories

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are stated at cost on the first-in, first-out basis for maintenance department inventories; weighted-average for warehouse inventories; moving weighted-average for transportation; and last invoice price, which approximates the first-in, first-out basis, for purchased foods and nonfood inventories. United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

### Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net assets but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$750 for assets acquired on or after the 2006-07 fiscal year. The capitalization threshold prior to that period was \$500, and those assets remain in the capital asset balances. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at fair value at the date of donation.

Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the cost of construction.

Buildings and fixed equipment are depreciated using the straight-line method, with all other assets being depreciated using the composite method of depreciation, over the following estimated useful lives:

| Description                                  | Estimated Lives |
|----------------------------------------------|-----------------|
| Improvements Other than Buildings            | 10 - 35 years   |
| Buildings and Fixed Equipment                | 15 - 50 years   |
| Furniture, Fixtures, and Equipment           | 5 - 7 years     |
| Motor Vehicles                               | 5 - 10 years    |
| Audio Visual Materials and Computer Software | 3 - 5 years     |

Current year information relative to changes in capital assets is described in a subsequent note.

### Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net assets.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due.

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements.

Changes in long-term liabilities for the current year are reported in a subsequent note.

#### > State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the Florida Department of Education (Department) under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of five months following the date of the original reporting. Such amendments may impact funding allocations for subsequent years. The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. State Board of Education rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. The Department generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is reserved in the governmental fund financial statements for the unencumbered balance of categorical and earmarked educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the Department.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

### District Property Taxes

The School Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Gadsden County Property Appraiser, and property taxes are collected by the Gadsden County Tax Collector.

The Board adopted the 2010 tax levy on September 7, 2010. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Gadsden County Tax Collector at fiscal year-end but not yet remitted to the District.

Millages and taxes levied for the current year are presented in a subsequent note.

#### > Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

#### 2. BUDGETARY COMPLIANCE AND ACCOUNTABILITY

### Budgetary Information

The Board follows procedures established by State statutes and State Board of Education rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital
  outlay) within each activity (e.g., instruction, pupil personnel services, and school
  administration) and may be amended by resolution at any School Board meeting prior to the
  due date for the annual financial report.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent year's appropriations.

#### Expenditures Over Appropriations in Individual Funds

For the fiscal year ended June 30, 2011, expenditures exceed appropriations for the following individual funds:

| Fund/Activity                           | Expenditures |            |                         |  |  |  |
|-----------------------------------------|--------------|------------|-------------------------|--|--|--|
|                                         | Budget       | Actual     | Variance<br>Unfavorable |  |  |  |
| Special Revenue - Other:                |              |            |                         |  |  |  |
| School Administration                   | 4,677.12     | 32,776.67  | (28,099.55)             |  |  |  |
| Special Revenue - ARRA                  |              |            |                         |  |  |  |
| Economic Stimulus Programs:             |              |            |                         |  |  |  |
| Pupil Personnel Services'               | 393,975.12   | 420,832.25 | (26,857.13)             |  |  |  |
| School Administration                   | -            | 252.85     | (252.85)                |  |  |  |
| Facilities Acquisition and Construction | -            | 3,960.00   | (3,960.00)              |  |  |  |
| Central Services                        | 841.55       | 20,655.82  | (19,814.27)             |  |  |  |
| Student Transportation                  | 33,629.10    | 75,850.21  | (42,221.11)             |  |  |  |
| Operation of Plant                      | -            | 53.29      | (53.29)                 |  |  |  |
| Total Special Revenue - ARRA            | 428,445.77   | 521,604.42 | (93,158.65)             |  |  |  |

#### 3. INVESTMENTS

As of June 30, 2011, the District has the following investments and maturities:

| Investments                              | Maturities        | Fair Value      |
|------------------------------------------|-------------------|-----------------|
| State Board of Administration (SBA):     |                   |                 |
| Florida PRIME (1)                        | 31 Day Average    | \$ 1,685,464.85 |
| Fund B Surplus Funds Trust Fund (Fund B) | 7.16 Year Average | 61,275.96       |
| Debt Service Accounts                    | 6 Months          | 40,574.58       |
| Total Investments                        |                   | \$ 1,787,315.39 |

Note: (1) Investments reported as a cash equivalent for financial statement reporting purposes.

#### Interest Rate Risk

- > The District's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses from increasing interest rates.
- Florida PRIME had a weighted average days to maturity (WAM) of 31 days at June 30, 2011. A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAwM measures the sensitivity of the portfolio to interest rate changes. Fund B had a weighted average life (WAL) of 7.16 years. A portfolio's WAL is the dollar weighted average length of time until securities held reach maturity. WAL, which also measures the sensitivity of the portfolio to interest rate changes, is based on legal final maturity dates for Fund B as of June 30, 2011. However, because Fund B consists of restructured or defaulted securities there is considerable uncertainty regarding the WAL.

#### Credit Risk

- Section 218.415(17), Florida Statutes, limits investments to SBA Local Government Surplus Funds Trust Fund Investment Pool, which effective July 1, 2010, is known as Florida PRIME, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. The District's investment policy does not further limit the District's investment choices.
- The District's investments in SBAdebt service accounts are to provide for debt service payments on bond debt issued by the State Board of Education for the benefit of the District. The District relies on policies developed by SBA for managing interest rate risk and credit risk for this account.
- As of June 30, 2011, the District's investment in Florida PRIME is rated AAAm by Standard & Poor's. Fund B is unrated.

#### 4. NOTES RECEIVABLE

The District entered into two contract sale agreements for the sale of Chattahochee High School and Havanna North Side High School, to two not for profit corporations. As part of the sales agreement, the District issued and held interest bearing note receivable in the amount of the sales price. The first note is for \$500,000 bearing interest at one percent per annum, payable in monthly installments of \$2,299.47 until paid

in full with the first installment becoming due February 1, 2011. The second note is for \$220,000 bearing interest at one percent per annum, payable in monthly installments of \$1,011.77 until paid in full with the first installment due January 1, 2011.

#### 5. CHANGES IN CAPITAL ASSETS

Changes in capital assets are presented in the table below.

|                                             | Beginning Balance | Additions       | Deletions       | Ending<br>Balance |
|---------------------------------------------|-------------------|-----------------|-----------------|-------------------|
| OVERNMENTAL ACTIVITIES                      |                   |                 |                 |                   |
| pital Assets Not Being Depreciated:         |                   |                 |                 |                   |
| Land                                        | \$ 1,801,806.54   | \$              | \$ 27,018.25    | \$ 1,774,788.29   |
| Total Capital Assets Not Being Depreciated  | 1,801,806.54      |                 | 27,018.25       | 1,774,788.29      |
| pital Assets Being Depreciated:             |                   |                 |                 |                   |
| Improvements Other Than Buildings           | 4,155,656.69      | 211,454.66      |                 | 4,367,111.35      |

#### 6. BONDS PAYABLE

Bonds payable at June 30, 2011, are as follows:

| Bond Type                                                                 | Amount<br>Outstanding | Interest<br>Rates<br>(Percent) | Annual<br>Maturity<br>To |
|---------------------------------------------------------------------------|-----------------------|--------------------------------|--------------------------|
| State School Bonds:<br>Series 2005B, Refunding<br>Series 2009A, Refunding | \$1,345,000<br>95,000 | 5.0<br>3.0 - 5.0               | 2018<br>2019             |
| Total Bonds Payable                                                       | \$1,440,000           |                                |                          |

The bonds were issued by the State Board of Education to finance capital outlay projects of the District. The bonds mature serially, and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of Debt Service Fund resources, and compliance with reserve requirements are administered by the State Board of Education and the State Board of Administration.

Annual requirements to amortize all bonded debt outstanding as of June 30, 2011, are as follows:

| Fiscal Year<br>Ending<br>June 30 | Total          | Principal      | Interest     |
|----------------------------------|----------------|----------------|--------------|
| State School Bonds:              |                |                |              |
| 2012                             | 246,700.00     | 175,000.00     | 71,700.00    |
| 2013                             | 248,100.00     | 185,000.00     | 63,100.00    |
| 2014                             | 239,000.00     | 185,000.00     | 54,000.00    |
| 2015                             | 244,750.00     | 200,000.00     | 44,750.00    |
| 2016                             | 249,750.00     | 215,000.00     | 34,750.00    |
| 2017-2019                        | 517,750.00     | 480,000.00     | 37,750.00    |
| Total State School Bonds         | \$1,746,050.00 | \$1,440,000.00 | \$306,050.00 |

### 7. CHANGES IN LONG-TERM LIABILITIES

The following is a summary of changes in long-term liabilities:

| Description                                                                            | Beginning<br>Balance                            | Additions                | Deductions                                | Ending Deductions Balance                       |                             |
|----------------------------------------------------------------------------------------|-------------------------------------------------|--------------------------|-------------------------------------------|-------------------------------------------------|-----------------------------|
| GOVERNMENTAL ACTIVITIES                                                                |                                                 |                          |                                           |                                                 |                             |
| Bonds Payable<br>Compensated Absences Payable<br>Other Postemployment Benefits Payable | \$ 1,605,000.00<br>2,680,877.99<br>2,139,198.00 | 252,701.04<br>664,366.00 | \$ 165,000.00<br>247,909.90<br>339,900.00 | \$ 1,440,000.00<br>2,685,669.13<br>2,463,664.00 | \$ 175,000.00<br>600,000.00 |
| Total Governmental Activities                                                          | \$ 6,425,075.99                                 | \$ 917,067.04            | \$ 752,809.90                             | \$ 6,589,333.13                                 | \$ 775,000.00               |

For the governmental activities, compensated absences and other postemployment benefits are generally liquidated with resources of the General Fund.

### 8. INTERFUND RECEIVABLES AND PAYABLES

The following is a summary of interfund receivables and payables reported in the fund financial statements:

| Funds                     | Interfund      |                                         |  |  |
|---------------------------|----------------|-----------------------------------------|--|--|
|                           | Receivables    | Payables                                |  |  |
| Major:                    |                |                                         |  |  |
| General                   | \$1,831,378.50 |                                         |  |  |
| Special Revenue:          | . ,            |                                         |  |  |
| Other                     |                | 1,422,241.44                            |  |  |
| ARRA Economic Stimulus    |                | 361,310.48                              |  |  |
| Capital Projects:         |                | ,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,, |  |  |
| Local Capital Improvement |                |                                         |  |  |
| Nonmajor Governmental     | 9,901.54       |                                         |  |  |
| Fiduciary                 |                | 47,728.12                               |  |  |
| Total                     | \$1,841,280.04 | \$1,831,280.04                          |  |  |

The interfund balance between the General Fund and Special Revenue Other and ARRA Economic Stimulus funds represents temporary borrowing of cash to cover projects that are awaiting reimbursement from other agencies. The interfund balance between the nonmajor governmental funds and the fiduciary fund represents petty cash balances at school food service sites and a temporary loan to the Employee Flexible Spending Account. The District has designated the General Fund to be the loaning fund.

The following is a summary of interfund transfers reported in the fund financial statements:

| Funds                                              | Interfund |            |                |  |  |
|----------------------------------------------------|-----------|------------|----------------|--|--|
|                                                    | <br>Tra   | ansfers In | Transfers Out  |  |  |
| Major:<br>Capital Projects:<br>Capital Improvement | \$        | 7,787.83   | \$1,868,112.92 |  |  |
| Nonmajor Governmental                              | 1,8       | 368,112.92 | 7,787.83       |  |  |
| Total                                              | \$1,8     | 375,900.75 | \$1,875,900.75 |  |  |

The purpose of the interfund transfer was to pay for debt service of a short term loan related to bus purchases.

#### 9. FUND BALANCE REPORTING

The District implemented Governmental Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Types Definitions, for the fiscal year ending June 30, 2011. The objective of the statement is to improve the usefulness and understanding of fund balance information for users of the financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources. The District reports its governmental fund balances in the following categories:

Non-spendable - The net current financial resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Generally, not in spendable form means that an item is not expected to be converted to cash. Examples of items that are not in spendable form include inventory, prepaid amounts, long-term amounts of loans and notes receivable, and property acquired for resale. The District classifies its amounts reported as inventories as non-spendable.

<u>Restricted</u> - The portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance. The District classifies most of its fund balances other than General Fund as restricted, as well as unspent State categorical and earmarked educational funding reported in the General Fund, that are legally or otherwise restricted.

<u>Committed</u> - The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the highest level of decision-making authority (i.e., the district school board). These amounts cannot be used for any other purpose unless the district school board removes or changes the specified use by taking the same action it employed to previously commit the amounts. The District did not have any committed fund balances at June 30, 2011.

Assigned - The portion of fund balance that is intended to be used for specific purposes, but is neither restricted nor committed. Assigned amounts include those that have been set aside for a specific purpose by an authorized government body or official, but the constraint imposed does not satisfy the criteria to be classified as restricted or committed. This category includes any remaining positive amounts, for governmental funds other than the General Fund, not classified as non-spendable, restricted, or committed. The District also classifies amounts as assigned that are constrained to be used for specific purposes based on actions of the Superintendent and Chief Financial Officer and not included in other categories.

<u>Unassigned</u> - The portion of fund balance that is the residual classification for the general fund. This balance represents amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned for specific purposes.

The following is a schedule of fund balances by category at June 30, 2011:

|                                         | Major Funds |             |            |         |      |             |     |             |
|-----------------------------------------|-------------|-------------|------------|---------|------|-------------|-----|-------------|
|                                         |             |             | Local      | Capital |      | Nonmajor    |     |             |
|                                         |             | General     | Improv     | ement   |      | Funds       |     | Total       |

### 10. SCHEDULE OF STATE REVENUE SOURCES

The following is a schedule of the District's State revenue for the 2010-11 fiscal year:

| Source                                                      | Amount          |
|-------------------------------------------------------------|-----------------|
| Florida Education Finance Program                           | \$21,569,413.00 |
| Categorical Educational Program - Class Size Reduction      | 6,196,376.00    |
| Voluntary Prekindergarten Program                           | 826,714.39      |
| Workforce Development Program                               | 682,250.00      |
| Adults with Disabilities                                    | 403,315.00      |
| Motor Vehicle License Tax (Capital Outlay and Debt Service) | 46,344.00       |
| Charter School Capital Outlay                               | 119,294.00      |
| School Recognition                                          | 178,375.00      |
| Miscellaneous                                               | 1,450,569.37    |
| Total                                                       | \$31,472,650.76 |

Accounting policies relating to certain State revenue sources are described in Note 1.

### 11. PROPERTY TAXES

The following is a summary of millages and taxes levied on the 2010 tax roll for the 2010-11 fiscal year:

| GENERAL FUND                                                                                        | Millages                | Taxes Levied                                  |
|-----------------------------------------------------------------------------------------------------|-------------------------|-----------------------------------------------|
| Nonvoted School Tax Required Local Effort Basic Discretionary Local Effort Critical Operating Needs | 5.577<br>0.748<br>0.250 | \$ 8,421,635.76<br>1,129,529.06<br>377,516.40 |
| CAPITAL PROJECTS FUNDS                                                                              |                         |                                               |
| Nonvoted Tax Local Capital Improvements                                                             | 1.500                   | 2,265,098.37                                  |
| Total                                                                                               | 8.075                   | \$12,193,779.58                               |

### 12. FLORIDA RETIREMENT SYSTEM

All regular employees of the District are covered by the State-administered Florida Retirement System (FRS). Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code, wherein eligibility, contributions, and benefits are defined and described in detail. Essentially all regular employees of participating employers are eligible and must enroll as members of FRS. FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined benefit pension plan (Plan), a Deferred Retirement Option Program (DROP), and a defined contribution plan, referred to as the Public Employee Optional Retirement Program (PEORP).

Employees in the Plan vest at six years of service. All vested members are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, which may include up to 4 years of credit for military service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in PEORP in lieu of the Plan. District employees participating in DROP are not eligible to participate in PEORP. Employer contributions are defined by law; however, the ultimate benefit depends in part on the performance of investment funds. PEORP is funded by employer contributions that are based on salary and membership class (Regular Class, Special Risk Class, etc.). Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Employees in PEORP vest after one year of service.

#### FRS Retirement Contribution Rates

The Florida Legislature establishes, and may amend, contribution rates for each membership class of FRS. During the 2010-11 fiscal year, contribution rates were as follows:

| da Retirement System, Elected County Officers da Retirement System, Senior Management Service rred Retirement Option Program - Applicable to | Percent of Gross Salar |                 |  |
|----------------------------------------------------------------------------------------------------------------------------------------------|------------------------|-----------------|--|
|                                                                                                                                              | Employee               | Employer<br>(A) |  |
| Florida Retirement System, Regular                                                                                                           | 0.00                   | 10.77           |  |
| Florida Retirement System, Elected County Officers                                                                                           | 0.00                   | 18.64           |  |
| Florida Retirement System, Senior Management Service<br>Deferred Retirement Option Program - Applicable to                                   | 0.00                   | 14.57           |  |
| Members from All of the Above Classes                                                                                                        | 0.00                   | 12.25           |  |
| Florida Retirement System, Reemployed Retiree                                                                                                | (B)                    | (B)             |  |

Notes: (A) Employer rates include 1.11 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.05 percent for administrative costs of PEORP.

(B) Contribution rates are dependent upon retirement class in which reemployed.

The District's liability for participation is limited to the payment of the required contribution at the rates and frequencies established by law on future payrolls of the District. The District's contributions to the Plan for the fiscal years ended June 30, 2009, June 30, 2010, and June 30, 2011, totaled \$3,091,941.45, \$2,789,395.55, and \$3,401,495.82 respectively, which were equal to the required contributions for each fiscal year. There were 76 PEORP participants during the 2010-11 fiscal year. Required contributions made to PEORP totaled \$252,822.91.

The financial statements and other supplementary information of FRS are included in the comprehensive annual financial report of the State of Florida, which may be obtained from the Florida Department of Financial Services. Also, an annual report on FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services, Division of Retirement.

### 13. OTHER POSTEMPLOYMENT BENEFITS PAYABLE

Plan Description. The Other Postemployment Benefits Plan (Plan) is a single-employer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, employees who retire from the District are eligible to participate in the District's health and hospitalization plan for medical and prescription drug coverage. The District subsidizes the premium rates paid by retirees by allowing them to participate in the Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the Plan on average than those of active employees. Pursuant to Section 112.0801, Florida Statutes, the District contributed towards the costs of healthcare benefits for former employees who retired prior to May 2, 2001. Effective October 1, 2002, the Board decreased its contribution from \$50 to \$30 per month per former retired employee. Premiums totaled \$55,110 for the 2010-11 fiscal year, and the District provided benefits to 156 retired former employees at June 30, 2011. Retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The Plan does not issue a stand-alone report, and is not included in the report of a Public Employee Retirement System or another entity.

Funding Policy. Plan contribution requirements of the District and Plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. The District has not advance-funded or established a funding methodology for the annual other postemployment benefit (OPEB) costs or the net OPEB obligation, and the Plan is financed on a pay-as-you-go basis. For the 2010-11 fiscal year, 164 retirees received other postemployment benefits. The District provided required contributions of \$339,900 toward the annual OPEB cost, comprised of benefit payments made on behalf of retirees and net of retiree contributions totaling \$500,757, which represents 2.3 percent of covered payroll.

Annual OPEB Cost and Net OPEB Obligation. The District's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with parameters of Governmental Accounting Standards Board Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 15 years. The following table shows the District's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the District's net OPEB obligation:

| Description                                | Amount       |
|--------------------------------------------|--------------|
| Normal Cost (service cost for one year)    | \$ 280,212   |
| Amortization of Unfunded Actuarial         |              |
| Accrued Liability                          | 444,157      |
| Interest on Normal Cost and Amortization   |              |
| Annual Required Contribution               | 724,369      |
| Interest on Net OPEB Obligation            | 80,220       |
| Adjustment to Annual Required Contribution | (140,223)    |
| Annual OPEB Cost (Expense)                 | 664,366      |
| Contribution Toward the OPEB Cost          | (339,900)    |
| Increase in Net OPEB Obligation            | 324,466      |
| Net OPEB Obligation, Beginning of Year     | 2,139,198    |
| Net OPEB Obligation, End of Year           | \$ 2,463,664 |

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation as of June 30, 2011 and the preceding year, were as follows:

|                                 | OPEB Cost |           | Annual<br>OPEB Cost<br>Contributed | Obligation |           |

| 2009-10                         |           | 1,962,957 | 45.09%                             |            | 2,139,198 |
| 2010-11                         |           | 664,366   | 51.16%                             |            | 2,463,664 |

Funded Status and Funding Progress. As of October 1, 2010, the most recent valuation date, the actuarial accrued liability for benefits was \$6,652,347 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$6,652,347 and a funded ratio of 0 percent. The covered payroll (annual payroll of active participating employees) was \$22,076,006, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 30.13 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The required schedule of funding progress immediately following the notes to financial statements presents multiyear trend information about whether the actuarial value of Plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The District's current OPEB actuarial valuation as of October 1, 2010, used the entry age normal cost actuarial method to estimate the unfunded actuarial liability as of June 30, 2011, and to estimate the District's 2010-11 fiscal year annual required contribution. Because the OPEB liability is currently unfunded, the actuarial assumptions included a 3.75 percent rate of return on invested assets, which is the District's long-term expectation of investment returns under its investment policy. The actuarial assumptions also included a payroll growth rate of 4 percent per year, and an annual healthcare cost trend rate of 9 percent, reducing to an ultimate rate of 6 percent after seven years. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at June 30, 2011, was 15 years.

#### 14. RISK MANAGEMENT PROGRAMS

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, automobile liability, general liability, buildings and contents, boiler and machinery, errors and omissions, and employee health and hospitalization, life, and dental coverage are being provided through purchased commercial insurance with minimum deductibles for each line of coverage.

Settled claims resulting from the risks described above have not exceeded commercial insurance coverage in any of the past three fiscal years.

### 15. LITIGATION

The District is involved in several pending and threatened legal actions. The range of loss from all claims and actions, as estimated by District management, should not materially affect the financial condition of the District.

### 16. OTHER LOSS CONTINGENCIES

The District received financial assistance from Federal and State agencies in the form of grants and appropriations. The disbursement of funds received under these programs generally requires compliance with specified terms and conditions and is subject to final determination by the applicable Federal and State agencies. Any disallowed claims should become a liability of the General Fund or other applicable funds. The questioned costs identified in the audits for the fiscal years ended June 30, 2010, totaled \$1,083,074.
