Alexa Palmer participated in school virtually during her second grade year. Mrs. Lanier says, "I wished I could have had her in her classroom even more in second grade. She was always one of the first students to log in for Google Meets and always completed her assignments to the best of her ability, but pushed herself to learn and grow each day. I enjoy seeing her in the hallways in passing now, as she always greets me with a smile and a hug." This year in fourth grade, Alexa is very helpful to a fellow student to ensure that this student has the materials needed to complete assignments and is on the correct page. If this student becomes confused, Alexa provides guidance and assistance. Alexa truly cares about helping others. She goes above and beyond each day, works hard, and is respectful to her peers and adults. Trinity Elementary School is proud to recognize Alexa Palmer as our STAR³ Student for the month of September.
