Relations With Law Enforcement and Child Protective Agencies

The staff is primarily responsible for maintaining proper order and conduct in the schools. Staff shall be responsible for holding students accountable for infractions of school rules, which may include minor violations of the law, occurring during school hours or at school activities. When there is substantial threat to the health and safety of students or others, such as in the case of bomb threats, mass demonstrations with threat of violence, individual threats of substantial bodily harm, trafficking in prohibited drugs, or the scheduling of events where large crowds may be difficult to handle, the law enforcement agency shall be called upon for assistance. Information regarding major violations of the law shall be communicated to the appropriate law enforcement agency.

The District will strive to develop and maintain cooperative working relationships with the law enforcement agencies. Procedures for cooperation between law enforcement, child protective, and school authorities will be established. Such procedures will be made available to affected staff and will be periodically revised.

County or Regional Interdisciplinary Child Information and School Safety Team

The District will participate in the Glacier County or Tribal interdisciplinary child information and school safety team established by Section 52-2-211, MCA. This team consists of county-level representatives of the youth court, the county attorney, the department of public health and human services, the county superintendent of schools, the sheriff, the chief of any police force, the superintendents of public school districts in the County, and the department of corrections.

The purpose of the team is “to facilitate the exchange and sharing of information that one or more team members may be able to use in serving a child in the course of their professions and occupations, including but not limited to abused or neglected children, delinquent youth, and youth in need of intervention, and of information relating to issues of school safety.”

The Superintendent is authorized to participate in the formation of and request information from the interdisciplinary child information and school safety team regarding students in the School District. The Superintendent shall utilize this authority on a regular basis to ensure the safety and security of the District.

Interrogation and Investigations Conducted by School Officials

The administration has the authority and duty to conduct investigations and to question students pertaining to infractions of school rules, whether or not the alleged conduct is a violation of criminal law. The administration shall determine when the necessity exists that law enforcement officers be asked to conduct an investigation of alleged criminal behavior which jeopardizes the safety of other people or school property or which interferes with the operation of the schools.

In instances when the administration has reasonable suspicion that a violation of district policy or the student code of conduct has been violated, the administrator will investigate. The administrator will notify the suspected rule violator(s) or potential witness(es) to the infraction. The suspected student shall be advised orally or in writing of the nature of the alleged offense and of the evidence against the student. Circumstances may arise where it would be advisable to have another adult present during questioning of students.

Investigations by Law Enforcement

When a student becomes involved with law enforcement officers due to events outside of the school environment and officers must interact with a student, the officer(s) is requested to confer with the student when he/she is being investigated for conduct not under the jurisdiction of the school. The following steps shall be taken to cooperate with the authorities.

- a. The officer shall contact the school principal and present proper identification in all occasions upon his/her arrival on school premises.
- b. Parents or guardians shall be notified by the law enforcement officer or school principal as soon as possible. The law enforcement officer or principal shall make every effort to inform parents or guardians of the intent of the law enforcement officers except when that notification may compromise the student's safety.
- c. The student's parent or guardian should be present, if practicable, during any interrogation on school premises.

Cooperation with Law Enforcement

Although cooperation with law enforcement officers will be maintained, it is the preference of the District that it will not normally be necessary for law enforcement officers to initiate, and conduct any investigation and interrogation on the school premises, during school hours, pertaining to criminal activities unrelated to the operation of the school. It is preferred that only in demonstrated emergencies, when law enforcement officers find it necessary, will they conduct such an investigation during school hours. These circumstances might be limited to those in which delay might result in danger to any person, flight of a person reasonably suspected of a crime from the jurisdiction or local authorities, destruction of evidence, or continued criminal behavior.

No school official, however, should ever place him/herself in the position of interfering with a law enforcement official in the performance of his or her duties as an officer of the law. If the law enforcement officials are not recognized and/or are lacking a warrant or court order, the building principal shall require proper identification of such officials and the reason(s) for the visit to

the school. If the principal is not satisfied, he/she shall attempt to notify the Superintendent and the officer's superior, documenting such action.

In all cases, the officers shall be requested to obtain prior approval of the principal or other designated person before beginning such an investigation on school premises. The administrator shall document the circumstances of such investigations as soon as practical. Alleged behavior related to the school environment brought to the Principal's attention by law enforcement officers shall be dealt with under the provisions of the two previous sections.

Taking a Student into Custody

School officials shall not release students to law enforcement authorities voluntarily unless the student has been placed under arrest or unless the parent or guardians and the student agree to the release. When students are removed from school for any reason by law enforcement authorities, every reasonable effort will be made to notify the student's parents or guardians immediately. Such effort shall be documented. Whenever an attempt to remove a student from school occurs without an arrest warrant, court order, or without acquiescence of the parent or guardian, or the student, the administrator shall immediately notify a superior of the law enforcement officers involved to make objection to the removal of the student and shall attempt to notify the parent or guardian of the student. The Superintendent's office shall be notified immediately of any removal of a student from school by law enforcement officers under any circumstances.

When it is necessary to take a student into custody on school premises and time permits, the law enforcement officer shall be requested to notify the principal and relate the circumstances necessitating such action. When possible, the principal shall have the student summoned to the principal's office where the student may be taken into custody. In all situations of interrogations, arrest or service of subpoenas of a student by law enforcement officers on school premises, all practicable steps shall be taken to ensure a minimum of embarrassment or invasion of privacy of the student and disruption to the school environment.

Disturbance of School Environment

Law enforcement officers may be requested to assist in controlling disturbances of the school environment which the Principal or other school administrator has found to be unmanageable by school personnel and which disturbances have the potential of causing harm to students, other persons, or school property. Staff members may also notify law enforcement officials.

Such potential of possible disturbance includes members of the public who have exhibited undesirable or illegal conduct on school premises or at a school event held on school property, and who have been requested to leave by an administrator or staff member, but have failed or refused to do so.

Cooperative Programs with Other Districts and Public Agencies

Whenever it appears to the economic, administrative, and/or educational advantage of the District to participate in cooperative programs with other units of local government, the Superintendent will prepare and present for Board consideration an analysis of each cooperative proposal.

When formal cooperative agreements are developed, such agreements shall comply with requirements of the Interlocal Cooperation Act, with assurances that all parties to the agreement have legal authority to engage in the activities contemplated by the agreement.

The District may enter into interlocal agreements with a unit of the Montana University System, public community college, and/or tribal college, which would allow students enrolled in the 11th and 12th grades to attend and earn credit for classes not available in the District. Tuition and fees, if assessed, will be provided for in the interlocal agreement.

The District may enter into an interlocal agreement providing for the sharing of teachers, specialists, superintendents, or other professional persons licensed under Title 37, MCA. Registered Sex Offenders

The State of Montana has determined that perpetrators of certain sex crimes pose a continuing threat to society as a whole even after completion of their criminal sentences. Recognizing that the safety and welfare of students is of paramount importance, the East Glacier Park Grade School, School District 50 declares that, except in limited circumstances, East Glacier Park Grade School, School District 50 should be off limits to registered sex offenders.

Employment

Notwithstanding any other Board policy, individuals listed by the State of Montana as registered sex offenders are ineligible for employment in any position within the East Glacier Park Grade School, School District 50. However, the Superintendent shall have discretion consistent with other Board policies to recommend an individual whose name has been expunged from the Sex Offender Registry.

School Off Limits

The District hereby declares that no registered sex offender whose victim was a minor may come on, about, or within one thousand (1,000) feet of any District-owned buildings or property except as otherwise provided in this policy. If an administrator becomes aware that such a sex offender is on, about, or within one thousand (1,000) feet of school property, the administrator shall direct the sex offender to immediately leave the area. The Board authorizes the administrator to request the assistance of the appropriate law enforcement authorities to secure the removal of any registered sex offender from the area. If a registered sex offender disregards the terms of this policy or the directives of the school administrator, then the Superintendent is authorized to confer with counsel and to pursue such criminal or civil action as may be necessary to enforce compliance with this policy.

This policy shall not be construed to impose any duty upon any administrator or any other employee of the District to review the Sex Offender Registry or to screen individuals coming on or within one thousand (1,000) feet of school property to ascertain whether they are on the Registry. This policy shall only apply when administrators are actually aware that the person in question is on the Sex Offender Registry and that the offender's victim was a minor.

The provisions of this policy prohibiting a registered sex offender from coming on, about, or within one thousand (1,000) feet of school property shall not apply in the event that a sex offender's name should be expunged from the Registry.

Rights of Parents on the Sex Offender Registry

In the event that a registered sex offender whose victim was a minor has a child attending the District, the administrator of the school where the child attends shall be authorized to modify this policy's restrictions to permit the parent to drop off and pick up the child from school and to come

onto campus to attend parent-teacher conferences. However, the parent may not linger on or about school property before or after dropping off his or her child, and the parent is prohibited from being in any part of the school building except the main office.

This policy does not impose a duty upon the administrator of any school or any other employee of the District to review the Sex Offender Registry and the school system's directory information to ascertain whether a registered sex offender may have a child attending school in the District. The provisions of this policy shall apply only if an administrator actually becomes aware that a parent of a student at the school is a registered sex offender.

To facilitate voluntary compliance with this policy, administrators are encouraged to speak with any affected parents upon learning of their status as registered sex offenders to communicate the restrictions of this policy. At all times, the administrator shall endeavor to protect the privacy of the offender's child.

In the event of a truly exceptional situation such as graduation, a parent on the Sex Offender Registry may ask the Superintendent for a waiver of this policy to permit the parent to attend these special events. It is the intent of the Board, however, that these special circumstances be truly unusual and infrequent occurrences.
