ATTENDANCE

In order to garner maximum benefit from the instructional program, all students are expected to attend school regularly and to be on time. Regular attendance is extremely important to success in school and in life. Each student is expected to attend school every day except when illness, injury, or some other condition beyond his/her control prevents attendance. Frequent absences, for any reason, can almost guarantee difficulty and lower achievement in class work.

Attending school regularly is directly related to developing good habits of punctuality, self-discipline, responsibility, achieving higher grades, and enjoying school more. Students are permitted a maximum of eight (8) absences per semester per class. A student who has nine (9) or more absences in a class will have their grade reduced.

If a student reaches fifteen (15) days of absences per semester, the school will be obligated to contact the Division of Family Services to report educational neglect. Grade reductions will occur after the following number of days are missed:

<i>Absences (Per Class)</i>	<i>Grade Reduction</i>
<i>9</i>	<i>2% Grade Reduction</i>
<i>10</i>	<i>4% Grade Reduction</i>
<i>11</i>	<i>6% Grade Reduction</i>
<i>12</i>	<i>8% Grade Reduction</i>
<i>13+</i>	<i>10% Grade Reduction</i>

Absences: A student is considered to be in attendance if the student is physically present in a class; participating in a district-sponsored or district-approved activity; participating in a class through alternative methods or media as allowed by Board policy; receiving homebound services; or receiving services at another location pursuant to law or by arrangement of the district. Any student who is suspended from school for a disciplinary problem for any number of days will be marked absent. Students who have been placed on OSS **will be allowed to complete work during the period of their suspension.** In addition, those days will not be counted against the days permitted in the attendance policy.

It is the responsibility of the student to contact each teacher about making up work.

Acceptable absences shall include illness or injury, death or serious illness in the immediate family, doctor or dental appointments, which cannot be scheduled outside of school time, appearance in court, or other extenuating circumstances approved by the administration. Unacceptable absences shall include oversleeping, baby-sitting, personal reasons, missing the school bus, errands, parent call in, etc.

Acceptable or Unacceptable all count as being absent according to the Missouri Department of Secondary and Elementary Education (DESE). Each student is allowed 8 absences per semester before it will start affecting grades. For anyone with acceptable absences, these will be taken into consideration for grade reduction situations.

Tardy Policy:

If a student arrives at school late, then he/she shall report to the office. The ALL-SCHOOL definition of tardy is: Students must be in the assigned area when the bell begins to ring and shall have all books and materials

necessary for the class. Students will be allowed 4 tardies before disciplinary action takes place. After receiving their 4th tardy in a quarter, the student will be assigned a teacher detention from 3:30-4:00 for every tardy after 4. If a student reports to class 14 minutes or less late to class, they will receive a Tardy. If the student is 15 minutes or later to a class, they will be counted absent for that hour.

This is on a per class basis and will be recorded and monitored by the classroom teacher.

The tardy policy is based on each academic quarter. Therefore, at the conclusion of each quarter, the slate is wiped clean for the beginning of the next quarter.

PERSONAL CONDUCT

The faculty and staff of Calhoun R-VIII School are committed to providing students with opportunities for positive self-esteem, respect for others, responsibility, and good citizenship. A fair and consistent code of discipline and good, caring classroom management is the school's goal. For this to happen, each student must be responsible for his/her behavior. The faculty will be responsible to students, and students must be responsible for appropriate behavior.

Classroom rules are determined by the classroom teacher and may vary based upon the type of activity. All students are expected to follow basic rules of respect including:

- Be respectful to all
- Be in class on time
- Sit in assigned seat
- When the teacher speaks, listen
- Raise hand to get permission before talking or getting out of seat
- Keep hands, feet, objects and comments to oneself
- Follow dress code

As part of the behavior agreement, students are expected not to "put down/cut down" anyone or otherwise interfere with the education of others.

Students are advised they should be clean, well groomed, and dressed appropriately for school. Students' attire should be non-disruptive and should not present health and/or safety problems. Specific dress code rules are contained elsewhere in this Student/Parent Handbook.

If a student chooses to break a rule, he/she must be responsible for the consequence. Severe disruption will result in immediate referral to the office. It is the student's responsibility to know and follow the rules explained above. The goal is for each student to have a successful school year.

BUSES/TRANSPORTATION

The district provides bus transportation services for all eligible students. The goal is to provide safe, efficient services to all students. If there are any questions about bus routes, eligibility for transportation services, or schedules, please contact the office. A complete list of rules and procedures are found in Appendix II of this handbook. Please note that students should be at the bus stop location **5 minutes before designated time**, so the bus route isn't delayed. **Bus drivers try to run routes with a 10 minute window of 5 minutes before and 5 minutes after designated times.**

CAFETERIA

Community Eligibility Provision

Dear Parent/Guardian:

Calhoun R-VIII is participating in a Free Breakfast and Lunch Program for the current school year 202**5-26**. This alternative is referred to as the Community Eligibility Provision (CEP). If your children attend Calhoun R-VIII, breakfast and lunch will be available to them at no charge. Household applications for free and reduced price meals will not be collected.

Studies have shown that children who are not hungry perform better in school. By providing school meals to all children at no charge, we are hoping to create a better learning environment for our students.

The school breakfast and lunch that we serve follow U.S. Department of Agriculture guidelines for healthy school meals. The School Breakfast and Lunch Programs cannot succeed without your support. Please encourage your children to participate in the school meal programs. Meals will be served to all students at no charge regardless of the eligibility status.

If you have any questions about the program please feel free to contact us at 660-694-3422.

Sincerely,

Dr. Brent Sharp
Superintendent

CURRICULUM

Calhoun R-VIII offers a curriculum to meet the needs of each student. The school curriculum meets all Missouri State Standards. Teachers work closely to ensure consistency of instruction and assessment. If there are questions about specific academic programs, please contact the teacher. The school strongly encourages all parents to become involved with their child's education.

EXTENDED LEARNING

MOCAP: Students will be provided the opportunity to enroll in virtual courses through the MOCAP platform at no cost to the student. **Full time MOCAP/Virtual students will not** be students of Calhoun R-VIII Schools and will become students of the District providing the MOCAP online courses.

Virtual/Online Providers: Students have the opportunity to enroll with virtual/online providers, a standard-based online learning program to supplement their schedule. Students will be assigned a class period to complete the virtual/online class work. After enrolling in the virtual/online class, the student must complete the course work by the end of the semester. All Extended Learning course work will be subject to eligibility check requirements.

Special Education: The special education department offers a wide variety of high quality, individualized programs that address the needs of students with identified learning challenges. If one suspects his/her child is experiencing learning difficulties, please contact the teacher immediately.

ELIGIBILITY – Athletic and Academic

Extracurricular activities are considered a privilege. The Calhoun R-VIII School District meets or exceeds MSHSAA standards in grades 6-8. In order for a student to be eligible to participate in extracurricular activities, he/she must meet academic requirements in all classes. Athletes will be allowed to continue to practice during periods of ineligibility, **but not attend contest**. Every two weeks the office runs a grade check. Students with **two or more** failing grades will be ineligible to participate in extracurricular activities. The student will not be allowed to dress out or participate in games if academically ineligible. Students who are put on the ineligible list will have two weeks (until the next grade check is run) to raise their grades. **This is the student's responsibility to handle.** Academic probation becomes effective **the next school day** after the report is issued.

Any student athlete who receives a suspension, in or out of school, will not be eligible until suspension has been completed. Student athletes may receive more consequences by the coach. Any student of Calhoun R-VIII Schools may not attend any after-school activity, be it at home or away, if ineligible at grade checks until the next grade check. Athletes on OSS will not be allowed to attend any games or practices until the suspension is lifted.

School activities are defined as activities such as dances, parties, cheerleading, programs, athletic games (attending or participating in), work at concession stands, or any events that **do not require attendance for credit or a participation grade**. Disregarding these rules is a failure to comply with school procedures.

All students **must be in attendance the entire school day to be eligible** to participate or attend any school-sponsored event that day unless approval is granted by the administration before the absence. Friday attendance counts for any activities that happen on Saturday/Sunday.

EMERGENCY PROCEDURES

Earthquake Procedures: In the event of an earthquake, students will follow the published procedure in the Emergency Preparedness plan.

Fire/Evacuation Procedures: In the event of a fire, everyone will evacuate the building immediately by the designated exit and do so in an orderly manner. Students should file out in a single file line. Teachers should direct the class to the assigned exit. When the class is assembled safely outside, teachers will check class rosters to determine if any students are missing. At all times students are to respond to the instructions of the faculty. Designated exit procedures are posted in each classroom.

Intruder Procedures: All students are to move to the nearest classroom and follow staff instructions.

Tornado Procedures: In the event of a severe storm or tornado, students should proceed to the designated shelter areas. Students should put their heads down and cover them with their arms, stay away from any type of glass in windows or doors, and, as always, students should remain quiet and listen for any instructions from the faculty.

EXTRA CURRICULAR ACTIVITIES

Calhoun R-VIII strongly encourages all students to participate in extracurricular activities. Educational research has shown students involved in extracurricular activities have a higher grade point average, fewer disciplinary problems, and an overall lower dropout rate than uninvolved students. Calhoun R-VIII typically offers these through our co-op agreement with Clinton Middle School:

Activities: Cross Country
 Basketball
 Baseball
 Track
 Volleyball
 Archery
 Wrestling
 Football

GENERAL INFORMATION

Arrival/Dismissal: In the morning, students who walk to school should not arrive before 7:15 A.M. as they are not allowed to enter the building until the first bell rings at 7:15 A.M. In the afternoon, elementary bus riders will be dismissed from their classroom teachers at approximately 3:25 P.M. Walkers, car-riders, and bicycle riders will be dismissed from the cafeteria area. All students should leave the school building/grounds by 3:45 P.M. unless they are under the direct supervision of a teacher or sponsor. Students in the building outside of the normal building hours who are without a teacher or sponsor will be escorted out.

Assemblies: Student assemblies are a way to enrich the regular program and are designed to be educational as well as entertaining experiences. Assemblies provide students with opportunities to learn formal audience behavior. Regardless of the type of program, courtesy demands students be respectful and appreciative. During “live” entertainment, unlike radio, television, or movies, the performers are very conscious of their audience. Talking, whispering, whistling, stomping of feet, or booing is discourteous. Assemblies will be put on the master calendar and be approved by administration. Students are expected to:

- Enter and exit quietly
- Give full attention to the organizer of the assembly as soon as that person is in front of the group
- Listen during the program
- Show appreciation by clapping when appropriate
- Not boo, yell, or whistle
- Stay seated during the program

Behavior Management: Students failing to comply with redirects will need to respectfully discuss and process what they did in a way that shows ownership of their misbehavior and educational process.

Book Bags: All book bags and coats should fit into the student’s locker. Book bags may NOT be taken to class. They must be stored in the locker and not carried around. This is a safety and hygienic necessity.

Camera Surveillance: In order to ensure a safe educational environment, both the interior and exterior of the school is under camera surveillance, and film footage may be used in the enforcement of school district policies.

Care of School Property: School property is public property. Each student is responsible for all books and equipment issued. If a book or piece of equipment issued to the student is misplaced, stolen, or damaged, the student will be required to pay for each item on a replacement cost basis.

Celebrations: All birthday parties should be discussed and planned ahead of time with the teachers. All foods must be pre-packaged with ingredient labels to be in compliance with the District Allergy Policy and Healthy Schools Federal/State Regulations. When planning birthday parties, invitations are not to be given at school for outside functions; this practice is a disruption to the learning process and often results in hurt feelings in elementary settings.

Cell Phones/Electronics: Developments in cell phone technology in recent years have resulted in enhanced communication opportunities. However, the use of cellphones in schools poses increasing risks of school disruptions, bullying, criminal activity, and academic dishonesty. As a result, student cell phones, digital cameras and similar electronic device usage is **not permitted**. **State law prohibits the use of recording devices in restrooms, locker rooms, and dressing areas**. Photos and videos taken in these areas are a violation of state law. **Cell phone theft at school is not the responsibility of the school**. **Earbuds/headphones are not allowed** in the hallway or classroom unless being used on a school assignment and/or with teacher approval.

Students' devices are to be **out of sight and silenced** from 7:45 a.m. until the final bell at 3:30 p.m. If students need to contact their parents, then they must request to do it at the office.

Minimal Electronic Device infractions: All devices will be **confiscated on every offense** and the student can pick up the device from the teacher at the end of the day (3:30 p.m.).

Severe Electronic Device infractions: If used for bullying, locker room/bathroom use, criminal activity, academic dishonesty or other similar behaviors, then the minimum consequence will not apply and consequences will be determined following an investigation and may include ISS/OSS.

Rationale: Teaching appropriate social behaviors aligns with our mission. This includes appropriate use of technology. This allows students an opportunity to demonstrate correct cell phone behaviors while showing social and individual responsibility for their own devices. **Parents that need to get a hold of students for extenuating circumstances can do so through the office and messages will be relayed to students**.

Closed Campus: Calhoun R-VIII School is a closed campus facility. If the student must be signed out throughout the day, the **parents/guardians of the student must come into the school and sign the student out**. If this is not feasible, special permission to sign out may be granted by the district administration for **extenuating circumstances only**.

Dances: General school policies and regulations are in effect at all school-sponsored dances. All dances must have at least (2) two adult chaperones. Students leaving the building during the dance without permission of the sponsor will not be permitted to return. Arriving late may ban students from attending as well. All dates who are not Calhoun R-VIII students must be registered students from another school and approved by the school administration. **Students must have paid outstanding balances for lunch, books, and computers to attend**. Students on the **ineligible list or on activity suspension** will not be allowed to attend dances.

To attend a dance, you must be one of the following:

- a student at Calhoun in good standing
- a student in good standing at an area school signed up by a Calhoun student in good standing
- under 15 years of age

Dress Code: Please dress appropriately and avoid extremes. Students' attire should be non-disruptive and should not present health and safety problems. Students in violation of this policy will be asked to fix the problem. Failure to comply could result in an office referral.

Clothing should be clean, neat, and appropriate. Large holes or rips in jeans are to be below appropriate short levels (fingertips). No wallet chains or any chain of that fashion are to be worn.

Pants, shorts, and skirts **must not reveal buttocks or underclothing**, and will be **fingertip length** or longer.

Sunglasses, scarves or and head coverings are not allowed. **Cut or ripped**-out t-shirts or undershirt tank tops will not be worn. Articles of clothing shall not display statements or gestures which are disruptive or suggestive such as those advocating alcohol, drugs, racist/sexist sentiments, or tobacco. Pictures, designs, and writing must be in good taste. Shirts and shoes should be worn at all times. Violators will be subject to disciplinary action. See student discipline section.

These guidelines are for all school functions: during school, after school, PE classes and all games and activities on school grounds, while a visitor at other schools, or on field trips to other places. Exceptions are made when the outfit may not follow the above guidelines but is appropriate to the activity.

Students are expected to change clothes following active play in the physical education classes.

Enrollment Requirements: Students must have proof of residency in two forms from a provided list of accepted verification forms. Failure to comply with enrollment documents provided and required at the time of enrollment will impede attending as a student of Calhoun R-VIII. Students must also have official transcripts from sending school, if that applies, and must have a vaccination record showing all required shots have been administered.

Field Trips: Parents must complete the permission form, and sign it, indicating that their student may take field trips. Student conduct at all outside activities is to be the same as in the classroom. Approved out-of-school activities (field trips, sporting events, etc.) will not count in the student's absence total. **Students can attend all field trips with their classes unless they have excessive absences, a grade of "F" in a class and/or do not meet behavioral standards.** Non participants will be assigned to an alternative classroom with appropriate school work to complete. Parents may participate in field trips but must provide their own transportation and entry cost to the event.

Food and Drinks: Food and **water only** is allowed in classrooms **at teacher's discretion**. Just because one teacher allows food, doesn't mean the others will. It is up to each individual teacher if food and **water only** are allowed. Students who are late to school or leave and return with food **MUST** eat in the cafeteria. Food will not be taken to class.

Foster Care assistance can be obtained by contacting the foster care coordinator, Stacy Rusche, at 660-694-3422 ext, 2203.

Grades: Grades provide for the evaluation of student achievement. A student's progress should be reported in a fashion that is useful and understandable to the student and to parents. Students in kindergarten, first, and second grades will not receive a letter grade. The Calhoun School's grading scale for all other students is:

Grading Scale – K-2nd Grade and Elementary Specials

- Outstanding (O)
- Satisfactory (S)
- Emerging (E)
- Needs Improvement (N)
- Unsatisfactory (U)

Grading Scale—3rd Through 8th Grade

Grade/ Percentage		GPA

D	50-64	1.00
F	0-49	0.00

Late Work: Work will not be accepted after the current quarter ends. **Late work will be reduced 10% for each day it is late.** You will have **one day grace period for each day** you are absent to do any make up work in all classes. **After the grace period, grades will be reduced 10% for each day the work is late.**

Honor Roll/Principal's Honor Roll: Honor roll is figured on a four point (4.00) scale. In order for a student to be a member of the Honor Roll he/she must have a grade point average of an (3.0-3.5). In order for a student to be a member of the Principal's Honor Roll he/she must have an (3.51-4.00) average. A student may not have a D or F grade. The Honor Roll will be published after the end of each semester, not quarter.

Hotline: Student safety is a top priority. If you become aware of a situation that jeopardizes the safety of anyone at school, immediately notify a member of the school staff. If uncomfortable bringing this situation to the attention of an adult, call the Missouri School Violence Hotline at 866-748-7047; all calls will be anonymous.

Lockers: The lockers are school property and students are expected to take good care of them. Lockers may be opened for inspection by appropriate school staff and administration at any time. Use of the lockers is a privilege granted to the student by the school. Inappropriate pictures (principal has final decision) or materials found in lockers will be confiscated and given to the parent/guardian. Open containers of liquids or foods will not be allowed in lockers. Students are not to change lockers without the permission of the principal. The school is not responsible for the theft or loss of items from a student's locker or for items missing from an unlocked locker, students may bring their own lock and give a spare key or combination to the office. Students are urged not to keep valuables in their lockers and are responsible for anything, whether known or unknown to them, in their locker. When drug dogs are on campus, all lockers are part of the sweep performed by law enforcement.

Messages to Students: In order to ensure classroom interruptions are kept to a minimum, please limit telephone messages for extenuating circumstances when at all possible. Students will be notified, but not called from a class, except in cases of extreme emergency, to take a telephone call. Telephone messages from anyone other than a student's parent/guardian will not be accepted.

Migratory and Homeless: The Calhoun R-VIII School District shall identify, assess, and provide all required services to migrant and homeless children. This includes providing or facilitating transportation of homeless students to their school of origin. McKinney-Vento Homeless Liaison and Foster Care Point of Contact: Stacy Rusche. Parent/Teacher Conferences: Conferences are held once per year. Parents/guardians are encouraged to take advantage of this opportunity to communicate with their child's teacher. If further conferences are desired,

parents/guardians should make an appointment with the teacher. Appointments can be made by contacting the teacher. If a parent/guardian has a concern, that concern needs to go through the teacher first, then administration.

Parental Trips: When parents/guardians request their children accompany them on an out-of-town trip, the parent/guardian must notify the school office at least one week in advance, excluding emergencies. All assignments and makeup work must meet the criteria established by the teacher and be turned in on the day the student returns to school for full credit, otherwise the late work policy will be enforced. **These absences will count toward grade reductions.**

Permanent Records: The personal records of each student are kept on the Missouri Approved cumulative Record Form. This record includes, but is not limited to, the student's courses and grades earned, standardized test scores, legal court documents, health records, and discipline reports as pertaining to Safe Schools Act. No student records are to be removed from the office unless special permission is granted. A student or his/her parent/guardian may inspect a record only by contacting the office. Information on student's records will not be given out unless written consent is received from a parent/guardian or the student after he/she has reached eighteen years of age.

Pickup Procedures: The parental pickup procedures are a security measure for the safety of children. Parents/guardians who are picking up students before the regular dismissal time will need to come to the school office and sign the student checkout sheet. Students will not be allowed to leave school with anyone other than someone on their contact/pickup list unless written permission from the parent/guardian is on file in the school office. At the beginning of the school year, the parent/guardian will provide the school office with the names of individuals who will be permitted to pick up a student. A telephone call will be accepted only if there is an emergency and the identity of the caller is verified.

Retake Policy: A student may only retake any test or quiz at the teacher's discretion.

Retention: Retention in grades K-8 is used only as a last resort. Before any student is retained, a team

Students **may be retained** in the same grade if he/she is in the category listed below. (Board Policy 2520)

Student g-mail account: Students are to be signed into their school-issued g-mail account at ALL times throughout the school day. A tardy may be issued if a student reports to class without being signed into their g-mail account. Student Chromebooks: Students are expected to show up to class each day with a charged Chromebook. Visitors: Students are not allowed to bring visitors to school during the regular school day without the express prior permission of the assistant principal/principal. All visitors to the school, including parents, must check in at the school office before proceeding to any other location in the building. A pass/badge will be issued and must be worn by all visitors until they sign out and leave the building.

Weather Dismissal: The onset of weather may create the possibility of hazardous road conditions. The dismissal of school in cases of snow or hazardous roads will primarily be made using the School Messenger

System. Weather dismissals will also be announced via district social media. The geographic nature of the district presents challenges when trying to determine when to cancel school. Road conditions vary markedly depending on the bus route. While it may seem perfectly clear in one part of the district, the roads may be impassable in other parts. The decision to cancel school will always be based upon safety considerations for all the students in the district.

The superintendent also has the authority to delay the opening of any or all schools by two (2) hours or to dismiss school early because of weather conditions or other emergencies.

Age Limits: The Board of Education shall provide free public education to all students who are residents of the school district and who are between the ages of 5 to 21 years, and who otherwise qualify for admission under Missouri law unless otherwise required by federal law.

Enrollment: Students enrolling as new/transfer students must provide a copy of their immunization records, birth certificate, two proof of residency documents from an approved list and transcripts from their previous school. At the time of enrollment, or at any time while students are enrolled at Calhoun R-VIII, the district has the right to ask for re-verification of residency including, but not limited to: signed, notarized affidavit. During enrollment of new students, each student will make a schedule of the courses he or she would like to take for the school term. If no transcript or adequate proof of residency is available during enrollment, the student's schedule will be tentative until the transcript and proof of residency is received. Enrollment may be denied if students are not residents of the district, and/or are unable to substantiate their claim of residency. Exceptions may include, but are not limited to, having parents/guardians who are employees of the district, or under suspension from another school which will lead to conferring with the student's former school. The administration will make the decision to enroll or deny a student in such instances.

HEALTH

Contagious Diseases: In order to protect the health of all students, a student should not attend school with a contagious or infectious disease, or while able to transmit such a disease after having been exposed.

Emergency/Accident: In case of an emergency or accident, an attempt will be made to contact the parent/guardian immediately. It is imperative each child's information card and health card be kept up to date in the school office. If any information changes during the year, please contact the school office, and send a note clearly stating any changes.

Screenings: Students will be screened for vision and hearing problems, as well as dental and scoliosis, as required by Missouri policy and as resources permit. Parents/guardians may sign an opt-out form on any screens offered based upon specific situations. Any student may be tested during the year by parent/teacher request.

Lice Policy: Schools present the ideal environment for the spreading of head lice. In order to prevent their spread, all students will be screened at the beginning of the school year, after Christmas break, and on a regular basis at the elementary level during the school year, if needed. If a student is found to have head lice, they will have to be checked and cleared by our school nurse and found to be lice- and nit-free before being allowed to return.

Immunizations: Students will not be permitted to attend classes until they provide satisfactory evidence of required immunizations. Students who do not provide satisfactory evidence of immunization will be permitted to attend classes if they provide a statement on the appropriate form from the Department of Health and Senior

Services (DHSS).

Medications given at home: To provide adequate response to possible adverse reactions during school hours, a parent/guardian is asked to comply with the following:

- To list all prescription medications a student is taking at home on the student health card. Notify the health clerk of any changes in medication or dosage.

Medications given at school: If medicine is to be administered at school, the parent/guardian must provide the medication in its original packaging and/or prescription container. Students are not to carry any medications (prescription or over the counter) on their person with the exception of state-approved prescription emergency medications (i.e. inhalers for asthma, epi pens). Medications must have a current physician order on file in the office.

Calhoun School District Student Acceptable Use Policy K-8th Students (AUP)

This Acceptable Use Policy is a summary of official Board policies. The content and meaning are essentially identical, but all users will be held accountable to all Board policies. The original Board policies may be found in the district libraries in the central office.

Principles

The Calhoun R-VIII School District recognizes the educational and professional value of electronics-based information technology, both as a means of access to enriching information and as a tool to develop skills that students need. The district's technology exists for maximizing the educational opportunities and achievement of district students. The professional enrichment of the staff and Board, and increased engagement of the students' families and other patrons of the district are assisted by technology, but are secondary to the goal of student achievement. Use of technology resources in a disruptive, manifestly inappropriate or illegal manner impairs the district's mission, squanders resources and shall not be tolerated. Therefore, a consistently high level of personal responsibility is expected of all users granted access to the district's technology resources. Development of student's personal responsibility is itself an expected benefit of the district technology program.

User Identification and Network Security

Use of the district's technology resources is a privilege, not a right. No student, employee, or other potential user will be given an ID, password or other access to district technology if he/she is considered a security risk by the superintendent or designee. Users must adhere to district policies, regulations, procedures, and other district guidelines. All users shall immediately report any security problems or misuse of the district's technology resources to an administrator or teacher.

User Agreement

The Superintendent or designee will delegate responsibility for the District's technology system to a school employee. In addition, the District may contract with one or more vendors to assist in the overall operation of the technology system of the District. The District's technology system shall be considered a closed forum to the extent allowed by law. The technology resources of the District may only be utilized by individuals authorized by the District. Students, employees and Board members are required to sign a User Agreement prior to utilization of the technology resources of the District. Users do not have an expectation of privacy in utilizing any District technology resources. Users of District technology are subject to necessary review of data accessed or stored on District technology and technology equipment, as allowed by law. The District will utilize a content filter system to help prevent minors from accessing inappropriate information and the District will retain data stored electronically as required by law. In accordance with law, the content filter system will be used to protect against access to visual depictions that are obscene, harmful to minors, or child pornography. The District will monitor the online activity of students in compliance with the Children's Internet Protection Act (CIPA).

Privacy

A user does not have a legal expectation of privacy in the user's electronic mail or other activities involving the district's technology resources. The district may examine all information stored on district technology resources at any time. The district may monitor employee and student technology usage. Electronic communications, all data stored on the district's technology resources, and downloaded material, including files deleted from a user's account,

may be intercepted, accessed or searched by district administrators or designees at any time. In addition, all users must recognize that they do not have a legal expectation of privacy in any e-mail use activities involving the district's technology. A user ID with email access, if granted, is provided to users of this district's network and technology resources only on condition that the user consents to interception or access to all communications accessed, sent, received or stored using district technology in his or her User Agreement.

Content Filtering and Monitoring

The district will monitor the on-line activities of minors and operate a technology protection measure (filtering/blocking device) on all computers with Internet access, as required by law. The filtering/blocking device will protect against access to visual depictions that are obscene, harmful to minors and child pornography, as required by law. Parents are advised, however, that none of these devices can be guaranteed to be completely effective. Because the district's technology is a shared resource, the filtering/blocking device will apply to all computers with Internet access in the district. Evasion or disabling of the filtering/blocking device installed by the district, including attempts to evade or disable, is a serious violation of district policy.

Damages

All damages incurred by the district due to the misuse of the district's technology resources, including the loss of property and staff time, will be charged to the user. District administrators have the authority to sign any criminal complaint regarding damage to district technology.

No Warranty/Availability/No Endorsement

The district makes no warranties of any kind, whether expressed or implied, for the services, products or access it provides. The district's technology resources are available on an as is, as available basis. Administrators of computer resources may suspend access to and/or availability of the district's technology resources to diagnose and investigate network problems or potential violations of the law or district policies, regulations and procedures. The district is not responsible for loss of data, delays, non-deliveries, mis-deliveries or service interruptions. The district does not guarantee the accuracy or quality of information obtained from the Internet, or use of its technology resources. Access does not include endorsement of content or the accuracy of the information obtained.

APPENDIX I

STUDENT DISCIPLINE

The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action; however, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, any aggravated circumstance of any offense, or any action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education.

In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on district property, including playgrounds, parking lots and district transportation, or at a district activity, whether on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law.

Free and Appropriate Public Education Notice (See PRF 2110)

All public schools are required to provide a free and appropriate public education to all students with disabilities, including those attending private/parochial school, beginning on the child's third birthday through age 21, regardless of the child's disability. Calhoun R-VIII School District assures that to comply with the full educational opportunity goal, service for students age 3-21 has been fully implemented. The Calhoun R-VIII School District assures that it will provide information and referral services necessary to assist the state in the implementation of early intervention services for infants and toddlers eligible for the Missouri's First Steps Program.

All public schools are required to provide parents the right to inspect and review personally identifiable information collected and used or maintained by the district relating to their children. Parents have the right to request amendment of these records if they feel the information is inaccurate, misleading, or violates the privacy or other rights of their children. BULLYING (Policy 2655)

The District is committed to maintaining a learning and working environment free of any form of bullying or intimidation. Bullying is strictly prohibited on school grounds, or school time, at a school sponsored activity or in a school related context. Bullying is the intentional action by an individual or group of individuals to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyber bullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying.

Cyber bullying means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District may prohibit and discipline for cyber bullying that originates on any District campus or at a District activity if the electronic communication was made using the school's technological resources, if there is a sufficient nexus to the educational environment, or if the electronic communication was made on the District's campus or at a District activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus which materially and adversely impact the education of District students will be subject to discipline.

Bullying, as defined in this policy, is strictly prohibited. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their building principal. District employees are required to report any instance of bullying of which the employee has witnessed within two (2) school days of the occurrence. Employees shall report the occurrence to the building principal, who is the person the District designates to receive reports of incidents of bullying. A principal who receives a report of an incident of bullying shall initiate an investigation into the allegations within two (2) school days of receipt of the report. The principal may assign other employees to assist in the investigation, or request that the superintendent assign an outside investigator. The investigation shall be completed within ten school days from the date of the written report of bullying unless good cause exists to extend the investigation. No employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action.

Students who are found to have violated this policy will be subject to consequences depending on factors such as: age of student(s), degree of harm, severity of behavior, number of incidents, etc. Possible consequences to a student for a violation of this policy include: loss of privileges, classroom detention, conference with teacher, parents contacted, conference with principal, in-school suspension, out-of-school suspension, or expulsion and law enforcement contact.

The District shall give annual notice of the policy to students, parents or guardians, and staff. This policy shall be included in all student handbooks. This policy shall also be posted on the District's web page (as a Board policy) and a copy shall be placed in the District Administrative Office.

The District shall provide information and appropriate training to District staff that have significant contact with students regarding the policy. All staff with significant student contact shall be trained on the requirements of this policy on an annual basis.

The District shall provide education and information to students regarding bullying, including information regarding this policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying. The District shall instruct its school counselors, school social workers, licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for students to overcome bullying's negative effects. Such techniques include but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend him or herself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. District administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

Retaliation toward students, teachers, staff, or administrators for reporting bullying is prohibited.

TITLE ONE: PARENTS RIGHT TO KNOW

Our district is required to inform you of information that you, according to the Every Student Succeeds Act of 2015 (Public Law 114-95), have the right to know.

Upon your request, our district is required to provide to you in a timely matter, the following information:

PRF 6190 VIRTUAL EDUCATION

Instructional Services

Curriculum Services

The District will annually permit any eligible student, under the age of twenty-one (21) who resides in the District, to enroll in Missouri Course Access and Virtual School Program (“Program”) courses as part of the student’s annual course load. Course costs will be paid by the District provided that the student:

1. Is enrolled full-time and has attended a public school, including a charter school, for at least one (1) semester immediately prior to enrolling in the Program. However, if the reason for a student’s non-attendance in the prior semester is a documented medical or psychological diagnosis or condition which prevented attendance, such non-attendance will be excused; and
2. Prior to enrolling in the Program course has received District approval through the procedure set out in this Regulation 6190.

Each Program course successfully completed will count as one class and will receive that portion of a full-time equivalent that a comparable course offered by the District generates.

A. Enrollment

The enrollment process for participation in the Program will be substantially similar to the enrollment process for participation in District courses. In making the enrollment decision, the District may consider the suitability of virtual courses based upon prior participation in virtual courses by the student. In addition, available opportunities for in-person instruction will be considered prior to enrolling a student in virtual courses. The process may include consultation with a school counselor. However, consultation does not include the counselor’s approval or disapproval of enrollment in the Program. However, the District has ten (10) business days from the date the application was submitted to the District to approve or deny the application.

When a District school denies a student’s enrollment in a Program course, the District will provide in writing a “good cause” reason for the denial. Such good cause determination will be based upon a reasonable determination that the enrollment is not in the student’s best educational interest. Where enrollment is denied, the student/parent/guardian may seek review of the decision in the same manner as the District allows review from denial of enrollment in an in-class course.

Program credits previously earned by a student transferring into the District will be accepted by the District. Students who are participating in a Program course at the time of transfer shall continue in the course with the District assessing future monthly payments.

Home school and private students wishing to take additional courses beyond their school’s regular course load will be permitted to enroll in Program courses under an agreement, including the student’s payment of tuition or course fees.

B. Payment for Program Courses

Cost associated with Program courses shall be paid by the District for students satisfying subsection (1) of this Regulation 6190. Payments will be made on a monthly cost basis prorated over the semester enrolled. Payments will be made directly to the Program contract provider. Such payments per semester will not exceed the market cost, but in no case more than 7% of the state adequacy target per semester. In the event a Program participant discontinues their enrollment, the District will discontinue monthly payments made on the student’s behalf.

In the case of a student who is a candidate for A+ tuition reimbursement and who is enrolled in a Program course, the District will attribute no less than ninety-five (95%) percent attendance to any such student who has successfully completed such a Program course. K-8 Districts will be required to pay the District for Program attendees residing in the K-8 District.

C. Program Course Evaluation

The District will consider recommendations made by DESE relative to a student's continued Program enrollment. Based in part on DESE's recommendations, the District may terminate or alter a course offering if the District, in its reasonable discretion, determines that the Program course(s) is not meeting the student's educational needs.

Independently, the District will monitor student progress and success in Program courses. The District will annually provide DESE with feedback regarding Program course quality.

The District is not obligated to provide computers, equipment or internet access except for eligible students with a disability in compliance with federal and state law.

The District will include students' enrollment in the Program in determining the District's average daily attendance (ADA). For students enrolled in the Program on a part-time basis, ADA will be calculated as a percentage of the total number of Program courses in which the student is enrolled by the number of courses required for full-time students.

The District will provide a copy of DESE's Virtual School Guidance document to every District parent/guardian at the beginning of each school year and upon enrollment of every student enrolling after the beginning of the school year. In addition, the district will provide an electronic version of the Guidance document on the main page of the District's website.

D. Students Disenrolled from Full-Time Virtual Schools

When a District student is disenrolled from a full-time virtual program, the virtual school must immediately notify the District of their disenrollment decision. Upon notice of such a decision, the District will provide the parents/guardians of the student with a written list of available District educational options. Such students shall be promptly enrolled in their selected educational option.

Any student disenrolled from a full-time virtual school will be prohibited from re-enrolling in the same virtual school for the remainder of the school year.

E. Notice

The District will inform District parents of their child's right to participate in the Program. Opportunity to participate in the Program will be provided in parent handbooks, registration documents and on the homepage of the District's website.

Alternative Methods of Instruction Plan (AMI PLAN)

The Calhoun R-VIII School District has worked through a collaborative process to implement an Alternative Method of Instruction (AMI) plan to be utilized on days school is closed, such as for any future virus closures or it could be used for inclement weather, flooding, exceptional emergency circumstances, or other natural disasters. The goal of the AMI plan is to embed learning activities focused on reinforcement of critical learning standards, enrichment activities, or support for further skill development. Consistent practice and exposure to skills without interruption is the most effective way to ensure student understanding and mastery of content knowledge is achieved.

We will notify all guardians, as we have in the past, via school outreach calls, social media postings, and through local television stations in the event of school closures and use of AMI days. In the event of school closing, teachers will be accessible for questions, clarification, and feedback through email. The Calhoun R-VIII School District will utilize Google Classroom/Savvas and other online platforms to access student work for the missed days, along with an explanation of expectations. Directions and pertinent information will be included within the page.

Learning Activities Due Date

Students will complete learning activities at home during the missed day(s). Learning activities will be returned digitally or packets will be returned to school throughout the school closure, or **within two days of returning** to school. Student attendance for AMI days will be based upon work submitted when school is back in session.

Lesson Activities and Expectations

Student access to the internet has been taken into consideration. Access to learning activities will be in multiple formats, online and hard copy, to meet the needs of all students. Learning activities will reinforce learning already presented during daily classroom instruction. Instruction for online activities will also be included for students who have access to the internet and devices.

Students in grades K-8 can access learning activities through Google Classroom, and other online resources made available. In the event the learning activities cannot be accessed through technology, a paper packet will be provided to students upon request from the guardian. Student learning activities do NOT have to be printed. Students can complete the required assignments on the printed documents or on notebook paper.

Students unable to access the internet will be provided a hard copy of learning activities upon request from student or guardian.

If you have any questions or concerns, please contact your child's teacher.

NONDISCRIMINATION AND STUDENT RIGHTS

SEARCHES BY SCHOOL PERSONNEL (Policy 2150)

School lockers and desks are the property of the Board of Education and are provided for the convenience of students, and as such, are subject to periodic inspection without notice, without student consent, and without a search warrant. The lockers and desks may be searched by school administrators or staff who have a reasonable suspicion that the lockers or desks contain drugs, alcohol, material of a disruptive nature, stolen properties, weapons, items posing a danger to the health or safety of students and school employees, or evidence of a violation of school policy. In addition, the Board of Education authorizes the use of trained dogs to sniff lockers or other school property to assist in the detection of the presence of drugs, explosives, and other contraband. Students or student property may be searched based on reasonable suspicion of a violation of District rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, if such witnesses are available. Students may be asked to empty pockets, remove jackets, coats, shoes and other articles of exterior clothing for examination if reasonable under the circumstances.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on school premises may be searched if a school administrator has reasonable suspicion to believe that illegal, unauthorized

or contraband items or evidence of a violation of school policy is contained inside the vehicle. Law enforcement officials shall be contacted if the search produces a controlled substance, drug paraphernalia, weapons, stolen goods or evidence of a crime, in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be contacted. A student who refuses to submit to a search may be appropriately disciplined by school officials.

INTERVIEWS, INTERROGATIONS, AND REMOVAL FROM SCHOOL

The School District has legal jurisdiction over students during the school day and hours of approved extracurricular activities. The school administration is responsible for making an effort to protect each student's rights with respect to interrogations by law enforcement officials. When law enforcement officials find it necessary to question students during the school day or periods of extracurricular activities, the school principal or designee will be present and the interview will be conducted in private.

The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal ordinarily will make reasonable efforts to notify the student's parents/guardians.

REMOVAL OF STUDENTS FROM SCHOOL

Before a student at school is arrested or taken into custody by law enforcement or other legally authorized person, the principal will verify the official's authority to take custody of the student. The school principal will attempt to notify the student's parent/guardian that the student is being removed from school.
