INTERPRETATION OF MANCHESTER ACADEMY POLICIES

The Manchester Academy administration has discretionary authority to interpret the terms and provisions of this handbook, and to determine all questions arising in the administration, interpretation, and application of the handbook. Parents and students should understand and agree to support the rules, dress code, and discipline procedures of the school in order to become a part of Manchester Academy. This handbook does not and cannot address every situation, question, or problem that may arise. Thus, any situation, question, or problem that arises and is not covered in this handbook will be left to the discretion and handling of the administration.

STUDENT HANDBOOK FORM

All students and their parents/guardians must complete a Student Handbook Acknowledgement Form. Parents sign all forms when the FACTS enrollment packet for the school year is submitted. Students will be asked to sign the form on the first day of school. By signing this form, students acknowledge that they have read, understand and agree to be bound by the rules, regulations, and policies set forth in this handbook. In addition, each student must sign the form for acceptable technology use.

NON-DISCRIMINATION POLICY

Manchester Academy, an independent school, does not discriminate on the basis of race, color, national, or ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

ADMISSIONS POLICIES

1. Christian principles and academic excellence form the basis of the philosophy of Manchester Academy. We believe that each student should have the opportunity to reach his/her maximum potential.
2. Manchester Academy enrolls students in grades 2K-12.
3. Manchester Academy does not discriminate on the basis of race, color, national, or ethnic origin.
4. In grades consisting of more than one section of classes, parental preference regarding teachers cannot be accepted (neither may teachers request to have or not have a particular student).
5. Our policy is to admit students with a broad range of ability levels. However, to ensure our ability to adequately meet the needs of all our students, including those with learning disabilities or other special needs, we may limit the number of students admitted. Enrollment is contingent on a review of previous school performance, teacher recommendations, other specialized testing as deemed appropriate by the administration, and a successful parent/guardian interview with the head of school and the guidance counselor. For parents who would like to request academic accommodations for their child, specialized testing papers *from at least within the last two years from a specialized psychometrist* must be on file

with the guidance counselor. Admission to Manchester Academy is at the sole discretion of the administration.

6. **Expulsion from another school:** The administration of Manchester Academy will not consider a student expelled from another school (public or private) for enrollment. Any exception to this policy will be determined by the Manchester Academy Board of Directors.
7. Before final acceptance into Manchester Academy, new students entering grades 1-12 must submit a current report card and transcript from the school previously attended (grades 1-12) to be officially admitted. (The school retains the right to determine the grade to which any student will be conditionally accepted.)
8. Admission to and continued enrollment in Manchester Academy exists at the sole discretion of the administration.
9. In order for their children to remain students at Manchester Academy, parents or guardians must realize that, for the school to meet its financial obligations, the parents must also meet their financial obligations to the school.

WITHDRAWALS AND TRANSFERS

The procedure for withdrawal or transferring is as follows:

1. Parent or guardian notification.
2. Obtain appropriate forms from guidance office.
3. Have the forms filled out by teachers and return all books and property, and make sure all fees are paid
4. Take completed forms to the Guidance Counselor for final clearance.
5. Upon a student's withdrawal from Manchester Academy, the grades at the time of withdrawal are considered final grades for the student.
6. Students who move into the area may be admitted to grades 7-12 at the time of their relocation. If previous school records do not provide a clear assessment of the student's ability to be successful at Manchester Academy, the school may require additional testing. Subsequently, a nine-week probationary period that will include parent-teacher recommendations may be required.

2. Manchester Academy observes the rules of sportsmanship as stated in the MAIS Sportsmanship Creed. Parents who are demonstrating the following but not limited to actions: shouting at officials, harassing student athletes, or showing poor sportsmanship will be issued a warning by the administration. After this warning, the individual(s) involved will be considered on probation. If another infraction occurs during the probation period, the administration will ask the individual(s) to leave and will be escorted out of the building, court, and/or field. A MANDATORY conference will be held the following MORNING at which time a decision will be issued as to the individual(s) in question will be allowed the privilege of returning to MA athletic events for the rest of the school year.
3. Parents MUST be responsible for their children at athletic events. Parents must make sure their children are supervised at all time. This is for the safety of the children.

4. In addition, the grades of all athletes will be checked weekly. Coaches and teachers should communicate about any student that is falling behind or not performing class work to a satisfactory level.
5. The MAIS Athletic Eligibility Rules are as follows:
6. **Must be a bona fide student:** A student shall be enrolled in school and taking at least four (4) major academic subjects, and a member in good standing according to the school's and/or conference regulations. If a participant represents a school in an inter-school competitive event before the start of that school's opening session, he or she must enroll in that member school at the opening of that school's session in the same year. If a participant who has represented a school in a competitive event before the opening of that school's session fails to enroll in that school at the start of that school's session, MAIS transfer rules will apply to said participant, and the school will be subject to disciplinary action by the Affairs Committee.
7. Should the participant (student-athlete) be a new transfer student from a member school, a copy of the cumulative record / insert / transcript must be complete and on file. If the former school is withholding any part of the cumulative folder for reasons of indebtedness incurred by the student at the previous school, said student shall be ineligible until his/her financial obligation is met at the former school. The administrator of the previous school shall inform the administrator of the new school of such indebtedness. No student may practice at any member school unless he has registered at said school.
8. Note: Registering for school is deemed to include those requirements any new student must complete to secure a place in that school. These activities generally include such things as meeting with the school administrator, paying a registration fee, signing an educational contract, etc.
9. **DATE OF BIRTH:** A student athlete shall not have reached his/her 19th birthday before August 1 in the school year in which he/she wishes to participate.
10. **STUDENT MUST BE A NON-GRADUATE:** A student athlete shall not be a graduate of a high school (foreign or domestic)!
11. **LEVEL OF PARTICIPATION:** A student athlete shall not have participated in athletics above the high school level. This does not mean that a student cannot attend sports camps that are held on college campuses and often instructed by college coaches and/or professional players and coaches. Said sports camps shall be approved by the Director of Activities.
12. **FOUR CONSECUTIVE YEARS OF PARTICIPATION:** Upon entering the 9th grade, a student will have four (4) consecutive years of eligibility in inter-school contests. This is interpreted to mean that a student is eligible for four (4) consecutive years after entering the 9th grade, regardless of when he/she began to participate.
13. **FIRST AND SECOND SEMESTER ELIGIBILITY:** To be eligible for the first semester of a school year: A student must have accumulated four (4) major units (credits) the previous academic year. (Previous academic year is interpreted to be a complete year or any part of a school year in which a student is enrolled at either a member school or a non-member school.)
14. **MANCHESTER ACADEMY ATHLETIC ELIGIBILITY RULE:** All athletes will have grades checked every three weeks. Any athlete with two F's will be placed on probation for three weeks. If at the end of the probationary period, the student has no more than one F, the student will remain eligible to participate. If the student still has two or more F's, he or she will be ineligible for three weeks. (Note: Honors classes will be weighted. Also, ineligible athletes will be allowed to practice but will not be allowed to play in games.)

15. **SUMMER SCHOOL / CORRESPONDENCE COURSES:** Courses taken in summer school shall be considered as an extension of the school year, and credits earned this way may be used in determining scholastic eligibility of students. Accredited correspondence courses started in the spring or summer may be accepted for establishing athletic eligibility for the first semester of the school year. Eligibility would begin upon written verification from the accredited institution that the course has been successfully completed, and credit has been awarded. The last date that a correspondence course could be started, and still be used for first semester eligibility, is the day before the first day of school.
16. **PHYSICAL EXAMINATIONS:** Before participating in athletics, a student must present a physician's certification stating that he or she is physically fit for competition. A statement is included on the eligibility checklist submitted to the MAIS Office certifying that physical examination certificates are on file with the school. The school administrator must sign this statement.
