

Rebekah Knape Description

Exemplary Teacher

We asked her to share a few things about herself!

How long have you been in education?

“8 years”

What is your current teaching position?

"5th Grade Social Studies & Guided Reading, Ingram Elementary School"

Why are you an Educator?

“I am an educator because of the love shown to me by many of the teachers I had growing up. I also teach because I feel it is important to instill the love of learning in others. It is so important to me to teach to the WHOLE child, not just about the subject.”

Why is Ingram ISD a great place to work?

“It is home! I have the pleasure of being an Ingram Tom Moore alumni. This community gave so much to me and shaped who I am today. I enjoy having the opportunity to do the same for others. We are a family who all have the growth of our students in mind. When you love those you are surrounded by because we all lift each other up”

A Quote About Jami:

“Mrs. Knape has such a big heart! She loves her students so well and it's clear that the feeling is mutual. She seeks out what is needed to ensure students are successful in her classroom. She gives so much to her students and school. I'm so thankful she's a Brave!” Kali Brandt, Principal at IES
