Hamilton R-II Career Ladder Plan

The Hamilton R-II School District has a **vision** to inspire and challenge students to achieve their full potential with a **mission** of “providing a positive environment with a variety of challenging opportunities for pre-K through post-graduate learners.” Furthermore, the District will promote diverse academic, personal and professional endeavors that will culminate with students becoming positive productive members of an ever-changing society. The Hamilton R-II School District Career Ladder Plan has been developed from this basic premise.

The Hamilton Career Ladder Plan’s purpose is to provide enhanced educational experience for the district’s students through recognition and rewarding of productive, effective educators. The Hamilton School District has developed a District School Improvement Plan, a Curriculum Development Plan, a Professional Development Plan, and participates in the Missouri School Improvement Program. All Career Ladder responsibilities shall directly relate to these plans or other instructional improvement.

The Hamilton School District shall award qualified participating teachers supplemental pay in an amount to be specified annually, not to exceed \$1,500 for Stage I, \$3,000 for Stage II, or \$5,000 for Stage III. This supplemental pay shall be in addition to the salary normally accorded the teacher by the District’s salary schedule.

Stage	Hours	Maximum Dollars
I	50	\$1,500
II	75	\$3,000
III	100	\$5,000

All Career Ladder responsibilities will be academic in nature and shall directly and obviously relate to the improvement of programs and services for students as outlined in the Hamilton School Improvement Plan, Curriculum Development Plan, Professional Development Plan, the

Missouri School Improvement Program or other instructional improvement plan in the Hamilton School District.

The teacher's Career Development Plan (CDP) will associate each Career Ladder responsibility or volunteer effort with either a designated plan or other instructional improvement.

***In case of insufficient funding, the Career Ladder Program will be suspended.

*** A minimum of 50% of the plan hours must be spent on the expansion of student learning. (i.e., Before or after school tutoring in individual (1:1) or group settings.)

Composition of the Career Ladder Committee

The Hamilton School District teachers selected six teachers, at least three district patrons (minimum of one to represent each school building), and three administrators, to serve on a working group that developed the Hamilton School District's DCLP. This working group gathered feedback on the draft of the DCLP from staff and board members and made appropriate revisions before it was presented to the local school board for approval.

Peer Review Committee

During April of the year prior, the teachers shall elect two representatives from each building (one from PreK-5, one from 6-8 and one from 9-12) to serve on the Career Ladder Peer Review Committee (along with three administrators to be appointed by the Superintendent of Schools) for the purpose of reviewing career ladder plans. The term will be for two years. Thus, the committee would always include six teachers, with a group of three to be elected each April. (No limit on terms served.)

The "continuing" building Peer Review Committee Member from each building shall have the responsibility of advertising the position and creating a ballot with the names of those interested.

Career Ladder Assessment Committee

Each year, three teachers selected by their peers (one from PreK-5, one from 6-8, and one from 9-12), two district administrators, and the Superintendent will serve on the Career Ladder Assessment Committee, which would be co-chaired by the Superintendent of Schools and a member of the teaching staff. New persons interested in serving on this committee must submit a letter of interest prior to May 1st of each year. The selection of new members will be announced by last Friday in August.

The function of this committee would be to carefully review the plan each year, and make appropriate changes. The plan would be carefully assessed each year. Once assessed and approved by this committee, the plan would be presented to the Board of Education during the regular April meeting for their approval. Once approved in April, the plan would become the working copy for the next calendar year.

In addition, the Hamilton School District will report data on their Career Ladder Grant Program to the Department of Elementary and Secondary Education upon request. Information reported to the department upon request may include but not be limited to

- A. Total number of teachers participating at each stage
- B. Total state contribution
- C. Total local contribution
- D. Total hours of teacher participation in these categories
 - Participating in teacher externships as provided in section 168.025, RSMo;

Plans must be turned in no later than May 1st. The Peer Review team will meet by May 15 to review the plans. You are encouraged to complete all responsibilities by May 1. Appeals Process

Any Hamilton School District educator who is denied participation in the Career Ladder Program due to a determination from the performance-based evaluation process or a determination that they have not met the requirements for participation will have the option to appeal that determination.

In terms of PBTE, refer to the board-approved plan. The appeals process is clearly stated in that document.

In terms of the career ladder plan, should the Peer Review Committee turn down a responsibility, that decision may be appealed to the Assessment Committee, with the Superintendent of Schools abstaining from participation.

Following that appeal, the matter would be appealed to the Superintendent of Schools. The next step, if needed, would be to seek an audience with the Board of Education.

As a general rule of thumb, those responsibilities that support stated goals and objectives as outlined in the District Comprehensive School Improvement Plan, Professional Development Plan, and Curriculum/Assessment Plan will be approved.

Appeal procedures shall be implemented in a timely fashion. All decisions made with respect to a teacher's application to and placement on any stage of the Career Ladder shall be based on the qualifications for that stage as stated in this Hamilton School District Career Ladder Plan.
