This form can be used to make multiple changes to your records at the Teachers Retirement System of Georgia (TRS). These changes are effective on the date that this correctly, completed and signed form is received in the TRS office and revokes any prior information on file. At the top of the form, be sure to check the options for each change you are making, as well as complete "Your Information." This section must be completed for any changes to take effect.

### Name Change

If you have changed your name, please complete this section.

### Designation of Beneficiary(ies)

This section allows you to change both primary and secondary beneficiary designations, as well as the percentage allocated to each. You must complete all requested information for any changes to be valid. This form will revoke any prior information on file at TRS.

You may name your estate or trust as your primary or secondary beneficiary, however, a monthly benefit cannot be paid to your estate or trust. If your estate or trust is your only eligible designated beneficiary, a lump-sum payment of the contributions and interest in your account at the time of your death will be paid to it. Your executor or trustee should not be named as your beneficiary. The name and address of your executor or trustee should be listed on a separate, attached page.

### Multiple Beneficiaries

If you elect more than one primary or more than one secondary beneficiary, make sure you indicate the total percentage of available benefits to be paid to each. The total for primary beneficiaries must equal 100%; the total for secondary beneficiaries must equal 100%. If no percentage distribution is indicated, your available benefits will be divided equally among the eligible beneficiaries. It is important to note that, if you do not indicate a percentage distribution, secondary beneficiaries are not eligible for benefits unless all primary beneficiaries are deceased.

If you wish to name more beneficiaries than space allowed on the form, you may attach a separate piece of 8.5" x 11" paper on which you may list additional beneficiaries. Each must be clearly named, numbered and allotted a percentage of benefits to be paid. **You must sign and date all additional pages, along with the original form.**

### Before sending in this form, please be sure to:

- ♦ Fill out completely. Incomplete forms will be returned to you and not processed.
- ♦ Sign and date the form, along with any attachments you may have.
- ♦ Your records will be updated when the correct, completed form (and attachments if necessary) are received in the TRS office.
- ♦ Filling out this form with any changes revokes any prior information on file.

## General Instructions

### Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to [www.irs.gov/FormW4](http://www.irs.gov/FormW4).

### Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

**Exemption from withholding.** You may claim exemption from withholding for 2021 if you meet both of the following conditions: you had no federal income tax liability in 2020 **and** you expect to have no federal income tax liability in 2021. You had no federal income tax liability in 2020 if (1) your total tax on line 24 on your 2020 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, 29, and 30), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2021 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2022.

**Your privacy.** If you prefer to limit information provided in Steps 2 through 4, use the online estimator, which will also increase accuracy.

As an alternative to the estimator: if you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c). If this is the only job in your household, you may instead check the box in Step 2(c), which will increase your withholding and significantly reduce your paycheck (often by thousands of dollars over the year).

**When to use the estimator.** Consider using the estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App) if you:

1. Expect to work only part of the year;
2. Have dividend or capital gain income, or are subject to additional taxes, such as Additional Medicare Tax;
3. Have self-employment income (see below); or
4. Prefer the most accurate withholding for multiple job situations.

**Self-employment.** Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App) to figure the amount to have withheld.

**Nonresident alien.** If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

## Specific Instructions

**Step 1(c).** Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

**Step 2.** Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

Option **(a)** most accurately calculates the additional tax you need to have withheld, while option **(b)** does so with a little less accuracy.

If you (and your spouse) have a total of only two jobs, you may instead check the box in option **(c)**. The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

**Multiple jobs.** Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

**Step 3.** This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 972, Child Tax Credit and Credit for Other Dependents. You can also include **other tax credits** in this step, such as education tax credits and the foreign tax credit. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

### Step 4 (optional).

**Step 4(a).** Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

**Step 4(b).** Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2021 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

**Step 4(c).** Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) – Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on only ONE Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

- 1 Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3
2 Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a
b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b
c Add the amounts from lines 2a and 2b and enter the result on line 2c
3 Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc.
4 Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)

Step 4(b) – Deductions Worksheet (Keep for your records.)

- 1 Enter an estimate of your 2021 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income
2 Enter: { \$25,100 if you're married filing jointly or qualifying widow(er); \$18,800 if you're head of household; \$12,550 if you're single or married filing separately }
3 If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"
4 Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information
5 Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4

**INSTRUCTIONS FOR COMPLETING FORM G-4**

Enter your full name, address and social security number in boxes 1a through 2b.

Line 3: Write the number of allowances you are claiming in the brackets beside your marital status.

- A. Single – enter 1 if you are claiming yourself
- B. Married Filing Joint, both spouses working – enter 1 if you claim yourself
- C. Married Filing Joint, one spouse working – enter 1 if you claim yourself or 2 if you claim yourself and your spouse
- D. Married Filing Separate – enter 1 if you claim yourself
- E. Head of Household – enter 1 if you claim yourself

Line 4: Enter the number of dependent allowances you are entitled to claim.

Line 5: Complete the worksheet on Form G-4 if you claim additional allowances. Enter the number on Line H here.

**Failure to complete and submit the worksheet will result in automatic denial on your claim.**

Line 6: Enter a specific dollar amount that you authorize your employer to withhold in addition to the tax withheld based on your marital status and number of allowances.

Line 7: Enter the letter of your marital status from Line 3. Enter total of the numbers on Lines 3-5.

Line 8:

- a) Check the first box if you qualify to claim exempt from withholding. You can claim exempt if you filed a Georgia income tax return last year and the amount of Line 4 of Form 500EZ or Line 16 of Form 500 was zero, **and** you expect to file a Georgia tax return this year and will not have a tax liability. You cannot claim exempt if you did not file a Georgia income tax return for the previous tax year. **Receiving a refund in the previous tax year does not qualify you to claim exempt.**

**EXAMPLES:** Your employer withheld \$500 of Georgia income tax from your wages. The amount on Line 4 of Form 500EZ (or Line 16 of Form 500) was \$100. Your tax liability is the amount on Line 4 (or Line 16); therefore, you **do not qualify** to claim exempt.

Your employer withheld \$500 of Georgia income tax from your wages. The amount on Line 4 of Form 500EZ (or Line 16 of Form 500) was \$0 (zero). Your tax liability is the amount on Line 4 (or Line 16) and you filed a prior year income tax return; therefore you **qualify** to claim exempt.

- b) Check the second box if you are not subject to Georgia withholding and meet the conditions set forth under the Servicemembers Civil Relief Act. Under the Act, a spouse of a servicemember may be exempt from Georgia income tax on income from services performed in Georgia if:
  - 1. The servicemember is present in Georgia in compliance with military orders;
  - 2. The spouse is in Georgia solely to be with the servicemember;
  - 3. The servicemember maintains domicile in another state; and
  - 4. The domicile of the spouse is the same as the domicile of the servicemember or the spouse of the servicemember has elected to use the same residence for purposes of taxation as the servicemember.

Additional information for employers regarding the Military Spouses Residency Relief Act:

- 1. On the W-2 the employer should not report any of the wages as Georgia wages.
- 2. If the spouse of a servicemember is entitled to the protection of the Military Spouses Residency Relief Act in another state and files a withholding exemption form in such other state, the spouse is required to submit a Georgia Form G-4 so that withholding will occur as is required by Georgia Law when a Georgia domiciliary works in another state and withholding is not required by such other state. If the spouse does not fill out the form, the employer shall withhold Georgia income tax as if the spouse is single with zero allowances.

**Worksheet for calculating additional allowances.** Enter the information as requested by each line. For Line 2D, enter items such as Retirement Income Exclusion, U.S. Obligations, and other allowable deductions per Georgia Law, see the IT-511 booklet for more information.

**Do not complete Lines 3-7 if claiming exempt.**

**O.C.G.A. § 48-7-102** requires you to complete and submit Form G-4 to your employer in order to have tax withheld from your wages. By correctly completing this form, you can adjust the amount of tax withheld to meet your tax liability. Failure to submit a properly completed Form G-4 will result in your employer withholding tax as though you are single with zero allowances.

Employers are required to mail any Form G-4 claiming more than 14 allowances or exempt from withholding to the Georgia Department of Revenue for approval. Employers will honor the properly completed form as submitted pending notification from the Withholding Tax Unit. Upon approval, such forms remain in effect until changed or until February 15 of the following year. Employers who know that a G-4 is erroneous should not honor the form and should withhold as if the employee is single claiming zero allowances until a corrected form has been received.
