

Return to School Guidance-Students

Student Name: _____ Earliest Return Date: _____

Students with SYMPTOMS consistent with Covid-19 Infection and no close contact - (Fever, worsening cough, shortness of breath, loss of taste or smell. May also have a headache, sore throat, congestion or runny nose, body aches, etc.)

Your child can return to school when you can answer YES to all three of the following questions:

- Has it been at least 10 days since your child first had symptoms OR do you have medical documentation/negative Covid-19 test clearing your child to return to school?
- Has it been at least 24 hours since your child had a fever (without fever reducing medicine)?
- Has it been at least 24 hours since your child's symptoms have improved, including cough and shortness of breath?

Students with a POSITIVE COVID-19 TEST with or without symptoms

Your child can return to school when you can answer YES to all three of the following questions:

- Has it been at least 10 days since your child first had symptoms or a positive Covid-19 test?
- Has it been at least 24 hours since your child had a fever (without fever reducing medicine)?
- Has it been at least 24 hours since your child's symptoms have improved, including cough and shortness of breath?

Close contact with COVID-19 POSITIVE person - UNVACCINATED/NOT FULLY VACCINATED

Your child can return to school:

- After 10 days if your child has had no Covid-19 symptoms. You will need to continue monitoring for Covid symptoms until day 14 and wearing a mask is recommended; **and**
- If your child has a positive Covid-19 test or becomes symptomatic, follow guidance for "Students with a POSITIVE COVID-19 TEST with or without symptoms" above.

Close contact with COVID-19 POSITIVE person - FULLY VACCINATED

Your child can return to school:

- No quarantine is necessary. You will need to continue monitoring for Covid symptoms until day 14; **and**
- If your child has a positive Covid-19 test, follow guidance for "Students with a POSITIVE COVID-19 TEST with or without symptoms" above: **or**
- If your child becomes symptomatic, follow guidance for "Students with a POSITIVE COVID-19 TEST with or without symptoms" above or provide medical documentation of a negative Covid-19 test.

Fever, Vomiting, Diarrhea or Minor Symptoms IN THE ABSENCE OF OTHER COVID-19 SYMPTOMS

Your child can return to school when you can answer YES to the following questions:

- Has it been at least 24 hours since your child had a fever (without fever reducing medicine), vomiting or diarrhea?
- Has your child had no known close contact (within 6 feet for at least 15 minutes) in the last 14 days with someone diagnosed with Covid-19?
- If your child develops other Covid-19 symptoms, call your school nurse and follow guidance for "Students with a POSITIVE COVID-19 TEST with or without symptoms" or "NO COVID-19 TEST and has SYMPTOMS consistent with Covid-19 infection" above.
