### SASD MISSION STATEMENT

Our mission is to empower all learners to define their talents, exercise effective collaboration and communication, and refine their critical thinking skills to succeed.

### VISION STATEMENT

Together we develop well-rounded, collaborative, critical thinkers.

### PROUD HOME OF THE GREYHOUNDS... GO, MAROON AND GREY!

#### *Alma Mater*

All hail our high school, its tower and bell, willing and eager its praises to tell.

To pledge allegiance, we'll sing loud and long, Shippensburg triumphant its glory in song.

Chorus

We love thee, Alma Mater, and loud our voices raise,

For all your patient teachings, this noble hymn of praise,

The world will need our service, In life, at work or play,

But deep inside, shall be a pride in our Maroon and Grey.

Lead on and serve well, ye, old grads and new. Make your old high school be proud of you.

Mid all life's ventures, if chance comes along, let's raise our voices in this tribute song.

## **WELCOME**

To Parents/Guardians and Our Youngest Greyhounds:

We extend a warm welcome to all new and returning Shippensburg Area School District students and their families as we begin the 2023-2024 school year. This year is full of opportunities for growth and success, and we are thrilled to be a part of your educational journey.

District administration takes immense pride in our exceptional teachers and staff, as well as our comprehensive curricular and extracurricular programs designed to meet our students' unique needs. We encourage all Greyhounds to approach this year with a positive attitude, an open mind, and enthusiasm for learning.

The Shippensburg Area School District Student Handbooks which include the Student Code of Conduct are annually reviewed and reflective of new and revised Board Policies. Please note that the building handbook is not a contract between the school District, parents, and students, and it can be amended at the discretion of the District. The administration will communicate policy or procedural changes enacted during the school year as necessary.

Parent or guardian and student cooperation is important to ensure the successful educational growth and development of each student. We hope Board policies, administrative guidelines, and this handbook will be helpful in developing this cooperation. Thank you for being an active member of the Greyhound community, and we look forward to a successful school year ahead.

## ANNUAL NOTICE TO PARENTS

In compliance with state and federal law, the Shippensburg Area School District will provide to each "protected handicapped student" without discrimination or cost to the student or family, those related aids, services, or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extra-curricular activities to the extent appropriate to the student's abilities. In order to qualify as a protected handicapped student, the child must be of school age with a physical or mental disability, which substantially limits or prohibits participation in or access to an aspect of the school program. These services and protections for "protected handicapped students" are distinct from those applicable to all eligible or exceptional students enrolled or seeking enrollment in special education programs. For further information on the evaluation procedures and provision of services to protected handicapped students, contact the supervisor of special education or the appropriate building principal.

**Grace B. Luhrs University Elementary School Schedule** **8:50 am - 3:20 pm**

**James Burd Elementary School Schedule** **8:40 am - 3:10 pm**

**Students should arrive at school between 8:20 am and 8:30 am.** If your child arrives inside the building after 8:40 am, you need to report to the office with them. A late arrival slip will be completed to send with your child to their classroom.

**Nancy Grayson Elementary School Schedule** **8:55 am – 3:25 pm**

**Students should arrive at school between 8:35 a.m. and 8:45 a.m.** If your child arrives inside the building after 8:55 am, you need to report to the office with them. A late arrival slip will be completed to send with your child to their classroom.

**Shippensburg Area Intermediate School Schedule** **8:40 am - 3:10 pm**

**Students should arrive at school between 8:20 am and 8:30 am.** If your child arrives inside the building after 8:40 am, you need to report to the office with them. A late arrival slip will be issued and sent with your child to their classroom.

Students being picked up after school must follow the pick-up procedures outlined by their specific elementary building.

Students are expected to have notes designating the change to afternoon routine if it is for a specific day only.

Any student who reports to a teacher or the office that they will be picked up after school and has not brought a note from a parent/guardian will be sent home via their regular mode of transportation. We understand there are emergency cases. However, for your child's safety, we ask parents to not make a habit of calling the office to arrange pick-ups due to the possibility of oversights. Your cooperation in this matter is greatly appreciated.

## ATTENDANCE

[Policies 204 & 218](#)

State law mandates compulsory attendance for school-age children as outlined in District Policy 204. This policy is enforced for all students grades K-12. Regular attendance has a significant effect on your child's success in school. Our instructional programs rely on the continuity provided by regular school attendance. We encourage and appreciate your assistance in establishing a regular attendance pattern for your child.

The school laws of Pennsylvania require the regular attendance of all children from the time they are enrolled in the public schools, which shall be no later than age six (6) up to eighteen (18) years of age.

Students may be excused for the following reasons with a parent/guardian note:

- Illness
- Quarantine
- Recovery from an accident
- Required court attendance
- Death in the family
- Educational tours and trips, with prior approval

Any student arriving at school after the time listed above but before 12:00 pm will be considered a late arrival.

Any student arriving at school after 12:00 pm will be considered half day absent.

### **Reporting Absences**

- Student absences must be recorded as excused or unexcused by school district officials. - Failure to provide a written explanation will result in the absence being declared unexcused and/or unlawful.
- After three (3) unexcused and/or unlawful absences, a legal letter will be mailed to the child's primary residence.
- After four (4) unexcused and/or unlawful absences, the school is required to create a Student Attendance Improvement Plan during a meeting with the parents.

At SAIS, swimming is a component of the Physical Education program. Your child is expected to swim during the scheduled swim classes.

## **SCHOOL-ISSUED SUPPLIES AND TECHNOLOGY**

### **Policies: 224 & 815**

### **Textbooks and Supplies**

All required textbooks and some school supplies will be furnished by the District without charge. They remain the property of the school. Students are expected to take care of all books and supplies and will be held responsible for any loss or damage.

Parents or guardians and/or students will be charged to replace lost or damaged books and District-issued technology at current value.

### **Technology and Internet Use**

The Internet, the network, 1:1 District-assigned devices, and other technology resources are to be used to facilitate learning and teaching through interpersonal communications, access to information, research, and collaboration. The use of the Internet, the computers, and the network are a privilege, and not a right. Inappropriate, unauthorized and/or illegal use will result in the cancellation of those privileges and appropriate disciplinary actions will be taken.

Go Guardian is used at Shippensburg Area School District to monitor student use of Internet sites.

Prohibited uses include, but are not limited to:

- Playing games (unless prior approval has been given)
- Exploring the network
- Manipulating others students' work (including deleting, modifying, or moving)
- Printing anything that is not class-related

The following items are considered inappropriate use unless the student is directly following a teacher's instruction: email, downloading files, and network chats.

**Students are strictly prohibited from installing software on District devices or on the network.\*\***

No student may delete the Internet tracking records, change system settings (including, but not limited to backgrounds, icons, screensavers, and network settings).

The Internet may be used for recreational research as long as the supervising teacher approves the research; it does not violate District policy; and no other student wants to use the computer for school-related work.

**Technology and Internet Policy Violations**

First Offense	Loss or restriction of technology privileges at administration’s discretion Detention or Suspension at the teacher’s and administration’s discretion Criminal prosecution at the discretion of administration* **
Second Offense	Loss or restriction of technology privileges at the administration’s discretion Detention or suspension Criminal prosecution at the discretion of administration* **
Subsequent Offenses	Consequences assigned by administration Loss or restriction of technology privileges Criminal prosecution at the discretion of administration* **

\*Under Pennsylvania law, it is a felony punishable by fine of up to \$15,000 and imprisonment of up to seven years for any person to access, alter, or damage any computer systems, networking, software or database, or any part thereof, with the intent to interrupt the normal functioning of an organization.

Knowingly and without authorization, disclosing a password to a computer system, network, etc. is a misdemeanor punishable by a fine of up to \$10,000 and imprisonment of up to five years, as is intentional and unauthorized access to a computer, interference with the operation of a computer or network, or alteration of computer software.

\*\*Title 17 of the United States Code prohibits duplicating software for profit, making multiple copies for use by different users within an organization, and giving an unauthorized copy to another individual. Criminal penalties for copyright infringement include fines up to \$250,000.00 and jail terms up to five years or both. Civil action may be instituted for injunction, actual damages (including infringer’s profits), or statutory damages up to \$100,000.00 per infringement (Policy 815).

**STUDENT PHOTOS & INTERVIEWS**

During the school year, there may be times when District staff would like to photograph students and/or their work to highlight their achievements. Photographs may then appear in District and/or school publications, websites, or social media sites. On occasion, schools may be visited by the news media (usually local television stations and newspapers) to photograph or audio/videotape students. Interviews may be shared by the news media in print, on television, over the radio, or on the Internet. In these instances, the student’s full name may be published along with the student’s image/achievement.

If parents or guardians do not wish to have their child photographed, videotaped, or interviewed in these ways, they are asked to indicate their wishes on the *SASD Student User Agreement* form.

In addition, through partnerships with local colleges and universities, the District pairs veteran teachers with student teachers and/or pre-student teachers in partial fulfillment of college graduation requirements.

For many college students, this field experience requires the completion of a video recording of their teaching abilities.

The District only permits this type of video recording with the understanding that protecting the confidentiality of our students is of primary importance. As such, video recordings are immediately destroyed/deleted once the student teacher and his/her supervisor have finished reviewing it for the course assignment.

Parents should contact their child’s building principal with questions or concerns regarding the use of student photos, work, or recordings by student teachers.

## **VOLUNTEERS**

### **[Policy 916](#)**

The Shippensburg Area School District values its community members! Volunteer positions in the school district are as numerous and varied as the diverse tasks we perform in educating our students. In addition to meeting differing needs at each building, volunteer roles in which you wish to serve also depend on your personal interests, background, and expertise.

Check out the **[Volunteer page](#)** on the District's website for information on what steps you need to take in order to become a volunteer. Detailed information and mandated clearance forms are included in the **[Volunteer Handbook](#)**.

# SAFETY & SECURITY

## EMERGENCY PREPAREDNESS

[Policy 805](#)

Students should evacuate the building under the direction and guidance of District staff using the route posted in each classroom or area of the building.

### **School Closing**

In the event that it becomes necessary to close school due to inclement weather or any other emergency, the announcement of such closing will be posted on the SASD website ([www.shipk12.org](http://www.shipk12.org)) and announced via typical District communication systems. The School District homepage should be considered the most reliable source of closing information.

### **Evacuation**

In the event of a school evacuation, specific instructions will be given through the Public Announcement system, teachers, or other authorized personnel. The following procedures are standard for any evacuation:

- Student cooperation is imperative
- School will be resumed within a reasonable length of time if it is deemed safe to return to the building
- Standard disciplinary action will be taken for students who fail to return to the building upon direction
- Parent cooperation is requested in supporting District procedures

### **Weather Warning**

In the event of a county or state-issued weather warning, students and staff in classrooms should move to their designated safety areas as posted in each classroom.

### **Skylert School Communication System**

Skylert School Communication System is used to keep families informed of school information, events, weather delays, and school cancellations. The system will also keep families informed of student attendance, school activities, and other information. In the event of an emergency, the system has the capacity to contact all database phone numbers and emails for each student.

**It is important to keep contact information up-to-date by contacting the school if phone numbers and emails have changed or been added.**

## SEARCHES

The administration, under the direction of the Superintendent, may conduct searches of the building and grounds utilizing law enforcement resources such as dogs trained to locate illegal drugs or weapons/bombs. Students are required to remain in their assigned classrooms during a search. Direct access to the campus will be restricted.

## **SECURITY CAMERAS**

### **[Policy 713.1](#)**

Security Cameras have been installed to promote a safe and secure school environment and monitor school activities at all times. Refer to Board policy for further information.

## **VISITORS**

### **[Policy 907](#)**

As a School District, the safety and welfare of our students and staff is our highest priority. For security purposes, all entrances to school buildings are secured after the school day begins.

Visitors are welcome at our school. All persons entering the building other than students and authorized personnel will be considered visitors.

Residents of the District who wish to visit a classroom or meet with a member of the staff are required to schedule that visit through the school office. All requests for visitation require approval by the building principal as per Board policy.

For the safety and welfare of students and staff as well as to minimize interruption to instruction, the following procedures are in place:

Visitors must:

- Enter the main entrance at the front of the building
- Press the call bell and identify themselves to gain entry into the main office
- Insert a valid ID (driver's license, real id, etc.) into the School Check-In Scanner
- Wear a badge for the duration of the visit
- Report directly to the area where they are working/visiting
- Sign out in the office at the conclusion of the visit

Parents and visitors to our schools and school-related events are welcome to take photos of their child for their personal use. However, guests are asked to respect the privacy and confidentiality of other families and are urged not to post photographs or videos which clearly identify someone else's child on social media websites.

Students may not bring visitors with them or invite others to visit, especially during school hours without administrative approval. Trespassers on school property will be prosecuted to the fullest extent of the law as per Act 116 of 2002.

## **WEAPONS**

### **[Policy 218 & 218.1](#)**

Possession, carrying, using, or passing of weapons in the school setting is a threat to the safety of students and staff, presents a health hazard for the entire school community, and is prohibited by law. The Board prohibits students from possessing and bringing weapons and replicas of weapons into any District buildings, onto school property, to any school-sponsored activity, and onto any public vehicle providing transportation to school or a school-sponsored activity or while the student is coming to or from school.

The Board shall expel for a period of not less than one (1) year any student who violates this weapons policy. Such expulsion shall be given in conformance with formal due process proceedings required by law and Board policy. Administrative discretion may be used to impose alternative consequences.

# TRANSPORTATION

## BUS TRANSPORTATION REGULATIONS

### [Policy 810](#)

The District provides roundtrip transportation to and from school for all middle school students who live 1.5 miles or more from the high school campus. In addition, buses are used for District-approved field trips, special programs, and athletic events.

Prior to the start of each school year, notification will be sent via Skylert to parents regarding busing information. You will log into Skyward to view bus information.

Contact the school office if your child's busing needs change throughout the year.

Answers to some of the most frequently asked questions (FAQ) can be found on the [District's website Transportation page](#).

Contact the Transportation Office if:

- You need prior authorization for transfer of stops and/or routes. Students are not permitted to transfer to other stops and/or routes without prior authorization.
- You have concerns or unanswered questions.

Transportation Office - 717-530-2730, extensions 1062 or 1066  
Mr. Randy Bibey, Transportation Coordinator  
[randy.bibey@ship.k12.pa.us](mailto:randy.bibey@ship.k12.pa.us)

For the safe and efficient operation of the District's transportation system, the following rules must be observed:

- Parents are asked to see that their children are at their assigned bus stop at least ten (10) minutes before the bus is scheduled to arrive. Bus drivers are instructed not to wait for latecomers as this affects the bus schedule.
- Student riders are expected to listen to and cooperate with the bus driver to ensure a safe and pleasant trip for everyone. Failure to comply with bus riding rules may result in loss of riding privileges. Bus rules are posted in every bus. Students should be reminded that riding a school bus is a privilege.
- A parent or another responsible person **must be at the bus stop for all Kindergarten students**.
- Bus or stop changes of a temporary nature will be made by the building administrator only in the event of an emergency. In these cases, a student will be provided a signed bus pass, which must be presented to the bus driver when the student boards the bus. The parent must send in a note to school specifying what bus and stop they wish their child to ride.
- Unauthorized school bus entry is illegal. Act 65 of 1998 amends the Crimes Code to classify as a third-degree misdemeanor the entrance onto a school bus without proper authorization, and with the intent to commit a crime, disrupt, or interfere with the driver, or refusal to disembark from the school bus after being ordered to do so.
- Students may only board and disembark at their assigned bus at their assigned stop location.
- Parents may request that morning and afternoon stops may differ, but they must be the same each day of the week.
- Video or audio recording may be used on any District-owned or contracted transportation vehicle at any time.
- Student health information should be provided to your child's bus driver to ensure the safety of the student while riding the school bus. The form is located on the District website under the Parents/Community tab, using the [SASD Forms Quick Link](#).

Please remember that the driver of any school transportation vehicle will be held responsible for the orderly conduct and safety of the pupils transported.

Disorderly conduct, refusal to respect the authority of the school bus driver, or destruction of property is sufficient reason for the student to be denied transportation in accordance with regulations of the Shippensburg Area School District. The privilege of riding the school bus is conditional upon behavior expectations.

This privilege may be removed by the principal for improper conduct. If the bus privilege is removed, parents/guardians have the obligation of finding transportation for their child to and from school.

All concerns regarding student behavior are addressed by the building administrator. Concerns regarding the bus service, including the drivers, are addressed to the Boyo Transportation Company.

### **AUTOMOBILES ON SCHOOL PROPERTY**

Parents/Guardians who bring their children to school or pick up their children by car are asked to use extreme caution, observe the reduced speed limit, and use only the designated entrances and exits. There are to be no cars parked in the driveways of the school. All parents are asked to park in the parking lot or street to wait for children. Parents/Guardians and other visitors are asked to stay clear of bus loading zones during arrival and departure times. All parents are expected to follow building arrival and dismissal procedures.

Assessments are designed to measure a student's progress over time. In the spring, the Pennsylvania State System of Assessment (PSSA) is administered to all third, fourth, and fifth grade students in the areas of English Language Arts and Mathematics. An additional PSSA is given to fourth grade students in Science.

Universal Assessments for reading and math as well as school-based assessment are an integral part of assessing the immediate and ongoing progress of our students.

## **TITLE I – PARENT INVOLVEMENT**

### **[Policy 918](#)**

The Shippensburg Area School District recognizes that parent involvement contributes to the achievement of academic standards by students participating in Title I programs. The District views the education of students as a cooperative effort among the school, parents, and community. The Board shall adopt and distribute the parent involvement policy which shall be incorporated into the District's Title I plan and evaluated annually with parent involvement.

The Superintendent shall ensure that the District's Title I parent involvement policy, plan, and programs comply with the requirements of federal law. The Superintendent shall ensure that information and reports provided to parents are in an understandable and uniform format and, to the extent practicable, in a language that parents can understand.

School Counseling  
Special Education  
504 Agreements

Gifted Education  
Foster Care Services

Health Care Services  
Students Experiencing Homelessness

## HEALTH SERVICES

[Policies: 203, 209, 210, 210.1, 246](#)

### Certified School Nursing Staff

Professionally certified school nurses are employed by the school district to render or monitor health services within the schools. If a student requires care beyond that of first aid, the parent or guardian will be notified. An emergency contact to assume responsibility if the parent or guardian is unavailable should be named on the student's emergency form.

### Communicable Diseases And Exclusions

Students should be kept at home if they have a fever over 100 degrees Fahrenheit, a cold, rash, or suspected communicable diseases. Students are advised to remain at home until they have recovered and are fever free for 24 hours without fever reducing medication. Children presenting atypical symptoms or symptoms associated with possible communicable illness may be excluded from school by the school nurse and an administrator. If this occurs, parents will be asked to secure medical services for the child and to provide a note from the child's medical provider stating they may return to school.

### Exams and Screenings

- Physical examinations - **required** upon original entry into school and in the 6th and 11th grades
- Dental examinations - **required** upon original entry and in the 3rd and 7th grades
- Height, weight, and vision screenings - conducted yearly
- Hearing screenings - conducted in kindergarten, 1st, 2nd, 3rd, 7th, and 11th grades
- Scoliosis Screening - conducted in 6th and 7th grades

The Pennsylvania Department of Health mandates the examinations listed above. The school recommends that these exams be done by the family health professional and dentist who knows the child. A required form must be completed and signed by the family physician and dentist.

The District will provide these services free of charge if the parents or guardians are unable to have these examinations completed by their family medical professional or dentist.

A student who presents a statement signed by their parent or guardian that a medical examination is contrary to their religious beliefs shall be examined only when the Secretary of Health determines that the student presents a substantial health menace to the health of other persons.

### Medication

#### *General Guidelines*

As per Board policy 210, when prescription and non-prescription medications need to be administered at school, stringent guidelines must be followed.

- A District form must be completed. Click [HERE](#) to access the form.

- All medication must be delivered to the school in the original bottle or packaging from the pharmacy or health care provider's office and clearly labeled with the student's name and directions for use.
- Medication cannot be transported to the school on District buses or vans.

All medication must be kept in the nurse's office, except for approved asthma inhalers and emergency bee sting kits. The school nurse maintains a record of all administered medications.

Contact the School Nurse with questions or concerns.

### ***Prescription Medication***

Administration of medication shall be done only in circumstances when the child's health may be jeopardized without it. A District medication form, completed and signed by the health care provider and the parent or guardian, is required before any prescription medication can be administered at school. Students or parents of a student must notify the school nurse upon being prescribed medication for self-administration.

### ***Non-Prescription Medication***

Over-the-counter medication administration requires the parent/guardian to complete and sign the appropriate District form.

Acetaminophen (generic Tylenol), antacid (generic Tums), or cough drops may be administered to students as per SASD Policies and Protocols for School Health Services and at the discretion of the school health room personnel. Parent/Guardian permission must be indicated on the yearly Medical Update Form to be administered. Verbal confirmation from parents of elementary school students is required before morning administration (to avoid repeat dosage). Parents are to be notified if a student requires more than one dose during the school day. Parents will be notified if a student requires more than one dose (325 mg Acetaminophen) during the school day.

Cough Drops: Cough drops and lozenges are not considered medications. However, for safety reasons, they are to be kept in the health professional's office. They are to be taken as needed according to package directions. Parental permission is required for all students in grades K-3 before cough drops/lozenges may be taken at school

## **Immunizations**

Pennsylvania regulations clearly state that all students must provide proof of immunization immunity or medical exemption to immunization to enter school. Medical or religious exemptions are possible. Minimum immunization requirements to enter school for the first time are:

- Diphtheria and Tetanus – 4 or more properly spaced doses of DTP, DtaP, Td or DT, or any combination of the 4 with 1 dose administered on or after the fourth birthday.
- Polio – four properly spaced doses of polio vaccine (IPV or OPV) with fourth dose on or after the 4th birthday and at least 6 months after previous dose.

- Varicella (Chicken Pox) - Parents must provide evidence of immunity, either from vaccination (two doses), history of disease, or laboratory testing.

## **Head Lice**

## **Policy 209.2**

Students found to have head lice will need to receive treatment prior to returning to school. The school nurse will examine the student with the parent or guardian present before the student is permitted to return to school.

## **Wellness**

The District realizes that student wellness and proper nutrition are related to students' physical well-being, growth, development and readiness to learn. The Board is committed to providing a school environment that promotes wellness, proper nutrition, nutrition education, promotion of physical wellness, and opportunities for regular physical activity as part of the Greyhound learning experience.

Check out our school lunch menu [HERE](#).

## **Automatic External Defibrillators**

The District has placed one or more Automatic External Defibrillators (AEDs) in each of the School District buildings. The AEDs provide emergency assistance in the case of an unexpected cardiovascular event and are in positions readily accessible during potential crisis events. If you see someone in physical distress, please do not hesitate to contact emergency medical services, building administration, and use the AED if it is medically needed.

## **Health Forms**

You can find our Health Forms [HERE](#).

## **SCHOOL COUNSELING**

The role of the counselor is to support students in overcoming or adjusting to academic, social, and personal problems. School counselors consult with students, teachers, nurses, and other personnel concerning the emotional, social, physical, and educational progress of individuals or groups of students.

School counselors are also available for parent conferences whenever needed. The school counselor's priority is not to react to a crisis, but to attempt to prepare the student in advance to avoid or deal with issues that precede problems. To accomplish this, the school counselor provides a wide variety of services including individual and group counseling, testing, maintaining information resources, consulting with teachers and parents, and conducting research on student needs.

School counselors often refer students and their parents to other sources of assistance and then serve as a liaison to such agencies as social services, probation, and mental health. The school counselor can also help a student plan for life beyond high school.

The services of a school counselor are available to all District students and can be secured by contacting the counselor directly or by notifying the child's teacher or building principal.

### **Safe2Say**

On January 14, 2019, the Commonwealth of Pennsylvania activated the Safe2Say Something anonymous tip line, a key component of Pennsylvania Act 44 of 2018. The tip line is operated and monitored 24/7 by the Office of the Attorney General where tips are reviewed, classified, and forwarded to the appropriate school district. Tips that are found to contain information that may indicate a "life safety" issue are also forwarded to the Cumberland County 911 Center.

Students, parents, and community members can submit tips via three (3) methods:

- 1) A free mobile application available for Apple and Android devices
- 2) By visiting [www.safe2saypa.org](http://www.safe2saypa.org)
- 3) By calling 1-844-SAF2SAY (1-844-723-2729)

As always, we strongly encourage anyone with information relating to the safety of our schools to report these concerns immediately. **Tips that are generally reported include, but are not limited to, tips regarding violence against students or facilities, tips regarding self-harm, and tips regarding substance abuse.** In addition to the Safe2Say Something program, our community is reminded that any concerns can also be reported directly to a school District official and to our partners in local and state law enforcement.

# STUDENT CODE OF CONDUCT

The Shippensburg Elementary Schools Use Positive Behavior Instructional Support (PBIS). The students will be instructed on ways to Be Safe, Be Respectful, and Be Ready/Responsible in all ways while at school. PBIS includes positive support for students displaying appropriate behavior through many types of recognition. Increased supports for students who are struggling with making appropriate behavioral choices are implemented through increased levels of school support and parent contact. ## **PBIS Vision:**

Creating a caring, inclusive culture empowering lifelong learning.

- Provide clear expectations for student behavior (see below)
- Use an acknowledgement system to inspire positive personal choices and build school spirit

## **CODE OF RIGHTS, RESPONSIBILITIES, AND STUDENT DISCIPLINE**

The goal of school discipline is to establish and maintain an environment conducive to learning.

We believe that this environment is one in which:

- Everyone has certain rights and specific responsibilities
- Self-respect is nurtured and respect for others is required

The continuation of a respectful environment demands a sustained and cooperative effort on the part of the students, parents, teachers, and administrators.

### **Responsibilities**

**A. Students** - Students attend school so that they may learn and develop to their fullest potential. To achieve this, each student has the obligation to:

## DISCRIMINATION/TITLE IX AFFECTING STUDENTS

## Policies 103

The Board declares it to be the policy of this District to provide an equal opportunity for all students to achieve their maximum potential through the programs and activities offered in the schools without discrimination on the basis of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy or handicap/disability. The Board also declares it to be the policy of this District to comply with federal law and regulations under Title IX prohibiting sexual harassment, which is a form of unlawful discrimination on the basis of sex.

Such discrimination shall be referred to throughout this policy as Title IX sexual harassment. Inquiries regarding the application of Title IX to the District may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The District is committed to the maintenance of a safe, positive learning environment for all students that is free from discrimination by providing all students course offerings, counseling, assistance, services, employment, athletics and extracurricular activities without any form of discrimination, including Title IX sexual harassment. Discrimination is inconsistent with the rights of students and the educational and programmatic goals of the District and is prohibited at or, in the course of, district-sponsored programs or activities, including transportation to or from school or school-sponsored activities.

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures.

**Discrimination** shall mean to treat individuals differently, or to harass or victimize based on a protected classification including race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability.

**Harassment** is a form of discrimination based on the protected classifications listed in this policy consisting of unwelcome conduct such as graphic, written, electronic, verbal or nonverbal acts including offensive jokes, slurs, epithets and name-calling, ridicule or mockery, insults or put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related performance when such conduct is:

- Sufficiently severe, persistent or pervasive; and
- A reasonable person in the complainant's position would find that it creates an intimidating, threatening or abusive educational environment such that it deprives or adversely interferes with or limits an individual or group of the ability to participate in or benefit from the services, activities or opportunities offered by a school.

If you believe you or anyone else has been a target, please speak to a building administrator or other trusted adult, and/or access the link listed below for reporting procedures. ## **STUDENT DISCIPLINE**

### **Policy 218**

The Board acknowledges that student conduct is closely related to learning and that an effective educational program requires a safe and orderly school environment.

The Board shall establish fair, reasonable and nondiscriminatory rules and regulations regarding the conduct of all students in the District.

The Board shall adopt a Code of Student Conduct to govern student discipline, and students shall not be subject to disciplinary action because of race, sex, color, religion, sexual orientation, national origin or handicap/disability. Each student must adhere to Board policies and the Code of Student Conduct governing student discipline.

This policy shall also apply to student conduct prohibited by the Code of Student Conduct which occurs off school property if any of the following circumstances exist:

- The conduct involves, threatens, or makes more likely violence, use of force, or other serious harm directed at students, staff, or the school environment.
- The conduct materially and substantially disrupts or interferes with the school environment or the educational process, such as school activities, school work, discipline, safety, and order on school property or at school functions.

The Board prohibits the use of corporal punishment by District staff to discipline students for violations of Board policies, the Code of Student Conduct, and District rules and regulations. For purposes of this policy, corporal punishment shall be defined as physically punishing a student for an infraction in the discipline policy. Any student disciplined by a District employee shall have the right to notice of the infraction. Suspensions and expulsions shall be carried out in accordance with Board policy. In the case of a student with a disability, including a student for whom an evaluation is pending, the District shall take all steps required to comply with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.

## **DISCIPLINE OF STUDENTS WITH DISABILITIES**

### **Policy 113.1**

Students with disabilities who violate the Code of Student Conduct, or engage in inappropriate behavior, disruptive or prohibited activities and/or actions injurious to themselves or others, which would typically result in corrective action or discipline of students without disabilities, shall be disciplined in accordance with state and federal laws and regulations and Board policy and, if applicable, their Individualized Education Program (IEP) and Positive Behavior Support Plan.

The District shall comply with provisions of the Individuals with Disabilities Education Act (IDEA), and other federal and state statutes and regulations when disciplining students with disabilities for violations of District policy and school rules and regulations.

Students who have not been identified as disabled may be subject to the same disciplinary measures applied to students without disabilities if the District did not have knowledge of the disability. If a request for evaluation is made during the period the student is subject to disciplinary measures, the evaluation shall be expedited.

During any period of disciplinary action, the student shall continue to receive a free and appropriate education, in accordance with federal and state law.

For purposes of this policy, **under the influence** includes any consumption or ingestion of controlled substances by a student.

For purposes of this policy, **look-alike drugs** include any pill, capsule, tablet, powder, plant matter, or other item or substance that is designed or intended to resemble a controlled substance prohibited by this policy, or is used in a manner likely to induce others to believe the material is a controlled substance.

Shippensburg Area School District strives to educate, prevent, and intervene in the use of controlled substances by any student through the use of an approved curriculum, classroom activities, support services, and community support. The District recognizes its responsibility to assist in identifying and referring at-risk students.

The Board of School Directors will support the efforts of staff, parent and community organizations, and students when planning ongoing substance use/abuse prevention programs. For students and parents who wish help in approaching problems related to substance abuse/use, the school staff will offer information and counseling as well as procedures for obtaining assistance through legal and medical channels, community agencies and organizations, treatment centers and other therapeutic sources.

Violation of the District policy will be treated as a serious offense. A student who violates this policy may be expelled.

### [Policy 247](#)

Students are encouraged to use the District's report form, available from the building principal or attached to Policy 247 on the District's website, or to put the complaint in writing; however, oral complaints shall be accepted and documented.

The administrator accepting the complaint shall handle the report objectively, neutrally, and professionally, setting aside personal biases that might favor or disfavor the student filing the complaint or those accused of a violation of this policy.

Administration shall prepare a written report summarizing the investigation and recommending disposition of the complaint. Copies of the report shall be provided to the complainant, the accused, and others directly involved as appropriate.

If the investigation results in a substantiated finding of hazing, the administration shall recommend appropriate disciplinary action as circumstances warrant, in accordance with the Student Code of Conduct.

Additionally, the student may be subject to disciplinary action by the coach or sponsor, up to and including removal from the activity.

## **BULLYING/CYBERBULLYING**

### **Policy 249**

**Bullying/Cyberbullying** means an intentional electronic, written, verbal, or physical act or series of acts directed at another student or students, which occurs in a school setting and/or outside a school setting that is severe, persistent, or pervasive and has the effect of doing any of the following:

Bullying includes cyberbullying and applies to students in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised, or sanctioned by the school.

The Board prohibits all forms of bullying by District students. Students who believe they or others have been bullied are encouraged to promptly report such incidents to the building principal. Verbal and written reports of alleged bullying shall be investigated promptly and appropriate or preventative action shall be taken when allegations are verified.

Creating and maintaining a safe and welcoming learning environment for all students is a high priority in our schools. A safe school environment free from bullying is necessary for all students to learn and meet with success. Bullying may affect academic, vocational, social, emotional, and other areas of development of students. Therefore, bullying and cyberbullying will not be tolerated in any setting.

## **WEAPONS**

### **Policy 281.1**

The Board recognizes the importance of a safe school environment relative to the educational process.

Possession, carrying, using, or passing of weapons in the school setting is a threat to the safety of students and staff, presents a health hazard for the entire school community, and is prohibited by law.

**The term weapon shall include but is not limited to any knife, cutting instrument, cutting tool, nunchaku, firearm, shotgun, rifle, a replica of a weapon, and any other tool, instrument, or implement capable of inflicting serious bodily injury.**

The Board prohibits students from possessing and bringing weapons and replicas of weapons into any District buildings, onto school property, to any school-sponsored activity, and onto any public vehicle providing transportation to school or a school-sponsored activity or while the student is coming to or from school.

A student is considered in possession of a weapon when the weapon is found on the person of the student, in the student's locker or assigned storage area, under the student's control while on school property, on property being used by the school, at any school function or activity, at any school event held away from the school, or while the student is coming to or from school. # STUDENT DISCIPLINE

**LEVEL I - Discipline responses (see below) are a list of possible responses and are not in sequential order.** Level I infractions are minor misbehaviors on the part of the student which impede orderly classroom procedures or interfere with the orderly operation of the school. These infractions can usually be handled by an individual staff member but sometimes require the intervention of other school support personnel.

EXAMPLES	PROCEDURES	DISCIPLINARY RESPONSES
<ul style="list-style-type: none"> <li>• Classroom/school disturbance</li> <li>• Dress code violation</li> <li>• Inappropriate displays of affection</li> <li>• Disrespectful language or gestures</li> <li>• Cheating and lying</li> <li>• Bus disturbance (Policy 810)</li> <li>• Tardiness</li> <li>• Disrespect</li> <li>• Misbehavior on school property</li> <li>• Non-defiant failure to complete assignments or carry out directions</li> <li>• Vehicular/Driving violation (Policy 223)</li> <li>• Hazing (Policy 247)</li> <li>• Bullying/Cyberbullying (Policy 249)</li> <li>• Cell phone violation (see Electronic Devices under General Information)</li> </ul>	<ul style="list-style-type: none"> <li>• Immediate intervention is required by the staff member who is supervising the student or who observes the misbehavior.</li> <li>• Repeated misbehavior requires parent/teacher communication with the counselor and/or administrator</li> <li>• A proper and accurate record of the offenses and disciplinary action is maintained by the staff member.</li> </ul>	<ul style="list-style-type: none"> <li>• Verbal reprimand</li> <li>• Behavioral contract</li> <li>• Parent conference (person or phone)</li> <li>• Counseling</li> <li>• Withdrawal of privileges</li> <li>• Time-out room</li> <li>• Strict supervised study</li> <li>• Detention</li> <li>• Referral to office</li> <li>• Grade reduction in cases of cheating/plagiarism</li> <li>• Cell phone returned to parent, student's loss of cell phone privileges for remainder of the school year</li> <li>• Infraction noted in student's file</li> </ul>

**LEVEL II - Discipline responses (see below) are a list of possible responses and are not in sequential order.**

Infractions are escalated to Level II when they are frequent or serious misbehaviors that tend to disrupt the learning climate of the school. These infractions, which often result from the pervasive continuation of LEVEL I misbehaviors, require the intervention of personnel on the administrative level because the execution of LEVEL I disciplinary options has failed to change student behavior or improve the situation. Also included in this level are more serious offenses that do not present a direct threat to the health and safety of others but do create educational implications that are serious enough to require corrective action on the part of administrative personnel.

<b>EXAMPLES</b>	<b>PROCEDURES</b>	<b>DISCIPLINARY RESPONSES</b>
<ul style="list-style-type: none"><li>• Continuation of LEVEL I misbehavior</li><li>• Classroom/school disruptive behavior</li><li>• Insubordination/defiance</li><li>• Truancy/unexcused absences</li><li>• Smoking/tobacco/vaping (Policy 222)</li><li>• Using forged notes or excuses</li><li>• Cutting classes</li><li>• Filming or recording a student</li><li>• Gambling</li><li>• Leaving school without permission</li><li>• Possession of dangerous objects</li><li>• Violation of computer use policy</li><li>• Physical altercation</li><li>• Abuse/destruction of school/personal property</li><li>• Obscene language or gestures</li><li>• Abusive language</li><li>• Failure to serve detention assignments</li><li>• Hazing (Policy 247)</li><li>• Bullying/Cyberbullying (Policy 249)</li><li>• Cell phone violation (see Electronic Devices under General Information)</li></ul>	<ul style="list-style-type: none"><li>• Student is referred to the administrator for appropriate disciplinary action.</li><li>• The administrator meets with the student and/or teacher and decides the most appropriate response.</li><li>• The teacher is informed of the administrator's action.</li><li>• A proper and accurate record of the offense and the disciplinary action is maintained by the administrator.</li><li>• A parental conference is held as a result of suspension.</li></ul>	<ul style="list-style-type: none"><li>• Social probation</li><li>• Behavioral contract</li><li>• In-school suspension (Policy 233)</li><li>• Referral to outside agency</li><li>• Counseling/Referral for psychological evaluation</li><li>• Parent-teacher/Parent-administrator conference</li><li>• Temporary suspension (Policy 233)</li><li>• Detention</li><li>• Citations filed in accordance with School Code</li><li>• Smoking cessation program</li><li>• Restitution of property damages</li><li>• Cell phone returned to the parent.</li></ul>

**LEVEL III-Discipline responses (see below) are a list of possible responses and are not in sequential order.**

Level III infractions are those acts which result in violence to another's person or property or which pose a direct threat to the safety of others in the school community. These acts might be considered criminal but most frequently can be handled by the disciplinary mechanisms in the school. Corrective measures utilized by the school will depend on the extent of the school's resources for remediating the situation in the best interest of all students. Those acts which are criminal (or illegal) will automatically be referred to appropriate law enforcement agencies.

EXAMPLES	PROCEDURES	DISCIPLINARY RESPONSES
<ul style="list-style-type: none"><li>• Continuation of LEVELS I and II misbehavior</li><li>• Fighting</li><li>• Harmful Act</li><li>• Theft/possession/sale of stolen personal property</li><li>• Institutional</li><li>• Vandalism</li><li>• Throwing objects</li><li>• Assault (simple)</li><li>• Reckless driving on school property</li><li>• Threats to others</li><li>• False fire alarm</li><li>• Violations of Controlled Substances (Policy 227)</li><li>• Use or threatening to use a dangerous object</li><li>• Hazing (Policy 247)</li><li>• Violation of Computer Use (Policy 815)</li><li>• Bullying/cyberbullying (Policy 249)</li><li>• Cell phone violation (see Electronic Devices under General Information)</li></ul>	<ul style="list-style-type: none"><li>• The administrator initiates disciplinary action by investigating the infraction and conferring with staff and/or appropriate law enforcement authorities or the extent of the consequences</li><li>• The administrator meets with the student and confers with the parent about the student's misconduct and the resulting disciplinary action of the school officials and/or legal authorities</li><li>• A proper and accurate record of offense and disciplinary action is maintained by the administrator</li></ul>	<ul style="list-style-type: none"><li>• Temporary removal from class (Policy 233)</li><li>• Temporary or full suspension;or alternative program (Policy 233)</li><li>• Parent conference and/or hearing</li><li>• Consulting/Referral for psychological evaluation</li><li>• Charges under Pennsylvania Criminal Code</li><li>• Restitution of property damages</li></ul>

**LEVEL IV- Discipline responses (see below) are a list of possible responses and are not in sequential order.** Level IV infractions are acts which result in violence to another's person or property or which pose a direct threat to the safety of others in the school. These acts are criminal in nature and always require administrative action which results in the immediate removal of the student from school, the intervention of law enforcement authorities, and action by the Board of School Directors.

If the Superintendent or designee reasonably suspects that conduct being reported involves an incident required to be reported under the Safe Schools Act, the Superintendent or designee shall inform local law enforcement, in accordance with applicable law, regulations and Board policy.

### Student Records/Notification of Right of Parents/Guardians/Eligible Students

The Family Education Rights and Privacy Act (FERPA) and Pennsylvania law afford parents and students eighteen years of age and over (eligible students) certain rights with respect to the student's educational records, as follows:

1. The right to inspect and review the student's education records within thirty days of the District's receipt of a request for access. A parent or eligible student making such a request must submit to the school principal (or appropriate school official) a written request that identifies the record(s) he/she wishes to inspect. The principal will arrange for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading or otherwise violates the privacy rights of the student.  
A parent or eligible student may request the district to amend a record he/she believes is inaccurate, misleading or violates the privacy rights of the student by clearly identifying in writing the part of the record he/she wants changed and specifying why it is inaccurate, misleading or violates the privacy rights of the student. The request shall be made to the building principal (or appropriate school official). If the District decides not to amend the record as requested, the principal will notify the parent or eligible student of the decision and advise him/her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA and State law authorizes disclosure without consent). Disclosure of personally identifiable information can be made without consent to the following:
  - a. School officials, including teachers, with a legitimate need to review an education record in order to fulfill their professional responsibilities.

This may include the disclosure of disciplinary information regarding conduct that posed a significant risk to the safety or well-being of the student or others. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

- b. Officials of another school or school system in which the student seeks or intends to enroll. In this case, disciplinary information may be included. The district will make a reasonable attempt to notify the student's parents prior to the disclosure of information and will provide the parent with a copy of the record if so requested.
  - c. Authorities named in FERPA and accompanying federal regulations, including authorized representatives of the Comptroller General of the United States, Secretary of Education, and state and local educational authorities.
  - d. Officials connected with a student's application for a receipt of financial aid.
  - e. State and local officials who are required to get specific information pursuant to State law if the disclosure concerns the juvenile justice system and the system's ability to effectively serve the student whose records are released. If the State statute was enacted after November 19, 1974, the officials must certify in writing that the information will not be disclosed to any other person, except as provided by State law, without prior written consent of the parent.
  - f. Educational testing and research organizations for the purpose of administering student aid programs or improving instruction or predictive tests as long as confidentiality is maintained and such organizations are required to destroy records after they are no longer needed.
  - g. Accrediting institutions.
  - h. In emergency situations to appropriate persons if the information is necessary to protect the health and safety of the student or others.
  - i. Anyone, if required by a court order or subpoena. However, where the subpoena is issued by a federal grand jury, the District will make reasonable efforts to notify the parent or eligible student prior to complying with the subpoena or court order. The school district may disclose group scholastic achievement data from which the individual cannot be identified without written consent of the parent or eligible student.
4. The right to file a complaint with the U. S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:
- Family Policy Compliance Office  
U. S. Department of Education  
600 Independence Avenue, SW  
Washington, DC 20202-4605
5. The right to refuse to permit the designation of any or all of the categories of directory information. The District is permitted by law to disclose directory information without written consent of the parent or eligible student. The parent or eligible student has the right to refuse to permit the designation of any or all of the categories of directory information if a written refusal is forwarded to the building principal within thirty days of the beginning of the current school term.

6. Directory information which may be released may include the student's name, date and place of birth; major field of study; participate in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; the most recent and previous education agency or institution attended by the student; and other similar information.
7. The right to request that information not be provided to military recruiting officers. Names, addresses and home telephone numbers of secondary school students will be released to military recruiting officers unless a student submits within 21 calendar days a written request to the Superintendent that such information not be released.

### **Integrated Pest Management Program Notification**

The Shippensburg Area School District uses an Integrated Pest Management (IPM) approach for managing insects, rodents, and weeds. Our goal is to protect every student from pesticide exposure by using an IPM approach to pest management. The IPM approach focuses on making the school building and grounds an unfavorable habitat for these pests by removing food and water sources and eliminating their hiding and breeding places. We accomplish this through routine cleaning and maintenance. The school buildings and grounds are monitored to detect the presence of any pests. The pest monitoring team consists of administrators, building maintenance, office, and teaching staff. Pest sightings are reported to our IPM coordinator who evaluates the “pest problem” and determines the appropriate pest management techniques to address the problem. The techniques can include increased sanitation, modifying storage practices, sealing entry points, physically removing the pest, etc.

From time to time, it may be necessary to use pesticides registered by the Environmental Protection Agency to manage a pest problem. A pesticide will only be used when necessary and will not be routinely applied. When a pesticide is necessary, the school will try to use the least toxic product that is effective to control the presence of pests. Applications will be made only when unauthorized persons do not have access to area(s) being treated. Notices will be posted in these areas 72 hours prior to application and for two days following the application.

Parents or guardians of students enrolled in the school may request prior notification of specific pesticide applications made at the school.

**To receive notification, you must be placed on the school’s notification registry. If you would like to be placed on this registry, please notify the District in writing. Forward your written request including your name, address and telephone number to:**

Shippensburg Area School District  
IPM Notification Registry  
317 North Morris Street  
Shippensburg, PA 17257

If a pesticide application must be made to control an emergency pest problem, notice will be provided by telephone to any parent or guardian listed on the notification registry. Exemptions to this notification include disinfectants and antimicrobial products; self-containerized baits placed in areas not accessible to students; gel-type baits placed in cracks, crevices or voids; and swimming pool maintenance chemicals. Each school year, the District will prepare a new notification registry. If you have any questions, please contact the IPM Coordinator at 717-530-2700, extension 1091.
