More struck rules need to apply at their school to stop the spread of viruses. Schools and parents need to constantly be informed to keep children at home when they are sick.	2/6/2024 10:46 PM

40	It would be so helpful to have more regular communication for the teachers about the progress in the classroom. Not just the reports every few months. Weekly updates about what went well and what they need to work on specifically would help immensely. It would also be helpful to know what our students are working on in each subject so we can support that work at home.	2/8/2024 10:24 AM
41	The amount of times kids are coming to school when they are sick is unacceptable. The school needs to constantly tell parents to keep children at home when they are sick. My child keeps missing school because they are sick every other week due to neglect from parents regarding their sickness.
