

Supporting the Digital Practices of our Children Learning Reflection Guide

#1

What is one of your main concerns about your child's digital practices?

#2

Write down one thing you have heard so far that you are going to try.

We are each other's best resources. Describe one practice, policy or boundary you have found helpful that may *not* have been mentioned already that you can share with the group.

Take a few minutes to share your ideas and hear from other participants. Jot down ideas that you'd like to try.

#3

Refer to your answer for #1. What is one take-away and/or resource that will help you with that concern?

Notes on Resources:

1.) Google Safe Search

2.) YouTube Restricted Mode

3.) Apple Screen Time

4.) Google Family Link

5.) Microsoft Family Safety

6.) CommonSense Media

7.) NetSmartz and NetSmartz for Kids

8.) iKeepSafe

9.) Be Internet Awesome (Interland game)

10.) Cyber.org

11.) ISTE (The International Society for Technology in Education)

12.) Federal Trade Commission

13.) You Got A Phone (Now Read This Book)
