

Physics
Mrs. Rosalind Gatian (rm 215) 924-4406
rgatian@southlandacademy.org

Our discussion of physics will include force and motion, energy and work, wave behavior, and electricity. There will be a significant math component in this course.

General Class Rules:

1. Be punctual.
2. Come to class prepared with all materials.
3. Be respectful of yourself, your classmates, and your instructor.
4. Take care of your textbook and other school property as if it were your own.
5. Follow all rules and regulations as found in the school handbook.
6. When participating in a lab activity, be sure to adhere to all safety procedures. These will be discussed prior to our first lab experience. (all science courses)

Classroom Management:

1. After entering proceed to your seat and prepare your materials for class so you are ready when instruction begins.
2. No sidebar conversations during lecture or discussion. If you miss something, raise your hand and I will acknowledge you and answer at the next opportunity.
3. Do NOT bring any food or drinks, including water, into the classroom.
4. Remember I dismiss the class; the bell does not.
5. If you are absent, see me as soon as you return to arrange for your makeup assignments.

Grading:

Each nineweeks grade will be based on two categories as follows:

Tests/Quizzes 60%

Daily 40% (homework, classwork, labs)

Each semester is calculated according to the school policy.

PLEASE SIGN AND RETURN

I have read these policies and agree abide by them.
