Preparing motivated, responsible, productive, lifelong learners

*Dear Parent/Guardian:*

*Your district is taking part in the Missouri School Climate and Culture Survey. Results from this survey will be used as part of the school improvement review during the 2024-2025 academic year. As part of this process, parents, students, and school employees are asked to voluntarily answer surveys regarding programs and services available to students.*

*Please take a few minutes to answer the survey at the link provided. Responses from all parents will be anonymously summarized and will become part of a report for the school district. The school district will use this report in the development of school improvement efforts.*

*If you have more than one child in school, please complete a survey for each individual child. The surveys will be processed so that school officials receive reports about each building in the district.*

*The questionnaires contain demographic and opinion questions. You have the option not to respond to any item or not to complete a survey at all.*

*Thank you for your help.*
