For a long time, personal religious belief was declining, according to polls. But recent surveys show that has leveled off, and that the number of people who say they are religious is holding steady.

Highlights from Letters to Power 88

I moved to Daphne and started going back to church. I found Power 88 through members of my church and my radio hasn't changed channels since. It is a big help to me to maintain my focus on my walk with God to have inspiring music to listen to on a regular basis.
