"Meet the Teacher" Event

Monday, August 1, 2022

3:00pm-5:00pm

If parents/guardians have completed online registration for their child, they will be able to meet their child's teacher, purchase uniform shirts, get information regarding bus routes, etc. If you have not completed online registration for your child, please do so by July 21. If you need help with online registration, please call the school at 251-824-1740 or come by on Monday through Thursday from 8 a.m. to 3 p.m.

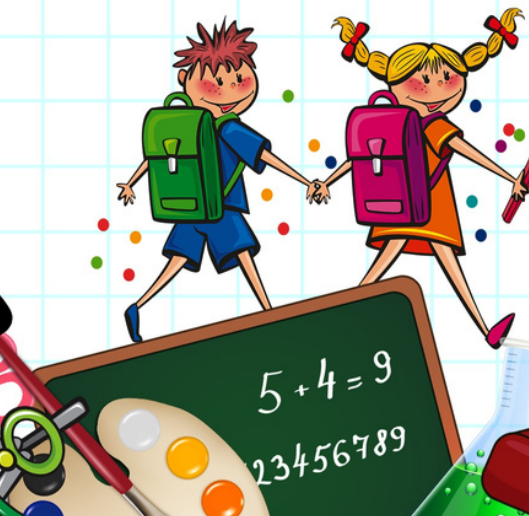

For this event, please enter the school as follows:

Kindergarten & 1st Grades: Please enter through the main front door of the school

2nd-3rd Grades: Please enter through the far right front doors (by the car line)

4th and 5th Grades: Please enter through the side gym doors

3rd - 5th Grade Booth Elementary Clubs

We restarted student clubs for our 3rd-5th graders during the second semester of last school year. The children had a blast. We will continue 3rd-5th Grade "Friday" clubs this year, Club Days will begin on Friday, August 12, 2022.

Clubs are free and there are no "try outs" for any club (DANCE included).

We will sell optional Club T-Shirts again this year. Shirts can be ordered on *Meet the Teacher* Day, and shirts can be worn every Friday. The club t-shirts will look just like last year's shirts. So, if your child's t-shirt still fits (and if your child doesn't want to change clubs), last year's shirt will work fine.

Please scroll through the next slides and talk to your upcoming 3rd-5th grader about which club they'd like to join.

Note: Although the "club" info is for 3rd-5th grade parents, all parents will be interested to learn about some of the info on the next slides -- including hearing about how we put plans in place last year to add the following to our back campus this year: a walking/running track, multiple swing sets, frisbee golf stations, more picnic tables, an additional basketball court.

The Booth Music Club

Children will be engaged in beginning play with piano keyboards, ukuleles, and recorders.

Last year, the children begin learning the beginning basics of the ukuleles because our keyboard order was delayed. This year, the children will have the opportunity for beginner's exposure to all three instruments.

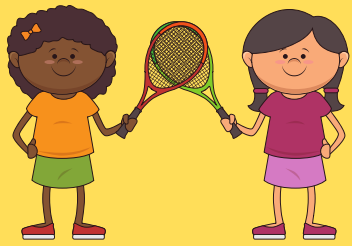

The Booth Dance Club

**Led by Well-Known Dance Instructor Kelly Grable,
owner of Kelly's Dance Studio**

Kelly did a fantastic job last year with our Dance Club! We are so happy to offer this opportunity on campus again for this upcoming school year. In addition to providing dance instruction to our Dance Club members, Kelly also taught dance to all of our interested 3rd-5th grade girls. She taught dance to all of these girls on Thursdays and will continue to do so this year too. Both the Friday Dance Club experience with Kelly and the Thursday dance lessons with Kelly are free for the girls. (AND..once again, there are no "try outs."

The Booth Athletic Club

Last year, our Booth "athletes" engaged in running fun and in learning the basics of beginning tennis. This year, club members will continue running with the hope that we will have a track installed by the end of first semester. We mapped out plans for our track last school year and can't wait to see this dream come true.

Further, tennis "lessons" will continue for our Athletic Club members. Our school counselor, Ms. Wright, will continue to share her tennis skills with the club members. Did you know that Ms. Wright was a Mississippi state tennis champion while playing tennis in high school? :-)

Next, we will move forward with our plans to add *frisbee golf* to our Athletic Club. We planned for this activity last year. Further, we plan to add typical golf to our athletic club activities. We have the golf clubs and have used them in past years.

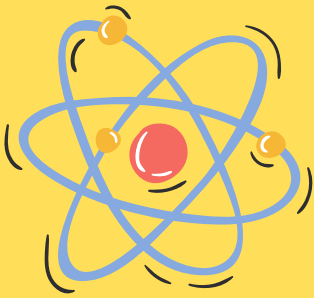

On a fun note, we are adding swing sets to our campus by the end of first semester. We are sure all the kids will love the addition of the swings... especially kids in the athletic club.

The Booth Art Club

Our Booth art club members will continue to enjoy engaging in Arts and Crafts activities. We will be adding more picnic tables to our back campus soon. Then, our Booth artists will have additional space to engage in their artistic fun while enjoying being outside.

The Booth Science Club

Our Booth science club members will continue to enjoy engaging in all kinds of science fun --- including science experiments and beginning robotics.

The Booth Basketball Club

Our Booth basketball club members will continue to sharpen their skills as a team player while having fun with one of their favorite sports.

As planned last year, we will be adding an additional outdoor basketball court and posts/goals of varying heights.
