Welcome to the Dawson Springs Independent School District

There are many things you can do, as parents, to help make learning a pleasurable experience for your child. This booklet will deal with many of these items. This year you will be helping to establish patterns of his/her life. How successful and happy your child will be in later life will depend, to a degree, on his experiences both at home and at school. Education is a cooperative adventure, and only as we work together can we achieve the maximum potential for your child.

Please look closely at this booklet and use it for future reference. Many questions will be answered when you read the booklet. If you still have questions, please contact the School Office.

Dawson Springs Independent School District is your school district. We are excited about the coming year. With the help and support of parents, we are sure we will provide a year of valuable experiences for “our” children. Please visit your child’s school! You are welcomed at any time. Please report to the school office and obtain a Visitor’s Pass prior visiting any area of the campus.

Always remember that the school belongs to you and to all our community. We welcome your visits to our school and encourage your active participation in this important part of your child’s life.

ABOUT OUR SCHOOL

Students from Caldwell and Hopkins County School District are accepted for enrollment with the approval of the Administrative Staff and the agreement of the School District from which the student comes.

A staff of approximately 80 people is employed in the schools. If you have questions or desire further information about the Dawson Springs School District, contact any of the schools or the office of the Superintendent (270-797-3811), 118 E Arcadia Avenue, Dawson Springs, KY 42408.

Services are available to our students. Title I is a school wide federally funded program that is available to provide assistance to all students.

Pursuant to "Parent Involvement Policy", the Dawson Springs Independent School District shall convene an annual meeting at a time that is convenient for parents, to which all parents of students participating in the Title I program are invited and encouraged to attend. At this meeting, parents will be informed of their child's participation in Title 1, the purpose and requirements of Title I, and their right to be involved. Particular attention shall be given to reaching those parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background.

The Dawson Springs Independent School District shall involve parents in an organized, ongoing, and timely manner, in the Title I planning, review, and improvement of programs, including the joint development of the school parent involvement policy and the school plan.

Parents of students participating in Title I school shall be provided:

- timely information and opportunities to attend regular meetings
- school performance profiles and their child's individual assessment results, including an interpretation of results

PARENT CONFERENCES & PROGRESS REPORTS

Parents are encouraged to schedule conferences with their child's teacher. These conferences should be worked out between the parent and teacher at the convenience of both parties. At the elementary level, two parent conferences are scheduled throughout the year to share information with parents. As always, feel free to contact the teacher anytime an additional conference is

desired. You are also welcome to visit at any time. Assessment is constant throughout the year. Grades and Progress Reports are available in the Parent Portal. Printed reports will be sent home every nine weeks. Our goal is to help all children feel good about themselves and to have a positive attitude toward school. We want all children to be successful in what they do at school.

CAFETERIA

The Cafeteria offers a choice of food, even a large selection of choices. This is called Offer vs. Serve, which means the Cafeteria offers five food groups: meat, bread, vegetable, fruit, and milk. Your child must take at least three of the five items offered. The Cafeteria Staff will offer a salad bar for grades 3 and up which is also under the Offer vs. Serve. A student must take three of the five food groups.

Dawson Springs Independent also has a great breakfast program. If your child is not eating breakfast with us, it is our hope that you will encourage him/her to do so. Breakfast at school is for every child. It is a proven fact that children who eat breakfast learn better. If your child arrives at school later than 7:45 am, he/she will not have time to eat breakfast. Therefore, please have your child at school before 7:45 each morning to ensure there is time to eat.

Extra items are sold for breakfast and lunch. A list of prices will be published in the newsletter. Parents of elementary students are welcome to eat with us on the first and third Friday of each month. If this is not a convenient time, please call the school. Please contact the office for guest breakfast and lunch prices.

FAMILY EDUCATION RIGHTS AND PRIVACY

In accordance with the *Family Education Rights and Privacy Act*, parents shall have the right to inspect and review all educational records relating to their child by making a request to the Superintendent. This right shall be passed on to the student at age 18.

Written policies have been developed which describe the types and locations of these records and the specific procedures available to parents for the review of records, the amendment of or hearing concerning education records believed to be inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child, and for the disclosure and destruction of records. Copies of these policies and procedures may be obtained upon request from the office of the Superintendent.

TELEPHONES

No child or teacher will be called to the telephone except for emergencies. Messages will be delivered when emergencies arise.

VOLUNTEER PROGRAM

VIPS...VOLUNTEERS IN PUBLIC SCHOOL

Volunteers have always been part of education in Dawson Springs Schools. After all, parents have always come to school--to help teachers, organize special events, chaperone field trips, share their interests and hobbies and more.

In 1992, due partially to the KERA Strategic Plan Objectives and in response to the superintendent as well as teachers and parents, Dawson Springs began a more formal effort to bring both parents and members of the community together to meet the needs of our school's children.

Volunteers work in the school, under the direction of teachers and school personnel to strengthen the school program or offer special skills to enrich the students' educational experience.

Students benefit immensely from the encouragement and attention volunteers are able to give. When young people see that their community cares about education, they tend to adopt that same value.

There is a VIPS coordinator who will be glad to help you enroll in our Volunteer Program if you so choose. Just call 797-3811.

OUT-OF-DISTRICT ACADEMIC POLICY

1. At the end of the school year, if an out of district student receives two (2) F's as earned grades in two subject areas, the out of district student will be asked to enroll in the school which is located in his/her residence district. The out of district student will not be allowed to enroll in Dawson Springs Independent Schools for the following year.
2. If an out of district student reaches the ISS level, or the alternate school level, the DSCS administration and Board of Education may consider the option of returning the student to his/her home school district.

ATTENDANCE - Elementary

School begins at 8:00am each day. Your child is expected to be in class on time each day unless he/she is physically unable to attend class. The school should be notified by 9:00 a.m. if your child will not be in attendance. A child should NEVER be kept out of school for shopping trips or other activities that can be planned for other times.

Each time your child is absent he/she is missing activities that can never be made up.

When it is necessary for your child to be out of school, be sure that the teacher knows WHY as this information must be kept in permanent attendance records. When your child returns to school after being absent, please send a note to the teacher even if you have called to notify the school.

If a child has a fever, he/she should be kept at home for his/her protection as well as that of the other children. However, there may be times when your child vaguely complains of feeling bad but has no symptoms of illness. On these occasions you may want to send her/him on to school. You will be notified should he/she become ill during the school day.

On the following pages you will find a copy of the Attendance Policy of the Dawson Springs Independent Schools' Board of Education. Please read and study this information carefully. The director of Pupil Personnel, employed by the Board of Education, is charged with the responsibility of seeing that all pupils attend school regularly.

Please watch tardies. They are very disruptive! The child should be in the room by 8:00 a.m. each day. Excessive tardiness not only upsets the child but disrupts the class.

ATTENDANCE SECONDARY

Complete Attendance Policy is posted in Code of Acceptable Behavior (Rule 34)

WAYS PARENTS CAN HELP ELEMENTARY STUDENTS

Talk about school as a friendly place. Help your child look forward to school as a new and happy experience...

Read to your child often! Read together with your child! Have your child read to you!

Help young children become independent by:

- Allowing and encouraging them to do things for themselves.
- Giving them small responsibilities at home.
- Allowing them to spend some time away from home without their parents.
- Arranging for them to play with children their own age.
- Encouraging them to observe things around them.
- Allow them to dress alone even if it does take 1/2 hour.

Teach them to:

- Put on and take off their coats/hoodies-let them hang up their own items at home.
- Use simple courteous expressions: please, thank you, etc.
- Care for their toilet needs.

- Learn the names of the teachers and fellow students.

SAFETY

It is essential that the school have the correct address, home, business and emergency telephone numbers at all times. If you change your address or phone number, please notify the school at once. Emergencies often arise so we must be able to reach you at all times.

For the protection of the child and his/her family it is imperative that the parents notify the teacher if someone other than the parents is to call for the child. Be sure the names of people who are allowed to pick up your child are on your child's pick up list. Please notify the teacher (verbally and note) if there is someone who should not be allowed to pick up or see your child at school. Be sure that your requests are legal, those that we can respect.

SEARCH AND SEIZURE

School officials must be concerned with safeguarding the rights of students, teachers and administrators. For this reason school officials at times may be forced to search students, purses, bags of various types, and lockers. Automobiles may also be the target of searches, but stricter guidelines must be enforced. Following are the guidelines for student search and seizure in the Dawson Springs Schools.

1. A search by school officials is generally reasonable if it bears a relationship to a legitimate educational interest and is based upon reasonable suspicion. All parked vehicles/automobiles could be subject to search and seizure. A search is reasonable “when the measures adopted are reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.”
2. Only the principal, or a certified person under the authority of the principal will search and that person will always be in the presence of another certified person.
3. Search and seizure will be conducted in the event of a reasonable suspicion of possession of illegal drugs, weapons, stolen property, fireworks or other illegal contraband.
4. Parents will be contacted if any of the above items are found.
5. In the event an automobile search is warranted, the principal and another certified person will accompany the student to the vehicle. If the vehicle is unlocked, it will be searched. If the student refuses to open any portion of the vehicle for examination, a law enforcement official will be called, the student will lose his or her driving privileges and be subject to Code consequences.
6. Trained dogs may be utilized to locate controlled substances in school buildings and/or on school grounds in an ongoing effort to keep Dawson Springs drug free.

EXCEPTIONAL STUDENT EDUCATION DISCIPLINE

The behavior of exceptional (special education) students and students who have been referred for evaluation for possible special education placement and/or related services, should be considered during the initial Admissions and Release Committee (ARC) meetings. Behavioral interventions, treatment and consequences should become a part of the Individual Education Plan for that student. Should these interventions prove unsuccessful, as evidenced by misconduct of the student, the issue should be brought to the appropriate ARC to make changes in the student’s program which might result in more appropriate behaviors.

In deciding *Kaeline V. Grubbs*, (June 9, 1982), the Sixth Circuit Court of Appeals has outlined general standards governing the suspension and expulsion of students with disabilities in Kentucky, Ohio, and Michigan.

1. A child with disabilities may be suspended temporarily without the special education change of placement procedures. (KRS 158.150 and dOAG 78-637 outlines due process requirements which must be followed in suspension of all children.)
2. A child with disabilities may be expelled as long as appropriate Admission and Release Committee procedures are followed with a committee determination that the child’s disruptive behavior was not a result of the disability condition.
3. A child with disabilities may not be expelled if the committee determines that the child’s disruptive behavior was a result of the disability condition.

4. Even if the child is expelled through the appropriate procedures, there must not be a complete cessation of education services. Therefore, if a child with disabilities is expelled, alternative services such as homebound instruction must be provided.

DISCIPLINE DEFINITIONS

BEHAVIORAL AGREEMENT

A probation period may be established for students when a school administrator determines that it would benefit the student to remain in classroom rather than to incur an internal or out of school suspension, or after a suspension, to establish a level of behavior which will prevent additional problems. Possible consequences for the violation of a Behavioral Agreement are: Internal Suspension; Out of School Suspension; Alternative Placement (with required Superintendent approval); or Expulsion. When probation is used, an agreement will be drafted stating the names and titles of the persons entering into the agreement, the expected or required behavior of the student, and the possible consequences of violation of that required behavior. In addition, it shall require the signature of the persons who the teacher or principal deem necessary at the time.

DETENTION (DET)

Detention is extra time spent before school, during lunch (isolation), or after school while engaging in a constructive instructional activity relating to school course work.

There are two types of detentions that may be assigned:

1. School detention – this detention may be assigned by teachers or administrators violations occurring outside the classroom and will be served from 7:30-8:00 a.m. or 2:50-3:20 p.m. with the assigned supervising teacher for that week.
2. Teacher detention – this detention will be assigned by individual classroom teachers for all minor violations that occur during their classroom instructional time and will be served with the individual classroom teacher before or after school.

A detention period is designed as an intermediate consequence to a violation of the Code of Acceptable Behavior.

The Detention Policy includes, but is not restricted to, the following provisions:

1. School detention will be assigned before or after school.
2. Teacher detentions may be assigned before or after school for students in K-6 & 7-12.
3. Students are responsible for taking necessary supplies to detention.
4. Students shall not have food or drinks in the detention room.
5. Students shall remain in the detention room while serving detention.
6. Students must be in their seats at the beginning of the detention period in order to receive credit for the detention being served.
7. Student must be engaged in a constructive learning activity while serving detention time or the detention will not count as served (talking, sleeping, or doing nothing will not count as completion of detention time).
8. Students who are not actively engaged in instructional activities related to coursework will be asked to leave detention for that day and their detention will be recorded as a no-show.
9. A maximum of 10 detention assignments can be administered during the school year. **After 10, students will begin escalated behavior code consequences (Level III).**
10. A specific supervisor and teacher of record and location for school detention shall be established by each school level administrator.

Records shall be kept of all detention time served. Detentions shall be served as soon as possible after their assignment, but not required earlier than the day following the infraction. Students shall

be notified of the specific violation of which they are charged and the proper modification of their behavior that would keep them from having to serve more detention time.

Normal due process procedures shall be followed.

The school is not responsible for transportation following afternoon detention. Students serving afternoon detention may not ride any bus involved in extra or co-curricular activities.

If detentions are assigned for an academic reason, the assigning teacher will keep the detention:

1. Failure to complete class assignments.
2. Lack of class materials (other than a pencil)
3. Failure to complete work assigned during class time.

Failure to complete assignments given to complete during detention time will result in a zero for that assignment.

At the end of detention, the supervising teacher will check the hallways to make sure all students have left the building. The teacher will then lock the downstairs doors and make sure the office door is locked. The supervising teacher will then check the MPR, gym and lobby for unsupervised students. All unsupervised students will be asked to leave the building. The MPR, lobby and office doors will be locked at 3:20pm.

IN-SCHOOL SUSPENSION (ISS)

In-School-Suspension shall be defined as the removal of a student from the regular school program and placement in the in-school-suspension room as a disciplinary measure. In cases of serious offenses that may result in either an In-School Suspension, a brief and informal hearing will be held with the Principal, Assistant Principal or designee, at which time the student will receive specific notice of the rule violation, the names of the witness(es), a brief summary of the facts supporting the charge(s), and the opportunity to refute the charges and tell the student's side of the story. A good faith attempt will be made to contact the parent by phone on the day of the in-school suspension or the day preceding ISS. A parent contact must be made any time a student is assigned to in-school suspension four days or longer, or on the second or any subsequent suspension in the same school year.

In-School Suspension (ISS) is to be the first defense in lieu of out-of-school suspension. Assignment to ISS will be for a given number of days depending on infraction.

- Students who are assigned ISS will lose bus riding privileges while in ISS, except for the day of the initial assignment (if assigned after the start of school for the day).

- ISS students will be dropped off by parents at the 7-12 car rider drop-off areas only. Students will enter the Jr/Sr High School building and proceed to the assigned gym area. ISS students will be dismissed 3:00 p.m. each afternoon (after buses have left campus) and students will report to the car rider drop-off/pick-up area designated for K-6 & 7-12 students.

- A student assigned In-School Suspension cannot participate or be present at any school related activity, including extracurricular, co-curricular, and/or community/school activity on the day(s) of assignment.

- Any student possessing a cell phone or other electronic device must turn the equipment in to the ISS teacher at the start of the day. The student will be given the device back at the end of the school day.

ISS students are expected to earn 100 points for each day assigned. Failure to earn the necessary points will result in the student staying in ISS until total points are earned.

Points are earned in ISS for:

- Punctuality and attendance

- Successful completion of work
- Respect for self and others
- Following directions

Consequences for violating rules/expectations while in ISS are:

- a. Short Term Suspension – up to 5 days
- b. Long Term Suspension – 6 to 10 days
- c. Recommendation to the Superintendent for Alternative Placement.
- d. Recommendation to the Superintendent for board hearing regarding expulsion of the student.

OUT-OF-SCHOOL SUSPENSION (OSS)

Out-of-School Suspension is defined as the removal of a student from instruction and school sponsored activities for up to ten (10) days as a disciplinary measure. Students are remanded to the custody of their parents and may request homework assignments. It is the school's responsibility to respond to the request and it is the student's responsibility to complete the work provided. Out-of-school suspension is rarely used at the elementary level, and only after all other interventions have failed to improve behavior or a zero tolerance offense has been committed.

Out-of-School Suspension or In-School Suspension may be ordered by the principal or his/her designee for a serious breach of conduct including but not limited to willful disobedience, open defiance of school authority, use of profane or obscene language, and/or such other misconduct, determined to be disruptive to the school and/or to the learning environment. The maximum term of such assignment shall be ten (10) days. Only the principal/designee and the superintendent have the authority to suspend a child from attendance. Loss of privileges may accompany an out-of-school suspension. Lost privileges may include restrictions on attendance at school functions as determined by the principal/designee. (e.g. Homecoming, Prom, Window Painting, Senior Trip, etc. and/or loss of on-campus parking)

In cases of serious offenses that may result in an Out-of-School Suspension, a brief and informal hearing will be held with the Principal, Assistant Principal or designee, at which time the student will receive specific notice of the rule violation, the names of the witness(es), a brief summary of the facts supporting the charge(s), and the opportunity to refute the charges and tell the student's side of the story.

Actual suspension begins immediately, or at the end of the school day, depending on the severity of the offense. The suspension ends at the beginning of the day following the last day of suspension. If out-of-school suspension occurs, the parent is contacted as soon as possible. Every effort will be made to hold a parent conference on the telephone or a copy of the out-of-school suspension form is given to the student to give to the parent prior to the day of the suspension or a copy is sent through the U.S. mail within 24 hours. In such case the student will be placed in ISS until sufficient parent contact is made. The parent has the right to appeal the suspension/placement decision to the Principal of the school.

A parent has the right to bring another adult to assist in communicating with school personnel at any meeting regarding the discipline of their child.

ALTERNATIVE PLACEMENT (AP)

Alternative Placement is defined as the removal of a student from instruction and school sponsored activities for a minimum of twenty (20) days as a disciplinary measure. The principal or designee may recommend to the Superintendent the alternative placement of any student who has committed a serious breach of conduct, including, but not limited to, willful disobedience, open defiance of authority of a member of the staff, violence against persons or property, or any other act which

substantially disrupts the orderly conduct of the school including threats to cause serious bodily harm or physical damage. The principal shall conduct a brief and informal hearing after notice to the student and parents, during the suspension period, to consider whether to recommend the alternative placement. The student, parents, guardian, and interpreter may attend this meeting. If alternative assignment is warranted, the Superintendent or designee shall notify the student's parent(s) in writing of the assignment. The student/parent may request an appeal to the District Alternative Reassignment Appeals Committee. The decision of the Committee shall be final and binding upon the student. Students shall be recommended by the Principal to be reassigned for a minimum of twenty (20) days and a maximum of forty-five (45) days. As a result of this action, the student may not appear on any Dawson Springs Independent School site or at any school sponsored activity during the period of reassignment. Violation of this restriction will be reported to law enforcement officials immediately as illegal trespass.

Assignment to ISS will be a minimum of (20) days with a maximum of 45 days. Students assigned to ISS will also be referred for counseling. If a student is in ISS he/she is expected to follow the ISS rules listed above. The number of days may be extended if the student does not earn the correct number of points for the extended stay.

EXPULSIONS (EXP)

The principal shall conduct a brief and informal hearing after notice to the student and parents, during the suspension period, to consider whether to recommend the expulsion of a student. The student, parents, guardian, interpreter and attorney may attend this meeting. The principal or designee may recommend to the Superintendent the expulsion of any student who has committed a serious breach of conduct, including, but not limited to, willful disobedience, open defiance of authority of a member of the staff, violence against persons or property, or any other act which substantially disrupts the orderly conduct of the school including threats to cause serious bodily harm or physical damage. At the discretion of the Superintendent or his designee, students may be offered Alternative Placement lieu of expulsion. As a result of this action, the student may not appear on any Dawson Springs Independent School District site (other than ISS) or at any school sponsored activity during the period of expulsion. Violation of this restriction will be reported to law enforcement officials immediately as illegal trespass.

Expulsion shall be defined as prohibiting the attendance of a student in school for more than ten (10) days or separating a student from the school system, with Superintendent or School Board discretion, for a period not to exceed the remainder of the current school year and one (1) additional year, for most major disciplinary infractions. However, students shall be recommended by the Principal to be expelled for at least the semester in which the infraction occurred and one additional semester or for two semesters if less than four weeks remain in the current semester. As stated in the Gun Free Schools Act Requirement, "Possession or use of a firearm requires a mandatory recommendation of expulsion for one full calendar year from the time the School Board takes action on the expulsion." Expulsion shall proceed before the School Board on the recommendation of the Superintendent.

If the Superintendent recommends expulsion of the student, the School Board may proceed and expel a student from school and/or an extracurricular activity for a period not to exceed the remainder of the current school year and one other. The following procedures shall be followed: The student will be given notice of the extension of suspension and notice of intention to conduct a hearing to consider the expulsion of the student. An informal expulsion administrative hearing will be held before the School Board. Testimony and exhibits may be offered by both the Superintendent and the student. The student will have the right to receive specific notice of the charges, the right to examine evidence and exhibits, the right to be represented by legal counsel at

the student's expense, the right to present evidence, the right to confront and cross examine witnesses, the right that the decision be based on a preponderance of the evidence and the right to a record of the proceeding. The decision of the School Board will be final.

The Superintendent has the authority to honor or reject the expulsion or dismissal of a student by another school district. If the expulsion is honored, the receiving district records a "final order of expulsion" and informs the applicant of this order. The School Board may place a student who is admitted in an appropriate educational program.

Reasonable directions or commands include but are not limited to appropriate behavior and dress at extra-curricular activities.

Disciplinary Action: Options include but are not limited to, ISS/OSS, Alternative Placement, or expulsion.

RULE 21. LASER POINTER LIGHTS - POSSESSION OR USE (Elementary School, Middle School, High School, Dual Enrollment)

Laser pointer lights are a hazard in that they can cause immediate impairment of the vision of others as well as long term damage to vision. Their possession or use is particularly dangerous on school buses. They are prohibited on all school property and at all school functions.

Disciplinary Action: Options include but are not limited to, ISS/OSS, Alternative Placement, or expulsion.

Injury or Accident (regardless of the number of offenses) ten days of out-of-school suspension - recommendation for alternative placement and authorities notified.

RULE 22. LEAVING SCHOOL GROUNDS (Elementary School, Middle School, High School, Dual Enrollment)

The Dawson Springs Independent School District has adopted a philosophy of a "closed campus." Therefore, students are not permitted to leave the school grounds during the school day for any reason unless they have properly checked out with parental approval through the school office. Parents must follow check out procedures at their respective school sites. No student shall be dismissed without appropriate adult authorization. To keep the school environment safe by preventing students from bringing harmful contraband onto campus, students who leave campus in violation of the attendance policy and return during the day are subject to a search of their person, possessions, and vehicle.

Disciplinary Action: Options include but are not limited to detention, ISS/OSS, Alternative Placement, or expulsion.

RULE 23. MOTOR VEHICLE - OPERATION AND STUDENT PARKING (Elementary, Middle School, High School, Dual Enrollment)

The right to drive and operate a motor vehicle on school property is controlled by the State of Kentucky through the Department of Highway Safety and Motor Vehicles and the Board of Education. All applicable State regulations will be enforced. The operation of a motor vehicle is controlled by various regulations and laws for the safety of all concerned and should be viewed as a privilege.

Dawson Springs Independent School District provides an area for designated high school students to park their vehicles. All students who drive to school must register their vehicle(s) and secure a parking permit. Parking a car on school grounds is a privilege, not a right. This privilege may be suspended or revoked at any time.

Law enforcement officers and school officials working with drug detecting Canine units periodically conduct unannounced checks of vehicles on school property. These checks may result in a search of vehicles on campus. A student who drives a vehicle to school is responsible for and considered to be in possession of any item in that vehicle. Students will be subject to disciplinary action for items found in vehicles that are prohibited in this *Code of Acceptable Behavior*.

Students are prohibited from having inappropriate, profane, or incendiary stickers or writing that could have a disruptive effect, on vehicles they park on Dawson Springs Independent campus.

High school students are not permitted in their cars during any part of the school day, with the exception of those students who are released early by the school administrators. Upon arriving at school, students are to lock and leave their cars immediately. The student parking lot is for the parking of cars only, and students are not to congregate in the parking lot before, during, or after school.

Students who fail to abide by these rules and regulations or who operate their vehicle in an unsafe manner will lose the privilege of parking their vehicle on school property and are subject to disciplinary action.

Elementary and middle school students may not operate mopeds, motorized vehicles or scooters on school grounds.

Disciplinary Action: Options include but are not limited to loss of privilege, towing of vehicle, ISS/OSS, Alternative Placement, or expulsion.

RULE 24. NARCOTICS, BEVERAGES CONTAINING ALCOHOL, AND DRUGS (Elementary School, Middle School, High School, Dual Enrollment)

A “Controlled Substance” means a narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, counterfeit drugs, or any other substance defined as an illegal controlled substance. The Federal Controlled Substance Analogue Act allows any chemical “substantially similar” to an illegal drug to be treated as an illegal controlled substance. This would include any chemical which has a stimulant, depressant, or hallucinogenic effect on the central nervous system that is substantially similar to or greater than that of a controlled substance.

An “Alcoholic Beverage” means beer, wine, liquor, or any beverage containing alcohol or an intoxicant of any kind.

A student shall not possess, sell, deliver, use, transmit, distribute, solicit, conspire to sell or obtain or be under the influence of a controlled substance or an alcoholic beverage while upon school property or in attendance at a school function. Any student who agrees, plans, or conspires with another student or person to commit an act described in this Rule is guilty of conspiracy. Any student, who commands, encourages, hires or requests another student or person to engage in conduct violating this rule is guilty of solicitation. Possession of paraphernalia normally

associated with the use of controlled substances is expressly forbidden. The manufacturing, possession, and/or use of fake identification or driver's licenses which are used to purchase illegal substances or alcoholic beverages is also a violation of this rule.

This rule also applies to misuse or distribution of legal drugs whether prescription or over-the-counter and the use of any items in order to attain an altered state. See Medication Authorization Form and Parent Letter for legally prescribed medication and over the counter drugs. School personnel have the right to confiscate any items included in this rule. School personnel have the right to search individuals, lockers and personal property when there is reasonable suspicion that the individual may possess any items covered under this rule. Metal detectors and specially trained animals such as drug detecting dogs may be utilized in these searches.

Search and Seizure:

The Dawson Springs Independent School District has a philosophy of intolerance toward illegal substances for our schools. As a preventative measure, periodic searches of our schools may be conducted. Drug detecting dogs will be used to locate drugs in the school building lockers, vehicles on school grounds and/or any other location on school property. Drug detecting dogs will not be used to search students (*see search and seizure, pg. 27*).

Disciplinary Action:

First Offense: Use, Under the Influence, or Possession – Maximum of ten (10) days out-of-school suspension, and referral to appropriate police authorities.

Second Offense within same school year or Third Offense during school career: Use, Under the Influence, or Possession - Ten (10) days out-of-school suspension, with a recommendation for Alternative Placement or expulsion from school and a referral to appropriate police authorities.

First Offense: Possession of paraphernalia normally associated with the use of a controlled substance - Confiscation of paraphernalia and possible suspension, with a referral to appropriate police authorities.

NOTE: If paraphernalia contains residue, disciplinary action will be the same as Use or Possession.

RULE 25. PUBLIC DISPLAY OF AFFECTION

(Elementary School, Middle School, High School, Dual Enrollment)

Kissing, embracing, fondling or other displays of affection are not appropriate behavior in a school setting. In establishing and maintaining a sound educational environment, emphasis must be placed on each student maintaining a feeling of self-respect, self-discipline, and a high standard of conduct. Respect for one's self, school and others is most often reflected in behavior of students. Affection for boy or girl friend is a personal and private matter, and as such should not be demonstrated on school property. Pupils, who engage in public displays of affection after a warning from school personnel, will be guilty of willful disobedience, and disciplinary action will be taken.

Disciplinary Action: Options include but are not limited to, Detention, ISS/OSS, Alternative Placement.

RULE 26. SCHOOL PROPERTY – BUILDING/VEHICLES

(Elementary School, Middle School, High School, Dual Enrollment)

Whoever willfully cuts, paints, marks or defaces any school owned property including but not limited to an educational building, furniture, apparatus, appliance, fence, tree, vehicle, school bus, athletic field, or other property with word, image, or device, shall be subject to disciplinary action by a school authority. Students and/or parents shall be held liable for the cost of repairs or replacement. The deliberate breaking or vandalizing of school property including disabling or altering computer hardware and software is subject to the same disciplinary action.

NOTE: Students who engage in any form of vandalism or attempted vandalism of school property may be suspended from school and referred to proper legal authorities for possible arrest and prosecution. Students who have knowledge of acts of vandalism and fail to report those acts to authorities are subject to disciplinary action. Seniors are warned that a suspension during the final days of the school year may result in the forfeiture of senior privileges including participation in commencement exercises.

Disciplinary Action: Options include but are not limited to, ISS/OSS, Alternative Placement, expulsion, and/or referral to appropriate authorities.

RULE 27. SCHOOL PROPERTY – MATERIALS/BOOKS/INTERNET

(Elementary School, Middle School, High School, Dual Enrollment)

Students are expected to take good care of school property. Students must assume full responsibility for the care of school property available to them. This includes, but is not limited to textbooks, uniforms, equipment, or library books. These items are issued by school personnel and must be returned to the same person upon completion of the school year or withdrawal from school. Responsibility for the property rests with the student to whom the property is issued. Loss of items due to theft or other circumstances will not be accepted as an excuse for nonpayment or for not doing class assignments. Failure on the part of any student to pay for lost or damaged items shall deprive the student of further use of free items outside the school. If an item is lost and before

another one is issued, the student will be required to pay full price for items less than one year old. For older items, replacement cost will depend on the original price and the age and condition of the items when issued as determined by District officials.

If the item is found and returned, a refund will be made to the student. If the item is damaged, the student is required to pay a damage charge depending upon the degree of damage and the condition of the item when it was issued as determined by the District.

The District's internet system has a limited educational purpose. The District's internet system has not been established as a public access service or a public forum. The District has the right to place restrictions on its use to assure that use of the District's internet system is in accord with its limited educational purpose. Student use of the District's computers, network and internet services ("network") will be governed by the District Digital Driver License procedures/policy and the *Code of Acceptable Behavior*. Misuse of the network will result in Disciplinary Action. The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the network. Users have a limited privacy expectation in the content of their personal files and records of their online activity while on the network.

Disciplinary Action: Options include but are not limited to, revocation of access, ISS/OSS, Alternative Placement, expulsion and/or referral to appropriate authorities.

RULE 28. SEXUAL MISCONDUCT

(Elementary School, Middle School, High School, Dual Enrollment)

Sexual misconduct consists of sexual advances, requests for sexual favors or inappropriate oral, written, electronic, (texting or sending pictures), or physical contact or conduct of a sexual nature, which creates an intimidating, hostile, or offensive or abusive environment, or physically threatens an individual, or behavior which interferes with the right to get an education or to have access to or to participate in school programs or activities.

Any student who engages in such sexual misconduct shall be subject to disciplinary action including, but not limited to, suspension or expulsion, in accordance with Kentucky Law and the *Code*.

Students should report any sexual misconduct toward them, following the Administrative procedures listed in this rule.

Reporting of a complaint will not adversely affect the reporting student's status, extracurricular activities, grades or work assignments.

This policy shall be enforced on and off school property whenever school employees have jurisdiction over students.

Violation of the sexual misconduct policy is grounds for disciplinary action and may also result in criminal penalties.

Administrative Procedure: Allegations of Sexual Misconduct Between Students

Investigations of allegations shall be conducted within the school district. The Director of Pupil Personnel is to be consulted if there are questions at any administrative level regarding appropriate actions to be taken.

The following steps are to be followed in conducting investigations of *sexual misconduct*:

- 1) The person taking the initial report documents date, information, and reports to the Principal (if someone other than the principal is taking the initial report).

- 2) The Principal assigns an investigator immediately or the Principal may choose to conduct the investigation. Due care will be taken to promptly obtain and preserve statements, physical evidence, drawings or photographs. Communication with the victim, the accused, and the parents of the victim shall occur where applicable. An administrator or designee of the same gender as the victim shall be present during any investigation.

A reasonable accommodation shall be made for all involved parties during any investigation.

- 3) The investigator will promptly interview parties involved and take dated, signed statements (where possible) and report results in writing to the Principal. All investigation results shall be reported to the Principal within five (5) school days of the complaint.
- 4) The Principal shall review the investigation and initiate discipline of students involved as he/she deems appropriate. All consequences imposed by the Principal shall be added to and filed with the incident report, and a copy sent to the Director of Pupil Personnel.
- 5) The Principal reports the results of investigation to the victim, the accused and their parents, which may be limited to reporting that the complaint was founded and appropriate action was taken.

Disciplinary Action: Options include but are not limited to, ISS/OSS, Alternative Placement, expulsion and/or referral to appropriate authorities.

RULE 29. THEFT

(Elementary School, Middle School, High School, Dual Enrollment)

Theft or knowingly accepting stolen items is an unlawful act in our society and is very serious regardless of the value of the stolen item. All such acts, including not being truthful when confronted with such acts, are prohibited and legal charges may be brought forth in addition to the disciplinary action taken by school authorities. A student who fails to report this theft when asked by staff will also be subject to disciplinary action.

Disciplinary Action: Options include but are not limited to, ISS/OSS, Alternative Placement, expulsion and/or referral to appropriate authorities.

RULE 30. TOBACCO - POSSESSION/USE

(Elementary School, Middle School, High School, Dual Enrollment)

The use or possession of tobacco products, including but not limited to electronic, disposable, or artificial cigarettes, lighters or matches by students is prohibited in school buildings, or at any school-sponsored activity. This restriction is in effect 24 hours a day, every day of the calendar year.

Disciplinary Action: Options include but are not limited to, ISS/OSS, Alternative Placement, expulsion and/or referral to appropriate authorities.

RULE 31. VISITORS/TRESPASSERS

(Elementary School, Middle School, High School, Dual Enrollment)

Upon arrival at school, visitors must check in with the receptionist in the Main Office. Unauthorized visitors will be prosecuted for trespassing.

Students are not permitted on school grounds and/or in school buildings before or after school hours without authorization or the supervision of a teacher or adult in authority. Stated authorization may be specific to the student or general as to the public. Students who trespass,

unlawfully enter, and/or engage in any form of vandalism or attempted vandalism of school property will be suspended from school and referred to proper legal authorities for possible arrest and prosecution. Students who are suspended, expelled, in ISS or in an alternative placement for any rule violation are not permitted on any school property, nor are they allowed to participate in any school function for the duration of the suspension, expulsion, ISS or alternative placement. For high school seniors, a suspension during the final days of the school year may result in the forfeiture of senior privileges including the participation in commencement exercises.

Disciplinary Action: Options include but are not limited to, ISS/OSS, Alternative Placement, expulsion and/or referral to appropriate authorities.

RULE 32. WEAPONS, FIREARMS, DANGEROUS INSTRUMENTS, AND CONTRABAND (Elementary School, Middle School, High School, Dual Enrollment)

A student shall not possess, handle, or transmit any object that reasonably can be considered a weapon, instrument capable of inflicting bodily harm, an incendiary device, (including counterfeit devices) or any other contraband materials. This includes any tool wielded with the intent to cause bodily harm. Examples of such devices include, but are not limited to, knives, razor blades, box cutters, firearms, bullets, pellet or B-B guns, gun replicas, stun guns, clubs, chemical agents (e.g., pepper spray and mace), chains, black-jacks, fireworks, bombs or bomb replicas.

School authorities have the right to confiscate the above items and to search individuals when there is a reasonable suspicion that the individual may be in possession of such items. Possession and/or use of any such item by a student shall be grounds for recommendation for expulsion (*see search and seizure, pg. 27*). Note: At the elementary level only, students possessing knives are to be suspended for a length of time determined by the principal. Prior to readmission, a conference with the principal and the parents is to occur. No arrest is to be made unless the student has actually used the knife in a threatening manner. However, a record will be made and kept on file by the school.

At all levels, principals may exercise discretion regarding disciplinary decisions for students in possession of weapons that are not illegal and that are not exposed and not intentionally brought to school. The decision regarding intent is made by the principal after the incident is investigated. In the event that a student reports to a school official that he/she has unknowingly brought such an item to school and there is no evidence to the contrary, the student will not be subject to disciplinary action.

Possession of a firearm or weapon (as defined in the above paragraph 1) on school campus or at any school-sponsored activity shall result in a recommendation for expulsion from Dawson Springs Independent Schools and criminal charges filed.

In addition, the Gun-Free Schools Act (GFSA), Public Law 103-382, which was enacted on October 20, 1994, Public Law 103-382, states that State law requires local educational agencies to expel from school for a period of not less than one full calendar year a student who is determined to have brought a firearm to school.

The one-year expulsion requirement applies to all students, kindergarten through Post-Secondary, who bring firearms to any setting that is under the control and supervision of the school. The Superintendent may exercise his authority to determine any exception to this law, especially for elementary students, on a case-by-case basis.

Any student who brings a weapon to school will be referred to the criminal justice or juvenile delinquency system.

For the purpose of the GFSA, a firearm is defined in Section 921 of Title 18 of the United States Code.

According to Section 921, the following are included within the definition:

- any weapon which will or is designed to or may readily be converted to expel a projectile by the action of an explosive
- the frame or receiver of any weapon described above
- any firearm muffler or firearm silencer
- any explosive, incendiary, or poison gas
- any bomb
- any grenade
- any rocket having a propellant charge of more than four ounces
- missile having an explosive or incendiary charge of more than one-quarter ounce, mine, or similar device
- any weapon which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than one-half inch in diameter
- any combination of parts either designed or intended for use in converting any device into any destructive device described in the two immediately preceding examples, and from which a destructive device may be readily assembled.

Disciplinary Action: Options include but are not limited to, ISS/OSS, Alternative Placement, expulsion and/or referral to appropriate authorities.

RULE 33. BOMB THREAT/TERRORISTIC THREATENING

Senate Bill 1 recently passed legislation concerning bomb threats/terroristic threatening. In the event such action is taken towards the Dawson Springs School System, the school system will pursue immediate legal charges for felony terroristic threatening in the second degree, to the absolute fullest extent of the law, against anyone who makes such threats, including students.

Terroristic Threatening in the second degree is defined in state law (KRS 508.078)

(1) A person is guilty of terroristic threatening in the second degree when, other than as provided in KRS 508.075, he or she intentionally:

b) Makes false statements by any means, including by electronic communication, for the purpose of:

- 1. Causing evacuation of a school building, school property, or school-sanctioned activity;**
- 2. Causing cancellation of school classes or school-sanctioned activity; or**
- 3. Creating fear of serious bodily harm among students, parents, or school personnel**

RULE 34. ATTENDANCE POLICY

(Elementary School, Middle School, High School, Dual Enrollment)

Attendance is a student-parent/guardian responsibility. The progress of a student depends upon the punctuality and regularity of attendance.

* A student who is absent for 36% to 84 % of a day will be recorded absent for .5 of the day and for 85% to 100% of the day will be recorded absent for one day. Students who are absent for 35% or less during the day, will be recorded as tardy.

Any absence or tardy occurring during the school year will be recorded as either “excused” or “unexcused.” In the case of an “excused” absence or tardy, the reason for the excuse will also be recorded. After a student has reached a maximum of four unexcused absences and/or tardies, disciplinary action may be taken as described. However, all students are still expected to use absences and tardies only for legitimate reasons, and this policy is not intended as a license to miss a particular number of days of school per year.

A student is considered truant with 3 unexcused absent or tardy events and a habitual truant with 6 unexcused absent or tardy events. Absences are cumulative for the year and include any absences transferred from another school district. Students who have become truant or habitual truants must submit all excuses within 24 hours and parent notes will not be allowed. We do understand that occasionally a student may have a medical condition or illness that requires him/her to miss more than six (6) days with a parental excuse. If this should happen to your child, please contact the Pupil Personnel Director at 797-3811.

General Provisions

Each student, regardless of grade level, may not accumulate more than a total of six (6) unexcused absent and/or tardy events during a school year. For grade 7 thru grade 12 the following applies: On the third (3rd) unexcused absence/tardy event, the parent/guardian will be sent a letter of reminder and a copy of the attendance profile. Upon the fifth (5th) unexcused absence or tardy event, the parent/guardian will be delivered a Final Notice in accordance with Kentucky truancy laws with a copy of the attendance profile. If a sixth (6th) unexcused absence or tardy event occurs, charges will be filed with the Hopkins County Family or District Court against the parent/guardian and/or student.

Perfect Attendance awards will be given only to those students who have been neither absent nor tardy.

Any out of district student who is attending the Dawson Springs School System must have an out of district application on file with the Director Pupil Personnel. All out of district students must adhere to the attendance policy and the discipline code. Failure to do so may result in the student being required to attend school in the district where he/she resides.

No student shall be dismissed early from school without permission from the principal or their designee. Any student who leaves the school grounds without permission from the principal shall be subject to appropriate disciplinary action. The absence from class will be counted as unexcused. All students must comply with the sign out regulation. *Refer to the attendance policy for definitions.

In accordance with District Board Policy 09.123, the designated person shall report to the Principal’s office and sign the entry/exit log for the student’s release.

Reporting Absences/Tardies

All students must be in compliance with the Kentucky Compulsory Attendance laws and statutes. When a student must be absent from school, it is the responsibility of the parent/guardian to contact the school before 10:00 A.M. to report the absence and the reasons for the absence and send a note on the day the student returns.

It is important to understand that the primary purpose for calling is to make the school aware that the parent/guardian is aware that their child is not in school. **The telephone call alone does not**

mean the student will receive an excused absence. Reported absences or tardies will be recorded as “unexcused” by the attendance clerk. These events will only be recorded as excused when a note is presented on the day following the last absence or tardy, that meets one of the criteria listed under the heading “Examples of Excused Absences” and contains the date, student name and reason. **All tardy students must obtain an admittance slip from the office before going to class.**

Unexcused Absences Procedures

1. During the first week of school the DPP or designee will address the student body regarding Attendance, Truancy and the Educational Process.
2. Students who acquire three unexcused absences or tardies will receive a letter from the Board of Education. If a student has acquired four unexcused absences or tardies, they may meet with the Family Resource Coordinator for possible help and or services. Also, the student will be assigned one day of ISS.
3. Should a student obtain the fifth unexcused absence or tardy, they will receive a final notice from the Director or Pupil personnel by certified mail or personal delivery and every attempt will be made to make a home visit by the DPP to discuss the problem and make them aware of what will happen should they acquire the sixth unexcused absence or tardy.
4. When a student has reached their sixth unexcused absence or tardy, charges will be filed with the Hopkins County Attorney.

On each day of an absence, the school will attempt to reach the parent by phone. Once charges are filed, parents/students will not be allowed to sign the student out to home school or to allow them to drop out of school. Furthermore, no additional excuses will be accepted.

Unexcused Tardy Procedures

On the third unexcused tardy, a reminder letter will be sent from the Board of Education to the parents to warn of the consequences. On the fourth unexcused tardy, the Principal will conduct action that is deemed necessary (ISS, loss of driving privilege, etc.). On the fifth unexcused tardy, the parents will be sent a Final Notice by certified mail, return receipt requested or personal service by the Director of Pupil Personnel. Parent will have the opportunity to meet with the Director of Pupil Personnel to review the consequences. Upon the sixth unexcused tardy, charges will be filed with the Hopkins County Court System. Once charges are filed, parents/students will not be allowed to sign the student out to home school or to allow them to drop out of school.

Interventions

- 1) Court Designated Worker
- 2) Cabinet for Social Services
- 3) Teacher
- 4) Assistant Principal
- 5) Director or Pupil Personnel
- 6) Family Resource/Youth Services Center

Office of Hopkins County Attorney

- Parents of students ages 5-16 will be prosecuted by the County Attorney's office to include fines and a probation period of two (2) years. All subsequent violations will result in contempt of court resulting in additional fines and or jail time.
- Students ages 12-16 will be diverted to the Court Designated Worker on the first offense to include diversion a probation period of two (2) years. All subsequent violations will result in contempt of court with juvenile charges of detention, and parental charges of fines and or jail time.
- Students ages 17-21 will be prosecuted by the County Attorney as adults with charges including fines and/or detention time. Parents of these students may be prosecuted if reasons dictate.

Make-up Work

Students with excused absences/tardies will be allowed to make up all missed work. All missed work during an excused event must be requested by the student or parent/guardian either during the event or on the day the student returns to school. All work assigned during a student's excused event may be submitted without penalty upon the student's return at a time agreed to by the teacher and student but no fewer than the number of consecutive days absent/tardy.

Students shall make up all graded class work and tests assigned during an unexcused event or out-of-school suspension. All missed work during an unexcused event/out-of-school suspension must be requested by the student or parent/guardian either during the event or on the day the student returns to school. A timeline for the completion of all missed work and/or tests will be determined by the teacher and the student and shall not exceed the number of days the student was out of school. In the case of out-of-school suspensions, graded class work/tests will be accepted for partial credit (with no more than one letter grade reduction). In addition, the privileges of attending the Homecoming Dance, attending Prom, parking on campus, attending pep rallies, participating in window painting, attending the senior trip, and any other activity determined by the principal/designee may be withheld.

Home Hospital (Homebound)

Students with an extended, non-contagious illness are encouraged to apply for homebound services to prevent excessive absences and maintain their schoolwork with a teacher assigned to meet with them twice each week. Students will not be allowed to attend any school activities (including, but not limited to ballgames, prom, homecoming/dances, window painting, etc.) while on HH.

Excessive Absences/Tardies

Once a student has accumulated 10 or more unexcused events, the student's driving/parking privileges will be revoked. In addition, the privilege of attending Prom, Homecoming, pep rallies, window painting and any other activity determined by the principal will be withheld.

Appeals Procedure

Once a student has exceeded the allowed number of absences and been notified of disciplinary action, the student and/or parent may appeal to the Director of Pupil Personnel within three days. A committee will be formed to review, in an informal hearing, if the absences are satisfactorily justified. If the student and/or parent are not satisfied with the results of the hearing, they may

request to present their case to the superintendent for a final decision. It is suggested that the student/parent first meet with the school principal to resolve the attendance issue.

Notwithstanding any other provision of this Policy, students whose absence is determined to actually have “skipped” class or classes, with or without permission of their parent(s) or legal guardian, will be dealt with in accordance with the student discipline code.

RULE 34. ATHLETICS/ACTIVITIES

(Middle School, High School, Dual Enrollment)

PURPOSE OF HANDBOOK

The purpose of this rule/handbook is to give the student athlete and his/her parents a guide to the athletic opportunities offered by Dawson Springs Jr/Sr High School. This rule/handbook will assist the student athlete, parents, staff members, and administration involved in the athletic program to carry out their responsibilities.

INTRODUCTION

Student participation in the athletic program at Dawson Springs High School is entirely voluntary. Participation in athletics is a privilege, not a right. The opportunity to be involved in the athletic program is extended to all students who are willing to accept certain duties and responsibilities. The student athlete should set high standards, demonstrate exemplary behavior, and display good sportsmanship at all times.

We at Dawson Springs High School believe the actions of coaches should be based on what is in the best interest of the students. A coach is a teacher and the field/court is the classroom. The program should be conducted as such.

We encourage parents and the community to support our programs, our coaches and our athletes as they are a vital part of our school culture.

OBJECTIVES

The athletic program serves as one of the extensions of the classroom which attempts to meet student goals through expanded learning opportunities. The athletic program not only enhances, but also reinforces the learning which occurs within the classroom. The objectives of the Dawson Springs athletic program are to provide opportunities for student athletes:

- To develop their physical talents to their maximum potential.
- To learn from experience that consequences follow the violation of a rule.
- To experience working as a member of a team in order to achieve a goal.
- To dedicate themselves to the task of achieving a given goal.
- To gain experience in problem solving and decision-making.
- To develop respect for others.
- To make real friendships with squad members, and to widen their circle of friends, and to make acquaintances on opposing teams.
- To develop athletic skills in both an individual and team setting.
- To develop the total student-athlete focusing on leadership, self-discipline, self-motivation, strong work ethic, sportsmanship and high academic achievement.
- To develop each student's self-esteem with a feeling of well-being and worth.
- To provide coaches who can impart their knowledge, skill, and strategies of their sport, and act as positive role models for our student.
- To provide a means for our athletes to grow physically, cognitively, and emotionally within a supervised athletic setting.
- To provide a focus of interest on programs for students, faculty and staff, and our community that will generate a feeling of unity and school pride.
- To provide a rewarding athletic experience for students.

MISSION STATEMENT

The mission of the Dawson Springs Independent School System is to prepare our students to be confident, responsible citizens who possess the educational and social skills necessary for future growth and achievement through a community based education system emphasizing quality, excellence and high expectations.

PHILOSOPHY

Athletics is an integral part of the total education process and this plays a major role in the philosophy of Dawson Springs High School. Athletics provide an opportunity for students to utilize critical thinking skills as well as put into practice those basic tenets of cooperation and personal responsibilities. Our athletic program encourages the acceptance of responsibility to self, to team, and to school. Athletics encourage good physical health and personal habits, expose our athletes to difficult lessons, and offer an opportunity to realize success. All of these experiences are desirable in the balanced growth of an individual. The athletic program will constantly strive for the development of well-rounded individuals capable of becoming successful and productive members of society.

Copies of the bylaws are available from the athletic director and on line at www.khsaa.org. Each athlete and his/her parents must read and familiarize themselves with these rules and regulations.

ACADEMICS

Grades will be checked for athletic participants by current grades. Every Monday morning the Athletic Director will check all athletes' grades. The athlete must be passing 6 out of their 7 classes every week. If the athlete is not passing six classes, he/she will immediately become ineligible and will remain ineligible until the next grade check. No special tests or recitations are to be given for the purpose of making the student eligible. The only exception is if a teacher has incorrectly entered a wrong grade. Any athlete that is ineligible for 3 consecutive weeks will be dismissed from the team and will not be allowed to participate in another sport until the completion of the current sport.

Coaches may establish tougher guidelines to the above.

NCAA Clearinghouse is required for all students planning to attend a Division I or Division II college on scholarship. The athlete must take the SAT or ACT and complete required core courses to be eligible for recruitment. There is a fee to register with the clearinghouse. See a guidance counselor for more information.

Each athlete must have a current KHSAA physical form completed by a physician and submitted to coach and/or athletic director prior to the first day of any type of practice. A copy must be on file with coach and athletic director. Athletes cannot begin practice of any type without this form on file. The form is available in the high school office or from the Athletic/Activities Director.

This insurance will go into effect after the primary insurance has paid. Therefore, it is strongly recommended that each athlete has his/her own insurance. Information on board insurance is in the high school office.

MEDICAL RELEASE

If an athlete is under the care of a physician due to an injury or illness, he/she must have a doctor's release before he/she can play in a contest or return to practice.

INJURY

If an athlete is injured (minor or major) the coach should report all injuries to the AD in the main office and should fill out an accident form. If you have questions concerning an injury please contact the AD at 797-3811.

All athletes must be in attendance at school for at least 3 ½ periods on the day of the sporting event (game, meet, practice, match, etc.) to be eligible to participate in the event. Only exception would be special approval by Principal.

Athletes can be signed out after the contest by any of the *four individuals* designated on the athlete's sign out form (*2 parents/legal guardian and 2 additional persons age 25 or older*) prior to the beginning of the season. Only those individuals may sign an athlete out. The form with names listed must be completed prior to season. (The form is attached at back of handbook). In special circumstances, the principal may approve alternate transportation arrangements. *If a player is NOT signed out properly, they will be required to ride the bus back to the school the remainder of the season. A coach can request that his/her players ride the bus back to the school if notice has been given to the parent/guardian prior to the day of the contest or activity.*

EQUIPMENT/SUPPLIES

All athletes are responsible for the proper care and security of equipment issued to them. If any equipment is not returned, is lost or has been misused or abused, the athlete will be charged with the replacement cost. The Head Coach shall inform the each athlete that he/she will not receive his/her grades until his/her financial obligation is met. Athletes still delinquent at the end of the school year will not receive a diploma until financial obligations are fulfilled. Underclassman will not be issued equipment or allowed to participate for the next sport until financial obligation is fulfilled. The Head Coach shall notify the Athletic/Activities Director of all delinquent obligations.

Practice gear and game uniforms should be worn only during practices, games, or by permission from the Head Coach. **At no time are students to wear school issued equipment or uniforms for physical education classes, for work or job-related activities, or for everyday school or social wear.**

VARSITY LETTERING

The Varsity "D" chenille letter shall be presented to high school students who have satisfied the participation requirements, completes all team obligations, and/or receives the recommendation of the Head Coach. It is the responsibility of the Head Coach to ensure that athletes understand the criteria for lettering in a varsity sport. Any athlete/manager who leaves the team for any reason other than medical will forfeit their letter for the season.

PARENT INVOLVEMENT

The coaching staff is responsible for determining the following: team selection, length and content of practices, game strategy, and individual playing time. These decisions will be based on the best judgment of the coach. The Head Coach shall explain during the parent meeting prior to the season his/her communication procedures. The Head Coach should always maintain professionalism in dealing with parents. If parents have concerns, it is recommended that they call the Coach and/or Athletic Director to set up a meeting rather than attempt a meaningful discussion before, during, or after a contest.

ATHLETES CODE OF ACCEPTABLE BEHAVIOR

Participation on an athletic team, cheer squad or dance team at Dawson Springs High School is a privilege, and the participants must earn the right to represent Dawson Springs Athletics by conducting themselves with character, class, and exemplary behavior at all times.

Any athlete who displays any type of negative sportsmanship to a coach, teammate, official, any school personnel, or any opposing coach or opponent will be subject to disciplinary action by the coach, athletic director or administrator. *Any athlete who initiates a fight or leaves the bench area could face immediate dismissal from the team, plus school disciplinary action.*

Also, any participant whose conduct is judged to discredit himself/herself in an activity outside school hours or away from the school setting could be subjected to disciplinary action as determined by the coach, the Athletic/Activities director, and/or the Principal.

GENERAL MISCONDUCT

When making a decision about general misconduct, it is important for our professional staff to emphasize to their participants that maintaining the highest standards of behavior at all times is of utmost importance and that "winning at any cost" is not an appropriate goal. The importance of maintaining good physical, moral and ethical behavior as well as a commitment to the core values of sportsmanship and citizenship is the strongest messages we can send to

our participants while they participate in our interscholastic or extracurricular activity programs.

The activity coach/club sponsor/music director/activities coordinator or principal shall suspend a participant for other violations considered to be unbecoming to the high standards of our interscholastic or extracurricular activity programs. These violations may include wrongful acts on and off school property, but are not limited to, commission of an act that would be a misdemeanor (other than a minor traffic violation) or a felony under the laws of the State of Kentucky, violation of the Dawson Springs Independent School District's Student Code of Acceptable Behavior, disruptive behavior, violations of particular state or local membership rules (e.g., breaking team curfew, being late for meetings, practices, or contests), general disrespect toward the coach/sponsor/teacher, players or fans and unsportsmanlike conduct to the team or program. The coach/sponsor/music director, etc. will report, as soon as reasonably possible, in writing to the athletic/activities coordinator, principal and the parents stating the violation(s) and the reason(s) for the proposed suspension and/or loss of office of the participant. Suspension under this category may be both for practice and/or contests. The length of the suspension should be applied fairly and should be commensurate with the violation(s). The principal may **overrule** a coach's, sponsor's, music director's or activity coordinator's suspension if it is deemed insufficient or inappropriate to the violation(s).

Any participant who is arrested or detained by any federal, state or local law enforcement authorities for a felony offense, or for what, if the participant were an adult would be considered a felony offense, shall be suspended from participation in all activities (including contests and practices) until a final determination of the charge(s) and adjudication. If, after consultation with the school district legal counsel, the state attorney's office indicates that felony charges, or what might be considered felony charges if the participant was an adult, will be dropped or reduced to a lesser charge, the student may be conditionally reinstated to participation. If a participant is adjudicated guilty or delinquent of the felony, or in the event that adjudication of guilt or delinquency is withheld, then the participant is subject to, depending on the charge(s), permanent ineligibility for the school calendar year activity period or the remainder of his/her high school activity period of participation or career.

PENALTY CARRY-OVER/MULTIPLE VIOLATIONS

If any Activity/Athletic Code of Conduct violation occurs at or near the end of a particular activity period (such as sports season) the participant shall be ineligible for the same period of time as stated above in the next activity in which the participant participates, even if that activity does not occur until the following school year.

- A. The penalty clause applies school to school in the event a participant should move or transfer.
- B. If a participant is involved in an incident in which multiple violations involving more than one category occur, each violation shall be dealt with and the penalties will be cumulative. The incident will be considered as one (1) code violation.
- C. A student who has been determined to have violated the code on three separate occasions during their high school career shall be ineligible to participate in any interscholastic or extracurricular activity for one calendar year. Reinstatement to full participation will be determined by the principal at the conclusion of the one-year suspension.

• COACHES RULES AND CONSEQUENCES

At the beginning of each season the head coach is required to give each athlete and parent a list of his/her rules and consequences. Athlete and parents must sign off stating they have read and will abide by team's rules and consequences.

- **DRUG AND ALCOHOL POLICY**

A student assigned In-School Suspension cannot participate or be present at any school related activity, including extracurricular, co-curricular, and/or community/school activity on the day(s) of assignment. Repeated disciplinary problems could result in the student being removed from all athletics.

- **QUITTING A SPORT**

A student will not be allowed to quit one sport for another in the same season. An athlete will not be allowed to drop a sport in season to try out for an upcoming sport if he/she is a member of a team *at the time that the first scrimmage game or first game of season (whichever has occurred first) has been played. Discipline Matrix

WHAT IS THE DISCIPLINE MATRIX?

The Discipline Matrix is a tool for administrators to respond appropriately when students have committed serious violations, per the Code of Acceptable Behavior. This tool is designed to offer consistency at all levels across the District so that students are disciplined fairly from school to school when their behavior requires punishment beyond the classroom. There are two different versions of the Matrix: One to assign consequences to **elementary students** (grades K-6) and one to assign consequences to **secondary students** (grades 7-12).

The Matrix is designed to assist you and your child in understanding the consequences of seriously violating school rules. While most parents will have no need to be familiar with the Matrix, the School Board and the District want to ensure that parents are knowledgeable about the actions of its school administrators when students misbehave. The Matrix enables administrators to assign consequences consistently.

HOW DO I READ THE MATRIX?

The Matrix outlines the violations in the same way as the Code of Acceptable Behavior that you have received. When a student has multiple violations in one incident, e.g. fighting using a weapon, the administrator will impose the more severe consequences.

The “A” in any row indicates the possible range of disciplinary action. The school administrator has discretion in moving to the left or right on a row depending on the student’s previous offenses or the severity of the act.

IS THERE ANYTHING ELSE I NEED TO KNOW?

Yes. The Discipline Matrix does not apply to classroom management as assigned by the teacher but rather as a progressive step when a student has broken the rules requiring a principal and/or his designee to assign consequences. While continuous disregard for classroom rules will almost always be referred to an administrator, certain violations of the rules, e.g. weapon possession, assault, sexual harassment, require initial administrative action.

Like the Code of Acceptable Behavior, the Matrix is reviewed annually by the District stake holders, including parents, teachers, administrators, counselors, and other community representatives.

WHERE DO I GO IF I WANT FURTHER EXPLANATION OF THIS DOCUMENT?

Should you require further explanation of the Discipline Matrix, please call your school administrator.
