The following summarizes the vision for ministry expansion that we're pursuing through this Ministry Readiness Assessment:

Category	The Current Situation	The Need	The Solution
Ministry Growth and Impact	In the last 4 months, we've had 45 prospective families reach out with interest in joining our Early Childhood Program. We've had to turn them away as we don't have the space currently.	Create additional classrooms and space to reach more families, and create a broader base for our K-8 program.	Build a new on-site, 23,000 sq. ft. Early Childhood Center that significantly increases our capacity (from 91 full-time students to 226 !).
	We are lacking in additional space for meetings, storage, small groups, and a dedicated youth space.	We need additional space to grow the ministry impact of our church.	The space freed up in the lower level of the facility becomes available to meet the needs and vision of church ministry.
	We currently are maxed out with space for our K-8 school, converting every possible space to additional classrooms.	We need additional classrooms to accommodate further growth in our school.	The classrooms freed up from the new Early Childhood Center become available for additional K-8 classrooms
