NEWS AND NOTES

Please remember to send a water bottle and snack daily. We do take water donations but cannot provide hundreds of bottles per day.

BEGINNING OF YEAR

The first couple weeks of school we spend a LOT of time learning processes and procedures, from entering the building in the morning, walking down the hall, visiting the restroom, entering the classroom, going to lunch, recess rules, to bus and car procedures! We also spend a ton of time getting to know our teachers and new classmates while jumping into the new grade level curriculum. We also start benchmarking testing, which gives us an idea of where your child is academically and what we need to put in place to best serve him/her. This is a lot after a summer off and it takes us all a few weeks to acclimate. Please be patient as we work out all the kinks!
