

Penney Punch

1st Quarter Information and Schedule

Penney Punch is a program offered at PHS each quarter to provide students with additional learning opportunities. A variety of activities and sessions have been scheduled for Wednesday, September 29th. Sessions are one hour long, and three will be offered from 5:30-8:30 that evening. PHS staff members will be leading sessions on a variety of topics.

Students who participate in at least two complete sessions (one hour each), will be eligible for an off campus lunch scheduled at a later date. Transportation is provided to Freshman and Sophomores. Participants will also be eligible for several prize drawings.

Session Activities:

STEM Competitions with Mrs. Kanoy. Design your own structure using marble run materials and keva blocks. Best structures voted on by a judges panel will be awarded prizes.

ACT Crash Course with Mrs. Kanoy and Mrs. Ford. Taking the ACT for the first time? Looking to improve your score? ACT crash course is all things ACT, giving you test tips and strategies to give you a leg up.

Coding Maze- with Mr. Kraber and Mr. John Schieber. After an introduction on block based coding (simple!), you will use sphero balls and iPads to create a program that will run them through the maze. This is a contest for prizes!

Service Projects- Looking for ways to help your community? Service project sessions will be available. Participants can use this hour towards their incentive card requirements.

Service Project 1- Trash pick up and landscaping.

Service Project 2- Crafts to send to the nursing home for fall decorating.

Cooking Lab- Make a treat to eat or take home! Cost is \$1 or bring your own mug to make a mug apple crisp.

Algebra EOC Prep- Remediation for students needing to retake Algebra EOC next spring. This will be a series.

Creative Writing- Write for fun and earn some LA bonus points while you're at it!

Sophomore Book Report work session: Mrs. Ford will be available to help sophomore students with their first quarter creative book report projects.

Leave your art in the library- Paint with Miss Nicols and leave your mark permanently in the library!

Bio 1 and Bio 2 labs- Students in these classes can participate in enrichment activities for bonus points.

Anatomy lab- Anatomy students can prep for upcoming exams with Miss Gundy and earn bonus.

Counselor help- Mrs. Garcia will be available to help with college applications, transcripts, and to check college transfer credits.

Travel Abroad- Travel virtually around the world with Mrs. Wattenbarger and learn about different people and places.

Health and Wellness- Mrs. Prothero will lead a fitness session in the new gym. We will talk all things health and wellness and then participate in a 30 minute crossfit workout together.
