**Randolph Early College High School – Hayden Weatherman**

Hayden is a student who has persevered during his time here at RECHS. Even though he struggled his freshman year, Hayden has soared since then and has become someone that other students go to for help. Hayden is a respectful young man who is kind to all our staff members and is mindful of the needs of other students around him. Hayden approached Mrs. Grosch, RECHS Principal, at the beginning of the year to reinstate the RECHS Peer Tutoring Club. Hayden now leads the RECHS Peer Tutoring Club where students request tutors for various subjects. In an attempt to expand the Tutoring Club, Hayden presented the School Improvement Team with a proposal for peer tutors to assist teachers during content classes. This would allow peer tutors more interaction with students during core content, thus providing students with more assistance. Mrs. Wendy Kennedy-Gann notes, "Having taught Hayden as a junior and a senior, I saw significant growth over the course of a year. By senior English this past fall, Hayden was more mature, more disciplined, and more motivated. He seemed to grow prouder of being a good student and a leader. His quality of work improved, and he was willing to put forth more effort to do his best. He started excelling as a student and whether or not he realized it, he became a role model for other students." Hayden is deserving of this award and this honor, and we are so very proud of him.
