Course Description:

This course introduces students to the target language and its culture. Students will develop communicative skills in all 3 modes of communication (interpretative, interpersonal, presentational) and cross-cultural understanding. Emphasis is placed on proficient communication in the language to develop and reinforce listening, reading, writing, and speaking skills. An introduction is included to culture, connections, comparisons, and communities.

Learning Goals:

- ⇒ Learn new vocabulary.
- ⇒ Build familiarity with basic grammar.
- ⇒ Interpret oral and written Spanish expressions in different contexts.
- ⇒ Communicate & interact using basic structures learned.

Stick with it!

Even after several years of language classes, most learners are only in the Intermediate range of proficiency.

Policies and Procedures:

Entering class: Say la "contraseña", take your materials, sit down at your seat, and begin working silently on your bellwork. Backpacks go to the designed place. Sharpen your pencil -if needed- before instruction.

Seating Policy: You will be assigned a seat. Your groupmates are your study buddies, so **get notes and handouts from them if you are absent.** You are a team, and your goal is to help each other meet standards!

Tardy Policy: You are tardy if you are not here when the door is closed. Your parents will be notified, except if you **bring an excuse note from an adult** (your Spanish teacher will check with that person). If the problem is ongoing, you will have disciplinary action.

Turning assignments: Give your work done to your group leader. It'll place in the folder and small group leaders give the folder to the teacher. If your work is not done at the end of the day, put it in your backpack; **now you have homework!** Bring it back the next day and handle to the teacher. Identify your work with your first & last name, class, and date!

Transitions: We will use several call-and-response exchanges to get your attention. The teacher will say one thing, the whole class will say something else in response, and then everyone will be quiet with their eyes on the teacher, ready for instruction and directions.

Language Use: You are in this class to learn Spanish! If the teacher asks a question in Spanish, answer it in Spanish. If you **MUST** say something in English, first ask, "¿En inglés, por favor?"

Passes: Schoolwide policy 10/10 means no students outside of the classrooms during the first and last 10 minutes of the period classes. Passes for the restroom and water may be provided when the teacher is not instructing the class. One student at a time outside the classroom, for maximum 5 minutes. Bring your bottled water is recommended (no glass).

Absence Policy: Your class will spend almost an hour each day *acquiring* language, so you should spend a similar amount of time at home to make up for the learning you missed. **For missing work, check Schoology and the designed area to get old work.**

Leaving classroom: Return materials, clear your space, and push your chair in. Wait for the teacher's dismissal next to your table.

Extra help: Teacher is available at lunch and A/C time to answer any questions you have and to help! Or after school but see me before to check on my after-school schedule.

Students will be developing communicative skills in all three modes of interaction:

- ⇒ **Interpretative (listening and reading),**
- ⇒ **Interpersonal**
- ⇒ **Presentational (speaking and writing)**

and cross-cultural understanding. An reinforce/introduction to communication strategies and comprehension activities are also included. In this course, our main goal will be to acquire Spanish language. "**Acquiring**" a language is very different from "learning" a language. Acquiring is something that happens to you instead of something that you make happen.

When you learned how to speak your first language, you acquired it naturally by listening to other people speak it around you for a long time; not by studying it. Therefore, **almost all** our class time will be spent using Spanish -*not using English to talk about Spanish*- and the focus will be on listening and reading instead of speaking/writing. Those skills will come naturally as you take in more Spanish by listening and reading. This Spanish class is a **Comprehensible Input Spanish course**, and we will use methods and strategies that are based on Dr. Stephen Krashen's Input Hypothesis. Students will be able to interact with grade level expressions, words, sentences, and discourse to process and/or produce language necessary for academic success. Lessons will have a **Can-Do statement** that states the specific learning target.

Vital tips: Periodically review material from previous units. Knowledge builds on itself. It is not wise to "cram" material in before a quiz or test. Ask for help when you need it. Have a good attitude. We can do it together!

Assessments:

-Oral presentations, contraseña, Sr. Wooly, posters, bellworks, Teacher's observation, writing works, projects, reading comprehension, quizzes, tests, (all **Formative** =90% of your final grade), and a final IPA (*Integrated Performance Assessment*) semester exam (**Summative** =10% of final grade).

Grading:

Our class approach is based on **Proficiency-based learning**. It refers to systems of instruction, standards, assessments, and grading based on students' starting proficiency level to the expected proficiency target. Target proficiency levels and their outlooks for speaking, writing, reading, and listening will vary depending on the course level and time of year.

Grading Percentage Breakdown:

%	Categories	Domain
20	Reading / Listening	Interpretative
15	Speaking / Writing	Interpersonal
10	Cultural activities / Projects	Presentational
10	End of the Year Final Exam	All the above

What does your grade mean?

Performance Descriptor	Gradebook	What your grade means...
Advanced	A 100-90	You are confident and are reaching for the next level.
Proficient	B 89-80	You consistently meet the standard without help from the teacher and are ready to move on.
Developing	C 79-70	You can meet the standard in familiar tasks and situations.
Emerging	D 69-60	You know what to do to meet the standard and can do some things but need help accomplishing it.
Beginning	F 59-50	You know the standard but are confused and probably frustrated. You need some help to get started!
No attempt	F 0	You have not done enough to be evaluated.

As you acquire language, you become more **PROFICIENT**. You are able to accomplish more and more tasks, communicate about more topics, and make yourself better understood.

We become more proficient in any language through **COMMUNICATION**: interpreting, expressing, and negotiating the meaning of messages in the language that we are learning.

In particular, **LISTENING** and **READING** to language that you can make sense of will help you to make the biggest gains on the Path to Proficiency, and so that is what instruction in this course is geared toward.

Let's Have a Great Year!
