

JSD171 Child Nutrition will provide free meals to all students.

Welcome back! We are excited to see those smiling faces and hope everyone had a great summer break.

Joint School District #171 will provide free breakfast and lunch meals. USDA has extended the free breakfast and lunches for all students during the 2021-22 school year. With all students receiving free meals, **no Lunch applications will be collected.**

A variety of entrée, fruit and vegetables will be available during lunch for students to choose from. PayPal, through the district web site, is still an option for those wishing to add money to their students account for Ala Carte purchases.
