Comparing Last Year to This Year
2023-2024 – 2024-2025

Kindergarten (Fall to Winter)

Math: 10 up, 2 down; One that is down is in interventions;

Reading: 5 up, 5 down, 2 the same; One that is down is in interventions

1st Grade

Math: Mostly down

Reading: Mostly the same

2nd Grade

Math: Mix of up, down, and the same

Reading: Mix of up, down, and the same

3rd Grade

Math: 8 up, 1 down, 4 the same; 0 that are down are in interventions

Reading: 4 up, 5 down, 4 the same; 0 that are down are in interventions

4th Grade

Math: Mix of up, down, and the same

Reading: Mostly up

5th Grade

Math: 4 up, 6 down, 2 the same; 3 that are down are in interventions

Reading: 4 up, 3 down, 5 the same; 2 that are down are in interventions

6th Grade

Math: Mostly the same

Reading: Mostly the same

7th Grade

Math: 4 up, 6 the same

Reading: 2 up, 5 down, 3 the same; 2 that are down are in interventions

8th Grade

Math: Mostly up

Reading: Mostly up

9th Grade (Fall)

Math: Mostly up

Reading: Mostly up

10th Grade

Math: 5 up, 1 down, 11 the same; 1 that is down is in interventions

Reading: 7 up, 2 down, 8 the same

11th Grade (Fall)

Math: 10 up, 1 down, 3 the same

Reading: 8 up, 4 down, 2 the same

All teachers are tying their lessons to needed skills in the state standards in order to differentiate instruction for those students whose scores went down.

Needed skills for students whose scores went down:

Kindergarten

Math: Addition and identifying shapes

Reading: Phonemic awareness and comprehension

1st Grade

Math: Measurement and data

Reading: Nobody went down

2nd Grade

Math: Measurement and data

Reading: Comprehension

3rd Grade

Math: Geometry

Reading: Comprehending fiction and non-fiction

4th Grade

Math: Measurement and data

Reading: Nobody went down

5th Grade

Math: Geometry, adding and subtracting decimals

Reading: Non-fiction comprehension and vocabulary

6th Grade

Math: Operations and algebraic thinking

Reading: Nobody went down

7th Grade

Math: Nobody went down

Reading: Fiction and non-fiction comprehension

8th Grade

Math: Statistics and probability, operations and algebraic thinking

Reading: Nobody went down

9th Grade

Math: Nobody went down

Reading: Nobody went down

10th Grade

Math: Statistics and probability, absolute value, coordinate geometry

Reading: Fiction comprehension, vocabulary

11th Grade

Math: Operations and algebraic thinking

Reading: Fiction and non-fiction comprehension, key ideas and details
