NOTICE OF SCHOOLWIDE TITLE 1 PROGRAM ELIGIBILITY

Smithville Elementary School is a school-wide Title 1 School. We qualify to receive federal monies under the Elementary and Secondary Education Act (ESEA) as amended by the NO CHILD LEFT BEHIND ACT (NCLB), Title 1, Part A, for the 2024-2025 academic year. School staff members work with input from parents and community to develop a Schoolwide Plan, in order to upgrade the entire educational program. Title 1 eligibility is based on the enrollment of students from low-income families. The Federal Programs office at the Board of Education manages the monies. The DeKalb County Schools Federal Programs department provides county-wide services for our students such as: the ESL program, Instructional Coaches in Reading and Math, a Family Engagement Coordinator, Student and Family Support and Resources, and additional academic resources. At SES, we utilize federal monies to supplement our learning programs such as: STEM Labs, Family Read Nights, technology learning devices, RTI program and personnel, Family Engagement Activities, academic supplies and resources, and online licenses.

We look forward to your involvement in school activities and your child's education. You will receive notices and information throughout the school year to keep you informed about the progress of your child and the status of the school in making progress toward helping all children meet high academic standards. We also look forward to your attendance at school meetings where we will discuss the Title 1 Schoolwide Program and Title 1 implementation of our Schoolwide Program Plan.

You are an important partner in our effort to provide the best education possible for your child. Please call the school if you have any questions or would like additional information.

Smithville Elementary School's Mission & Vision Statements

MISSION

Our mission at Smithville Elementary School is to provide a safe and nurturing learning environment where the needs of the whole child are met. The foundation of each student's education is created using instruction that is age appropriate, equitable, and data-driven through the consistent implementation of a strong, proven curriculum.

VISION

Smithville Elementary School students will become confident, life-long learners who are equipped with the skills necessary to be successful in their academic journey, which will empower them to be conscientious, productive members of our community and society.

POLICIES AND EXPECTATIONS

STUDENT TRANSPORTATION CONSIDERATIONS

SCHOOL ZONE INFORMATION

- 25 MPH (7:15-8:00 AM & 2:15-3:00 PM)
- All streets surrounding SES (E. Bryant, Walker Dr) are considered school zones.
- Parent/visitor parking is available in the front parking lot of SES campus.
- Cell Phone Use in School Zone: Tenn. Code Ann. § 55-8-207 states that "it is an offense for a person to knowingly operate a motor vehicle in any marked school zone in this state, when a warning flasher or flashers are in operation, and talk on a hand-held mobile telephone while the vehicle is in motion."

AM ARRIVAL PROCEDURES

- Students will not be permitted to be dropped off prior to 7:10 (or 9:10 on 2-hour delay days)
- Bus riders will be dropped off at the entrance of the school, where teachers will supervise students in the designated areas. This entrance/exit is for bus riders and faculty/staff ONLY between 7:10-7:40.
- K-2 car riders must be dropped off at the back of the school on Walker Drive between 7:10-7:45. Car riders MAY NOT be dropped off at the front entrance of the building before the gates close at 7:40.
- Gates to the drop off area will be closed between at 7:40-7:45 and all students arriving late must be accompanied by a parent to sign in as tardy in the front entrance of the building (outside of the main office). An administrator or designee will assist with tardies.
- Pre-K parents will drop students off at the Pre-K drop-off/pick-up location (when facing the front entrance, Pre-K drop-off and pick-up is on the left side of building, beside Walker drive) and sign students in with the homeroom teacher.
- Parents/Guardians who walk with their child into the building must enter/exit at the front entrance beside the Main Office and report to the Main Office.
- Parents/Guardians are not permitted to enter the building past the Main Office without approval from administration.
- For the safety of our students, faculty and staff, parents are not permitted to walk students to class or go to the cafeteria for breakfast. Once students are signed in, we ask that parents exit the building so that each day is as routine as possible and, again, for the safety of all involved.
- Kindergarten parents are permitted to walk children to class on designated phase-in days (as assigned by the teacher).

PM DISMISSAL PROCEDURES

- The school day ends at 2:45. Students will be dismissed by the faculty/staff to the appropriate location.

WALKERS

- Students are not permitted to walk home alone from Smithville Elementary. A parent, guardian, or designee (as noted on the pickup list) should sign a student out in the front office.

CAR RIDERS

- The car loading area for pickup is located in the back of the building off of Walker Dr.
- SES car tags will be issued to each car rider. Each year, the car tags are a different color. Only car tags for the 2024-2025 school year will be permitted. Parents/Guardians are to hang the car tags on the rear view mirror or on their visor so that the student name on the tag is visible to SES faculty/staff.
- All persons picking up students in the car line must be on the child's pickup list.
- At 2:45 PM, designated SES faculty will begin reading the names from the car tags and calling for those students to be dismissed from the school building to the car loading area.
- If a car does not have the tag in the window, the parent/guardian must come into the front office to sign out the child. If someone other than the parent/guardian is picking up the child, he/she MUST be on the student pick-up list (see Legal Considerations).
- Car riders will remain inside the school building and will be dismissed by faculty/staff as their ride arrives.
- Please stay in your vehicle while waiting to pick up your child.
- Parents who walk to pick up their child must come to the front office to sign the student out with the office staff. Please have your ID available.
- After 3:00 PM, gates will be locked and car riders who have not been picked up will remain in the main office while parents/guardians are contacted to pick up the child. Parents/Guardians must then come into the front entrance of the building to pick the child up from school.

BUS RIDERS

- Bus riders will remain with their homeroom teacher or designee until their bus arrives on campus. At that time, students will be dismissed to load individual buses.
- Riding the bus is a privilege and improper conduct may result in that privilege being denied.
- Seating is limited on Smithville Elementary buses. Therefore, students must ride ONLY their assigned bus home in the afternoon.
- Any student wishing to ride a bus other than his/her designated bus shall have written parental permission and the approval of the principal/designee.
- See BUS EXPECTATIONS & REQUIREMENTS (DSBP 6.308) Memo on pages 22-23.

IMMINENT DANGER CONCERNS

In regards to viable threats/concerns, students will not be checked out until warnings have subsided. If parents are in immediate danger, we will allow these individuals to enter the building until the warnings have subsided.

LEGAL CONCERNS

- To ensure the safety of all SES students, the most up-to-date copies of Parenting Plans, Restraining Orders or Orders of Protection must be on file in the school office.
- If a parent is not permitted to pick up a student, the current, legal paperwork must be on file.
- Parents must also fill out a form designating who may pick up their children. Students will NOT be released to anyone not on the list.
- Authorized persons on the pickup list may only be added/deleted by the legal parent/guardian. In order to edit the list on the child's white card, parents/guardians should come into the office in person to update the list and should have the following information ready: Parent/Guardian's ID, Student Name, Name and contact information of the person being added, Parent/Guardian's Signature.
- Homeroom teachers should be informed of special circumstances.

SAFETY COMES FIRST. CONVENIENCE IS SECOND.

Parent Concerns/Problems/Issues

If you have a problem regarding your child, you should first contact your child's homeroom teacher and then the school administration. The teacher and/or school administrator can solve most problems. However, if you feel a satisfactory solution to the problem has not been reached after speaking to the school administration, you may contact the Director of Schools.

Tardiness

- Children should not arrive at the school campus before 7:10.
- Classes are interrupted when students come to school late or leave early.
- Classes begin at 7:45 and are dismissed at 2:45.
- A student is tardy if they arrive after 7:45 or leave before 2:45.

Absences

- Students are expected to be in attendance each school day.
- In the event of an absence, the student or parent should bring a note signed by the parent or guardian to the office explaining his/her absence when he/she returns to school.
 - An excused absence will be given in case of sickness or death in the family, or an authorized activity. Students will be permitted to make up work, but it is the parent's/guardian's responsibility to meet with each teacher and arrange for make-up of class work and tests.
 - Five tardies will count as one unexcused absence
 - Five (5) UNEXCUSED ABSENCES are permitted per school year.

- After the 5th absence, a conference with parent, principal, attendance supervisor, and homeroom teacher (truancy board) will be scheduled. If attendance does not improve from that point then, a petition can be filed in juvenile court.
- If a student needs to leave school during the day, the parent or guardian must come into the office and request that the child be excused.
 - Students may NOT be picked up by anyone other than parents unless the school has been given permission from the parents.
 - The pickup list/contact info should remain updated by the parent/guardian and may be changed at any time with front office personnel. If a parent/guardian changes the pickup list on SKYWARD, the office and/or homeroom teacher should be notified.
- Students with excessive absences will potentially need to attend the after school program or summer school to gain back some of the instructional time lost due to absences.

Make-up Work (DCBOE 6.200)

All teachers are to give students a reasonable amount of time in which to make up missed work when absent, and the individual student will receive the grade earned on all make-up work. It is the student's responsibility to ask the teacher what work he/she missed because of absence. It may be necessary to stay after school in order to complete make-up work or missed tests. Repeated or prolonged absence from school is likely to result in the failure of the pupil involved. Incomplete work during a grading period should be made up within a reasonable amount of time. If this is not done, grades will be averaged with a zero recorded for any work not completed.

As Early-Childhood educators, we know that our students' personal responsibility and self-advocacy skills are still developing and that they sometimes need assistance and guidance on how to ask for help/gather make-up work upon returning to school from an absence. In order to encourage continued growth in this area, parents and teachers should collaborate to ensure that any missed work is available for the student to complete, while including the child in the conversation. Through encouraging personal responsibility, our goal is for students to be able to seek the help they need as they grow in their educational journey.

Grading Scale/ Report Cards

Report cards are distributed every nine weeks, with the distribution-taking place approximately one week following the close of the nine weeks. Smithville Elementary's report cards are "standards based," meaning a quarterly evaluation of the State of Tennessee academic standards are assessed on the following scale: 4=Above Average (Mastered), 3=Proficient (On-Track), 2=Basic (Approaching), 1=Below Basic (Below).

Trespassing

No person is allowed to enter the school halls or be on school grounds without permission from the office and approved through the Raptor Security Scan System unless they are enrolled as students or are teachers or staff of the school/district. Any student who is suspended is not allowed on the school property except to come directly to the office on business.

School Visitations

1. For the protection of your child, we need to know who is in the building and why at all times.
2. Please have your photo State Issued ID (i.e. Driver's License) ready to present in the event that a visual identification is not available.
3. All visitors are required to report to the office and be cleared through the Raptor Security System.
4. Notify the office personnel of the following: Who are you going to visit? What is the purpose of the visit? Do you have an appointment?
5. Do not enter the building until you have received clearance to do so.
6. You are only permitted to visit the location noted on your visitor's sticker.
7. Students may not leave campus without being signed out. This must be done in the office.
8. If you would like to speak with your child's teacher, you must make an appointment with the teacher to meet during his/her planning time or before/after school. You may do so by sending a note, email or contacting the school at 615.597.4415.
9. Instructional time is valuable and visitations should be limited to times that do not interrupt the school day.
10. Students are not allowed to bring guests to school at any time.
11. If parents/guardians would like to volunteer to help with school-wide fun days, please contact our PTO president to inquire of any volunteer opportunities that are available for this school year.

Lunchroom Visits

Many parents value the opportunity to have lunch with their child during the school day. A parent, guardian, or grandparent may visit their child in the cafeteria during the lunch period provided the following policy is followed. These guidelines are intended to provide a safe and positive lunch experience for all children in the school. Parents/guardians are required to report to the main office to sign-in and be cleared by the Raptor Security System. State issued photo identification is required. When possible, please notify the homeroom teacher of the visit prior to your arrival.

Lunch Guest Procedures:

- Only your child will be allowed to eat lunch with you at the designated "Family Table" located at the back of the cafeteria. You may not sit with your child's class in the cafeteria and friends/other extended family members of your child must remain with his/her class.
- Adults visiting for lunch must be listed on the student emergency card and it must be indicated that contact is allowed at school.
- You may purchase the school lunch or bring one from home. Children may not share food or purchase food for another child.
- The visitor's sticker given to you by the office staff when you check-in must be worn on your shirt and must be easily visible by lunch monitors. Only the student(s) names identified at the office may sit with you.
- The lunchroom visit must take place during the child's regularly scheduled lunchtime.
- The student is required to follow all cafeteria procedures.
- Visitors will not be allowed to remain in the cafeteria for extended lunchtime. Children being visited need to return to the classroom when the teacher picks up the class and visitors must then sign out in the main office.
- The visitor is not allowed to take pictures, video, or make audio recordings of other children during the visit.
- Any questions or concerns must be directed to the principal or assistant principal. The visitor must not direct concerns to the staff or monitors, as these employees are focused on student safety and monitoring.
- Lunchroom visitors may not visit other areas of the campus without prior approval.

Lunchroom Policies

The cafeteria, besides being a lunchroom, is also a place where good human relations can be developed. Here each student is expected to practice the general rules of good manners, which one should find in the home. Some simple rules of courteous behavior, which would make the lunch period pleasant and relaxed, are:

- Observing good dining room standards at the table;
- Remaining in your seat until called upon for dismissal;
- Raising your hand with questions/if you have a need;
- Keeping your hands to yourself;
- Do not take or give food to other students;
- Leaving the table and the surrounding area clean and orderly;
- Putting trash in the proper containers;
- Not leaving the cafeteria while eating or carrying food or drink;
- Return all trays, dishes, and eating utensils to the cleanup counter.

Parent Teacher Conferences

We are delighted to make school visitations and parent teacher conferences available to you. Our faculty feels that a close working relationship between parents and teachers is of great value to each student. Parent-teacher conferences will begin in October. During the month of September, the faculty will be devoting its energies to helping students to adjust to school procedures and in getting to know each student individually. At the appointed time for the conference, please wait outside of your child's homeroom and the teacher will call you in when she is ready for your appointment. If you are unable to come to the school or if yours is a matter which can easily be taken care of on the telephone, feel free to call the office and request the teacher to return your call.

Leaving School Grounds

When a student dismounts from the bus or car, etc. on the school grounds, he or she is expected to immediately enter the school and is not expected to leave school grounds (without being signed out in the front office) until 2:45 p.m. The faculty and administration must emphasize to parents that if we are to be responsible for their child from the time of departure for school until he or she arrives back home in the afternoon, then there needs to be a mutual cooperation among parents and school to ensure their child benefits from the educational opportunities offered at Smithville Elementary School.

Withdrawing a Student from Enrollment at SES

In order to withdraw from Smithville Elementary in good standing, it will be necessary to complete the following:

- Report to the office to notify the attendance secretary of the intent to withdraw.
- Report to the librarian before going to your child's homeroom in order that the library record may be cleared during the day.
- Textbooks are to be returned to the homeroom teacher.
- Ensure that all unpaid bills are cleared with the attendance secretary.
- The attendance secretary will notify the school principal of the intent to withdraw for final signatures and clearance.

Damage to School Property

Parents are held responsible by law for any damage or loss of school property caused by their child. Parents will be notified of any damage caused by their child.

Textbook Policy

Each student and classroom teacher must furnish a sufficient supply of textbooks for class study and recitation. Textbooks are available without cost to pupils as a loan. The original cost of these books is absorbed by state subsidy. Parents or guardians shall accept full responsibility for the proper care, return or replacement of textbooks issued to their children. The student's grades will not be entered on his/her transcript until all damages are satisfactorily discharged.

Nurse Policy

If a student is sick, he or she may (with the permission and note of the Homeroom teacher) report to the school nurse. If deemed necessary, the nurse or authorized personnel will notify parents of the visit and may request that the child be picked up from school.

Telephone Policy

Teachers will be called to the telephone during school hours for emergencies only. Any parents contacting the school to speak to a teacher may leave a message with the office. Teachers will follow up accordingly during free or planning times. Students will not be called to the telephone. You may leave a message with the secretary.

Conduct and Discipline

School discipline is simply a matter of courtesy, manners and attitudes on the part of the students. Teachers are employed to teach, and students are expected to be in school to learn and to conduct themselves in a manner conducive to learning. The school reserves the right to take appropriate disciplinary action in the case of any students guilty of misconduct during school, field trips, athletic events, and all school functions.

SEXUAL, RACIAL ETHNIC, RELIGIOUS DISCRIMINATION/HARASSMENT

Students shall be provided a learning environment free from sexual, racial, ethnic, and religious discrimination/harassment. It shall be a violation of this policy for any employee or any student to discriminate against or harass a student through disparaging conduct or communication that is sexual, racial, ethnic, or religious in nature. The following guidelines are set forth to protect students from discrimination/harassment.

Student discrimination/harassment will not be tolerated. Discrimination/harassment is defined as conduct, advances, gestures, or words either written or spoken of a sexual, racial, ethnic, or religious nature which:

Allegations of discrimination or harassment shall be fully investigated by a complaint manager. The privacy and anonymity of all parties and witnesses to complaints will be respected. A substantiated charge against an employee shall result in disciplinary action up to and including termination. A substantiated charge against a student may result in corrective or disciplinary action up to and including suspension. There will be no retaliation against any person who reports harassment or participates in an investigation. However, any employee who refuses to cooperate or gives false information during the course of any investigation may be subject to disciplinary action. The willful filling of a false report will itself be considered harassment and treated as such. Any student disciplined for violation of this policy may appeal in accordance with disciplinary policies and procedures. This policy shall be published in the parent/student handbook distributed annually to every student. Building administrators are responsible for educating and training their respective staff and students as to the definition and recognition of discrimination/harassment.

STUDENT DISCRIMINATION, HARASSMENT, BULLYING, CYBER-BULLYING AND INTIMIDATION (6.304)

This policy shall be disseminated annually to all school staff, students, and parents. This policy shall cover employees, employees' behaviors, students and students' behaviors while on school property, at any school-sponsored activity, on school-provided equipment or transportation, or at any official school bus stop. If the act takes place off school property or outside of a school-sponsored activity, this policy is in effect if the conduct is directed specifically at a student or students and has the effect of creating a hostile educational environment or otherwise creating a substantial disruption to the education environment or learning process.

Building administrators are responsible for educating and training their respective staff and students as to the definition and recognition of discrimination/harassment.

All other members of the school community, including students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy.

- It has the effect of substantially interfering with the student's academic performance; or

Upon the determination of a violation, the principal/designee shall conduct a prompt, thorough, and complete investigation of each alleged incident. All investigations shall be completed and appropriate intervention taken within twenty (20) calendar days from the receipt of the initial report.⁴ If the investigation is not complete or intervention has not taken place within twenty (20) calendar days, the principal/designee shall provide the director of schools with appropriate documentation detailing the reasons why the investigation has not been completed or the appropriate intervention has not taken place.⁴ Within the parameters of the federal Family Educational Rights and Privacy Act (FERPA) at 20 U.S.C. § 1232g, a written report on the investigation will be delivered to the parents of the complainant, parents of the accused students and to the Director of Schools.

RESPONSE AND PREVENTION

School administrators shall consider the nature and circumstances of the incident, the age of the violator, the degree of harm, previous incidents or patterns of behavior, or any other factors, as appropriate to properly respond to each situation.

A substantiated charge against an employee shall result in disciplinary action up to and including termination. A substantiated charge against a student may result in corrective or disciplinary action up to and including suspension. An employee disciplined for violation of this policy may appeal the decision by contacting the Federal Rights Coordinator. Any student disciplined for violation of this policy may appeal the decision in accordance with disciplinary policies and procedures.

REPORTS

When a complaint is filed alleging a violation of this policy where there is physical harm or the threat of physical harm to a student or a student's property, the principal/designee of each elementary school, middle school, junior high school, or high school shall report the findings and any disciplinary actions taken to the director of schools and the chair of the board of education.

By July 1 of each year, the director of schools/designee shall prepare a report of all of the bullying cases brought to the attention of school officials during the prior academic year. The report shall also indicate how the cases were resolved and/or the reasons they are still pending. This report shall be presented to the board of education at its regular July meeting, and it shall be submitted to the state department of education by August 1.

The director of schools shall develop forms and procedures to ensure compliance with the requirements of this policy and TCA 49-6-4503.

Notification of Rights under FERPA for Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day Smithville Elementary School receives a request for access.

Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal [or appropriate school official] a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask Smithville Elementary to amend their child's or their education record should write the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school's or school district's annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Optional] Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school or school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request or the disclosure is initiated by the parent or eligible student.]

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the [School] to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

See the list below of the disclosures that elementary and secondary schools may make without consent.

- FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, § 99.32 of the FERPA

regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. Public Notice of Educational Rights of Children and Youth who are Homeless

This public notice provides information about the rights of children, youths, and unaccompanied youth that are homeless to attend a public school or public charter school. An unaccompanied youth is a youth that does not live with a parent or guardian. This notice includes information to help you know if you or someone you know is considered homeless and is eligible for services from our school district.

Who is "homeless"? Children or youth (including children of migrant workers) who lack a fixed, regular, and adequate nighttime residence are homeless. Fixed means the home is connected to the ground and is not easy to move. Regular means a place where the child sleeps every night. Adequate means the home meets modern standards of living. Children who are sharing someone else's housing because they lost theirs or because they cannot afford their own housing are homeless. Children and youths who are homeless may be living in:

- motels;
- hotels;
- trailer parks (this does not refer to a mobile home (trailer) park, this refers to a type of camping ground for fifth wheel camper trailers or other types of movable campers);
- camping grounds because they do not have an adequate home;
- emergency or transitional shelters;
- or are abandoned in hospitals.

Children and youth who are homeless may have a place they usually sleep that is a public or private place not meant to be a regular place for people to sleep. They may also be living in cars, parks, public spaces, abandoned buildings, substandard housing (housing that does not meet modern standards of living), bus or train stations, or other similar settings.

The DeKalb County Schools District provides the same educational services to all students without regard to their living situation. Children or youths who are homeless have rights that include:

1. Continued enrollment in their school while they are homeless. Students may enroll in any public school that is eligible for attendance by other students who live in the attendance area in which the homeless student is currently living.
2. No homeless student is required to attend a separate school for homeless students.
3. Homeless students shall be provided services comparable to those provided for others, including transportation services, educational services, and meals served through school meal programs.
4. Homeless students may not be stigmatized by school personnel or within school programs.
5. The local school district must identify a staff person to be responsible for homeless students in the district.

The McKinney-Vento Homeless Assistance Act requires school districts, through their homeless student liaisons, to provide public notice of the education rights of the homeless students enrolled in their districts. [42 U.S.C. § 11432\(e\)\(3\)\(C\)\(i\)](#). Such notice is to be disseminated in places where homeless students receive services under this Act, including schools, family shelters, and soup kitchens. [42 U.S.C. § 11432 \(g\)\(6\)\(A\)\(vi\)](#). The notice must be in a "manner and form" understandable to homeless students and their parents/guardians, "including, if necessary and to the extent feasible," in their native language. [42 U.S.C. § 11432\(e\)\(3\)\(C\)\(iii\)](#).

The U.S. Department of Education has issued guidelines for States which address ways a State may (1) assist LEAs to implement McKinney-Vento, as amended by ESSA, and (2) review and revise policies and procedures, along with LEAs, that may present barriers to the identification, enrollment, attendance, and success of homeless children and youths in school.

In March 2017, the U.S. Department of Education updated the "[Education for Homeless Children and Youths Program Non-Regulatory Guidance](#)." This document highlights the key changes brought about by ESSA.

If you need assistance understanding this policy or have questions/concerns, please contact: *Joey Reeder, DeKalb County Schools Attendance Supervisor & Homeless Liaison at 615.215.2102 or joeyreeder@dekalbschools.net*.

Picture/Video Permission

Permission must be given in order for the school to publish photos and/or videos of your child. By initialing the appropriate box on the signature sheet you agree to the following: The school has permission to photograph and/or create video's of your child for the current school year to be used in the school yearbook, newspaper and magazine articles about the school and publication on the school website. Images of your child will only be used to represent the school and the DeKalb County Board of Education.

Field Trip Permission

Schools reserve the right to collect additional information if needed for specific school trips. By initialing the appropriate box on the signature sheet you agree to the following: For the duration of this school year your child has permission to travel on field trips sponsored by the school. All students going on field trips must ride on DeKalb County School buses to and from the designated destination. There will be teacher sponsors on each bus to supervise students. Some trips will include parent chaperones to help supervise students. All school rules apply during field trips. Any student breaking the rules will be disciplined and/or banned from future field trips.

Requested School Fees

School systems may request but not require payment of school fees. No fees may be required of any student, regardless of financial status (including eligibility for free or reduced price lunch), as a condition of attending public schools or using its equipment while receiving educational training. Fees and their purpose vary from school to school but generally, requested school fees are used for things including, but not limited to student activities, art and STEM supplies, calculators, copier costs, bulletin board paper, and laminating film, etc.

Worried about paying for school fees and field trips?

Tennessee law says all our children have a right to a free public education. This means public schools have to make sure all students have the school supplies they need. This law applies to every class a student takes for a grade or credit. It also applies to field trips and other activities during school hours.

School Supplies

The school must make sure every child has the school supplies they need for class. The school can ask you to help out if you can.

If the family doesn't get the supplies for class, the school must do it. This is true no matter how much money or how little money the family has. The school should do it in a way that doesn't make the child feel bad.

What school supplies does the law cover? It includes supplies like:

- Books and workbooks
- Paper and notebooks
- Calculators, compasses and rulers
- Pencils, pens, map colors, crayons
- Gym clothes, if the class is for credit
- Band instruments, if the class is for credit

Field Trips and other activities

By law, schools **cannot** leave students behind because they didn't pay for a field trip. Schools cannot make students pay for field trips or activities that happen during school hours. It doesn't matter what the field trip is or where

the class goes. What about an overnight trip? Or, what if the field trip or activity is before or after school? If the trip is for a credit or grade, students **never** have to pay. This is true even if the trip happens overnight or before or after school.

Is this for students in every grade?

Yes, it is for public preschool, elementary, middle and high school.

Does your child get free or reduced price school lunch?

Then you also **don't** have to pay for summer school or graduation fees. Graduation fees are things like money for a cap and gown.

What you DO have to pay for:

- Fees for activities outside the regular school day, unless your child **must** do them to get credit or a grade
- Fines for turning library books in late
- Fines for losing or tearing up textbooks
- Fines for illegal parking at school

What if the school won't:

Give your child school supplies or Let your child go on a field trip?

Show this paper to the principal or superintendent. If that doesn't work, call Legal Aid about free legal help.

Annual Asbestos Free Notification

Smithville Elementary is an Asbestos Free school. The Asbestos Hazard Emergency Response Act (AHERA) requires school districts to inspect their buildings for asbestos-containing building materials and develop, maintain, and update an asbestos management plan. Individuals with Disabilities Education Act

The Individuals with Disabilities Education Act (IDEA) is a law that makes available a free appropriate public education to eligible children with disabilities throughout the nation and ensures special education and related services to those children.

The IDEA governs how states and public agencies provide early intervention, special education, and related services to more than 6.5 million eligible infants, toddlers, children, and youth with disabilities.

Infants and toddlers, birth through age 2, with disabilities and their families receive early intervention services under IDEA Part C. Children and youth ages 3 through 21 receive special education and related services under IDEA Part B. Additionally, the IDEA authorizes:

- Formula grants to states to support special education and related services and early intervention services.
- Discretionary grants to state educational agencies, institutions of higher education, and other nonprofit organizations to support research, demonstrations, technical assistance and dissemination, technology development, personnel preparation and development, and parent-training and -information centers.

Congress reauthorized the IDEA in 2004 and most recently amended the IDEA through Public Law 114-95, the Every Student Succeeds Act, in December 2015.

In the law, Congress states: *Disability is a natural part of the human experience and in no way diminishes the right of individuals to participate in or contribute to society. Improving educational results for children with disabilities is an essential element of our national policy of ensuring equality of opportunity, full participation, independent living, and economic self-sufficiency for individuals with disabilities.*

The stated purpose of the IDEA is:

- to ensure that all children with disabilities have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living;
- to ensure that the rights of children with disabilities and parents of such children are protected;
- to assist States, localities, educational service agencies, and Federal agencies to provide for the education of all children with disabilities;
- to assist States in the implementation of a statewide, comprehensive, coordinated, multidisciplinary, interagency system of early intervention services for infants and toddlers with disabilities and their families;
- to ensure that educators and parents have the necessary tools to improve educational results for children with disabilities by supporting system improvement activities; coordinated research and personnel preparation; coordinated technical assistance, dissemination, and support; and technology development and media services;
- to assess, and ensure the effectiveness of, efforts to educate children with disabilities.

For more information or questions regarding IDEA and Special Education services, contact Supervisor of Special Education, Mrs. Natasha Vaughn at 615.597.4054.

What is a School-Parent Compact?
